Major 60th U.S.

The Kent Comdy desires to know whether or not Wm. Lockhart - Issacs and Ellis, W.S. Detectives, are doing any valuable service under your direction, if not he would like to decrease the force employed on such duty.

J.B. For (D) 1865

Received fully returned 15 May

And with the information that
Wm Issacs has recently been
Engaged in detecting the
plotters, who are supplying
Citizens Clothes to Deserter
Mr. Golightly, as far as I have knowledge, has been doing very little of what was required. He is a very particular, affable person, though an example of the untrustworthiness of one who is not originally rightly disposed. I have no knowledge, however, of any direct manifestations of bad faith on his part.

Mr. Lockhart has not been, but once the same time, burdened, though he has been sick of Mr. Ellis of Rowes, nothing.

Copy of an Order
sent to the County
Officer of Mt. Holyoak, ordering him
to bring in all disloyal
Citizens to fulfill the
orders done by their
shackling friends.
Headquarters Dist. IV C.A.R.
Pulaski House, Rich 3 1863.

Comdy Office
12th Nov 1863.

So,

During the temporary evacuation of this place left by the U.S. Soldiers under the late Genl. Banks. The Insurgents came into town and offered several citizens of loyal character and stands in a most shameful and cowardly manner, men resembling savages than human beings to be arrested. They were particularly severe upon the negroes who were left in the place and took particular pains to burn every negro cabin house and burn the town.

Therefore as an example and a warning in future to that class of robbers and cowardly and as a sample act of justice to a helpless and unoffensive class of people, who are unable to help themselves, and the fruits of slave labor for a while burnt and shall have been swept away in a most wanton mannae it is the intention of the Maj. Genl. Banks to make the negroes, friends, neighbors, citizens and denizens of those who committed the act repair the damage done to 

Such using (relation and friends have committed).
You are therefore ordered to bring them up from the country a list of whom in keeping annexed, and compel them to build up every house ruined or occupied by strangers that have destroyed, and place it as good if not better condition than they were before.

Also the list that is attached marked "B" will be required to furnish substance, and anything that may be necessary for the comfort of those friends in the list of those marked "B".

While completing the work, any other details and materials within that may be necessary to complete the work are left to your discretion, and a guide will be furnished upon application to print out the addresses of the persons who are on either of the lists.

Tunearm-self was standing and asked him "what
is that mans name" alluding to Tunearm: Kidd
answered Jenkins: Believing that it was Tunearm
I arrested them both under the impression that they
were trying to deceive me: They both afterward
admitted that they had lied that there object was to
try and make me believe that Tunearms name

Owen's letter dated 1863.

Owen's lettre datée de 1863.
Dear Sir,

Our favor of the 30th ult. enclosing papers in case of United States vs Lee N. Stran was received this morning. After a careful examination of them, I must concur in opinion with Major Eaton, that "no offence is sufficiently proven to warrant a conviction," although I have no doubt he is a bad man. I have no additional evidence against him, consequently do not desire to take any action in the matter.

Extract of Special order No. 333, paragraph 4, Office of the Sec. War Dept. of the War, dated Decr. 30th 1864, directing that the following named prisoners at Exeter St. Vit. Prison, now under indictment in Montgomery Co., Pa. will be turned over to the Sheriff of said County, on his requisition, viz: William H. Ahern, James Miller, James H. Koegge, Seaton Langfield, and Samuel H. Stenson.

Louisiana, M. Cane 1865
was received also. Upon examination of the 
charge and specifications against them, I find 
they are charged with robbery on several occasions 
under duress, & c. The indictment as can 
will discover, was drawn under and in ac-
ance with sec. 82, of Art. 3, of the Act Concern-
ing Crimes and Their Punishment. (Page 577 
Rev. Stat. No. 1755) and only charge on specific 
offense, that of larceny in a dwelling house—
I could not insist them for robbery, as the 
man had fled, and left the door open, 
and they entered. Consequently there was no 
breach of an essential ingredient in the crime in 
the crime of robbery. They took the money 
in the presence of Mr. Edward Gallman's 
wife, (of Montgomery Co.) which I am told by one 
ertestify to. I suggest therefore, that you can 
the charge to the ones already made, and 
you them by Court martial, as I have no 
doubt that they can be readily convicted, 
with assistance I shall be able to procure 
that by giving you the names of witnesses, 
and for the further reason that the Court 
does not sit in Montgomery County until the
4th Monday in May next, and there is no jail in the County sufficient to keep a prisoner, and if there were, they might perhaps be released by their confederates, before that time. If however you cannot or cannot try them by Court martial, I shall be pleased to have you detain them in prison until the sitting of the Court, at which time the sheriff will make a requisition for them, but if they cannot be obtained please inform me, and I shall instruct the sheriff to take charge of them and place them in jail in St. Louis.

Thanking you kindly for your courtesy in this matter, and hoping that we shall be able to cooperate with each other in our respective offices, for the restoration of law and order in our County until the old banner—now the emblem of freedom—shall wave triumphantly over every inch of it.

Yours sincerely,

Geo. H. Stebbins

General:

I desire to call your attention to a matter of some importance to the citizens of this State, particularly to the residents of Randolph County, and respectfully request that you will make the necessary order to meet the case and quiet the apprehensions of the citizens of said County. I have from a careful investigation ascertained the following facts, and from reliable sources assure you that you can entirely rely upon them — A man by the name of William...
G. Ruby, Under the Assumed Name and Title of Captain Jones, went into Randolph
County sometime ago pretending to act under orders from Capt.

an Assistant Proctor Muscard, at St-

Genevieve, Mo. and under that seal

assumed Authority, committed

act of outrage upon the person and

property of a quiet and orderly Citizen

of that County by the name of John G. Birk

forcibly arrested and carried the said Buch

into the State of Missouri with many

threats of personal violence, and took

from the said Buch a horse and

Watch which have not been returned.

The Citizens of Randolph County
feeling outraged by this act on the
part of Ruby Alice Jones, Procured the
inexpedient legal process, arrested and
put in custody the said Ruby Alice Jones
who has since been indicted by the
Grand Jury of Randolph County for the
crime of Larceny and Kidnapping, and
is now awaiting his trial by the Civil
Court of the State; and while in a reasonable
time have a fair and impartial trial by
the Circuit Court of Randolph County.

The citizens of said County have been
informed that an effort will be made...
to forcibly release the men only by and through the aid of Military force from the state of Missouri. Therefore to avoid all trouble which mingle foolishly arise from this Case, and also to quiet the fears of the citizens of said Cozy, I wish be obliged if you will issue such orders to your Commanding Officer at St. Genevieve to prevent any attempts by any one to release the said Ruby or which may involve the state in trouble over the matter. I wish you to state that there are other charges against Ruby made by good and loyal citizens. I will be pleased to hear from you at some convenient time.

To Maj. Gen. Dodge

Very Respectfully Yours

Satisfaction of Female Prison June 14th

Major General Dodge

After your visiting the Female Prison & granting me the privilege of writing you, I will try to tell your aman as possible our true case. My self & the Robt. Danees Mary Emerson who are my parents also two others John Brinn & Henderswood Seelcreech all being jointly charged with Smuggling thirty five half of Salt & fifteen of Whiskey. This is the charges we have to answer for. Day in defense of this all I ask is a trial to prove this utterly false. Also I will prove we are loyal & ever have been. These charges date back more than two years and are gotten up by our enemies really they do not charge me with smuggling this Salt, when my name was arrested & charged with smuggling Whiskey & salt in his statement he said I had sold two thirds of Whiskey & then I was arrested and immediately sent here where I have been nine long weeks without a Trial. Gent I had seventy five casks for this whiskey from the Provost Marshal of trade one Gent Bragman gave me himself I never bought more than one half at a time & about three or four weeks between each purchase. Sold it to a legal man who now is justice of the peace. I am not trying to defend my self but only ask a trial immediately. Will you grant me that or let me come to you and make a statement. Sides dessert you with what injustice there has been put upon us—
by galvanized reunion among that now hold office as the State Militia. I can give no references, Genl. Paul Meridith, County Commissary, Washington, Genl. Magrnan Genl. Reed who command Post Cairo, Col. Currie present commander at Cairo, Lieut. Col. Blair Provost Marshall, Capt. Scott who was also Provost Marshal Cairo. I am also G. Hayes who is an officer in this department, has hopes that Mr. Moses Colby, with him in Sept last which will also prove his loyalty. Genl. Dodge please let me come to you to tell you of our case, and there is much that would surprise you of how we have been treated. If you cannot grant me this please give me a trial at once as our home is entirely a lone out one being left to take care of it—also being prisoners here—I hope you will pardon the length of this letter, but really there is much I would like to say—hoping soon to be brought before the bar of justic.

Yours with respect your unfortunate prisoner,

Mary C. Fecton.

P.S.: If you cannot grant me a trial immediately, deign to send me word the time of our trial, so we can go to take care of our property which is now at the mercy of the rebels—this is our correct name

Col. Baker, Provost Marshal General:

Sir:—Two of the prisoners, "conscripts", about whom I addressed you some few days ago, are dead; Mr. Vallowinghorne and Mr. R. M. Mitchell. Both died in the Military Hospital here.

There are, however, two others about whom I am asked by their friends to make inquiry, namely, James H. Lyon and Mr. H. Abbott—the former in Alton, the latter at Rock Island.

The papers in their cases are in your office; and my conviction is clear that if you will examine them, you will release each of them, for I believe each of them makes out a very clear case of conscription.

Very truly,

Wm. F. Switzler.

W. H. Williams
Majr. Prov. Marshal
Office N.Y. July 21st

To the Captain,

I have the honor to add in addition to a number of reports from justice living in and around Chester Hill, that they are as follows —

Davie Drinkard, House Stealing, Felony Campbells, House Thief.

Daniel Drinkard, House Stealing, and an addition to the foregoing, they are made from Chester in the road to Spartan. At the house of Bannister, and a distance from the Rebel Army, he is house and House Thief.

I have caused the names of Richard Campbell, the house and house thief, to be cut out of the house and house thief.

I have no idea that a detective who is known would be any danger in Chester so long as he did not attempt to take action on their own, as to the names of the people and movements of those who are so many, a party of soldiers (in citizen dress if possible) could be taken into the town to arrest them. I do not wish to frighten them away if I can avoid it without capturing some of them. Franklin L. Kincaid, states that the reason why he desires to have Ray County, Missouri, and cross the plains for the purpose of settling in California, is as follows:

That he is a poor man and has a wife and six children depending on them for support. That he believes there will be great difficulty to make a living in Daviess County, and that he believes it will be far better for him to settle by crossing California.

CORY, bound and obligated himself to support, protect and defend the Constitution and Government of the United States, and bear true faith, loyalty and allegiance thereunto, and afterward, about the month of March, 1864, at St. Louis, Mo., he violated his oath, in this, that he knowingly and wilfully received from J. Wesley Rowe, a rebel enemy of the United States, a package of letters from rebel enemies of the United States, beyond the lines of the military forces of the United States, directed to rebel sympathizers within the city of St. Louis, said Cory knowing the character of said letters and of said Rowe; and in this, that he neglected to report said Rowe to the military authorities of the United States, in accordance with his oath, and attempted and proposed to convey said letters to their destination."

Chillicothe, Mo. January 28 1865

Gentlemen,

I have in custody here the wife of the rather notorious Jim Rider. She came up from Saline County about 2 weeks since. By means of information I have gleaned from her many facts in relation to Rider's movements. His present gang is composed of the following persons.

Jim Rider
William Water
Joseph Randall or Randolph
Billy Rider
John Crow
Marion Kibbler
Levant Fleetwood

John Lane who did belong to the band was killed at Simeon, by Judge Smith a few weeks since. Good Stinman, a chief of the Simeon tribe, was taken to the home of Samuel Kibbler in Chillicothe County below Romeville. Rider has been spending much of his time during the past few weeks against Kibbler's and at the home of one George who lives 4 or 5 miles from Kibbler on the Saline side of the river.

(over)
Mr. Pidler reports Pidler's stopping places in Chariton and Saline as follows:

In Chariton:
- Samuel Elliott
- John Craig
- George Cobb
- Robert Shannon
- James Hettler
- Samuel Hettler

In Saline:
- Ready
- George Pidler
- Widow Hall
- David Coevel
- Widow Garrett
- George

My forces in Carroll, broke up Pidler's landing place on an island below Hills Landing whilst a party who was carrying barns, tobacco, and provisions, about ten days since. It should be known that the places above named—Adair and simultaneous effort in Chariton and Saline might result in the capture or killing of this monster.

Inclosed you will please
find my report as requested by your order in the case of
Armstrong Beattie, alias Henry McEgle, Michael
Kinschrock, and Thomas E. Smith.

Armstrong Beattie, citizen, and citizen of St. Joseph
Mo., was appointed for James & Brieck, Br. Macklin,
in the Department of the 6th Sub-District.

That after said appointment said Beattie entered upon
the duties prescribed for him with zeal and vigor at
St. Joseph, Mo.

On the 14th day of June 1865, said Beattie came
to be brought before some certain witnesses among
whom was Mary Topp, widow of Robert Blayle,
decreed. It was identified by Mary McEgle, as being
one of the three women killed by her husband. Other
witnesses were produced who implicated Mr. Mc-
Egle, who was indicted. Beattie and Davis alleged
a hand in the attempt to burn the house of and
Timothy. As evidence implicating Beattie
and Davis as having a hand in the killing of one.
To the Officers of Andrew W. Young, the solicitor for
Rutledge, P. W. Mason, solicitor, Henry Clay, Micajah Sneed,
John Mauche, Samuel Mannon, and David Bane to
say,
That afterwards Henry Clay was tried by Said
Commissioner, upon the charge for which he was
incarcerated by Said Rutledge; found guilty of
Murder and condemned by said Commissioner,
to suffer death. The finding was subsequently
confirmed by the Department Commander, and
the prisoner released.
Afterwards, to wit, in January 1865, Said Henry
Clay, Micajah, Mauche, John, Mauche, and
Said Mannon and David Bane, commenced
a prosecution against Said Rutledge in the Circuit
Court of Buchanan, in Suit for false imprisonment.
Alleging, among other things, that Rutledge was not
an American, and therefore was a trespasser in身处
the court and imprisonment of the plaintiff.
Defendant Rutledge filed his petition in the Circuit
Court of Buchanan for the liberty to have said cause
transferred to the U.S. District Court of St. Louis.
Alleging in his petition, that said Rutledge was not a
citizen of the United States, and therefore was
proscribed from proceedings in the State Courts by virtue of
a statute of Congress, transferring such cause to the
United States Courts. The plaintiff filed demurrer
to said petition, and the cause of demurrer was
Africa, and not shown in his petition.
that knowing condemnation of the plaintiff
and without such showing the petition was
defective. The Court decided the demurrer of the
plaintiffs and refused to award the case up.

The defendants then filed a transcript of the
case in the United States Court at St. Louis and

Statement of Fred Gideon, a contraband who left Charleston S.C. on Sunday, Jan. 22, 1865.

Was born in Charleston, S.C., am 25 years of age. Belonged to Capt. Matthews of the Harbor batteries escaped from Charleston on Sunday, Jan. 22, 1865, came to Jacksonville on the train, 25 miles from Charleston and from Jacksonville to St. George, where residence 25 miles distant, went to the Doctor to see some Colored people. They were not throwing up Earthworks or fortifications of any description at Charleston when I left. I am not conversant with the military or naval affairs going on in the city.

A great number of the people of Charleston are moving into St. George. Came from St. George near Jacksonville to King's Point near Outer Island, the Parrott 7 in. Sloop of War was going up Outer Island and I made signals to her, she then went a short distance and went on board of her.
This man is not very intelligent and it is extremely hard difficult to obtain any information from him likely to prove useful, or beneficial to our cause.

There are 100 troops at Willtown Bluff which is about 20 miles from Jacksonport on the right of Willtown River, don't know what Rest they belong to.

That four times during the month of November 1813, David Waddell & son laserford & son Woods came to my house and had three prisoners. They were young men, the persons were all dressed in very good clothes. I lived near and observed three days over night with one and left next morning, and the morning they left I overheard Wood & Waddell talking about keeping the horses and such other property as the prisoners had. They said they would bring the horses up to Springfield and leave them at the camp of the 1st Mo. infantry. I would take the prisoners in and turn them over and keep the horses.

Respectfully presented,  
The whole communication is accumulated evidence of a persistent disposition to evade a wise and necessary order—a substitute to protect a private interest that would otherwise subserve the interests of the Government. It is hard for private parties to see the wisdom of any conceivable scheme of life. The thing that interferes with the wood and lumber during our improvement is the only able bodied. The parties have us bound under possession on their Island. The profit on fuel, labor should accrue to the private interests and Department, and be expended as the Department deems for the benefit of the most eligible, noble race. These precede every other.
The Island as a production as private property and at the same time to accommodate itself from the utmost for support to the weak. The higher price of a few articles of daily consumption, but to make impossible to a large investment by reason of their terms, covering the only eligible period for its shipwreck and being too uncertain required to be in good accounts and in this market. If these parties hold the Island as contemplated in the orders of the General Commanding the Department, Capt. Walker would have been enabled to furnish at the lowest rates.

Major Genl. Com. Dept. Miss.

Genl.

The undersigned, would most respectfully request permission to retain possession of our property upon President's Island which you late order (turning over the possession of said Island to the Contraband Department) will dispossess us of, for the following reasons viz.

1st. We are unable to see that the exigencies of the service demand that the said Contraband Department should take possession of our timber and force our men to cut it into merchantable wood, for the purposes of supplying Steam Boats on the River and Pilgrims with the same, or that doing the above will advance the cause of the Government, or assist in putting down the rebellion.

And 2d. We would state that our home yard on the Island, is located three miles below the said Contraband Camp with a solid
fully of heavy timber interspersed between us, which would require three years to clear and that there is not an acre of improved land between the two points.

3d. - We would state that the colored men in our employ, were never members of a Contraband Camp, but have been employed by us for nearly two years. Previous to our taking them to the Island (last February) they were engaged cutting wood for us on the U. S. Military Rail Road, under our contract with Geo. J. D. Webster to supply said Road with wood and they have supported themselves and families during the whole time.

4th. - Our men complain (having been compelled to work for the Contraband Department since the 1st last or be ejected from their cabins) that while they have not advanced the price for cutting wood, they have that of provisions, from 20 to 30 per cent. ranging from 30 to 40 cents per pound for Bacon which we furnished at 39 cents and 95 cents per pound for Flour furnished by us at 6 cents, and everything else in proportion.

5th. - We would further state, that we took
our men to the Island with the full knowledge and consent of the General commanding the Department, and the Superintendent of Contrabands, and that Maj. Gen'l Halleck kindly furnished us with arms, and gave permission to purchase ammunition to defend ourselves. That we have been a protection, instead of an injury to the Contraband Camps, having been attacked three times, whilst they have remained un molested.

We have invested our money in property on the Island, in good faith, and are not aware that our operations there can be construed in any, as detrimental to the Federal Government.

The Island contains about fourteen Thousand Acres. One Thousand of which are under cultivation; the balance is covered with heavy timber. The improvements being near the centre of the Island, which is about five miles long, with a medium stage of water, Steamboats can land at nearly any point around the Island, at very low water there are but two places where large boats can land, at the bar near the Contraband Camp, or at the lower end of the Island.
two and one half miles from our location. And now, General, if you will point out to us, where, there is even a probability of injuring the cause of the Union by retaining possession of our property, we will cheerfully acquiesce. All of which is most respectfully submitted, hoping that you will give us a favorable answer.

We take pleasure in referring to the following named Gentlemen, who are personally acquainted with us:
Major Earl H. E. Sherman, Major Earl W. S. Rosecrans, and Brig. Earl J. D. Webster.

Be it remembered, that on this 5th day of December 1864 personally appeared before me, the undersigned, a justice of the peace in and for Queen Anne's County in the State of Maryland, Joseph W. Walls Jr., and Alexander Carson, and made oath on the Holy Evangel of Almighty God to the following facts in relation to an assault committed on the 8th day of Nov. last, at the polls in Dist. No. 1 of said County, upon the person of Col. J. H. Shaw 1st. E. L. V.

Statement of J. W. Walls Jr.

That he saw the crowd, composed of so-called democrats, rush upon Shaw in considerable numbers and with much violence; that he has no doubt it was their intention to kill him; and that conspicuous among the crowd was a certain John A. Lee, who raised a stick and dealt a heavy blow, evidently upon the head of Mr. Shaw, that Mr. Shaw, at the time, staggered, or staggered as if going to fall, which was evidently in his (Walls') opinion from the effects of the blow.
That he knows said Lee to be very violently opposed to the government, very bitter in his remarks and comments upon it, and very decided in his sympathies for the Southern Confederacy, that he has a general character for malice, meanness and revenge.

Statement of Capt. Carson

That he saw the movements of the mob, after John H. Lee struck the blow as testified by Mr. Walls; and also saw said Lee strike Private William McLane of T. R. O. who was trying to defend and rescue Mr. Shaw. That he concurs in the statement of J. W. Walls with regard to the principals and general character of John H. Lee.

this 12th day of November 1853

Samuel S. Dep. Clerk
Queen Anne's County

State of Maryland to wit

On the 9th day of Nov. 1864 personally appeared William McClave of 20th Reg. V.R.C., and John W. Start of 7th Del. Volunteers and made oath on the holy evangel of Almighty God that they attended the election held for President and Vice President of the U.S. at Dixon's Tavern in first election dist. of Queen Anne's County Maryland on the 8th inst.

That at the said election was present also a certain Jno. Shaw of 1st Eastern Shore Maryland Volunteers that the three above named were standing together engaged in a conversation concerning confederate prisoners at Fort Delaware, upon which a certain John Stakley who was standing by remarked to Mr. Shaw that he (said Stakley) was a Jeff. Davis man at the same time calling Shaw a Goddamned Son of a Bitch. Shaw told him he must not repeat that remark again, upon which Stakley
drew his coat and offered fight, but finding Shaw willing to defend himself be finally persuaded. Upon which a certain Lawrence Everall stepped up and asserted that he was a Jeff. Davis man and did not care who heard the assertion, at the same time cursing and abusing Shaw and union soldiers as all being a set of Damned, Sons of Bitches, which led to blows between the two parties, upon which a mob of Democrats or rebels set upon Shaw with clubs &c, evidently with the intention of assassinating him, the said Shaw only being rescued by a few friends.

We further wish to set forth the fact that this is a true state of affairs as far as has come under our observation in Queen Anne's County, and the disposition manifested by the so-called democratic party, not only towards union soldiers but also towards union men generally.

George Belfor

J. P. Saltaway J.P.
Statement of J. W. Shaw before in
Co. D, 1st T. S. V.

that he was engaged in conversation
with William McClain & John W. Start at the election
held in 1st Election Dist. of Queen Anne County Md
on 8th Nov. Eighteen hundred fifty-four. The conver-
sation was in regard to confederate soldiers in Fort Da-
 nanek. A certain John Stanley being near by and hearing
the conversation, commenced haranguing for Jeff Davis,
either the said J. H. Shaw said he should not say
such words, whereupon John Stanley called him vile names
if he took it up. After which the said J. H. Shaw told
him that if he repeated the words he would strike
him. after that had happened a man, Event came
up and took it up, saying let him come he would
whip me the son of a bitch. whereupon several persons
struck me with sticks, and a certain John Elbow
struck me with his fist. It appeared to me
that from the disposition shown by the Democrats
party that they tried to override union soldiers
and the members of the opposite party.
And I further believe that they would do any
injury to the loyal persons in the county as from
the disposition shown by them upon the day of
election. And that I further believe that they only
need arms to carry out their wicked designs.

Dear Sir,

You desire me to state my opinion with regard to the loyalty and general character of Levi Everatt, and also with regard to his connection with a case of an assault upon Corporal J.H. Shaw for which he is now under arrest.

With regard to his loyalty I can say nothing. What part he took in the matter referred to I do not know except from report.

As to his general character I know nothing against it. He has so far as I know, and I have known him from a boy, been very peaceable and quiet. Very sober and steady and never seeming disposed to engage in or encourage quarrelling.
or fighting in any way.

The case referred to was certainly a very ugly one, and no body doubt but some one ought to suffer, yet instead of Mr. Everett's general peaceable character I should regret to see him suffer for what I know was instigated by others.

His brother being principal in the assault, and he not being the begining, I am satisfied Mr. Everett acted from the impulse of the moment and from motives of sympathy for his brother. Taking this view of his action in the matter I could but desire his release.

These are my views of the matter and it is worth any thing to you, you are at liberty to use them.

Respectfully yours,

To Mr. Clayman

Let it be known that on assuming command as Sheriff he found a public carriage and team of horses
used by his predecessor in command and which he was allowed to remove and secure for the same.

That he while there used a carriage belonging to Mr. J. M. Banks' C.S.A. and a team of horses furnished by him.

Also the money he taken under guard and turned over to the C.S.A. was a sum given Mrs. B. M.,
property of Mrs. Guillotin - well understood to be well paid for in
interest.

Having been an officer in the service of these houses to Mrs. Burns,
he makes this statement of the facts in the case.

The horses have been returned to

J. H. D. S. Jan. 21, 1865.
Head Quarters 2d District of Utah
Utah City Jany 24th 1863

Captains,

Our assuming command at Hatchez, I found a carriage, pair of horses &c. at Head Quarters—being public property. My predecessor desired to take them away for his own use. Not wishing to withhold any courtesy, nor to avail myself of my authority in matters concerning mere personal convenience, I consented, and he took them! The discontinued since made of them had not been by me a subject of enquiry.

Finding a carriage on the premises belonging to the late occupant, Major C. P. David of the old army, I made use of it. Capt. Price C. D. M. kindly loaning me temporarily a pair of horses, these recently taken with others, branded and turned over to horse for public use.

The taking of horses at that time was a necessity, the enemy being troublesome, more than half of my few cavalry dismounted, and no animals obtainable on requisition. In special cases, such as undoubted loyalty, forty $1.00 horses were returned. My purpose being
to the first and chiefly from rebels and dangerous persons. One pair was taken from Mr. John Minor, who still stands as disloyal (refusing to take the oath). His wife claimed them; she claimed them for Mrs. Gillespie, wife of a well-known rebel, as she is also well understood to be, though Mr. Minor understands her to have taken the oath. I was satisfied that the horses were rebel property, proper to be retained for Government service, especially as like property of enemy's (not rebels) and poor persons not rebels was freely taken at the same time, and their returns refused.

Saying in order, when the Quartermaster to return these came here to Mr. John Minor, I performed the duty which I owe to Earl Davidson and to myself to make known the fact. He will recollect that I had his consent to bring them with me. This morning I returned them to the Quartermaster.

Respectfully,

Mrs. Minor

Colonel

I have the honor to submit herewith an order from the President Commanding, based upon representations of a Mission Train (who act as Mission of the Island) that with the power to retain those that were the most absolute and degraded, and to destroy those whose conduct gave promise of reformation she would be enabled to do much more good among them.

I suggest that you direct your Provost Marshal to arrest one Col. Wadfield, a colored man, and send him here to answer charges. He and one Lewis White (also colored) were lessees of a Gov't plantation. The crop was introduced to him to disperse, amounting to several thousand dollars. He dispersed of it and forgot to return, consequently the debtors on the plantation have not been paid. It is said to be the proprietor of several stalls at Memphis.

(Nab Ham's Colonel) after being brought up states that he works on the grain-wharf in the gang of which Thomas Burke is foreman; that being anxious of going to Washington to spend the holidays, and understanding that he would not be able to get a pass for the January 3rd on Tuesday after Christmas he went with Weeks to the mail boat, to see the negro Charles Anderson, who then and there agreed to take them both to Washington on the mail boat and pass them through for ten dollars a piece. Anderson, Weeks, and himself were present at the interview. Weeks tells this story in precisely the same way. Nab Ham says he afterwards concluded not to run the risk of going without a pass, and consequently did not go back to Anderson.

I learn from him, besides that Anderson's character is bad; that after he had left him, Gran's Head, it was discovered that he had been accustomed to gamble with the other papers, and with all their money; that he had offered the X-employed $50 and
was refused an account of his bad character, and does not seem to be anything against him, and they state that he should be dismissed. With perhaps two years' service, I think it would be best for the army that he should be discharged immediately. It is recommended to hold Anderson a while as a punishment, and then put him out of the army with a warning not to return.

 Arrested by Capt. Alexander,
Feb 21, 1865.

Charles Anderson has lately left another steamer and
has employment on the "Daniel Webster," it would seem for
the purpose of making money by passing negro deserters
to Washington. The charge is now, that one of the former
men paid him 12 dollars to get him through to Wash-
ington on the steamer that day, and upon being found
on the boat without a proper pass, Charles Anderson
said the fault to the third colored gentleman.

The old man tells the story of paying the
money to Anderson with great truthfulness. And the
examination of the three together was greatly against
Anderson. The old man says that if permitted, he
would show that Anderson agreed with him and
Austin Clarke, the day before, to pass them to
Washington, for ten dollars a piece.

Let the old man be dealt with a non-com-
mmissioned officers to investigate this, and then returned.

Gentlemen,

I have chosen to make the following report. Yesterday afternoon I proceeded with my U.S.O. vessel West Alabama, landing early this morning. I proceeded with my small boat up Little Point Green and ascended the place where the deserters were in the habit of roving. I found four boats of rebells. I destroyed four, the fifth one having in good condition. I killed a longiac also. I took forty negroes off Buck allen farm from whose name is Peter Erek and who claims these boats as his property, carrying Owens arms, but says he is in the habit of carrying the James变压器 as the business from two or three times a week for the purpose. As to signs of carrying provisions to sell, by judging from the way that the boats were hied up to the

Wm. Bannor (old) states, that he left Richmond last Monday 16th inst. a week ago, and arrived last Monday at Clairmont on the James River, that he came here the lives to live with his family at Clairmont, that he has never been in any of the boats, nor has seen any one carried across in them, that he heard people say that they saw Wintre's deceased across, that they said Gilbert Woodson carried them across.

Peter Elliott (old) lives at Clairmont on the river, the boat belongs to a man named Gilbert, heard them say, that Gilbert Woodson carried some across, never heard him carry any one across, was free, servant at home.

John Charity lives at Mr. Allen's place about 2 miles from the river, born free, was at home when arrested, never heard any one say, that Gilbert Woodson carried them across.
John Wadden. States that he came down to Clairmont last Friday a week ago, that he is five miles close to Upper point, six or seven miles from Clairmont, that he went to Clairmont to work, that he stayed with a man named Par Brown, that his name is Dunham, on the place, that he heard them say, Gilbert Wadden carried dollars across, that he is a cousin of Gilbert Wadden.

The statements of three men, with the receipts of John Charity, all point to a colored man by the name of Gilbert Wadden, as the owner of the boats who carries men across the river, while they deny having seen him in the act, they seem satisfied that it is done so that he does it.

I would therefore respectfully recommend that a party be sent to arrest Gilbert Wadden accompanied by one of these men to identify him, when force light may be thrown on the subject.

Harvey, A. P.
Maj. United States

Acknowledges receipt of letter dated 3d. day of Jan'y 6th. 1865 directing him to carry into execution the sentence of Maj. Conn.

[Signature]
General,

I have just received your letter of the 10th instant, requesting me to carry into effect the sentence of the Military Commission in the Case of Andrew Humphrey. I herewith send you a copy of the Order promulgated and must respectfully ask your attention to the following points:

First, your letter doubts my authority to organize a Military Commission. Now, if my letter of instructions from the Secretary of War does not give me that power, the Trial is void and the Sentence cannot be legally carried into effect. If I had the right to convene the Court, then by the Acts of Congress, approved
July 2nd 1864, I am clothed with the full power to pardon the convicted or mitigate his punishment.

Sec 2. And be it further enacted that every officer authorized to 
order a general Court Martial 
shall have power to pardon or 
mitigate any punishment ordered 
by such Court of... There is an exception, but it does not apply to the 
case of Kermythrap - 166 & 1031 1864. 
It cannot be contended that the word 
"Court Martial" does not include 
Military Commissions as the rules 
governing each have been placed 
upon the same footing by repeated 
Orders. Nor can it be fairly contended 
that my letter of instructions, compels 
one to lend a blind consent to 
the illegal or unjust sentences of 
The Court that I may convene. 
Indeed a construction would be an 
amomoly, unknown to the words of
on martial law. Another reason why I feel sure that the Constitution I place on my letter is correct is, that they were given in view of my arresting and bringing to trial the very men presented before the Commission in my opinion, there are two crimes committed by the Commission on the trial of Humphreys, which would become a civil Court, unless his case be more fully examined in the case taken by me in Humphreys case. Other prominent men were petitioned me to relieve him with a Definite record of the light testimony, and into a thing feigned in the public mind in his favor; I deemed it prudent and politic to release him. He resides in Green County, an inaccessible part of the state, and his arrest should be attended
at this time, with considerable feeling.

Believing, as I do, that any action has been entirely lawful, and for the good of the Country, I most earnestly request, that you will not order his arrest until the President shall have acted upon his case. The news being embraced in the death of Bowles and others, has been sent to the President more than ten days since.

I have the honor to beg your Excellency to give the 2d Capt. Commander of the 3rd Dept. Albert H. Hovey, Rear-Maj. of the 3d Brigade, Commandant.

I have taken the liberty of writing to you in person because you bid me the honor to do the same to me.

Personally appeared before me, William P. Whitfield, a citizen of Fidelity Illinois, who being duly sworn, said, that on the 7th day of November 1862, I was walking into the store of D. H. Rouster in the Fort of Fidelity Illinois, about the middle of the street, I was halted by Tom Head, I walked on a few feet, he halted me again, then turning around I found a revolver in his hand pointed at me. I asked him what he wanted, upon which he replied "Stand there." I turned leon against the counter, immediately after Robert Hatam a citizen of Fidelity Illinois, was walking into the store, up to the Post Office cage, and turning around apparently to go out, the man also halted by Tom Head. Hatam making a slight movement about him, the ball taking effect upon which Robert Hatam falling towards him, and after a short struggle threw down, he calling for Simpson to assist when Head & Hatam loosing their battle, Head again shot Hatam, and as far as I can tell the ball took effect. Head curting his escape and Simpson and Hatam still struggling, when Simpson surrendered and upon Benj. Kobe finding Head, soon came up and demanded his release.

Personally appeared before us, Henry A. Hawkesworth, Fidelity Jersey County MS, holding each in each hand 12 barrels, after passing backward and forward through the store and office during which time Simpson called me. I did not see in the office, I replied that I had, he then said that he had been in the three years service and described before he had been in a company in passing from the office to the store he came directly to me and said that he had been informed that I said that I was going to court. I then replied I had said no such thing. He repeated in answer to that question, at this juncture Moore came to where I was and said Bill when he's come away. Watson, a citizen of Fidelity Mall, came in and closed his door, when Watson told him not to shut his door, at the same time making a noise as if intending to jump upon him, when closed shut, crowding him in the stomach, upon which Watson closed with Albee and threw him, when Albee called for Josphun he coming forward they all went toward the door. Accordingly,

In the case of W. Simpson
Head Quarters Fort Fidelity Ills.
January 5th 1865

Personally appeared before me, Dewitt M. Hawkins, a citizen of Fidelity, Jersey County, Illinois, to be sworn duly authorized, says that on the seventh day of November 1864, William Simpson and John Made entered his store in the town of Fidelity Illinois, each in, each hand a revolver wrinkles into the office, while I was sitting. None said, "By God, you damn rebel, can I Simpson is a deserter from the Union army, and by God, I'll fight for the free blacks and Simpson can't be arrested in this town." Then turning to Benjamin Christopher, a citizen of Jersey County Illinois, told him to sit down, pointing his pistol toward him. These then turned around and came into the storeroom, Simpson following. Simpson walked towards Henry A. Holger, a citizen of Fidelity Illinois saying, "If I had a gun, I would arrest him." Holger remarked, that he had not, then Simpson repeated the question two or three times in rather a threatening tone. Holger still answering as in the outset, when I heard says he hasn't done a thing, that's enough." Simpson then returned to the office, and wanted to know where George was at, and said that George had said he was going to arrest him, and also that he was a horse thief, and said "By God, I'll kill
from the first time I set my eyes on him. Then my brother James T. Herritas entered the office.
Herritas, following Jim with his revolver pointed to the second floor and said, "What's your course?" He told him
and I remarked, "That is my brother." When he walked towards the front door of the store room and
dashed against the counter, then Wilson J. Millis,
A citizen of Fidelity, Jr., came walking into
the store, when about the centre of the room,
Herritas presented a revolver, and ordered Jim
to halt, which he did and leaned against the
first part of the counter in the store, and very
soon afterwards a Robert Watson a citizen of Fidel-
ity Jr. came in and walked up to the Post
Office cases, and turned apparently to go out
and as he turned around, Herritas presented a
revolver at him, and said, "Halt, Good Sir."
Watson can do a slight cure and Herritas fired at
Jim, ball taking effect - at the instant of being
shot, Watson charging forward, caught hand
after a short flight, threw Jim upon the floor
as Herritas fell. He called for Simpson to assist
Jim. Simpson, having returned in the office to
guard me, Simpson ran to his assistance. From
this I was carried out of the back door by friend
Watson did the same evening from the effect of
the shot.

Melvin, a Grocer, Keeper and who is in C. With one Jesse Fields, a noxious Character, and also Nash Cox of Spies Valley, and David and Robert Burton.

There is many others, there whose full names I forget, But think I could arrest and convict fifty men in that locality.

There is also a few at Seymour and I am told that there is a Rendezvous at Rockford. And one at Cincinnati.

I also understand there is a
an Establishment in New York City that is now circulating a new Style of One Hundred which is said to be nearly perfect, there is also many men in the Army that I know of who are engaged in it. Some in the 50th, some in the 14th 39th and 24th Ind Regt., the agents Supply the Soldiers. I have been told by the Agt. that there was and is yet a House in Indianapolis used for that purpose, and that there is agents thru who travel and visit the Army with supplies of "Booze" I can find the names of all these persons and bring proof of their guilt if necessary I derive my information from agents who were
formerly Schoolmates of mine and who have tried to get me to join them; and I finally pretended when in their Company that I was in the Business, and gained their Confidence to such an extent that some of them have told me the Whole Secret, and I can yet go to them and obtain all information I desire in regard to the Claw and their Operations—this is all I will state at present, however, be very Cautious in making your Arrests, and see that the Ring Leaders do not dodge you, it will require good Engineering and a good knowledge of the Country. I prefer to Remain incognito for the present.
If permission were granted me, I could Break up and Bring to Justice the Whole Clan, which will include many Hundreds if not Thousands of men who are Base Enough to try to Ruin the Common Soldier and also his own Government, which has already Cost the lives of so many Brave and Honest men.

making arrangements to leave here
having lost all hopes of you giving them
any assistance, we are entirely foemen
not having Arms or Ammunition to defa

I am aware of the influence of Col. F.T. Russell who I hear is engaged in getting men released from prison making a handsome thing in the way of fees for his services. I would trust any living man who will take a fee to get Rebels out of prison to be turned loose on this community again.

were sent under guard to the office of the U. S. Marshal, S. Dist. Mo., on Saturday the 7th inst.

Receipts have been sent to me for Mrs. Rasure, David Rasure and John Reidell, but Moulton was returned under guard.

you send me an order to turn Clarinda Rosene, David Rosene and John Reider over to the U.S. Marshal.

Moulton states that the U.S. Marshal required him to give his recognizance in the sum of $500, and told him that he was discharged from custody. Moulton is, I believe, only a witness in the case, and I have the honor to request that you inform me what disposition shall be made of him.

He will, of course, be retained in my custody until you order him discharged. Moulton is a private of the 3rd Infantry, E.R. which is stationed at Franklin, Mo.

Capt. Allen. I had just left my bed to speak to you about the destruction of the Confederate colors, when you were stepping out at the door. You gave me my liberty to-day, for which I am obliged, but it has been a sad day to me, as it has caused trouble to others. Mrs. Reed was so kind enough to acknowledge the showing of the colors through my window, but I cannot allow all that blague to rest with her, nor indeed any. Strict truth compels me to acknowledge having caused her to put the flag through the hole in the window. I trust as I think my punishment has been I am ready to suffer the penalty for this. If she is condemned to any punishment for this, I shall suffer a thousand times worse in spirit than she could in body, therefore I write these nasty lines to beg you to excuse her and inflict upon me if you will. No one else had any thing whatever to do with it, and I declare to you that none more ever did her daughter.

Swafford, Aaron

States that he was not personally acquainted with Workman but knew him as such a man, gave his account of his manner as he heard it after killing the guerrilla who had killed the state. Some of them were dressed as citizens and some in military clothing. Think the assessment unjust. Think the guerrillas sent John Steely house previous to the murder because he was against bushwhacking.
Aaron Spradford, of Black Township in Old County, New Jersey, doth State that he has been a resident of Black Township the last 6 years, and is a loyal man and aged 51 years.

Question did you know Valentine Workman of Black Township Cola County, Mo. - if so State what you know with Regard to his being a man from the facts and Circumstances of his Death.

Answer - Not personally. I knew that he was such a man in Black Township. As to his being a Union man, I only know that from public reports - as to the Circumstances concerning his death I do not know any thing personally - but I believe that the following is a correct Statement obtained by me from other parties, The facts and figures will appear about the last August or the 12th September a band of Guerrillas among the number Sauer Ring, the Hamlet, Mike Clarke and Watson or Soren, came into Black Township from the Osage River - North East Corner from the Osage River, proceeded to Brazette, then committed the Murder of Workman or Watsont, the distance from here is the distance of Guiter of Capt. Workman, about 10 to 12 miles - The Murder of Workman was about the 1st October 1863, Guerrillas remained at Brazette.
about one hour. They killed the old man Robert.
The string of as much as they wanted—indicated
that Melt Menesmith was present and his
evidence can be obtained, after the murder.
They went again towards the Savage River, and Mr. Trumbull
pleads that the men were dressed in Confederate
uniforms—there was but been possi-
ble the shovel house beyond Trumbull—making their
way towards the Savage River, not travelling the
Regular Road—previous to the murder the
presence of Trumbull's on the County was not known
to me. nor after until our state was by any
means more except those who may have been at
Brazette. My honest opinion is that the men
who are ass'd under the order raising two stalls
for the benefit of Mr. Vicksman, are not in any
way responsible by omision to do that act; or
omission by act of going and our comfort
to their,. brooklauck, etc., directly or indirectly
more particularly the following men whom I know:
C. C. Combs—Mark Cason—John McKenzie above
man and Mr. Robert J. B. McKenzie, Robert Cloud
duncan John Scott Rock Scott James Scott
and more particularly still D. C. Demer who I
has been with them only for some time he going
a sentinel and William Gourd—when believe
he have been always around men.
The 1st of June was the Militia and despatched and at the time of the Raid, contributed to the defense of Jefferson City, and performed duty as soldering, faithful and true.

Fowlers Hall, Jacob Hall, and Francis Hall. I know the former was one in the Rebel army. The last letter was a sympathizer to his former home being burnt. The conflict with the military orders. Fowlers Hall has offered time and again to join the Militia. I believe him to be perfectly reliable and a decent man. Fowlers Hall also served in the Militia as a self-defense at the Raid, and contributed to the defense of Jefferson City, and I believe is and may be relied upon as a decent man now. Rebel in the Country being pro-Federals. He was no more favor to their movement by other decent men. Common Sense says, that the same gang, previous to this time having John Hall's home and his eldest son because of his opposition to their work, this I believe to be true.

The other, not mentioned by name, however, I said not day, peculiar and will only be responsible for what I now mention. Especially.

I am a near neighbor of John Armstrong. He is now sixty-eight years old and physically incapable of being homes or poor to my reason,
and is in my opinion a very valuable article. The same is the case with iron and music.

Protest that she lived near Bragette at the time Waterman was killed. Did not know that Blackshackers were about town. Heard the evening before that they were going on the Osage river and had killed some of Bragette's men. Gives the direction taken by them after the murder. Thinks they more assessed the loyalmen.

Unsettled days of Clark Township in Old County. June 15th, 1865. I lived in Clark Township during the month of October and November, 1864. Was on duty at the Black Company C, 42nd U.S. Inf. went on duty in October, 1864.

Question: Was you at home in Clark Township, at the time Valentine Wormer was killed?
Answer: Yes.

Question: What was the circumstances under which he was killed?
Answer: 25 or 26 Bushwhackers came to his house about 2 o'clock P.M. on the day he was killed. (Which was about two or three weeks prior to the time that Penn made his demonstration upon Jefferson City.) The old man Wormer on their approach - and they shot and killed him.

Question: At the time they killed Wormer was it believed that there were Bushwhackers in Clark Township?
Answer: Yes. It was believed there was a gang of Bushwhackers. Came into.

Question: Was any actual trouble that took place previous to the killing of Wormer that this was Bushwhackers in the Clark Township?
Answer: I had heard the evening before the murder that Bushwhackers were on the way, that they had killed some of Capt. Pelacho's men. The Queen's men ofbag.
neighborhood had no knowledge of there being any Brakwhackers in Clark Township, or there ever having been any Brakwhackers. What was the line of march of the Brakwhackers? I do not know, but they were found out twice.

Answer: I suppose the Indians above the Basketman Ford on horse and burned the S. Part Black Township.

Section: How far from Basketman Ford by Basketman, at Bragetto.

Answer: 14 or 15 miles.

Section: How far from Basketman Ford by the line of Clark Township. (South Boundary.)

Answer: I suppose 14 or 15 miles.

Section: What direction did the Brakwhackers take after killing Basketman, and how long did they stay in Black Township? Answer: Left immediately and started East of South and burned the house at Snow's Doubles Ford and crossed the same day.

Section: How long was the teenaher left in the无人驾驶 and burned? Answer: Do not know. Mr. Reece knows.

Section: How long from the best of your knowledge and belief was the gang of Brakwhackers in Black Township?

Answer: Not over 24 hours.
Question - Was Newman a Union man?
Answer - He was. He served two years in the Union army.

Question - Who lives near Bogart?
Answer - Mary Taylor, Horn. Bond lives near her.

Question - Are these men loyal?
Answer - They are. Try us.

Question - Does any of the men answer the name of Tigg? When the Confederate State of South Carolina was established, who lives near Tigg?
Answer - Reynolds and Smith live near the supposed border, one mile and one quarter.

Question - State what you know or believe as to the property of Hogg. Murris, Skelton, etc., and what they were worth before the war and afterwards.
Answer - James stated that Mr. Hogg is a loyal citizen. Tippie is a loyal citizen and lived in the city of Augusta during the Recon-Struction.

He is a good man and conscientious and he and many others were and are loyal.

I cannot give you the name of any man who has not served in the Union army and I believe he has done his duty to the Government and was in the Rebel army. I have heard of many occasions when Rebellion - and believe that he has fulfilled his obligations.
He objected to his son going in the Rebel army and refused to furnish him with supplies—only furnished him a lane of shot under the threat of being shot or so that he would desert one from time to time.

Someone I think is loyal I regard him as such. William Gordon. I think he certainly is loyal to the government. He endorses the action of Bunchwhacker, and has acted with me in actual battles. Bunchwhacker during this war were all three. Ken during the war when scarce—and think they belong to Capt. Snow or to some Co. for the defense of the city. Bunchwhacker had been in the Rebel army, had enlisted under the command of the Perrin Family. And I acted I believe up to his obligations—was captured once himself, but was released after his resignation.

Jim McKinniey—also had been in the Rebel army. And Perrin—I believe I have been a day of the Perrin. He was in the neighborhood of the Perrin Family. And Perrin Family have known of the presence of the Bunchwhacker in Black Mountain at the time of the murder.

McKinnie the Elder is 85 or 86 years old. He cannot at war dates has always been physically capable of doing any farm or work to any one.

Charleston 1st Jan 1865

Major

I have the honor herewith to submit statements in the following cases. Wm. J. D. Mason, John D. Henderson, Peter F. Smith and Mr. D. Forrest.

John D. Mason surrender himself at this post, and his entire statement is a series of falsehoods. I forward you the statement of John J. Locke, which goes to show that Mason has been in the guerrilla service. I will forward additional evidence in this same case in a few days.

I have pardoned him to report to this office on the 15th January 1865.

The case of John D. Henderson develops the fact that Lewis W. Dufault, M. T. Grant, and L. H. Pritchett, Noted Keffirs of Charleston, are engaged in the smuggling business.

I do not think it advisable to arrest either of these parties, from the fact, that by waiting a week or two, we shall be able to detect and arrest other parties, who would cleanup in case Dufault and Pritchett were arrested now.

The statement of John A. Gardner, relating to the case of Peter F. Smith, shows that Smith
I am now engaged in smuggling. He lives some distance from Charleston, Mo, and the roads being extremely bad, prevents his arrest at present.

Apt. C. Forest, who was arrested with Mr. T. Henderson, I think, as her statement of Jas. T. Bolton, should be released, as the evidence show him not to have been interested in the goods found in her possession or connected with their purchase.

Very Respectfully,
Your obedient Servt.

M. Chalmers.

Date: 3/3/65
Captain Wages.

Forest Marshall on Carrolton.

Captain.

Understanding that an application has been made to prevent the sale of the property seized in the suit of Mrs Susan M. Price vs. John A. Somers that the decision of the application rests with you, I beg leave at the suit for Mrs Price to present a brief statement & to request that should you deem it necessary, you will permit me to make a further explanation & statement in person.

Puschaway originally owned the property, but (as it is believed) to raise money, transferred it to Somers. Who having obtained a loan on it from Mr Price, the husband of the Pugh, re-conveyed the property to Puschaway, he assuming payment of the loan. Price died & his widow administered his succession. The bulk of the property was by his will bequeathed to his
wife a consisted principally of the 
Mortgage bonds of the Oklahoma Rail-
road Co. The Government having 
taken Military possession of that road 
& the Company failing to pay interest 
or its bonds, Mrs Price was soon dis-
tressed for money. Under these circum-
cstances I called upon Somers & in vain 
endeavored to collect the interest due 
on his note. I proposed then if he 
would pay the interest & $500 of the 
principal that I would extend payment 
for a year. I received only promises & 
threats of Military intervention if I 
brought suit. Suit was brought and 
judgment resisted by numerous tech-
nical defenses. Mrs Price has been com-
pelled to borrow money from friends to 
meet her necessary expenses & is now pay-
ing her board bills with money so obtained. 
The debt is a just one, it is due to one 
who greatly needs the money and is owning 
by those whom it is believed, can raise
the amount, or could do so, if it were not for Buchanans own maladministration
of property entrusted to him as Tutor, which
has not only impaired his credit, but as
his Counsel asserts, cast a cloud upon the
title of the property seized & reduced the
security held by Mr. Price.

The facts I have thus briefly stated
are susceptible of proof, and before you
decide to stop the sale, I respectfully re-
quest, that you will appoint a time for
hearing the statements of proof of both
parties.

Very Respectfully, W. Odlit S.R.

May I ask E. R. S. Castle, Jr.

In the undesignated Committee of the Planters Association representing Madison, and Carroll, Parishes, La. Would state that the Treasury department having ceased its abandoned plantations for the past year, with the assurance of protection, imposed upon the lessen the following taxes, viz., One Cent (1) foot for ground rent. One Cent (1) foot for the contraband fund on all Cotton raised. The Military authorities also collected five (5) dollars for Pole, as first tax. The second tax according to the Governor is six (6) Cents per lb., making a total tax of thirty two (32) dollars per Pole of 400 lbs. Before the Cotton is ready for sale, I beg leave to suggest that inasmuch as the Treasury department have failed to protect and further this interest of the Planters
only as far as granting permits for
shipment, and the shipment of cotton
is concerned — and in consideration of
the planters having, to support their
own protection — that these taxes
should be applied to that purpose,
also that but one post tax should
be collected

Sir,

Having been as we believe unjustly arrested by order of Major General Canby we beg of your official interference in our case: In the early part of November of last year we left Mobile, Ala. & visited Vice Admiral Farragut in the Bay of Mobile, who received us into the lines of the Federal Government & by his aid and permission as well as of that of
of the P. Marshal at Fort Gaines proceeded to the City of New Orleans—on our arrival we reported as you may remember to you good self and to Col. H. Robinson, P. M. General (the only known authorities to whom to report.)

Having no political connection with the government of the Confederate States or any other Government our business in this City was of a purely commercial character—Viz. to try and arrange to bring into the City of N. O. our property consisting of Cotton to form within the Confederate lines under the regulations
Regulations of the orders published hereon that subject we had several communications with Col. A Robison who we believe laid our plans before General Hurbut. No complaining were ever made to us and we were quietly awaiting results when on the 29th of December 1864 we were arrested by order of Major General Courcy and made to procure bonds in the sum of Ten Thousand Dollars each to report every morning to the P.M. General Col. Wood not to leave the city until such time...
As General Canby should think fit to send us to New York. The cause of our arrest and the reason for sending us to New York is we originally ran the blockade into the Confederacy.

Believing we have done no wrong we protest against our arrest and being forced to give our bonds and against being sent to New York, we therefore ask you as our Consul to demand the cancelling of our bonds and to be set at liberty to proceed to any foreign or loyal port we may think fit...

We
We yesterday received an official intimation to get ready to proceed to New York where we have a decided objection to go we therefore throw ourselves under your protection knowing we shall have a fair and impartial hearing of our case.

On Wednesday last we were arrested and appeared before the Judge and Marshal of this place. After having been more than seven weeks in the hold of the ship, we were released through the kindness of Mr. Whitley, who made a statement which we understood was laid before your noble and humane officials. We have been placed under a ten thousand Dollar bond, to report at the U.S. office every morning and not to leave the city. I write Oct 26th. I went to buy calks and was taken in Hospital. My first conversation with Faller was about Mrs. D. and how much beauty. I got on the train and asked if I was to go first to New York. I all the way out to the Forks and then to Kentucky. I told him I shall not be perfect if I am able to do my duty. He told me he knew I was not able to and ought to shut up. I shut up if my heart I am willing to give to get me out of it. I told him I thought it better that I should have it without paying anything. He told me I was not to pay him for his talk. But he would get it before he left as you know. Then I am not sure I am wise to go. I went to York and see my friends. I told them I was to pay for fourteen dollars and a hundred (1400) dollars. They said I had not paid my two thousand dollars and a hundred (2000) dollars. Then I said I would not pay. But I told him I had not paid his contract. Major,

I have the honor to forward your the names of a few Kent inhabitants, residing in Cedar Township, Drew County, AR, who, in my opinion, are proper subjects for evacuation from the State, viz: Mr. Lincoln Nichols. The names the son of Mr. Lincoln Nichols. He has three sons gone in the last raid. He is McDow and one son. Mr. T. Brown. Sells to have furnished a crowd to the N.C. Troops. Sells to have furnished a crowd to the N. C. Troops.

He also the family of Mr. Baldwin, he being in the rebel service. He was at home during the late raid.

All the above have been disloyal since the commencement of the Rebellion. Any information in relation to their actions, etc., this is needed, can be obtained from Mr. Brown, now living in his neighborhood.
Hoping that through your influence they may soon be finished, as they
vividly deserve to be.

Sir: The following extract from a letter just received at this office, is respectfully forwarded for your information:

"Captain Murphy, reported last

summer, is thought to be in New Orleans. Of slight figure, 5 feet 7 inches, rather protuberent face, blue eyes, iron gray hair, with some gray side whiskers; no mustache; about 45 or 50 years of age.

A regular carrier between the

Gulf towns—Richardson, 34 years of age, brown hair; light complexion; slender, 5 feet 1 inch high, grey eyes, with right arm gone just above the elbow."

Charles M. Scott, Pilot on Tambat-Chocaw being duly sworn says:

The Tambat-Chocaw lands opposite Bayou Sara.

On the evening of the 16th, I was ordered by Captain Cornwall of the Chocaw to take the steamer and crew and go up the River to a point some four miles above and lie in wait to intercept a juryman whom, on had information, was crossing Rebel mails nightly in the vicinity of Col. Claiborne's residence.

I proceeded to the point indicated in tow of the tug "Bayard." On arriving thereto I took up position as ordered the tug proceeding up the River at a blind about a half an hour afterward. While lying under the East Bank, the sound of bare was heard on the opposite side of the River; soon after a boat approached which I started for, and which on discovering one started for the shore above me; as soon as it reached the willow the occupant plunged into the River that was about (30) Thirty feet from the shore.

I captured this man before he reached the shore. On searching him, I found a note without date signed by Col. Claiborne, and a letter dated the 15th of January. He gave his name as Terry.
On bringing him to this Choctaw, he was identified as a noted Rebel courrier - said Terry states he was born in the State of New York and has taken the oath of Allegiance since the capture of New Orleans. On the morning of the 18th inst., Capt. Cornwall ordered the Executive Officer, Mr. M.B. Lynnay, and myself, to take a squad of men and arrest Col. Claiborne. On arriving at his house we found he had gone down the river to oppose the Choctaw. We proceeded down the bank in order to intercept him till we met a person who informed us that Capt. Cornwall had already arrested Col. Claiborne; we then returned to the Choctaw.

On the 19th (today), Capt. Cornwall ordered me to take Col. Claiborne and deliver him to Gen. Ullmann at Moganzig, which I have done.

On my way up I particularly examined the locality where I had arrested Terry and whence he started and without being positive to the exact spot am convinced it was from one half to three-quarters of a mile below Col. Claiborne's and in the immediate vicinity of Judge Coolidge's house.

I identify the paper annexed and marked "A" and "B" as the papers taken.
From the presence of Perrap referred to above, signed and sworn to this day and year just above, 1st S. M. Scott, Adj. M. U. S. Chietar, written before one.

I have the honor to forward to you the enclosed letter of Col. J. C. Holland, in reference to the case of Geo. Riden. I forwarded his charge to him this morning, but there is a doubt in my mind as to whether the Government should be put to the expense of a trial in this case, if he can not be proven guilty. Baker, who is relied on as the principal witness in the case, informed me a few days since that he could not prove anything that it was only circumstantial evidence etc. I think the case should be presented to the Commanding General, as Col. Woolley is of the same opinion as myself, that no case can be made against them.

Please let me hear from you as soon as possible.

Colonel

I have the honor to report that I went to
Annapolis to find out who the parties were
that were buying the Paroled Soldiers Commutation.
The soldiers do not receive their commutation
until they arrive at Camp Parole which
is about 3 miles from the City. I went
to the Camp and saw the soldiers receiving
their checks and found that the only parties
buying these checks are the ladies at Camp
Parole. Their names are Miss Crowley & Jones.
I saw as many as fifty men standing to
dell their checks to these men. And in
conversation with the soldiers, they told me,
that Crowley and Jones took from twelve to fifteen dollars off of every check, before they would cash them for the soldiers, and they (the soldiers) can not get out of camp to long as Crowley can see a chance to buy their checks. There are no soldiers allowed in the city. Their checks run from $50 to $100. There is no business of this kind done in the city, and the soldiers are the only parties engaged in it. The soldiers complain very much about these men charging so very high for every thing they get.

Dear Colonel,

Very Respectfully,

Adam Heaven:

I came to Carlisle went through to Chambersburg. They wanted one to enlist there. The man who was in, (McGregor) and another man (Kerr) I do not know were with me. The man who was in is called McGregor. He gave me his discharge and told me to enlist with it—that it was just as good.

I only knew the man with fun cap a few days. He told me to stick to him and he would see me all right. Have known McGregor over three—he was in the 117th P.V. I was in the 117th P.V. McGregor told me I should give his name and enlist with his discharge. I was to get $500, for three years and I would not go. Did not know what they were to get. Was examined at Chambersburg but do not know why they did not put me in. Was a farmer when I enlisted—One and 21 years old. McGregor told me what to say. McGregor was with me at Chambersburg. McGregor and the man with the fun cap was to be very well acquainted.

I gave the discharge I had in the office to McGregor before I came in. That man with the fun cap was to help me.

(End)
The small man promised me a good education if I went into the Army. I thought his name was Miller.

They both told me just to do as they say and I would be all right.

Adam Weaver went to school with me. (I have known him ten years) in York Coop. He enlisted in Co. D 64th Regt. Capt. W. Hard, then Capt. Young, then Capt. Melick. This is the first time I have seen him since he was discharged.

In general, a good boy and easily imposed upon.

I have the honor to send in charge of Special Agent John Early a man supposed to be McGregors discharged soldier who onemy company with a man calling himself Kere, supposed to be a

at Harrisburg, attempted to practice a fraud upon the Board of this District, and upon a man offered as a substitutive, perhaps with a view to flee jumping the Board.

I submit the following statement:--Kere had just charged a man by name of Adam Heaver, who he offered by name of McGregors; and pursued from McGregors his discharge to aid this substitutive in passing the Board.

Heaver was afterwards recognized, and I directed Special Officer, Early to bring him before the Board, when he made a statement, implicating both Kere and McGregors. Mr. Early succeeded in arresting McGregors, and brought him before the Board; Mr. Heaver said he had nothing to do with the substitutive, he declined to make any statement, refused to give his name or any account of himself.

Mr. Heaver escaped in the town to Harrisburg.
Hear my report: he was to get $1400, the present one to pay $800.

Mr. Meek is reported as a reliable young man. Early-imposed report. He will report when required.

I enclosed herewith statement of Meek and Mr. Meek who identified him.

Mr. Eddy has in hand present the pocket book and papers of Mr. Eddy.

I beg respectfully to ask your attention to this case that these parties may be brought to trial and punishment if guilty as they are supposed to be.

Capt.

I have the honor to send to you under guard, Dear Sir, Rayville, May 17th, 1865.

that he was endeavoring to join the Confederate Army together with aumber of persons from there and at their way, the majority of them were arrested by our cavalry, but that he and some others escaped. He rather were behind the guard who were captured, and let out, and fled to Ohio for safety where he has been various places. At a.m. about night. They stopped at the "Penton House" last night, but I registered themselves under false names. (As Lewis Stone, can give you more particulars, as he gave me notice of this morning. He having stopped at Danu Hotel. I refer to Henry). Detective later had been on the lookout for them from daylight this morning, until the time they were arrested by Provost Guard. I send him to
you, to give his statements.

The other man gives his name as Michael O'Dwyer, but will not acknowledge that he is from the Rebel Army, but some contrary
statements, but saying he had furnished
Clothing for relief, & having travelled in company with him. I have thought advisable
to send them to you, and have the cases

Military Commission
Harrisburg, Pa., Jan. 9th, 1865.

Captain,

I have the honor to submit the following report in the cases of C.H. Girdleman and Cherry Girdleman of Jackson Township, Columbia County.

These cases were prepared for trial to-day. The witnesses arrived promptly but I am unable to proceed as only one member of the Commission is present. One Rowley has not reported, and Capt. Loyd is sick.

I have carefully examined the witnesses summoned by the Government and find to obtain anything satisfactory against the accused.

I deem it inexpedient to enter upon the trial for the following reasons.

1st. I believe they will be acquitted of all the charges and specifications.

2nd. I am informed by reliable men and by men who support the present Administration that the Girdleman are not generally believed to be much implicated in the difficulties in Columbia County, that they are quiet and peaceable citizens and have never taken an active part in political movements.
The men have already been fairly severely punished and are willing and anxious to be let free upon a promise or oath of good behavior in the future.

The friends of the hostages are very anxious for their release without trial and will esteem it great leniency on the part of the Government if the release is granted.

The friends of Earlman object to trial on the ground that it will be very expensive and even if they are acquitted, weeks and perhaps months must elapse before the findings of the commission are made public and the men released.

I am of the opinion that the interests of the Government will be best served by the release of the said Earlman upon the same conditions required of the others who have been discharged without a trial.

I have hesitated to make this statement lest you should think me inclined to leniency with the Columbia County men. I assure you that such is not the case. If I could discover testimony sufficient to base any hope of conviction upon, I would be the last to abandon the case.

Under the circumstances however I believe the best interests of the Government and military service require that the men be released.
I am Captain,
Very Respectfully,

Your Obedient Servant,

A.L. Levison
Captain, Judge Advocate.

States Joseph F. Ramsey late of 1847 is now on trial before a Military Commission in Philadelphia charged with conspiring with Gen. M. Ramsey, General W. B. Clark and Frank McIlven to disembark 1,000 and encourage the same from the enemy. Request to the Council of War to Joseph F. Ramsey that he be alleged Confederate be brought to Philadelphia with as little delay as possible.
Philadelphia Jan 17, 1865

Major John P. Cheek

Dear Sir,

Joseph D. Ramsey of the 18th O.S. is now on trial in the city before a military commission charged with conspiring with George W. Ramsey, Joseph C. Clark, and Frank Muller to depose the U.S. government and encourage insurrection. The charge is in the nature of a confession and the commission shortly will receive in evidence against Mr. Ramsey the declaration, and act, of his alleged confederates who are now in confinement at Fort Jefferson.

That the counsel of Mr. Ramsey may be enabled intelligently to cross examine the witness in the part of the government who tend to the act and declaration of his confederacy it is understood better that they have access to Mr. Ramsey, Clark and Muller.

I have therefore to request as the counsel of Joseph D. Ramsey that his three alleged confederates above named be brought to Philadelphia with as little delay as possible.

Very Respectfully,

Captain:

In compliance with the plentiful
of the Adjutant Commanding, on the request of my Chief of the
relative to the absence of Miss Harrison from this Post, I have the
honor to make the following Report:

I do not consider it necessary
for me to make any statement in explanation for Mr. Cochrane
actions, the late Com. Marshal having himself requested that
all statements made in said Report in relation to him be excused.

Upon investigation I find that Mr. Stoddard, my Steward
knew nothing in relation to the manner of Miss Harrison's for-
reigning the facts, nor was he in any way implicated in the
affair. He met the young Lady at the Depot, as a General
from Mr. Stoddard. I do not think him at all flamable.

Mr. Stoddard acknowledges to me (as he has before
done to the Geo. Comdr.) that he furnished the Case
on which Miss Harrison went to Baltimore, and pays me extremely
reward for having done so, that he was ignorant of the fact.
that it was necessary for parties applicant to take the oath of allegiance. He also says that he had not the most remote intention of doing anything prejudicial to the interests of the Government.

The expresses sincere regret at having given the pass, and assures me that it was done without previous consideration, and with no improper intention.

After a thorough investigation, I am led to believe that all Blank Passes procured from the office of the Compt. Marshall were received by Mr. Cockram upon personal application, and I do not think Mr. Stdard procured any application to the Compt. Marshall for Blank Passes. Capt. Bray was in the habit of giving Blank Passes to Mr. Cockram and he acknowledges to have so represented to Capt. Bray.

I shall await the instructions of the Rig. Genl Board in relation to the matter, and will act in accordance with the same.

OFFICE PROVOST MARSHAL,
Martinsburg, W. Va.

Captain E. G. Watkins
October 10 1864

Captain,

In compliance with your instructions, I have the honor to report the following in relation to the facts connected with Capt. Kearnian's absence from this post:

Capt. Kearnian left this post on or about last Saturday upon a safe evidently furnished by Mr. W. R. Scottland, Property Clerk in the G. A. R. Dept. here. The officers in said third of the Corps in said Dept. were implicated in the affair. Mr. W. R. Scottland, Military Storekeeper, went to assist her upon her return to this place, and must have known when she had been when she expected to return. Mr. Gen. C. Cochran, Capt. Horford's Chief Clerk, when she was brought to this office in arrest, came here and in what I deemed a very insolent manner, demanded her release. She was severely very rigid when
his request was denied. He had considerable connection with her, and when he was released escorted her home. His conduct was such as to satisfy one, that he was grievous of the whole affair, if not seriously implicated.

Mrs. Harrison at first denied having a note in her possession, but subsequently admitted, that Mr. Stoddard furnished her with one, and that the Officer of the Dift took it away from her. Then the Officer desired the note had Capt. Green's signature underwritten, and some time since, a communication reached this Office, requesting that a few blank papers be sent to Capt. Green's Office, for the use of the employees in that Office. This communication was signed "Mrs. Stoddard." The request was complied with. Three or four (perhaps half a dozen) blank papers with Capt. Green's signature were sent to Captain Hughes' Office. This will explain how Mrs. Stoddard came in possession of the papers. Mrs. Harrison never came here to get a purse herself, nor was there one found at
Your order for 23 & 2423.

I am assured of the purpse the said was many times sent to Capt. Morgan's Office, filled out by some one not acquainted with that Office. The paper signed by Capt. Morgan, was intended for the use only benefit of the employees in his Office only. There never has been any blank paper given to any one, except Capt. Morgan, since I have been connected with this Office.

Yours very respectfully,

I have the honor respectfully to represent that after proper investigation of the causes of complaint against Mr. Cockrane (and on his representation and apology) as a party implicated in the charges made against Maj. Harrison that it was in error in making any representation in my report prejudicial to him and am desirous that all statements made in said report as far as concerns Mr. Cockrane should be erased.

I have this day examined
some of the several witnesses who
have testified as follows:

Lewis Mays (a colored man) having been sworn says that he is about 43 years old, and last belonged to Maj. Matthew Mays of Griggs Co., Ky. On last Tuesday night something (June 2) came to Maj. Mays' place about 3 or 4 o'clock in the morning, and the order was to bring me to go with them. I did and went to go, but they would not let me. They took me to Capt. 10 and put me with others in a church where they kept me until one o'clock the next day. I was taken there by the Surgeons as they claimed to make me write my story in a paper, which I did. Don't know what the paper was.

Jim Wright (colored man) having been sworn, says that he is about 29 years old and was last owner by Geo. Wright of Griggs Co., KY. On Monday night and a day or two, some colored people from the 13th Regt., came to Geo. Wright's place. They met me as I was coming from a neighbor about 11 p.m. and asked me if I wanted to go to town with them, but I refused. They did not want to go. The Sargent did not speak to me, but the Black soldiers did. They would not allow me
I go to my house to get my pocketbook, but when I got to church I found where my slave hands were and there was a small note pasted to it. Smithland left me a note. Smithland was examined by a Doctor. The Doctor ordered me to write my name to a paper, a receipt. I did not know what the paper was for. Dr. Wheaton was always late and I used to want to write it in the army. I could not.

James Wheaton 1st Class Surgeon 19th U.S. Col. A. on 2 being sworn states that he examined the active patient, a man (Smithland) and found no thing to prove his becoming a soldier. James Wheaton was being asked by Dr. Kent 18th U.S. A. if he was willing to go into the service and he answered if the Doctor wanted he was able.

A new man must make these marks in the enlistment paper. The enlistment papers were not explainable to the men in my presence but I supposed they all understood what they were doing.

James O. Brown 1st Lt. 18th U.S. Col. A. being sworn states that he was present during the examination of James Wheaton and he (Dr. Wheaton) was asked if he was willing to go into the service and he answered
that he was willing to go if the Doctor said he was able and not long in
examination stated that there was
motting to prevent his becoming a
golfer and soon after he was asked
or told to sign enlistment papers. The
men all made water marks to this
enlistment papers with a paper mixing of
the composition being used in any case.

These were the explainations made
in his colored, in any direction of what
they were signing, but I think they
all knew what they were signing,
Do not know any more in regard
to the other World war.

that he is 87 years old and was last

To Gen. I. Meredith, Commanding Western District of Kentucky.

The undersigned would respectfully state, that whilst they were doing business in the Planters Tobacco Warehouse under the name of Campbell, Barnett & Co., about the last of March or the 1st of April 1864, the Warehouse was taken possession of, and occupied by Federal troops for several weeks. The day they came into the building, a large brown Mare Mule belonging to the firm, while they were in their work, became frightened and broke her halter, came out of the house and made her escape outside of the pickets. The undersigned sent without delay a boy after her, but as the line were close, the pickets would not let the messenger pass to her, though she was in sight, grazing not more than 50 or a hundred yards off. That afternoon some of the soldiers caught her and brought her to the Quartermaster. The moment the mare was delivered to him, the undersigned claimed her as their property, and received the promise that she should be returned to them. The horse was not beheaded. As the mare has not been branded, we would respectfully petition that you would issue an order for the delivery of the mare to us.

I have the honor to inform your Honor that I have sent with the present Squad of Colored Persons the black man claimed, respectively by Wharton, Hayes and Thompson.

I have no doubt that they should not be mustered in and I do therefore respectfully forward the same and do hereby notify you of the facts, if the General commanding has decided that they should not become U.S. Soldiers then it would be best not to must them (mustered in) yet if the above should be the case then we may look for Sturby Times for I have not the least doubt but in half an hour the colored male population of Tegg Country would be down here in a very short time. It is my opinion that one colored man will make as good a Soldier as another and I can not for the life of myself see why Mr. Wharton's should be the one selected, or should not
We allowed to become as U.S. Soldiers. The firing up on Capt. Aikenstalls men by Citizens of Tegg County (as I know no doubt but what it is true) will in some future day come to light and show where the Rebels were that done it.

It is strange that Mr. Wharton should be going around here and at your Head Quarter, whilst the Heads of Guerrillas having crossed over the Cumberland River, Davis has the head or least this where he leaves us and goes right up there where the Guerrillas are, and from whole blood thirsty hands no loyal or straight forward Union man dare hope for mercy. I wonder if he can explain this satisfaction to the General.

All that I can say for Mr. Wharton is, that he is a man alone, just as the Death said at the breaking out of the Rebellion; all we ask is to let him alone. This request of us could not be complied with, nor can we very consistently comply with that of Mr. Wharton; for the 13th U.S. C. H. must have men and I can not see any reason why Tegg County should not furnish some.

All Rebels have a natural right to be mustered into the U.S. Service under the President's Proclamation. Shewing that you will prevent the necessary service of the afore said Rebels if the General does not want them mustered, I shall and have the honor to remain your most humble and obedient Servant

Generals,

I would be especially pleased if possible, a company of soldiers could be sent as requested to protect these persons and prevent the rebels from crossing the river at this point. I have now but two available boats and cannot possibly keep such an extent of river, while all the rest of my boats are up the Tennessee river. I am now compelled to keep one boat here at the ferry to prevent the rebels from burning it and murdering the people.

General Meredith

Dear Sir,

The condition of this country is so infected with Ku Kluxes, who are mercilessly hanging loyal men for what they have left them to suffer upon — as to render it absolutely imperative that we petition you to send and station a company at this place, which with the cooperation of all good loyal men will be sufficient to relieve the country of all prowling bands, and effectually break up the thoroughfare in our vicinity for crossing the Tennessee & Cumberland Rivers.

At this place, we have resisted these depredations at night, but in the day we are so weak that it would be suicidal to contend against them. We successfully resisted them on the night of the 23rd inst., although we lost one of our best men, by some mistaking him for one
of the guerrillas. We would have been visited again last night under a threat that they would
everyone in the place for the resistance we offered. What
happened, and for the timely succor of Capt.
Fitch Commissariat of the squadron, who has
and is doing everything for our relief that
is in his power. And has kindly offered to
bring up on his boat the company we
humbly petition you for, and besides will
cooperate with them whilst stationed here.
And we would add that our facilities for
information are such as to enable us to
give timely notice to Capt. Fitch, in the event
of the advance of a superior force. And in
conclusion earnestly implore upon you
the necessity of affording immediate relief as
we are in imminent danger of extermination.
We having received them and are completely
at their mercy, as soon as the assistance
of Capt. Fitch is withdrawn.
We have ample forage for the troops at
this place.

After a recent by string of compliments I do beg to say to you, that our country is in a desperate condition. There are probably about 4,000 not expecting 40, disorganized, rebel soldiers prevailing, through the Country, taking all the means of evading that can be found, and in many cases having unfit for service the latter taking deadly as much for anyone or otherwise. We are all most certain that the country can not longer support any, and they are in a total state of despondency. This has not been a case for a court martial but a mighty battle not have been fought in Maryland. We hope that the authorities will do something to remedy the present out for they are very annoying. A force of
an immense cavalry, commanded by a man of energy would in 5 days quell the whole of them beyond the Delaware line and out of the Country. You may rest with ease your hands of this communication,

My dear Marshal,

I beg leave to introduce to you Mr. Duncan John Marshall, son of Mr. Levin B. Marshall of Chipipipi. Mr. Marshall as I believe you are aware has been from the beginning a consistent, firm and declared friend of the Government, although he had perhaps more than any other man, large and valuable influence in the Southern States at the time. He remained at his residence in Kentucky with his family until last spring when he brought them to his country place on Pelham Neck in Westchester General John A. Dix.
Chesir Bo in the Nato where they now are. He is now in New Orleans or Nashville and has desired by letter that his two sons shown register their names as southerners temporarily residing here. They are both under twenty years of age.

I beg leave to remind you of your kind offer to take care that they be allowed to register their names without taking the oath of allegiance. You will remember the circumstances that I mentioned to you concerning them which I hope for their father’s sake will excuse them this indulgence if it be one I wrote to Mrs. Marshall informing her of your appearance given to me relating that her son should come to town.
has desired me to thank you for your courtesy and kindness.

Firstly: Did you ever see John W. Neffins in the brush or company with either of the following persons during the war: John K. Neffins, Joseph Hall, James F. Meredith or Thomas Meredith?

Secondly: Did you ever know or had Neffins ever being or feeding either of or all of said persons in your own house?

Thirdly: Did you ever know him to furnish or carry provisions, bedding or blankets to deserting in the brush?

Fourthly: Do you know who moved either or all of this family away, and if so, under whose request, did they start in the night or by day light?

Fifthly: Did you ever hear said Neffins make use of treasonable language or do what may be treasonable?

Mr. S. C. Williamson, Dear Sir,

Yours of the 20th inst. has been duly received, and, having been called of our business to this place to stay, I will take to answer you while here. As to the loyalty of the parties you spoke of in your letter, I would say to you that I am acquainted with all of them, and I would not much for the loyalty of any of them, though 2 of them are not dangerous rebels, to wit: Letters and Martin, yet it is generally thought that they are not strictly loyal. Another name is also considered not absolutely sound, A. J. Thomas is entirely disloyal, and has a son who is a bushwhacker. Rufus Shepard is also not loyal, and in fact none of the Shephards are considered loyal. Shepard is Hamilton's son in law. In conclusion I would remark that, if you should wish to write to at any time hereafter address to St. Louis Mo, as I am now about to remove to that place.
I wish you to keep what I have written strictly secret. I would further say to you that as I have sold out my property up here and would like to get a situation in some one of the military departments as Clerk or something of the kind, perhaps it would not be an intrusion to ask your influence for one. In that respect, notwithstanding you are an entire stranger to me at present, I have been an acting justice of the peace for more than four years, and have, during that time, transacted considerable business in the way of war claims of different kind in, and I think I could give entire satisfaction. I will be down on the south west train on Monday the 18th just passing through your city to St. Louis and I would be glad to see you at the depot, or if I have time I will call at your office. I hope you will pardon me, if I have asked too much of you as a stranger.

I have the honor to report, in reference to the decision of Judge Shepard, that it was in dispute between the Government and Mr. Brown. The case was brought before the Local Agent of the U.S. Govt. at the place, Mr. Warner, who decided in favor of Mr. Brown, and the papers were forwarded to Paris, from which they were forwarded to Washington City. Some of the cotton was lost on the way. The decision of Mr. Warner in the case was reversed; the cotton was taken to Paris and used for the fortifications at that place. Some time after Mr. Brown wrote to this place in order to procure a copy of the decision of Mr. Warner, to be forwarded to Washington City, as he was making an effort to get his cotton released. A copy of the finding was in the possession of Mr. Brown, who I think acted as attorney in the case. I was not aware that the finding was forwarded to Washington City. There is nothing
in this Office showing anything as referenced to the cotton in question.  I am General

In March 1864, we leased from Mr. Julia Bown her plantation, known as the Cottonwood plantation for the term of one year at the same time purchasing all the personal property upon the plantation belonging to her, for the sum of $1000.00, as specified in a written contract. Some time in March, we sold to Capt. E. J. Bown, A. M., for two poles, for and on account of the United States Government, the following property, to wit:
