This man was tried early last summer in July 1861 for a like crime. What the
prosecuting says, seems difficult to find with. Something
must be ascertained about
the case authoritatively, and the
disposition of the same in some
commence.

To Mr. Cuming, Esq.

I must beg you to assure the chairman of the committee of my obedience to his commands.

Your honor,

Hon. Mr. Cuming

I have written to Mr. Esto for reports of the committee - only known now that he is under control - but what it is I cannot tell.
Military Prison & is Gxarest
St. Louis Augl 25th 1862

To Col R B Seward
Presidt Marshal Gen of the District
of Military Prison &c

Sir / I have been a prisoner since the 21st of May last, about 3 weeks after I was taken I had a trial before a Court martiaal in Jefferson City, where I thought they failed to prove any of the charges, however I was retained thither till the 2d of June when I was sent here, without ever hearing my sentence from the Court, having good Reasons to believe that this Court did not find me guilty, I wish respectfully to know if any charge or evidence against me was transmitted to you or not & if not to ask the favour at your hands to get them & examine them for me, believing that if I had them in your hands I would have a fair and impartial Decision in the case
I know not whether I have been sent here as a prisoner of war or as a citizen. I have never been in arms against the government nor had anything to do with raising companies or such like, I am only an humble private citizen—I should be much pleased to hear from you upon the subject at your earliest convenience.

I am a citizen of Boone County, Mo.

Yours Respectfully,

David B. Cunningham.
Office of the Provost Marshal General,
DEPARTMENT OF THE MISSOURI.

St. Louis, Mo. Nov. 28th, 1862.

D. B. Cunningham, Bosn. Co. Oza 43.

I was arrested May 21st and have been in prison since. Was about two miles from home when arrested in company with Rev. D. H. Miller. Had been driven to St. Johns for 2 or 3 miles to invite said Miller to my home. He had been as far as the Kansas, as a delegate to the general conference, which was to meet in New Orleans. So he told me, Miller had gone with me a year, and it was an interest which he had to know that Miller was with some other body, or engaged in any Texas affairs in any way. About one year ago, I got some money to go to St. Louis for two weeks, for which I was arrested, and sent to Jefferson City. I was immediately discharged on the merits of the case, and have kept at it. Miller, secondly,

I had a fair trial before a

St. Louis Commission at Jefferson City.
I was charged with having as guide to govern me, which I disapproved to the satisfaction of the Commission.

I believe I don't because of any other charges. There could be no other charges, and the forgery was
utterly impossible. I solemnly declare that since I took this oath of allegiance, I have endeavored faithfully to fulfill all its obligations, and am not conscious of having at any time committed any violation of it.

I believe the Commission found me not guilty. I do not know why I am a prisoner. The
Judge President of the Commission told me there was no proof that he was surprised and I had not been released.

Sworn to be David Blunenburgh

D. C. Cunningham,

This man has been in prison since May 21st. His statement will explain his status. The record shows that he was sentenced by the Commission that tried him, and he has been held all this time awaiting the approval of the Commanding General to the finding. The Judge Advocate suggested that these facts be stated to the Board, and their recommendation be acted upon. By the President.

Maj. B. A. Switzer

Dear Sir,

We have been this day notified to appear in Springfield on Monday at 25 miles at 8 o'clock as witnesses in the case of H. Miller & S. Long, Price & I. Young prisoners at your bar. We would in the first place respectfully request to you that neither of us are physically able to ride to Springfield, and if we could attend we know absolutely nothing that would convict either of the above prisoners of the charge preferred against them by the Gov. Miller, Young & Long we know to be very moderate, & so far as we know harmless little sympathizers. As to Mr. Tied you know his preceding, I would not wade for him; but we know nothing that he has done or said that will convict him of a violation of his oath of allegiance. In the above statement we make upon honour. Yours &

I herewith enclose your letter of the 1st ult., and in reply would respectfully say that I think it would be advisable to release the prisoners named who are yet in confinement, as they are men of too little importance to hold as political prisoners, and no charges have been made against them by the enclosed petitions; you will see that the union men of their own neighborhood desire their release. The signers are all union men.

Very Respectfully,
Your old friend,

To General Breck Commanding United States Army in Kentucky, The undersigned citizens of Harrison and Nicholas Counties, who always have been and are now union men would most respectfully represent to you that Henry Sayle and John Cameron were arrested on the 5th day of Oct last by a company of United States soldiers at the house of J. B. Farish who was killed by said soldiers.

From evidence taken concerning that affair it appears that Sayle and Cameron took no part in the affair and that said prisoners are peaceable and inoffensive men and your Petitioners doubt not but they will continue to be so if discharged and will be loyal citizens to the Government of the United States; since State of Kentucky. That Sayle is in bad health from Representations to my mind if he is continued in prison at Camp Norcom it will result in his death. July 20th, 1863.

General,

I learn from their letters, if a recent<br>date, and from other sources of information<br>of its relative a character that I am not<br>inclined to credit these, that Major Black<br>well, Capt. Woodward, and Capt. Edward<br>Confederate officer, left wounded at Cape<br>Graveyard, had when their convalescence com<br>pleted to the vicinity or those at Colton<br>Ills.

I desire to call your attention to the fact<br>that on the 11th of May 1863, Capt. Geo. A. Shelly<br>acting under my instructions, addressed a<br>communication to Brig. Civil 2nd A. 2nd, that<br>was forwarded under the flag of truce borne by<br>Capt Adams, demanding the release of the<br>Union officer, in accordance with an agree<br>ment executed between Maj. Thos. King<br>Civil Blunt M. S. A., and Maj. Civil Blunt M.<br>head to S. A.; and at the same time the<br>wounding into your lines Capt. Parrott, Offic<br>er in chief, and Meade, U. S. officers, presences<br>in my hand. Though Civil, that shall end
Andrews negotiated the agreement entered into between Col. Bland and Capt. Brown, it was in substance agreed between Capt. Adams, my representative, and Capt. Brown, the representative of King's Island, that the above-named Confederate officers, together with Capt. Faneuil, should be paroled upon their recovery, and kept in the Confederate lines, and that the above-named Federal officers, together with Major Hill, should be paroled before paroled, and kept within your line, until property be changed. This will more fully appear from accompanying copies of officers' depositions.

In accordance with this agreement, Capt. Faneuil, who alone was able to travel, returns with Capt. Adams, and Capt. Bartlett, henceforward and thenceforward remained within your line, showing if it be true that Major Blackwell, Capt. Woodruff and Capt. Edward, have in violation of this arrangement been confined as prisoners, it is to base and palpably a breach of good faith, and express written agreement, that I deem it only necessary to call your attention to the fact, of the case, to secure their immediate release, and return to their proper

Confederate lines, to await their proper
be change.

You are doubtless personally cognizant of the terms of the Compact—between Genl. Earl of Hardinge and Capt. (then Brig.) Earl of Abingdon, by which it was substantially agreed, that all officers and men who should fall into the hands of the opposing party by reason of their wounding, should be released without ransom, and that all hospital stores, provisions, &c., &c., should be captured should be returned. To this arrangement, they (then Brig. Lord Kennewick and myself) were witness.

Without desiring to be considered the champion of the agreement in question, you will allow me to say that in all instances I have strictly complied with its terms. In proof of this, witness my late expedition into Missouri. At Patterson’s I left between twenty and thirty federal officers, with hospital apparatus. Whilst acting from that position, the Brig.-Major of one of your regiments fell into my hands, wounded, and was sent beyond my lines, uninjured. On the part of the U.S. Government, I am only too glad to say, the policy has been the reverse. They wounded both officers and men, have, in open violation of all agreement, not only had been sent into the Confederate lines, but killed.
but have without exception been retained in custody and confined in miserable and deadly coercion. Without pretending to discuss the legality or propriety of the conduct above referred to, I cannot but consider that either party was bound in honor to comply with its conditions, the due at least to officers of notice had been given to the offending party that they should not proceed, unless from its further obligation. Now if I have given place with it, my expectation into Missouri will show how the officers of the U.S. government have complied with it, the facts herein recited, and the necessity for the flag of truce will be evidenced.

I have the honor to be,

Yours very truly,

J. C. Cameron, of the first part, in consideration of liberty being given to Capt. Adams, Capt. Beadle, & Capt. Took the amnesty oath, John M. Tyler, of Bullitt county, Isaac M. Forman, of Nelson county, and James Ridgway, of Spencer county, belonging formerly to Co. Take from Louisville Union Press of Feb. 7, 1865.

LOUISVILLE, Feb. 7, 1865.

A new way of avoiding the draft is developed by a paragraph in your paper this morning. Isaac N. Forman, J. M. Tyler, and James Ridgway are announced as being deserters from the rebel army and after taking the oath, they were released.

I know that all three of these men were drafted last fall, and that they undoubtedly afterwards joined Pratt's gang of thieves and that they were with him and Magruder in his last attack upon our troops at Bardstown, when Pratt was killed. Since that time they have been prowling around the country on their own hook until they were captured near Bardstown two or three days ago. If these facts are not known to the military authorities, I hope you will call their attention to this through your paper.

Dear Mr. [Name]

The situation here is quite serious. There have been some skirmishes since April 10. The Union soldiers fell back on us. The fighting was quite intense. The State Guards have tried to get the nearest aid but have not been able to. We have received reports of a large force of cavalry and infantry approaching us.

A considerable number of men have been killed and wounded. It is reported that a large force is on the way.

The situation is critical. The situation is critical. The situation is critical.

Block & Charles Hale one of the Black's men helped me to deliver the notices, and I have only been here the exact time that they were employed for they were starting at the same time they were delivering. Thanks Hale was employed Aug. 11th & Dr. John A. Block was employed Aug. 11th & 13th, 14th & 15th. You wished me to give all the information I could, against Madden. I have tried to procure some strong proof, no oneres can come forward. Capt. Keen who commanded Hale's Troop at Linstock where Madden lives, can he inform me that he has not been able to procure any evidence against him. I have written to convince him of being any thing more than a confidential officer. Madden admitted to me that he was with Baphe when Baphe made the lay for money in the livery of Linstock & when he was with Baphe when he made the attack on Hanoverstown. I send you a copy of those registered at my office, and am making out a true description list of all who have hitherto registered with me.

Yours at ever,

Your letter of the 3rd was just received by me and I regret that I did not get it before the Packet went down today as I could have answered it by this morning's packet. I think that I can make arrangements with the State trooper in this place and deputed to give me all the assistance that I may require in the way of protection in distributing draft notices, so you may send them on at once as you please.

I will attend to H. Madden as soon as I can and forward you all the evidence as soon as I get it. I enclose you a couple of affidavits against Bills and we'll have a letter soon to forward it to you in a few days as all the proof against him has to come from Ohio City, there is no doubt in my mind but what he was one of the members who murdered John Hale. Charles Hale who is here and belongs to the Hale Guards don't know anything about the Hale of Hills, but he is the man that killed Bill Davidson. Yours truly

James Keelan is constantly intimating that he is one of the parties who are engaged in burning steamboats on the Mississippi River. That if he goes back to Richmond he will worth fifty thousand dollars — that he was with the party who blew up a train on the B & O R.R. with a Conspicuous flag near a Conspirator in Maryland — that he also participated in the destruction of a steamboat on the Miss. recently — he is doubtless a Rebel Conspirator who has intruded upon Stetson, Fachlein at Memphis — Keelan is a thief, a knave, and of anything he has not left Richmond in a very quick manner.

Says he learned at Mobile, now Orleans recently — Burned the Hospital formerly taken by Major Harris, U. S. A., whom he deems particularly honest — says General Price is Supreme Commander of the South — expects soon to be heard.

He says this act is regarded by Southern men as of immense importance to the Confederacy.

Says Jones, U. S. A., is speaking of the Ex—parte Keps as soon as he can — the Snake is out of his hold he will tie it crushed — he has taken the dimensions of Cheaney and looks upon him as an informer.

of Capt. Geoghegan States on oath that he has been the family Physician of Benjamin Hager for ten years, that since the beginning of the war Hager has never disguised his sympathy for the South but has been up to the time he left a quiet man.

Furthermore that Col. Bush and Thomas Renton brought two verbal messages from Hager a few weeks since, in which he stated he had quit the Confederate army and wished to return home, asking any advice and assistance as to the proper course for him to pursue, I told these gentlemen if they met him again to tell him to go to Retfleth and surrender himself and to make the same statement to the Commanding General that he had made to them, and that I believe he would be welcomed upon taking the oath and giving bond. I do not believe Hager was a guerrilla or ever would be one. I never heard such a charge made against him until after he was captured.

George M. Fishers states that Lewis J. Peters was raised by motion and four months ago Peters left affiants' home without affiants' knowledge or consent, to join the regular Confederate Army under the persuasion, as affiant believes, of older men. Knowing young Peters to be a boy of good habits and morals and a member of the United Baptist Church at Big Spring, Larms County, Ky., affiant cannot believe that he would have voluntarily left his home under the influence of older men and that young Peters could ever engage in any such system as the Guerilla Warfare. About three weeks ago young Peters came to affiants' house and told affiant he was tired of the Confederate Service and intended to give himself up to the U.S. authorities in the first opportunity and abandon the Confederate Service.

Affiant further states that John Crop, Sheriff of Larms County, told affiant that after Crop was robbed by Guerillas on the same day that Peters and Ben Cofen were captured the said Sheriff met Cofen and Peters in a scuffle of the Guerillas and that the Peters and Cofen Coalition said they would try to capture all the property of Crop and the house of Wesley Cofen and return the papers to Crop and the hire to Cofen. I am a citizen of Lamar County Ky and am well acquainted with R D. Coffen now in the exchange Barracks in Louisville Ky. I know that the Coffen joined the Rebel Armey sometime in October 1864 - I returned home sometime in January 1865. He told me he determined to leave the Rebels & take the oath that might be required of him by the united states authorities. With this determination he sent a message to Dr. Benton Gregory to aid him in taking the oath. But before he had time to make up he was arrested. I know that Coffen is not a man to help in any way that is illegal. I am a man of strong principles. Being well satisfied that Coffen would keep his oath I hope to may be released & permitted to return to his family.

Head Quarters Post
Lexington 18th July 1862

Sir,

I have the honor to enclose herewith tho fourteen or five more cases tried before tho Military Commission. I am very anxious to receive tho result of your examination of tho cases already tried. My utter inexprience in tho performance of the duties of a Judge Advocate leads me to fear that there may be some essential errors in tho reports, which being pointed out might lead to an avoidance of like ones in future.

Thero are two prisoners here against whom charges are preferred, and who are awaiting trial for whom there are witnesses appearing on the papers except Maj. Leffingweil of the 7th Ohio Cavalry, Capt. Peake of tho 7th Ohio. Who has been here as a witness before the Commission, informs me that Maj. Leffingweil has no testimony to give in either case that will convict tho parties. I am fully convinced from tho evidence I am able to find from relief of tho cases, that they are men who last fall and Winter were in Brown's army, but were in tho state home to remain in peace. They were both armed at this house, unarmed. Their names are
John Find and John Patriand I submit the charges and specifications to their
cases, respectfully asking instructions for their
adoption. I am informed by the Provost
Marshal that both the prisoners named are
vicious to describe to the oath and fine and
of future loyal conduct, earnestly declining to
become peaceable citizens. Their antecedent
services to the rebellion are reported good.

Very respectfully your obedient,

Jefferson City No.

Sept. 1st 1862

Mr. Lincoln

Was since learned from Col. Guitar, that one of those rebel officers, Robinson, is a dangerous man, who wrote that letter to Col. Farland, in relation to Gen. Halleck's orders and who, the Gen. replied, is a fighting chaplain, and believes he intends to stir up rebellion in the county; — regarding the other man, he has no evidence except being in Price's army.

Dear Sir,

Since returning you alike yesterday in relation to the prisoners Robinson, Talbott, and Ruckizer, of Boone County, who have returned from their duty as Navies of Captains, whom I named to you, I find that Mr. Robinson is a dangerous man and the one who wrote the letter to the newspaper in relation to You Kelker's orders and whom its General replied was a fighting Chaplain which was his profession in the army, I think you have papers in your hands in regard to this case or if you charge your memory, you will remember that Kelker considers him as a very dangerous man. I know he is going to start up Kelker stock and I want Mr. Kelker to decide you in regard to this and not release him or Pounds until you get from...

Announces the capture of

Men from Price's army return daily to this district shall
arrest them upon the ground
they are volunteers or conscripts

Answered April 18th 62
Head Quarters, District of Central Missouri,

Jefferson City, Mo. April 7th 1862.

Captain,

I have the honor to report that a communication from Col. Fitzharry Warren, dated April 7th, announces the capture by detachments of his command of 25 more prisoners including St. Col. Almason and Quartermaster Cox of Price's army.

Evidence reaches me daily of the return of men from Price's army to every portion of this district. Wherever these characters are warning about, they can be captured what is the General's pleasure in regard to them. Where they do not voluntarily give themselves up and give bond for future good behavior, I can regard them only in the light of spies. They being within our lines while they serve.
If not otherwise directed by the Maj’ Genl. Commanding I shall therefore give orders to arrest them accordingly,

Yrs Respectfully

Holt Lint.

Ans: Indeed I do not know. When did you last hear from your sons, and how did you hear?

The last time I heard from them was in March 1864, at which time my daughter Mrs Major Johnson
received a letter. This letter came by flag of truce through Col. Powell Clayton, then commanding the Fort of Pine Bluff, Ark.; the letter was forwarded by mail from Pine Bluff by Col. Clayton U.S. A.  

When did you hear, and how did you hear from your sons prior to March 1864?  

I cannot say when we heard from them previous to March 1864, as at two different times however, we did receive in the St. Louis, P. O. letters, stating that the boys were sick, from whom they came. I have not the least knowledge, one was written Mexico, no. signed an "unknown friend" and the other St. Louis, no. signed "a friend.

Have you met, since you received these anonymous letters ascertain what whom they came?  

I did not know at the time, neither have I learned revere

and in this way have assisted her. I have come to see clearly that she was in
such destitute circumstances and I have assisted her as I did a great
many at the time —

Had any one of the Bamberg family, done anything for you or your
family, if so, how did favor you?

No one of the family ever did
anything for me or my family in any
way, and I assisted her for the
reason that she was a poor woman
and in need —

Have you never received letter, through
or by, that family of Bamberg, either
directly or indirectly, from a person
person in rebel lines

Know of my life and don't
know of any one who has — I have
never known of but two letters from
my son, in any one, to my family,
from rebel lines. The first letter was
received by Mrs. Major C. Johnson on July
1862 — the last one of said me received
March 1864, also addressed to Mrs.
Major C. Johnson my daughter.
I 1st one received July 16th — was sent
by my son from Jackson Miss. and
Captain McMichael U. S. A. Then a
prisoner at Jackson brought the letters
of Memphis, Tenn., I received it to
St Louis to Mrs Johnson Capt.
McMichael was formerly on New Iberia
Staff — and saw my son in Jackson
Miss, where a prisoner in the
rebel hands. The 2nd and last
letter I ever received or knew of was
sent - been received from my son was
in March 1864, this letter came by Maj
J. Alice, through Col. T Clayton of U S Army
at Vini Bluff & sent by mail to P.O. 15th
May. I have written to my son often.

When he was a prisoner at Atchew, secured
letter from him, one through the mail channels
of 1st army, I knew of no mail coming
in this city or country, have had nothing
to do with such people — I tried to prevent
my sons from going to rebel army, Lewis
went to Louisiana to go into business, there
had letter of recommendation from some
man in the city, the next I heard
of him was that he was in rebel army
in Memphis, Tenn.
My other son Charles, Ed Kretschman, went out one evening to see if up with a real friend of the late I despise of two, she was a prisoner in Great Britain; this was sometime in 1862. I heard in August I didn't know that either were going into rebel army when they left town. I have not had our accounts from that time, it has nearly broken my heart. I am loyal to the government and have never done anything that was disloyal. I think the rebellion very wrong, I believe, and if I had my way there would never be any trouble. I have three other sons, one in the 8th Army Corps at Vicksburg, one with Col. Meyer, 2nd US, in the 6th, and one had been with Maj. C. R. Bissell & Wallace, M. S. R.T. Paymaster, do ye no — Maj. C. Johnson, Paymaster is my son-in-law, I do not sympathize with the cause of the rebellion. I desire to see the United States restored over this whole country. I do not belong to, neither do I know of any organization whose object is the help of those in rebellion — I know of no rebel

Dear Sir,

I address a few lines to you at this time, hoping that you will be so kind as to do me a favor. My Brother-in-law, Geo W. McWhorter is a friend of St. Louis at this time, suppose I will give you a true statement of my case. He has been living in Howard & Charleston Co. during this Rebellion. A Civil and loyal citizen and wished to remain there at such a time. But Price in his raid up into Mo. Conscription & into the Rebel Service, he was taken into Arkansas where he succeeded in making his escape from Price and he reported himself to the Federal authority at Van Buren. The was sent to Fort Smith, Military Prison, and again it was sent to Fort Leavenworth, Kansas. And I suppose that he is now forwarded to St. Louis. I hope he is a loyal & good citizen. There is no doubt he will now give you a statement of the character of my family as to Loyalty. The McWhorter Family. A True Father, Geo. W. McWhorter.
Volunteered into the Federal Service in the West formed in North Mo, at the commencement of the war. He volunteered in the 23rd Mo Vol. On and was with the 23d about 2 years, his health failed and he was honorably discharged. He has been a prominent Union man from the commencement of the Secession. The business of Albert Broth. Marbley, Whistle, has been a prominent Union man from the commencement of the present difficulty although he has not entered into the volunteer service. He resides in VA, and joined the Union soldiers at Spencer, VA, when the place was besieged. The siege & done battle for the defence of the place seven days at one time and five days at another time. The was county talk of going to WVa at that time, the was afterwards elected Representative from that Co to the house of representatives at Wheeling. WVa. At the State election he was elected auditor of state in WVa. Col. McWhistle is another of the Primers entered the volunteer service early in the Rebellion. The War began on May 31
of the 9th Va. Inf. Since he was taken prisoner at Bull Run, he has been in prison in Virginia for about 18 months. When he was badly wounded in the thigh and disabled for active service, he was honorably discharged and was engaged in the Provost Marshal office at Charleston, S.C., until recently. He was elected Representative from that section. The Peers, hoping Mr. Walter D. Mott to continue in the service, called in the Rebellion. He belonged to the 9th W. Va. Inf. He served two years out of three years out of nearly six and was drafted into the service, the field in battle in W. Va. and then sacrificed for the Union. The Mott family were quite numerous in W. Va. and are still represented in the loyal service. I have now given you a true statement of the character of the Prisner and his family, and I hope you will do the Prisner and family justice by immediately liberating the Prisner and allowing him to return to his family and friends. If it will be necessary you can be furnished with any evidence that you may require. If it is necessary to state please inform me.
I will now close. Please release the prisoner at once if you can.

And you will be doing much to oblige him and his numerous friends.

You will please address me immediately if any thing further is required for the release of the prisoner.

Yours be,

I have examined the case of Pvt. John Dearing, Capt. of Company 3rd Div. 100th Ill. Inf., in accordance with the directions of the Court Convening the 11th, and respectfully submit that he remains on liberty & leave of absence. No further action is asked for.

The estimate of 5500 lbs. for his tallow was incorrect, as he is now employed elsewhere. His term expired Mar. 17th, 1862, when he went to work at the other officers' request. They have papers, showing service accepted by Lieut. Spie.

Nothing further appears on his way home but it is not at or close to the place he arrived at any time to surrender himself to the authorities when he arrived there. He was a con

The Black boys I have representing themselves to belong to James Thompson of Liberty and the other to Jacob Johnson of Clinton County, and that they have been employed as laborers in the army at springfield and also for bridge by order of their masters, are now in the county, and that they ran away from the army and are now on their return to the home of their masters, were arrested here by Col. To Genl. Schenkel,

Commanding Men. State Militia.

Genl/:

I am personally acquainted with Theodore Bruce, whom the Government of the U.S. holds as a prisoner at the Military Prison Yard, 5th Military District.

He is from the County & town of my residence, Paris, Monroe County, Missouri. I have known him well for several years. I regard him as an honorable man, outside of his rebel career, and of great moral worth and influence.

I had an interview with Mr. Bruce last evening, & he assured me that he regretted intensely of his having gone to the Southern Army, and, that he would, if released, use his influence to suppress any effort to aid the Rebellion in his locality.

From my intimate acquaintance with
Mr. Bracey I believe he will strictly observe and keep his word, promise, oath or obligation — any that he may take or give.

I am further satisfied that the release of Mr. Bracey will give strength and encouragement to the Union Cause in Monroe County.

Very Respectfully,

Statement of Mr. Thomas of Axtan on the 10th day of June, 1865.

I have been in the service of the Union Army since 1863. I have known Thomas Trigg for 10 years, at the commencement of the war, he was a slave, about 6 months before the war, he was sent to the Confederate States, and about 6 months after the war, he was sent to the Federal Authorities. He was on parole about 6 months. About the 1st of May 1865, he went to Beaufort and Plundering I was on a hunt in August, and saw him in the woods when he was with a friend of mine. He generally had a company with him of 30 men. He plundered houses of blankets, guns, and clothing supplies. I do not know of any other specific actions of his. I believe he was one of the worst men in Axtan. I also know that he was at one of the camps and equally as bad as Trigg. Trigg and Harkey are persons at Ft. Lyon and Ely to be Black Meteots.

John Stovall and Levi Rice were part of Trigg's gang. Stovall was a Captain in the Union Army in 1861 and served 6 months, he has been plundering and plundering all this summer.

I have the honor  

To submit the following report on the capture of two  
Confederate officers who were at the Elson House this A.M.  

In accordance with your order I arrested  
both of said officers this morning and they are now in  
their respective rooms at the Elson House with a guard  
in charge of each man who is instructed by me to  
not permit them to leave the apartment unless in cases  
of great necessity and do not permit any parties to  
see them unless to have them taken their meals in their  
rooms.  The following is the statement of each of the  
officers:  

Wm. Singleton Surgeon in Rebel Army with ranks of  
Major.  Was detailed by Brigade Surgeon C.S.A. as  

at Cadizburgh Ky - our men paroled or Confined  
always had the full liberty of the town.  Started  

for Cadizburgh about three months ago to Louisville
and reported to Genl Boyle who gave them a pass to City Point. James River Va & ordered transportation given over the entire route but said it could only be given to Baltimore at which point he was ordered to stop and report to the Commanding officer for further transportation. He arrived on train from Pittsburgh about half past two P.M. Jan'y 28th and intended to report by the General. This A.M.

Robert P. Carlin, Surgeon in Rebel Army with rank of Major.

He was detailed to remain at Narrowsburg, N.Y. in charge of wounded Confederates by the Brigade Surgeon C.S.A., was there about three and one half months — cannot explain why he was not sent a more direct route to be returned within the Rebel lines instead of passing through almost the entire North. Stopped at Indianapolis and one day 5 at Pittsburgh by over one train. Arrived in Baltimore about 3 P.M. Jan'y 30th. The reason he did not report last night was he was told Genl Schenck's official hours.

Baltimore, 1863.

I came from 10 A.M. to 2 P.M. — did not
know he could report to the A.A.G. Pror.
Marshal or any of the Staff — had no
other business in Baltimore except to go as
soon as possible to City Point. — He is
acquainted in Baltimore — went out last
night to see some friends — no one came to
see him — had some letters to take South.

This general is the extent of my informa-
from these parties. Each of them had a party
of letters to be taken to different parties South
that I have been with and work for with the
exception of four which although contain-
nothing of great importance I burn.

I also sent for the orders found with
these parties which purport to come from
Gent Paard and the pass given by Gen. Bogan.

Robert P. Carlson has his wife and
child with him. I have not placed
any restrictions on them... but the two men, Callicut & Singleton, I shall hold subject to your order. Respectfully submitting the above I have the honor to remain

My dear Parents,

Then last a few moments to write and my letter will be complete. I wrote to you a few days ago and wrote you a long letter. This is it. If you cannot get my letters or more than I am understanding here then let the most direct you to — if you can possibly do so I want you to send me a lot of letters as quiet backing and send it to George Matthew, one of the Union Captains in Command.

And it will be delivered to me in Richmond. I both stand in need of many for courseries. I can send you by this gentleman my Photograph one to Maggie also.

That is taken in my regular uniform. You will perceive by that how I stand at this is in the Southern Confederacy.

That to me according to the directions given above, therefore you are notified to drink your letters different.

Good Bye.

Dear Sister Mother, Brother Sister &c;

I thought I would write you a letter last because we are in hand to get this off. I shall only add a half sheet. I am at the farm with my brother and doing duty in the disunionary with him. I was very much surprised that you had not heard from me since last month. Any brother has written frequently.
I have written two or three times since then when I went to Maryland and Pennsylvania with the army. I wrote to you at Williamsport, and also at a barn near Gettysburg and left it with one of my company, who was wounded at the same time that I was, if you have all heard the particulars of my wound, I will relate it again, the battle commenced on the first and our rallying line ordered into position on our left and the enemy's right, we soon engaged with the enemy before we arrived at the place selected for us, but before we could get into position, the enemy opened a most deadly fire on us from our 32-pounders, but fortunately no one was hurt until the afternoon of the second day, when they got range of us, and fired shell and canister into us with effect, the first that I knew of the brave that was going on was my gallant captain falling from his horse, cheering us as he fell, (by the way I must here add that I had no particular love for guns) in a few minutes I was struck on the head by a fragment of shell, it penetrated my skull and for several days the surgeon who could pay but little attention to one, thought that I could not die, but after energetic dressing kept one up, when the army fell back, the surgeon told one that it was inadvisable for me to be moved, and that I must be left with...
I realized that if I died, I would go back, and I did not the first day of our retreat. I walked ten miles, and the doctor seeing that I was determined to escape from the Yankees, had compassion upon me, and made room in one of the forge wagons for me, and in that manner, I arrived safely in Pennsylvania. I have now recovered from any wound and am doing as well as I could expect. I have been in the army nearly 4 years and I think it is time I was taking a little rest. Sometimes I become very disheartened about home and think that I will never see any of you again, but I try not to think so often, when I have another opportunity to send anything, I will write you a long letter and send you some photograph. I must now stop and let my brother finish his letter. Goodbye my darling parents, my brother and sister.

from your affectionate son,

Johnnie

Captain,

I have the honor to state that I have received the accompanying statements from prisoners kept in your prison. Among others, I mention one who stated that the vessel named in your statement is his private property. Another states that the 1st North Carolina is attached to the First Brigade and Stewart's Division, and is now lying near Culpepper Court House. He also states that his company with another has been doing picket duty on the line from White's Ford to Kelly's Ford. All these prisoners claim ownership of the vessel named in your statement, and gave themselves as Wilmington.

Cincinnati, Aug. 24, 1863.

J. J. Miller of Boone County.

Represents that the presence in Boise Co. of certain Morgan men and other rebels who claim to have been released upon oath, at Geo. Moore, Capt. Terrill, Marion County, is very much against the wishes of the union men, who protest against it, and ask some remedy. It is injurious to the Union cause, preventing enlistments, which are before quite numerous.
CINCINNATI, Ohio, August 31st, 1863

Capt. W. S. Anderson
Adjt. Adjt. General
Dep't of the War

Sir,

The undersigned, a resident of Hamilton, Boone County, Kentucky, a Farmer and Merchant, upon the request of my neighbors, among whom I will mention Wm. B. Baker and Wm. W. K. Hume, and in our mutual belief, and in behalf of our County, would make known to you, to some extent, the condition of affairs in our County.

The feeling in the cause of our Country is strong among the few of us here, and we are trying to raise a company of soldiers for the Union Army. This has been going on for some time, and our young men have been volunteering in the U.S. Army, quite rapidly, until recently, a check has been put to this, and these and other matters related to the presence among us recently, of officers and men, who formerly belonged to the Rebel Army, especially of John Morgan's Command lately captured, and whom we all thought was rendered harmless and finally disposed of; a number of these men arrived here lately, one Lieut. George Moore, of Morgan's Command arrived here last Saturday evening, and...
says that his brother and several others will be here in a few days, a Captain Ferrell also, who raised a Company for the U.S. a some time ago is now there, also one Francis Carson, who lives at Petersburgh in this Co. This Carson is considered a bad man, had been away and returned several times, is thought by many to be a spy. They say they have been released on oath, we know not how true this is. Now sir most earnestly and respectfully draw your attention to these facts and hope something can be done to prevent these men from coming in our midst at this time. We feel it is wrong that these men are released while the Rebel prisoners of our army in like confinement, besides it has a bad influence on statesmen to see such men at large, the Volunteers declaring they will not go, that it is useless, if this is to be allowed, and continued, it is disheartening and ruinous. The names mentioned above, and others in this vicinity can speak for this statement, and would be glad to aid the authorities by giving any information that may be required for the furtherance of justice, the protection of our persons and property, and the peace of our Country, all of which are Claimed and earnestly desired.

Very Respectfully,

Provost Marshall

Sir:  

We have just received through you an order purporting to come from Major-General Cheatham to accompany a detail of Confederate privates who are now prisoners in your hands to open magazines abandoned at this place which, you suppose to contain explosive materials likely to endanger the lives of your own soldiers, before inquiring into the consequences of a refusal to perform this service. We are informed that as to the officers it would involve a revocation of our "limited parole and close confinement," as to the privates, more serious consequences might ensue.

It has not taken us long to determine under these circumstances that our duty as officers requires that we should share any danger real or imaginary to which our fellow soldiers in the ranks may be compelled to expose themselves. At the same time, we claim the right to put an end to our useless protests against this unjust, inhuman, and inhuman abuse of the faith which these prisoners reposed in the honor of the U.S. Government when they surrendered their arms into the hands of her officers.

It is our part of our duty to discuss the question as to whether a retreating army has not the right to check the advance of its adversary by any destructive engine which it may be enabled to devise. It is sufficient to say that for the use of the means of...
which you complain our individual now in your hands is in the
remostst degree responsible. Querying the question as to whether
it is strictly consistent in a government which professes to be
the Champion of Universal Philanthropy to insist upon a
service which it believes involves the loss of human life for the
pale of a few hundred dollars worth of shot and shell to
claim the right to say that this order involves the greatest possi-
ble breach of the tacit understandingly under which every sol-
dier surrenders his sword to a civilized foe. It is our misfor-
tune to be in the power of your Government. Of its generosity
we ask nothing. Of its sense of justice we have demanded
that it should or deem the implicit pledge under which we
surrendered. That demand having been refused it only re-
mains for us to comply with what under the Circumstances
are at once the mandate of duty and the dictates of necessity
in sharing with our fellow Captives the fate (if any)
of this service; leaving it to our brethren in arms to remem-
ber in the future, this new interpretation of the laws of war
and to Enlightened men everywhere to react with the penal-
ties of their just indignation the power which so magnanimous-
ly enforces its decrees upon so few unarmed and defenseless
men.

About nine days ago I was ordered by Capt. He said he was then to watch on movements, I belonged to Muskingum Company. I was sent then for the above purpose.

The army post on Flat Creek was destroyed by Garris Shipman's Co., so I conducted at the spot. I was taken prisoner and sent to the neighborhood belonging to Thomas Moore and Charles Moore. I fought them with a company under my command, but was not strong enough to do so. I had numerous deaths at the time in Rangeline.

An order was made by Major Goff in command at Wellsville upon William Wells who had intercourse with said Bowls after the robbery to return the mare in eight days or pay for her; Wells did return the mare to the and said he received her from Bowls. I have had Bowls arrested and know that he is a bad fellow and that he has been riding around in this county until very recently in Camas with several other bands of Indians.

Monday morning June 25th 1862

Dear Sir,

I am in prison for being accused of being an escaped prisoner of war. I am accused of being engaged in guerrilla warfare; a thing that I deny if I can prove the contrary. Also I prove that I am not an escaped prisoner of war. I never was arrested before in my life, until the U.S. police came to me on the 18th day of June 1862, with a warrant for my person.

Please go and see the provost marshal, and tell him the nature of my case, and tell him that I am a keen willing to take the oath of allegiance and security for my loyal conduct during the present rebellion. Also state to him that I was engaged in a peaceful business when I was arrested and further state that I wish to be released and assume my avocation as before.

Dr. Bradley cunningly kept me at a distance. I know of no one named Richard Sloane arrested upon charge of disloyalty and imprisoned at Danville, Va., by the Military Authorities, and escaped. He is now a conductor on one of the Main Streets in the rebel army. He also wrote a letter to a Union recruiting officer in Middlesex, Montgomery, Ga., threatening him (killer) with death if ever the Rebel's father was arrested again. This letter will be furnished before when required. Further evidence can be had by applying to Mr. W. White, Monticello, Montgomery Co., Ga.

Sir—Mr. Dillon:

Perhaps you will be struck with amazement, but I hope that you will investigate the matter, and consider it as you ought. There have been 41 outrages committed upon my family and his family. When Captain Doolle came to his house he told him that some person had broken into his dwelling in my father's manner, and that there was plenty of guns and ammunition, so they which was not 23 so that the Captain being kind-hearted, felt angry, and to get pay for his help he and his men took clothing belonging to the family.

Now, Mr. Dillon, I have a little admonition to give to you. You are a licent man, and my father is a honest man, if you have a hatred for him because his political principles do not coincide with yours. Now, sir, I see there any more you or some of your setmen neighbors will be the cause of it, and if so I do not care you and other men that take such an active part in sending the troops against him, you and they will have to suffer in
person. It is in your power to stop the vile perpetrators from going them if you will, but mind what I have said. I will have revenge if I am twenty years putting it. But before I close I will say this, that what has been done I am willing to let pass, and say: + + + + +

Now, sir, you can take your choice: let the truth go and rot my father if you are disposed, and you will pay the penalty, which will be death; accompanied with total destruction of all you have, while upon the other hand, if you will let him and his family alone, I will wade you and your property, and let any other Union man be that will remain peaceful.

 Truly yours,

That Capt. of 81st Ohio was Judge Advocate. That Prisoner was sentenced to Capt. Dood of 81st Ohio. When the Commission connected with the rebellion - he heard the prisoner say he belonged to Price's army - was Capt. in Bill Myers Co. (the notorious here. Capt. Bill Myers often helped destroy the P. R. O. O. and the depots.) That he was in the fight at Mt. Ginn - Kanamachi is going to St. Louis tomorrow. The records of the Military Commission are within your reach at St. Louis. If it a K. affairs ended of Railroad. Destroy it. Keep him for trial at St. Louis. If I had him here could make out that charge against him. I would send him down there. If you think the evidence insufficient to hold him on that charge—hold him till you can hear from the Sheriff of Audrain Co. on the charge of horse stealing.

Boles is considered by the mine men up here, as a dangerous desperado man.

I gathered all the bully struggler in his own position—

I have not yet seen any one who can give direct testimony to the fact that Boles helped destroy the Railroad, but every body believe he was engaged in it. That it can be proved on him.

If I get any further evidence in a few days (as I likely may) will forward it.

Sir,

Having learned of the arrest of Richard Bowles, of Montgomery County, without knowing the charge preferred against him, I hope you will allow me to add my testimony to his former good standing and moral character.

In a conversation with him some three weeks since, and upon his arrival here, he declared his abhorrence of bushwhacking and that he had never taken any active part in the rebellion and should not do so.

He being, in my opinion, honest and industrious—
I can but hope, if the charges against him be only the name of disloyalty, and the evidence with your own sense of high duty and honor will justify it, that Bowles could be "pardoned," subject to your orders as all others.
Respectfully submitted,

Sir Mr. Leighton,

The charges alleged against me as an escaped prisoner of war I deny and am able to prove to the contrary. Also as being engaged in guerrilla warfare I defy any honorable man to prove.

As for the letter written by me to Mr. Dillon, it is a personal affair. There was malice existing between us before the war broke out. Mr. Leighton, I should like to be pardoned and let me go on with my business as before.

When I was arrested I was doing the no harm to any person, nor had been. If you will release me I will give you good security for my behavior.
I wish you would allow me to come to your office and see you, and I can tell you more about it.

Respectfully yours,

Richard Berltes.

William Collis upon oath states, that about six or seven weeks ago he met Frank White and Dick Battle, when they got in about twenty yards, they drew their revolvers, and cocked them and rode on up meeting us, not saying a word: about the time they passed us, they muttered something: They were so badly scared I could not understand what they said, until they got off about 20 or 25 yards, when they said we had been the cause of the damned gods taking them; and to come back there and they would blow us to hell. That they did not intend to be troubled by a parcel of God damned rebels any more; we had had them taken away, and by God we never would again. They then went off in a trot.

Given under my hand this 29th day of June, 1862.

William C. B. Hunt makes oath and says. That on the 25th inst. I was in St. Louis and heard Howard Hunt at the North Missouri Hotel. That James P. Butson, James E. Haggen, Frank White and John Bawley had all been there. I went to James McKay between 3 and 4. He told me that he had got Dick Bawley into business. Then and James E. Haggen would be arrested if they knew where he was, but he would be damned if they would ever find out from him where he was. He also told me that they were shooting union men there every day for reporting and he would be damned if he would not shoot any union man who would report him. James McKay told me that he knew where James E. Haggen was. I wrote under my hand the 30th day of June 1862.

Vincennes July 5th 1860

Dear Major,

I am looking into your Communication to see which one of a private Character or you direct. You say that I have not addressed you from Brook Man.

Fell, I am in reference to Richard Bowers. I made a statement to one of his assistants, a Clerk, that he had escaped from Vincennes. I also state that I had seen a certain letter in which he Bowers had threatened the life of a Union Citizen, the letter I state was one I have read. I was instructed in regard to this being the Clerk that escaped and as I understand the Clerk I only draw my knowledge from the fact that it had been the letter referred to. I now have this other that was a from Vincennes. I hope you will announce the fact to the Provost-Marshal that I had the letter of another the potential of Bowers that escaped. But now for three months or more said it was Richard What I am looking to do now than to make a statement that was recently received by the Clerk here and to except to be doing been the letter alluded to. Dear Marshal: I have for you but Bradly's letter about 10 Moses--I was John Moses who escaped from Danville. I receive no answer from the Sheriff of Audrain about respecting the indictment for horsestealing.

I also have a couple of affidavits sent me by Dr. Bradly respecting guilty acts of parties suspected like in St. Louis. I know absolutely nothing about them excepting the information contained in these affidavits letter.

March 28th, 1865.

Dr. John Johnson states that he is a Rebel desertor and that he deserted on the 7th day of July 1864 in Hancock County near Richmond Ky. He is now in the 14th regiment of 4th Kentucky. By correspondence I have ascertained that he deserted the Rebel Army at Yorkville.

On the 10th day of December 1864 I saw another Rebel desertor over than I been with any deserting bands during the time that I have been engaged in this service.

I certify this to be true.

Gentlemen,

I have now the certificate from the Commissioners of Enrollment, for the District in which I reside, (excepting me from the Draft) has been brought to your attention, as it has come to me marked "Exempted" and from your Office. In the name of God, it is not this sufficient to entitle me to a discharge. I had reason to expect by some of my knowledge of your reputation, at least the humble privilege of an examination and that too is fast disintegrating away. As a pardoned sinner, I give my word of honor I have not directly or indirectly, nor by word or action violated said parole. I have observed it religiously and shall continue so to do, I respectfully ask that you will grant me an interview first examining into the circumstances of my arrest, by so doing you will greatly oblige.

Wife and Madam,

Dear Sir,

This is a young man now imprisoned at the Old Capitol Prison under the following circumstances: Some two weeks since, while crossing the mouth of the Micomominio river from Charlestown to Mayfield in Maryland, he was captured by the Potomac Flotilla. He had the day before crossed the Potomac from Virginia to Maryland. He was sent by Capt. McLean of the Potomac Flotilla to this city and by the Provost Marshal sent to prison. The Provost Marshal has already issued an order for his trial upon taking the oath of allegiance and giving bonds in the sum of $2000 to keep it. He has no objection to giving the bonds but has to taking the oath, and I believe his objections are worthy of consideration. He has property in the South in the State of Alabama which he has been residing, and which if he were to take the oath required, would be confiscated. He is a native of the State of Maryland.
And was on his way to his father and
that State under the forling circumstances;
His father is a very old man and very
quite infirm and alone (have two
little boys who are dependent on his care)
and a Widower, his first wife being
dead. It was his object to go and remain
with him and assist him in his old
age, and see his sister who is yet
still residing near there and marry.
He was not engaged in carrying goods
or unlawful correspondent and was
in no way connected with the rebel
beyond residing there. He has means to
in the rebel Army or Navy and was
intending to remain in with his father
who, I know, actually needs him
to attend to his affairs and assist
him in his old age. He is willing to
give any kind of security to conduct
himself as a loyal citizen and report
to you or any one you may desire
me to at such times and places
as you may require, and I will
cheerfully guarantee to be personally
or pecuniarily responsible in his be-
half for his conduct while discharged.
I desire also to say that I believe this
active part on account of my relation to some of his friends and a belief of the truth of all I have stated, I do not believe the government would suffer by granting this request, and certainly would not ask it did I not believe that justice would be promoted by a compliance with the same.

Respectfully,

I came over from the South. As you know I was forced into the war about 1861. Upon my arrival here, I wrote to the Commissioner of Enrolment for the City of Baltimore, asking for a certificate from him, whether I was not in indenture to labor the draft or not? and received his certificate proving the utter falsity of the charge against me, the same being now in my possession, having been examined by the Hon. I live on Cobneck Charles Co., and on the morning of my arrest myself and another man was employed by these gentlemen to carry them across the Potomac River to Milestown, St. Mary's Co., for which they were to pay us one dollar each. We have never done anything against the Government of the United States and we are perfectly willing to swear that we never will. We therefore respectfully request that you will attend to our case as soon as possible.

I hope I may not be considered unpolite in again calling your attention to the circumstances of my case. I appeal to you in the words of the law, to which you have been so just, and by which grey hairs are secured to all, that the debt is remitted, I ask a right to the same.

I beg to offer the assurance of their sedulously to your sense of justice at an American Citizen, to give me an examination, that I may be led to believe, with my every action, but the slightest trace of suspicion will against me, and yet to do, if I am innocent of doing, at no time to much to allow me to go forth, an innocent man, persecute me.

To the Provost Marshal of the Capital District

Sir,

Excuse me for addressing you on this occasion. But circumstances connected with my arrest have led me to seek your protection. I have been absent from home between 2 or 3 months, and was returning for the purpose of seeing my family, & to make arrangements to move them from Va. to Maryland. Capt. Sheridan, of orders treason who arrested us, allowed us to go on shore to make those arrangements, and told us to return on board and come to Washington and we would get a permit to move our families instead of allowing us to get a permit about us. In answer, while I ask your honor Sir to investigate our cases and give us a hearing and relief.

I beg your honor if I have not stated your wish in a proper manner.

To Mary Dakota

Hearing addressed to you a letter last week, stating the circumstances about my imprisonment, I take the liberty of writing to you again. Hearing, by my past appeal and statement to you, it could be released before this time, I respectfully ask of you, please to give us a speedy hearing, which I have no doubt would be the result of my release, and the relief of a distressed family. I was drafted in to the Penman, and afterwards picked up by the United States Assistant Posthorn. Therefore, as no charge against me; this short letter will explain the whole circumstance, therefore I will close my writing. Hoping, that you will comply with my most request.

Yours very respectfully,

Dear General Proctor,

I am writing to request your assistance in so serious a matter as the case of a friend of mine who is in prison in Washington, D.C. I would be grateful if you could intercede on his behalf.

He is a fellow of the highest character and has always been a loyal citizen of our country. Despite his good intentions, he has been falsely accused of treason.

I believe that the truth will come to light, and I hope that you will see fit to investigate the matter further. I am confident that justice will prevail.

I look forward to hearing from you.

Yours sincerely,

To the Provost Marshal of the Capitol.

Excuse me for this petition upon you, my present situation compels me of addressing to you the following note. On Monday last, the 6th of Nov., I went out ducking on the Virginia Potomac shore in Prince William County, with a young man. I shot a few ducks in the swamp close to the Potomac. To secure the game, I took an old scow without oars and tried to load the boat on the shore. At the time a severe storm was raging which drifted us in to the Potomac. I was exposed to the mercy of tempests from morning until 2 o'clock P.M. and afterwards picked up by the United States Gunboat Freedom near the Maryland shore. I was searched, but there was found on my person except five Dollars which is a clear and sufficient proof that with such a small amount of money I did not try to run the Blockade. You therefore can see that there is no charge against me of keeping me in confinement, deprived of most all necessities such as clothes, &c. and have no means of procuring such. I have not violated any laws of War, nor have I ever taken up arms against the United States. I have kept a neutral position and have not taken any interest whatever in this War. I am not a Citizen of the United States, nor do I belong.
Confederate States. I am still claiming the protection under the flag of my native country, which Minister is residing in this City. Therefore Sir, I appeal to you in the name of justice, and a just God, in the Land of Liberty to release me from this imprisonment, it almost breaks my heart to think that I have been taken in such unequal way, away from my wife and children, which have to depend on their father for a support. I have no doubt that my family, who already the loss of their father and husband, they may think that I have found a death, cause of some other accident by which I have lost my life. I am now at your mercy, and it is in your power to relieve a distressed and grieving family from starvation and death, by returning to them their father and provider in their necessaries of life. I am willing to take the oath not to aid and abet the enemy and, that I will not take up arms against the United States, provided I am released from custody, and permitted to return to my family.

Pray, this may meet, with your kind considerate.

I am yours very respectfully,

I have notice from Mr. Angulo, from the Prefect of the County of Valenca, informing the Prefect of said County, that one Dryuf has been received from Don Ilonso Gonzales of the County of Miguel, asking assistance. The gentleman pursuing the Indians, says that they have run off nearly forty thousands heads of sheep, and about one thousand head of cattle. They say that among them is my slave and the slave of several other partners. The lands of Don Jose Arzago de Arconiza, which owns in the Sierra Grande. I believe if we act quick, they will not be able to carry off their booty. Don Ilonso says they come (that being the direction they have taken) to jail out at the point of the Sierra de la Villana. They will have to come very slowly, matching their booty without fearing being overtaken and punished. The force of the Indians is large and where Don Ilonso was, the huge are still and that they travel with the stocks divided in many herds. Don Ilonso did deem it prudent to attack them seeing the large force of the Indians from a distance, and
having but few men with him. We would not risk a battle
but sent for assistance to Mangana and Boque Retonda
and according to this information, seventy men were dis-
patched to his assistance. I believe if the assistance

United States Investigation:—

George Somers. In reference to charges of said Somers having violated his oath of allegiance to the Government of the United States.

Ambrose Parks, being sworn, says: That he is well acquainted with Mr. Somers; and has never heard him make use of any disloyal language against the Government, or its citizens; or known him to be guilty of any disloyal acts.

W. G. Shaw, being sworn, says: That he is acquainted with Mr. Somers, and has known him about three (3) years. About the 30th of December last (1862) witness met him (Somers) on the public square, in Dresden, Tenn. and heard him make some remarks about Union men. He (Somers) wished that they (referring to the Rebels) had taken every one of them (the Union men) and every thing they had, and had burnt all their houses, and them on top of them. Witness also heard him say: "Where would all our negroes have been, if our friends (The Rebels) had not come to protect them? Damn them, (The Union men) They have got six (6)
of mine now." Witness paid no attention as to whom Mr. Somers was talking with, at the time. The conversation here referred to, and he (Somers) appeared to be intoxicated at the time.

A. C. Brashfield, being sworn, says: That he is acquainted with Mr. Somers. Witness has no recollection of having him (Somers) use any disloyal language against the Government. He (Witiss) has never known Mr. Somers to give any aid or comfort to, or in any way assist the enemies of the Government. Witness considers him a good and peaceable citizen, as far as he knows.

William Boswell, being sworn, says: That he is acquainted with Mr. Somers. Witness heard him say, that he did not believe a Union man should be allowed to own a negro, in that country. He heard him say further, that he did not believe a God-damned Union man should be allowed to own a negro in that country, for their object was to free them. When witness heard him use this language, there were other parties present. This conversation occurred at Dresden, Tenn., on the evening that Forrest's command left that place.
Forrest's command remained at Dresden, (Tenn.) from Friday until Monday. Witness thinks, that this conversation occurred immediately after their raid on the Mobile and Ohio Railroad. He (witness) does not know of any Confederate soldiers having been at Mr. Somers' house, at that time. He does not know of Mr. Somers having given aid or comfort to the enemy at that time, or any time. Witness does not know that Mr. Somers has been active in trying to disturb or injure Union men.

Leroy Collins, being sworn, says: That he has been acquainted with Mr. Somers about six (6) months; and knows him when he sees him. Witness met Mr. Somers on the street in Dresden, Tenn. immediately after Forrest left Dresden, in the month of December, to the best of his recollection. Witness spoke to Mr. Somers, and called him by his name, when he (Somers) said: "Everybody knows me?" when witness answered: "Yes, Mr. Somers, you are a very noted man." Somers replied: "By God, I know you," and then turned from witness, and said, he wished they (repeating to Forrest's men) had taken every damned Union man, and every
Evidence on the part of the defendant.

William Blackman, being sworn,

"I have never known the accused person named John Smith, whom the witnesses have described as the man they saw running from the house of the accused person."

The witness states further that he was in the town of Dresden on the 20th of June, 1802, and he saw a man who closely resembled the man described by the witnesses. He was wearing a black hat and a red coat. He was carrying a long stick and appeared to be in a hurry.

The town of Dresden is not far from the residence of the accused person, Mr. Smith. The witness does not know Mr. Smith personally, but he has heard that he is a quiet man and a good neighbor.

The town of Dresden has a population of about 1,500 people, and the witness is sure that no one else was seen running from the house of the accused person on that day.

The witness was present at the scene of the crime and saw the accused person running from the house. He is positive that the accused person is the man they saw running from the house.

The witness is willing to testify further on this subject if necessary.
twenty (20) years. Somers has treated Union men, well, as far as he (witness) knows, in his (Somers) general dealings and conversation. Witness has never noticed any difference in his general conduct toward Union men or others, since the present Rebellion. Witness says that, as far as he knows, Mr. Somers is not regarded as a bad or dangerous man in his neighborhood. And further, that a majority of the citizens of his (Somers) neighborhood are Union men. Witness has no idea that the neighborhood of Mr. Somers have any fear of him on account of his disloyalty. Since Mr. Somers took the oath, witness says that he (Somers) has had nothing to say, in conversation with witness, in reference to the present Rebellion.

James Simmons, being sworn, says: That he has been acquainted with Mr. Somers ever since the year 1845. Witness has had several conversations with him (Somers) since he took the oath, and has never heard him use any disloyal language. Witness had a lot of whiskey about August last, and took six (6) barrels of it to the house of Mr. Somers, to keep it from being captured by the rebels.
Somers said, in a conversation with witness, about the last of December, (1862) that he (Somers) was himself a conservative man; and in favor of the constitution, and of carrying out the constitution. About that time, Somers had five (5) negroes to run away; and three (3) days afterwards, their whiskey (referred to) was captured at Mr. Somers' house, as belonging to him (Somers) by our Federal troops. Witness believes Mr. Somers to be a good neighbor and peaceable citizen. He (witness) lives about four (4) miles from him. Witness states, that on the 30th of December, 1862, he (witness), and Mr. Somers, and others, were engaged in a general spree in the town of Dresden.

J. S. Vincent, being sworn, says: That he has known Mr. Somers about twenty-five (25) years. Witness says, that the general character of Mr. Somers, in his (Somers') neighborhood, since June, 1862, has been that of a loyal man. Witness knows that Mr. Somers subscribed something for the support of the Federal soldiers, wives and families, sometime last fall. Witness says, that he (witness)
has heard a conversation among parties in Dresden, in reference to the disloyal language used by Mr. Somers. Witness was in Dresden on the 30th of December last, but did not hear Mr. Somers use any disloyal language on that day. Witness has not heard him (Somers) make use of any disloyal language since June, 1862. He (witness) does not know of his (Somers') having assisted the South in any way.

W. M. Hornbeak, being sworn, says: That he has been acquainted with Mr. Somers for fifteen (15) or twenty (20) years. Witness has had frequent conversations with Mr. Somers, and has never heard him make use of any disloyal language. Witness says that his (Somers') general reputation as a citizen is good. Witness thinks that the Union men of the neighborhood have no fears of Mr. Somers' damaging them in any way.

Col. John A. Rodgers, being sworn, says: That he knows Mr. Somers very well, living not far from him; and that he (Somers), since he has taken the oath, has been an unusually quiet man, to the best of his knowledge. Witness thinks that the Union men, a majority

Sir, Office, Anzio, Dept.
February 20, 1863.

Ladies,

I have the honor to state for the information of the General Commanding that on the 31st last, I ordered to Jasimille del son, ten days in time, they were discharged by order of the Commanding Officer on the 1st of July, he intimated to me at the same time that their discharges would take effect from the 31st last.

It is customary in the Army to give Rations the day previous to which they are due, the reason for said proceeding is, that it is an utter impossibility to give Rations on the day which they are due, in time for the troops to Cook Breakfast. More Custom and usage are Equivalent to Regulations.

The Commanding Officer refuses to sign the Return for the space above mentioned, now I would respectfully state in relation to Express Carriers, that it is customary to give them the necessary Rations the day previous to their Starting on Express, and the 31st knowing that Jasimille del son would be discharged on the 31st last not having the necessary information.
until the evening of the 1st of July. 1863.

Sincerely yours,

S. Nelson

I do not write this letter to communicate, with any other motive, than that of having a true basis established, under which I can safely discharge my duties.

Gentlemen:  

Respected Sir,  

I present to your excellency by the enclosure of this present of which I have had the honor to receive a copy, a deed dated January 7th, 1869, wherein it is stated in charge a real estate more which is claimed by José Domingo Caro.  

I have been informed that said more was lost in Chihuahua from the animals brought there by the companies who were ranging on the river that is near the Devils, as the inhabitants referred to Chihuahua, to be sold; but by chance meeting unexpectedly with the Indians on the road near the junction, and about midnight, on which occurrence Francisco El Guella took to flight on the more obscure and leaving the mule behind, which was laid hold of by the Indians. On the succeeding day said men being dispatched on the Indian trail they happened rather unexpectedly to come in contact with the Guella and the more; the former was stripped of the more which was placed under my care, and immediately following this incident came Gregorio Alvarado to inform me that Francisco El Guella and himself were coming, said mule and more clandestinely to an Indian property [sic], [sic] to which reason I directed the constable to provide that the parties here mentioned should appear before your excellency to whom I submit the whole of the case. I have with also sent around a gray mule (mule pardo) which the Indians had taken and abandoned, which was also placed under...
my case. I could not lay before you an account of this transaction as an earlier moment as I have been confined to my bed by a dangerous malady, and those who could have assisted me have been employed on the “caceres”. Having nothing more of importance to communicate I am your excellency’s

I was directed by Col. Sherman to give notice to James M. Carpenter, alias Eight Hundred & Thirty Eight in Maryland, that seven hundred & twenty-six sal in Southern States Bank Notes, fifty dol. 52 sal. in Salt & Silver, I sent also one Gold Watch of one Silver Watch, with all the necessary Papers in regard to the case.

I was directed by Col. Sherman to give them Charge of the Money, Notes, &c. as he stated to me, that you had given them orders to take Charge of it, I delivered all over to him and his Receipt, under their Consideration, but I thought rather strange of it from the fact that Col. Sherman had nothing to do with that New Western &c., until just before the case started, when he was introduced to me by one of my Servants, whom I have stationed at the Perry, at the time Col. Sherman was introduced to me. I had directed the Lieu. M. At the instance of Mr. C. L. Stancey, I state from personal
knowledge, my understanding of a matter of importance between
Charles Jones and Isaac Brown.
I drew a paper at the instance of the parties in which
it was understood to make the agreement of the
parties, but parties were present according to the
same.
My understanding of the arrangement as now held
which is that C. Jones had arrested a man and
had taken him to the justice of the peace, and the justice had ordered his
commitment to the jail of the county
that the jailer had to pay the jail was quiet
and completely paid, and he would have to pay
the key in a short time in the city. But if
Brown would pay the bail the bail would be
kept in the city. The bail was to be
committed to the jailer. But the jailer
would keep the bail and assign it to Brown. The bail
would collect all of the losses and
receive all himself in the amount in
the bail to Jones; the receipt was equal
and not new or old, but it is stated
in a paper, in the possession of Brown, that
we have I think written $20.00 or $30.00,

Proposed by
H. Craig
By Genl. Boyle—Sir, in justice to Mr. Sund, who is now confined in the Military Prison, I will give a statement of the transaction for which he has been arrested. Sometime last fall, I think in October, Sund was arrested and brought before me a negro boy (accusing him of robbing and attempting to murder a man). The negro without hesitation told me that he belonged to Mr. Jack Gunn of Edenton, and that he was brought here by a Soldier and left with Mr. Gunn. Before the interview was closed, Mr. Gunn appeared in the office and stated to me, that the boy belonged to him and that he had bought him of a Soldier or Plantation hand for the sum of fifteen dollars, when Sund asked. Mr. Gunn, if the boy had told him that he had paid five hundred dollars for the negro, Gunn said No; and when I asked him how Sund got him, he, when I interposed and told Mr. Sund, if he could commit the boy according to law, to come, he immediately went before Justice Clement and Atama—Metamus and presented the boy apparently to the Sailor, the Sailor being full he was refused admission. As I afterward learned, Gunn had made an arrangement which was reduced to writing by an Attorney, by whom they applied, by which Gunn returned for inspection of the negro, paying Sund the sum of ten dollars for taking up the negro, agreeing to hold him subject to the demands of the owner. For the above facts, I am in a position to swear to the statements of G. A. Reid, Esq.

- Capt. J. F. Stonecliff

Chief of Police
Dear Sir,

Enclosed I send you the statement of H.C. Thomas, Chief Sailor, in relation to the case of Cha. Durb. I am satisfied that what he states is the origin of the whole affair. There were several present at the time who will corroborate the statement of Mr. Thomas, which I am sure if you think it necessary I will record that information. Since I enclosed the other papers to you,

P.S. respectfully,

Sometim last fall, Dr. Gunn called at the Sail and asked for Mr. Jones, stating that the doctor
him to assist his negro boy for stealing his house
buggy. Jones hurried up and investigated the boy
when the doctor said that he should be whipped
and offered to pay Jones if he would punish the
boy. Jones was about to comply with the doctor's
order when the negro spoke up and said
that the doct had no right to order him to be
whipped as he did not belong to the doctor, but
was owned by Jack Gunn of Clarksville. Ten
Jones then told the doctor what the boy had
stated to him, and that he would charge of
the negro and have him regularly committed
as a delinquent. The above is about what occurred
in my hearing.

Cap't.

Yesterday, Henry Logan of this town was arrested on charge of being a spy in the service of the Confederate States, and from careful inquiry into the case I believe there is good cause for the suspicion, if not for conviction. It is better to prevent so dangerous a character from this vicinity.

Logan, as he is generally known, says that he belonged to Ashby's Horse to Steuart's Rebel Cavalry, was with them nearly 11 months, was with Steuart when he made his raid into Pennsylvania, but claims that he deserted in the South afterwards, did not go back South afterwards, but says that he lived his horse to Baltimore, then sold it, and then went to Chambersburg, was arrested, being recognized as with Steuart and confined sometime in jail from which he was released on taking an oath of allegiance; he has no paper to prove this and altogether his story is improbable. He has been recognized as a Logan or Scott, being known by both names, by several very respectable gentlemen, among whom are Gen. John
Stewart, and his son W. A. Stewart Esq. Agent of the Penn Sc. R.R. Mr. Hemmertt, also a clerk of the same road, identify the man as a Logan from Wayne Borough, Franklin County, Pa.; and say that the
two is generally understood to have been
a guide to Logan. Logan, on interrogating him on
this point, says another man named Wilson
was the guide. I am particular in giving you his
story, and respectfully refer the case to you for
further action. I have consulted with Capt. H. B.
Healy, 6th Cavalry, District Officer here, and he thinks
from all the facts in this case that the man should
be sent to you, to be sent to Gen. Schenck at Baltimore
if you deem it advisable to do so.

A Creole came to town today
who report that there are two thousand
Apaches, including men, women, and children at
present at Fontera, in Sonora. It ap-
pears like a late for the marching, but there
is some truth in it. He says they ask for
peace that C. O. Osceous has just met them to
meet them to impose terms to make a treaty.

For pretty well ascertained that Osceous
sent a force of about 750 men in the
direction of Fontera. The Apache Indians
left Fontera for peace where had pushed

to chastise those Indians, and this is
true of the summary or true. I shall be
soon to ascertain what there is in it.

Sir,

I have the honor to report that in accordance with your verbal instructions, previous to my leaving for Chihuahua, to make all practicable arrangements to obtain intelligence of military movement of the enemy toward Fort Whipple and Arizona, that I endeavored to carry out your orders in the following manner:—

Having arrived at El Paso, to make inquiries regarding the status and political sentiments of American residents in Chihuahua. Mr. Reinbold W. Stickel, a native of Kentucky, a merchant in Chihuahua, was highly spoken of and El Paso by gentlemen settlers to confirm us as true loyal Americans. Also Charles Hope, a native of Hamburg, a naturalized American of Henry Muller, but the latter gentlemen was not in the country. Mr. David H. Deidendorf of El Paso gave me a letter of introduction to Mr. Hope, which incurred me a personal reception from this erstwhile hospitable gentleman and worthy American. On my arrival Mr. Hope called upon me and told me he was convinced he is a true, patriotic citizen and that he was writing to his people in the United States, the only lasting American president who called during any stay in the city—a fair index to the political sentiments of the people residing there. Mr. Stickel assures
now that it was impracticable to obtain intelligence, political or military, from Texas, through the medium of correspondents between merchant vessels, and traders in Texas and Mihua dru. The system of repression and eavesdropping being so complete in Texas, that even 
day, all streets in letters to the forbidden topics, all letters 
going through the mails are opened and sealed in the 
privacy for alluding to the condition of public affairs. 
Some found as one will risk the lives of their 
correspondents living in Texas, by writing on three 
subjects of utmost interest to us. I therefore wrote 
a note (copy hereon) to each of the American Consuls 
Tampico and Matamore, having been satisfied of their 
by self-boring them to assist in obtaining forwarded 
the desired information. Capt. Smith, 
Confidential agent of the Military authorities, of the draft of 
the Texas map. He undertakes very readily our request 
self to make every effort to gain intelligence by corresponde 
responding with the French named above, and with 
merchant vessels in whom he has confidence at 
Hermos, Matamora, Ys. Miguel addressed a note 
both of the French, previous to my leaving. There 
ever confirmed he will make an effort to obtain 
and forward reliable information. He has lived 
about 16 years in Mihua dru is highly respected by 
all, and well as certain from other residents such 
intelligence as they may secure every merit in their 
private correspondenced, on the subject in question. 
Respectfully recommends that he be paid a
today such as the Founder, General, may deem equitable, be asked for now and will serve his country cheerfully. But he has been unfortunate in business and has a large family to support, and the laborious, worth of his blood. Some respectable German gentlemen, who sympathize with our cause, and other persons of distinguished position have promised and will aid. Good fortune is gaining intelligence. These gentlemen receive correspondence from Denver, by express, every mail, and the condition of Mexican affairs are pretty well known at these points, for fugitives, arriving almost daily from Texas. The state of broken life in Mexico has, particularly the latter, have a large number of Union families who escaped residing in them. In conversation with people from President's del Norte, who have been over to Texas, to the Indian Fort Davis, Pecos, to a salt lake recently discovered, about two days travel from the Pecos, about the Chisos mountains, the Missouri and Antonio road I was assured that no force of the enemy was in that neighborhood or expected to be. A Mexican (Mr. Santos) Ramirez, of del Norte, offered to accompany Mr. Charles Hare of any Mexican troops coming this way. Ramirez is a very respectable man and will act a guide to our troops, if required as he knows all the tracks, roads, &c. in that section of country. During my stay in Chihuahua a Texan deserter arrived there, where I brought with me a few forces at the Corrao as a conversation. He says
He was born in Rochester, his name James Hoffman, further that he was placed on Exira, and in the 20th. under Judge Merriitt, Chief J., master of the Dept of Texas at Nanton's that being and at Exira, there was a Fort Duncan, Magee, with 600 for Capt. Donelson, Comdy. officer, he escaped to Mexico. He left San Antonio on the 23d. December and escaped on the 29th. He says that Gen. Dutton was then in San Antonio and had five to six thousand troops (the army force there in and around San Antonio), that it was said he had orders to march upon New Mexico, but that he heard from Capt. Donelson at Fort Duncan that Dutton's oath had subsequently been countermanded and that he was ordered to march to the gulf. (Confer, chiro. copyman thinks) with his Commissary. The President, substance is very dearer and dead at San Antonio, Flour to 4.60, Corn per bushel, coffee $1.654, per lb. Beef abundant, 2.50. Per lb. Domestic, $1.68. 50 per yard, bagged cloth, $60 per pair and cotton, scarce. He states that mostly all soldiers for Texas troops have been drawn last year from Mexico, this is so, as is well known in this know and to such an extent have few grown and cattle been driven that now, it has prohibited, under severe penalties, the exportation of any more bread staffe from those states. The report of these even is prohibited. Hoffman gives the following as the foot in Texas, which he knows are furnished by San Antonio fort.
At Selvaston there was a considerable force under Earl. Hibbert, he says, and further that it was reported that Earl Hindmarsh had arrived at Selvaston. A Controversy. The escape from Fort Brown last July corroborates the above, in many particulars. The Negro was, however, Mr. Canal of the Surgeon at Fort Brown, and the state that deserts were very numerous from that place - a whole company having left at once, that three or four companies deserted during the last few months. Most of them were sent to New York by Mr. White, American Consul at
Matamoras. This report represents the officers as very disciplined and demoralized, and in great anxiety about an attack from Federal forces ascending the river, and that the most of the troops are Mexican patriots. That the inhabitants of Orozamor are looked upon by the Mexicans as 'Unionists.' I shall bring the report in handwriting by you in order that you may understand them on these subjects. Indeed Baldwin Loomis can know some of the recent events relating to Rochester as very respectable people and I believe his statement that three of the regiments are worth of praise.

I delay a few days in Chihuahua for fear the news from the Rio Grande. I hoped some of the merchants would hear from their correspondents but Matamoras, Monterey, about matters of moment as the week advances a gentleman received a letter from a respectable correspondent stating that several federal officers were there (Dr. R.) in Matamoras making arrangements about supply for a federal force expected, and further stated that they were good federal troops at the Presidio. The last mail brought an order on this subject.

In regard to supplies and resources of Chihuahua and Durango for a military force moving on Texas from this quarter, and whether avenues and means of transportation are available to the east, I find that we cannot rely with much certainty upon
other. The prohibition of exportation of bread-stuffs to from Chihuahua has some brevity from the scarcity of those articles, as before stated, on account of the great demands for them in Texas. On Turkeys we can expect nothing. It is too poor and too distant. In Chihuahua there are about four Ranchers. The own (tend) about 1,000 head of steer or bullocks; the others—Don Luis Tarango and Don Pedro Zuloaga, will sell their cattle for $10 a head in the Ranches near Chihuahua. The Rand parties own about 20,000 sheep which they ask $2 to $4 each for. The weather has been unusually dry for crops for the last three years, and cattle and sheep and deer and their men are in consequence in the southern part of the State. In the city of Chihuahua Flour and Starch cost now $1.25 per bushel. Local price $1.25. Beans, peas by the peck 150 lbs. Wheat $1.10 per bushel of 60 lbs. Local price $1.00 to $1.25 per bushel of 100 lbs. Wheat promises well this year. It is harvested in the beginning of May. Two trains loaded with grain flour left Chihuahua for No member the week before I left. So that but little reserve can be placed upon a large supply from that point at reasonable figures. The American house of Gustavo Morey, officers to furnish such supplies as we require at market prices, strong to that they believe that large quantities of subsistence grain are stored in Chihuahua. To ascertain the condition of the market in Chihuahua is not easy for a stranger.
There is only one flour mill in Chihuahua city, and that will not supply more than 300, a day. The grain growing district in the State are as follows:

**Wheat:** San Ereménto, San Miguel, Dolores, San José, Santa Cruz, Santa Rosalia

**Oats:** Santa Isabel, where large, Reeque, are planted, but corn grown also in the wheat districts at Guadalupe and San Ignacio on the River Sonora, assures that about 300,000 bushel of grain can be found and at $3 per bushel for corn. Major Ashton with prompt supplies, taking treasury acts, at their market value in New York, they can be relied on as everything required in the way of respectability, credit, and capital. There is more than 800,000 bushel in Chihuahua in the Southern account, the demand for cotton which is ranked producing at Santa Rosalia and manufactured into Mexico is the factor of Salamanca. Cotton grows from San Rosario to Durazno in Chihuila, and even at Meade del Río, along the Copper river it is beginning to attract attention. It yields enormous profit to the farmer manufacturers. At El Paso there is a considerable grain, and at Carrizal there is also probably 500,000 bushel. In the valley of Carrizal 500,000 bushel could be grown annually. The soil is fertile after once and abandonment of native for civilization. Here, transportation can be traced as Chihuahua very readily. There is a distance of 30
Begins between Chihuahua city and the Presidio de Nuestra Señora de la Soledad, and freight cost 12 cents. The road is poor as the average in the state, and the route gives an idea of the freight to any part of the state. There is a large tract of valuable fertile land at Presidio del Norte, and about 500 acres at El Álamo fort on the opposite side, all now neglected. A true map shows a large tract of land above Presidio del Norte, extending 8 leagues from the Colorado to the Río Grande. The valley of the Río Quiñones is about 100 miles, 5002.6 of which is extensive and fertile. It yields large crops of corn, hay, and cotton. There is a population of about 2500.
The distance from Nuestra Señora de la Soledad and El Nido into is 259.8 miles, as measured by any distance, but I find that the instrument was not in good order on route to Chihuahua that the mile falls short of the real distance. via Gadsden or San Vicente returning the distance measured 302.48 miles.

I may here state in conclusion that the entire distance from El Paso to Chihuahua except the first 10 miles, or so, the country is capable of supporting immense heeds of cattle. The grass is excellent; the valley extending from Canalesquica to Chihuahua is mostly owned by one Hon. Don Martinez del Río, a resident of the city of Mexico.
with the exception of a few head of stock owned at
Carquinez & about 2,000 head of cattle & sheep & the
number of about 20,000 owned by German & Dutch
there is not a hoof of stock on this great valley
then forming they were innumerable. The only settler
met on the route are figured as small poor village of
about 300 inhabitants, Lodi, near a, Sacramento, and the
chief a ranch where the Governor has a few place living
and Sacraments containing 100 or 200 pupils. The

Dear J. T. Rushing,

A. A. A. Earl, 30th District of Arizona

heat's Mill, Texas

Sr.,

I have the honor to report that I received frequent
having left here on the 6th and returned on the 12th and I
found the same place to be a mining population of 27 Mexican
families numbering about 250. They are chiefly employed by
a Mexican, Francisco Páez, reducing silver ore from the
Cábatas mines, owned by Páez, James Halsted and C. J.
Laube. They have given assurances of their own at work and
their mine, altogether, 25 in use. The oldest of the balance reduc-
ing one in advance for the other families. There are 20 silver
ores out in use at present. There is another mine of Cabata
owned and worked by mine Mexican, in which Halsted
has an interest. The Páez mine yields 12 ounces to the
Pound, of gold only the other mines somewhat less. The Cabata
mountains is supposed to contain many silver veins. There
is another mine called La Prima Páez, from which a
help one route of the Pecos to the Pecos river, which yields 12 ounces of water. It is a route of the Pecos. It seems to make it profitable and a bit easier at present. Pecos is situated on a mesa on the bank of an arroyo with permanent water (or they become farmers by digging wells) in abundance. It is about 3 miles from the Pecos of Pecos river. There is a large village. The Pecos day is 10 miles wide and perhaps 20 miles long, covered with fine grass. Pecos has Palo Verde, Palo Verde, Mission dark, Laguna, Pechaga, Pecos. The grass is here the finest in the arroyo of the Pecos. There is a rancheria of Pecos of perhaps 400 souls (at least they are 65 people) about 300 houses, and one equal number of cattle, principally Untied cows.

The road is good the entire distance. There is no water

the latter place there is a small spring up a narrow

almost 600 yards off the road on the device, but it is of little
consequence being almost dry. There is good game the
entire distance. There is also present a Refuge Ranhere
at Capepe Springs of about 250 Indians, having about
100 horses, which is all that can be noticed at the springs.

Fortuna is a great Indianeria population. I desired

N. Norfolk, Virginia

Petitioner, George Henry of

Notary L. A. United States notary public and Deputy Sheriff,

recollect that Robert W. Dunn, his partner in trade, from January 19, 1860 to January 19, 1863, deposited in Gold, in the Norfolk Savings Institute, a sum of one hundred and fifty dollars and fifty-five cents. At different times, certain sums of money, part of which was

Name and part in the name of his daughter Margaret Dunn was my wife, amounting in the whole amount to, deposited together to the sum of three hundred and fifty dollars and thirty-five cents, due this

That there has been drawn out at different times from the

Name of the Norfolk Savings Institute, by the order of Robert Dunn, the sum of one hundred and eighty dollars, thus leaving a balance due to the order of Mr. Dunn at

The sum of three hundred and seventy-five dollars.

This will be increased by adding interest accruing thereon according to the usage and custom of said Institute, namely, Robert Dunn.

The Defendant has given written permission that the money shall be paid to the order, or to the demand of his said daughter, Margaret Dunn, my wife, as mentioned above, that the officers of said Norfolk Savings Institute have refused to pay said sum of money to defendant as aforesaid in any other form than a written arrangement, and she has failed to take the depositions having all been made in said Notary Public's presence.

Therefore present this his Complaint in the name and behalf of his wife, the said Margaret Dunn, and request that you will take the same to the Supreme Court of the State, and all the other proceedings, may come just and right in the premises.

Your complaint presents the bank book containing evidence of the deposits as above mentioned and contains from the said John W. Browning all the money to be paid to his daughter Margaret, and also to correct any error made in the statement in the amount deposited and the amount now due.

John Henry
Jr. C. wife
Margaret Henry
The Norfolk Savings Institution answers by its Cashier for H. Allmand to the above intituled complaint.

1. George Henry has appeared on the Books of this Institution and his demand has been made by him for any balance he may be entitled to claim in right of Margaret Dunn, viz. as it is said, the Wife of said Henry, as to which fact the respondent has no knowledge, nor had he any information thereof until after the proceedings in this Case were commenced, when in reply to his note to D.W. Smith, Clerk of this Court, he was for the first time informed that the said George Henry claimed to be the husband of Margaret Dunn, and was suing for the balance due her.

2. It appears from the Books of this Institution that one Margaret Dunn, who is personally unknown to the respondent, has a balance due her on the 1st. instant of One hundred and ten dollars, the amount due her at the commencement of these proceedings being increased by the sum of $30 on the 1st. July for interest, accrued between the 1st. January last and 1st. July at the rate of 6 per cent., and now added to the principal carrying interest at that rate. This balance the Institution is prepared to pay on demand in Virginia Bank Notes to the Credit of the Defeetor or her husband upon the production and surrender of the Book of Defend.

About three months since a person representing herself to be Margaret Dunn (not stating that she had been married) called at the Office and demanded the amount due her Credit, in full which as she said, she had deposited, but before leaving offered to take U. S. Treasury Notes. This was refused.
refused as the Institution has no such funds, and has always received debts due it, and paid demands upon it, in the currency of the State, and could not, in justice to the other depositors, pay in any other funds. At this time nearly all its disca

ted paper is lying over, and its other investments, mortgaged, are producing scarcely any dividend.

The Institution since 1861, has not been authorized to compel the payment of any debts due it, in any other currency, and for the last 12 months the Courts have been suspended, but notwithstanding, it has reduced the claims of its depositors, since February, 1861, & 286, 361 32, leaving now due to depositors $250.

Some months since one of the depositors, demanded payment in U.S. currency, but it was decided by the then Provost Judge, Col. Sanders, with the full approval, as was stated, of Gen. Viele, that a sound policy and justice to the other depositors required a rejection of the demand, which was therefore withdrawn. If this policy is to be changed, this Institution will, in justice to all other depositors, be compelled to go into liquidation, thereby causing much inconvenience and suffering to an already overburdened community. The confidence hitherto manifested towards it has enabled it, for Twenty Seven Years, to main

tain itself under many trying vicissitudes, and to confer signal benefit upon this Community, and all it asks in return and a continuance of that confidence which it has always sought to merit, and has
Thus far enjoyed, it is unable to weather
successfully its present trials.

The Books of the Institution do not show that Margaret Queen made a deposit in Gold, but at the time of her only deposit (in January, 1861) of One hundred dollars, Virginia Bank Notes were as current as Gold, and no profit was, or could be, made of the Gold.

6. This Institution hopes that the policy adopted by the late Forrest Judge will not now be changed. The prescribed limits of this answer will not allow a full presentation of all the reasons which could be urged why it should not be, although it is hoped it will not be necessary to say more.

H. H. Smithers,
Cashier.

The Bank must file an additional assurance stating whether any or any part is deposited to the credit of Robt. W. G. Samson (This order served on Cashier of Bank July 17, 1863 by A. Gardner, P.O."

The above must furnish a power of attorney and execute by Robt. W. Samson & Margaret Dawn Henry authorizing him to collect and receive these deposits, & to also prove of the marriage of the identity of the depositors.

Mr. Smith will notify both parties as above.

Statement of Mrs. Rebecca Brandt.

Dear Sir,

The wife of Horace Brandt, Colonel in the
Southern army, I believe he is in the picket line in Brainerd
Miss. My husband has been in service from the commencement of
the Rebellion; he was ill for eight months and is now recovering.
He was home one year ago last January. I have never been south
to see him. I received a letter from him three or four weeks
ago. It was written at Richmond, Va., and was mailed in Illinois
and came through the P.O. I answered that letter on the time
of its receipt. I sent it by a gentleman unknown to myself,
who was going south. I do not know his name. I came
here from Brainerd about the first of April, and was visiting
my aunt, Mrs. Johnson. I have not been out of the city since
that time. I am a Southern lady in every particular. It is perfectly
natural for me to sympathize with the cause, to which my
husband is devoted, and I much certainly do so. I would proba-
dly sympathize with the South even were my husband not with
them, but I can not be positive. I can not say that I wish
to see the Rebellion continue, but I would like to see the
government restored to its former standing. I do not and can
not rejoice at the defeat of the Federal forces, where so much devotion and sacrifice follows a defeat of either army. I can not rejoice.

If writing to my husband and receiving letter from him, constitutes disloyalty, then am I disloyal, but by no other act have I shown myself disloyal. My aunt's name is Mrs. Little Johnson, her husband's name is J. H. Johnson; one grown daughter lives here. 

I have one grown son Charles, and three younger children, one all the family. They are all a thoroughly loyal family. Every thing was quiet there upon the day of the Camp de luxe celebration. No demonstration of any kind. The only reason of my coming here last month was to make a visita I was tired of staying at home. I would like very much indeed to go south to see my husband; if I would be allowed to return. Although it is contrary to law to write to any one in the ranks of the enemy during the existence of a war, yet I would not miss an opportunity to write to my husband. I have not, and would not write anything of a confidential nature. Of course my objects in writing would be the desire to learn from my husband, and to have him near from me, and matters of family interest to us both, not from any desire to break laws, or disobey orders. Within the exception of writing to my husband, I would in no instance do.
any act contrary to military law, so far as I know, I believe no penalty except death could deter me from writing if the opportunity was offered. This I say from no spirit of boasting, but from the simple and natural desire to hear from my husband, and that he should hear from me.

Statement of
Peyton & Frost
in reply to charges prepared
in Maj. Carris office
Wheeling, May 4th 1863

My Dear General Marshall:

The subscriber, being informed of certain charges made against me by an overzealous friend from another adjoining state, during a time of great excitement in our midst, would respectfully state, that the letter written to said individual under date of April 28, on which he based his most serious charge, was written by our bookkeeper Mr. Jordan, whose loyalty has never been questioned; and the objectionable paragraph was inserted simply as a jest, as he considered the danger of the rebels reaching our city very remote, and neither of us saw the letter or a copy of it in our letter book till after our arrest and release, and were entirely ignorant of its contents except to fear as related to the business directions therein contained, in regard to the second charge of the same excited individual. And, that in reply to his question of "what would become of our large stock of oats & hay if the rebels should get to Wheeling," we replied "if the Dome here we are all right." We now state, that just previous to that time our flour had made a sale of every bushel of oats and every pound of hay in our warehouses to a Marietta firm, for Capt. Fitch. At 10 O'clock got the pay for them, and five more. Simply holding the forage till Capt. Downing could get it from Capt. Fitch, and in consequence we were not the owners of it, and simply stated the truth, when we said we were "all right," for if the forage had been ours, theVIC would not have been ours. This explanation is the simple truth and can be readily
formed by Lord Marietta firm, Capt. Hitch or Capt. Downing. The last charge that he heard some body say that he came into an store to buy Clover seed and heard so much disloyalty in the course of a discussion that he left without buying, is entirely groundless, you remember this circumstance very distinctly. A certain part from Nash to Peck, came in to check the price of Clover seed, and to buy as he thought, there informed us, and there was an argument in a perfectly friendly spirit on the merits of some matters in the conduct of the war, and not on the great question of the war itself. It was about such a discussion and disagreement on the policy of the administration as two republican papers published in adjoining states might have in their columns, without exciting the shadow of a doubt of their loyalty, and I repeat most distinctly assure you that in all the foregoing matters here recited, the only disloyalty existed in the ever expected cause of parties laboring under great alarm. We sincerely trust that this explanation of matters trivial in themselves, but very much distorted and exaggerated in the charges alluded to will be entirely satisfactory.

Sincerely,

July 27th 1868
George Walker, being only sworn on his oath, says, I kept a liquor and clothing store in partnership with my brother Benjamin Walker on Olive St. betw. 12 & 14 Sts. One day about the 17th day of June 63 a soldier came to our store and agreed to sell me eight Revolvers.

My brother, who was not in the store at the time, had bought 12 Revolvers of him the day previous. When I asked the soldier how he came in possession of the Revolvers, he told me, that the took them from soldiers on the battlefield. I think he said in Virginia. I gave him forty-five dollars and a pipe, made about three dollars and took the Revolvers. I did know they were Government property - would not have them.

Sir,

In order to your
request of the 28th I
will say that I have talked with
Dr. Lalor in regard to Brandon
Case. He is of opinion
that Brandon is insane and in his account, finds
Smith. He thinks that Brandon expected to find Smith, but on
arriving at the place where
Smith should be, he was stuck up in the
neighborhood. So, Lalor thinks
the citizens there are a gang
of out thieves & thieves & that
the man calling himself Smith passed
under an assumed name.

To Lalor brought in three
persons claiming to be citizens

two of them had taken the oath of allegiance. They were taken
under arms about two o'clock P.M., which are not to look as though
they were keeping their oaths solemnly.

I am rather inclined to think Brandon has been
"played off on" through the act itself.

Sincerely yours,

The woman wished me to stay a few days because I would have a chance to go back with some men going from Coloma County. This was a man by the name of Bell. Came to said house while I was here I asked the name of this man was any danger of his reporting on me. Said he would never lie to his known. Sir,

As I think it the duty of any loyal man in such times as this to make known anything that is calculated to do any harm, I will call your attention to certain men in Georgetown and vicinity who is, and has been, for sometime doing everything in their power to aid the rebels. One I will name as far as I know. J. A. Bundmuhler, Grim, lawyer, a young man, is a brother of the

Vrboke that was on parson. He has said that he would like to see that good last

one below dinner, on a roof of rails and done well after that. Just before the captain of those at Greombe's house in July, they took a lot of goods taken from that house to a Mrs. Reynolds in an alley near by

that and other articles traded for the rebels, they all defy the Government to drop them or make them serve in any capacity and this Vrboke says if the Government don't pay them for what goods they took from him.
he will take the you of if he can. May he with him goods through whom ever he can for the chance better he will try any person to enroll him or make them serve. Such a man should sit in his house, or imprisoned, and the worst last for a serious man has no show in such a place; his life is no life in the dock. I would feel as safe in Richmond or Charleston, twenty such. Men in our midst day, more home to the common Carol than and more in arms against us. This is the Country where the loyal men should have the preference, but I think it suits to the contrary, I met that man Brooke in public. I am sure this Crewbaugh helped to furnish him the money he is a refuge from the oath. Several times all of these charges can be proven by good citizens besides. I am sure that there is a regular train of letters going south through the distance of the notorious Belt Frigger. Ask for the good of the Country if not for the people in there. Must those be loyal and trying to do right show you they and put a stop to it they have mighty gathering at some place.

Very Respectfully yours Dtt

Colonel,

Please to ask that the Com. Sub. Dep. of the

1st Bn. 50th Regt. of Inf. be allowed to issue one ration each to Mr.

B. G. Kennell and his family on the 8th inst. This ration to

be divided among the three women there who are at the same time

planned to return to their homes when they can. They each have one

child, but the children are small and one ration will suffice.

When these women came here from

their husbands joined our Rgt. under

the impression (which was general at that time)

that their wives could draw rations as hands. In

which capacity they have remained with us

the ration was stopped sometime since.

Their husbands have come to learn with the com-

mand, and I have no other way of disposing of

these unfortunate people (who are in very depen-

Barracks, and ask the County for an

issue of rations till a more permanent

place can be arranged.
Corporal J.W. Perkins of Co. B, 1st Texas Cavalry, has been left with a small detail of
Cavalrymen to take charge of Regimental property stored in store at the U.S. Armory. I

Petition from Jackson County Union Association

Sept. 5, 63

Citizens

P. 63
To Brig. Genl. Thomas Crittenden
Commanding District of the River,

Sir—The undersigned citizens of New Township
and members of the Jackson County Union
Association beg leave to express their cordial
assent to your efforts to rid our border
of the murderous horses which have infested it.
While we comment, in general, the provisions of
good order, we beg leave to represent that
the country into which these persons residing
west of the Big Blaw are exonerated from removal
might be safely and without detriment to the
purposes of your order, extended so as to include
the whole of New Township. In support of
this we offer the following reasons: 1st. The abode
of this country is of but small extent, and with the
whole township is an open country, has not been, and
is not fitted to be an harbor for bushwhackers.
2d. It is inhabited, with but few exceptions, by a
loyal population, nearly every man being a member
of our association. 3d. There are many valuable
buildings and other property included therein, which
would, in all likelihood, be destroyed by abandonment
by the left, falling heavily upon loyal citizens, who
have already borne large sacrifices.

While the members of our association are
willing cheerfully to endure any necessary
sacrifices for the complete subjugation of
these desperadoes and villains, we respectfully
ask your favorable consideration of the means herein set forth: believing that by granting
our request the prime object of your orders will be to an extent accomplished.

In my judgment the views set forth in the

would not be prejudiced by extending the limit as suggested.

These from Mobile and Pascagoula agree in stating that Capt. Johnson with twenty six thousand troops left Mobile, and that Pascagoula and Mobile are also safe, and that no reception was given Admiral Buchanan off the Mobile fleet at Pascagoula a few evenings ago.

Second time
and at which time Genl. (Buchanan) promised the people that within five days he would open the Yankee blockade off Mobile and this seems to be the only information of any importance they have to communicate.

Lewis F. Constance, Private,

April 7th, 1863.

I am bound to state that I have never received sufficient provisions to satisfy hunger. I know that prisoners have asked the guard for extra rations, but they have been refused. And knowing that I could not with the same success, I have not asked for more food than was given me. Sometimes, very seldom things have been received as much as we expected. We receive coffee once a day. If frequently happening that we don't receive either potatoes or beans during a whole day.

Stomath Dec. 17th 1862.

Mr. P. W. McDowell of Franklin Co., wrote me and says,

About ten days ago I found four white men chopping wood on a land that I had sold to Mr. James under contract. He was to have possession of the land immediately on certain conditions, one of which was that he should pay one half of the cost of clearing the land with his own mules. There was nothing paid in the contract about cutting wood. I gave my hand to give a cord which he is not even paid. On seeing these men I told them that Mr. James had no right to be cutting wood with them. They said they didn't know to do anything away but Mr. James had first cut wood. They started in the same to see Mr. James - on the way we met James. He turned them back. I heard him exclaim and cut the cord or something. I did not speak with him, and have not spoken with him for three years. I understand that now John Jones is working there. I have not spoken with him for three years. Archer, a black man, age 47, formerly a slave of R. H. Pitman, of St. Charles County, about nine months ago gave information to the Home Guards, of disloyal meetings & secreted arms. Subsequently it was discovered that he had done so, & his life was in danger from those on whom he had informed, who openly threatened to shoot him. He then ran away, & came to St. Louis, obtained military protection from Brevoort Marshal, Feb 27, & hired himself to W. G. Eliot. On 27th March, his master sent John Pitman (his brother), to arrest him. A most brutal attack was made on him by three men, armed with pistols, knives and bludgeons. They beat him unmercifully & took him off in a wagon. This occurred on W. Eliot's grounds, but to his absence from home. By order of the Brevoort Marshal, the captors were punished, two of them were placed in prison, & Archer was restored to Eliot service.
He now holds Military protection in these words, "Head Qu. Dep't of the Missouri.
St. Louis, Mar. 25th 63

"The black man 'Archer' 47 yr old, 5 ft 8,\nclaimed as a slave by Hickman Pitman of St. Clair
County, is declared under protection of the military authorities until the question of the loyalty of disloyalty of Hickman Pitman is established. Until further orders from these Headquarters, all persons are forbid interfering with said "Archer", who is a resident with Rev. Seabrook of St. Louis County.

By Command Maj. Gen. Curtis

T. D. Dwight

Capt. 4th Provo. Inf."

McClint has made written offer to buy Archer, at any price that Mr Pitman would fix, (promising to emancipate him the same day), but Pitman refused, with renewed threats of violence.

"Archer" now applies for Free papers, in such form that they can be recorded, on the ground:

1. Of his having rendered important service to the Government.
2. Of his life being in danger, if he should return to his master's neighborhood.
3. Of the disloyalty of his master.
4. Of the brutal treatment he received when under military protection.
5. Of the continued danger of being kidnapped.

Pitman is well known to be a disloyal man, & evidence to this effect (by Judge Barton Bates, & others) is now on file in the Provost Marshall's office.

Personally appeared Joseph Conway and makes the following statement:

I reside in St. Louis County and have always lived there—am now 56 years of age. I have two slaves at home.

About the month of August 1862, a girl fifteen years old named Delila Conway called "Judy" or "Judgy" then belonging to me ran away. The first James of this city wrote to me about a month after she left me that she was at his house—I made arrangements for her to stay with Mr. Jones. I have never seen the girl since she left me until now—I identify the girl now present who calls herself Alice Lewis as being my slave as above mentioned. I am a loyal man and always have been, except that I am opposed to the policy of the Government and the subjugation of the South and emancipation by the General government as announced by the President's proclamation. I think the South has been oppressed by the Government and my sympathies are with them. That for Mr. Conway.

Says that the dis-loyal curators of St. Charles College are trying to get it out of the hands of the Militia and into their own hands.

Soon every hand that has the least affection for Militia will have it.
Sir, Columbia, the 9th day of March,

Mr. James B. Brewster,

Chairman.

An effort is now making by the

court of the senators of St. Charles College to

have not taken the oath of allegiance pro-

vider by the last Legislature of the 1st day

of April to get possession of the college now

in the hands of the Military. Their object

no doubt is to have one of their men to

take up a school of Province of Fulton or

there selected. 

I write this to express my opinion.

W. H. Adamson, Edward A. Lewis, Dennis Webster

and F. B. French, all of whom I have seen

knowing that the Governor, Mr. Morgan, has

not taken the oath; and as such to acquire the oath of

them. They disregard it. (Lewis took it as hastily)

disregarding Black's own protest. While

myself and one man of the Senate, senators, or have taken the oath.

Rathin, these men of the loyalty cannot control

the institution, must leave it in the hands of

the Military. Though we also want a school if

can be under the control of loyal men

d. loyal Teachers. An application may be
made at headquarters for the purposes stated.
I thought it best to advise you

Very respectfully,

Rec'd 10 Oct 1863
The State of West Virginia, to C. H. C. W. Grant, Esq.

In the District Court of the United States for the State of West Virginia.

In the matter of the application of the United States against Charles Morgan, a loyal citizen of Marion County, West Virginia, for the release of certain property seized and detained by troops under command of Colonel Morgan, who is a Military Commander acting under authority of the so-called Southern Confederacy, and that the said Morgan himself is now held in confinement by said authority, and that Charles Morgan and William Morgan are persons of known disloyal sentiments, and therefore it appears that the seizure and detaining of said Charles Morgan and William Morgan as hostages is necessary to effect the release and safe detention of said Morgan, and you are hereby directed to sequeze the said Charles Morgan and William Morgan to be held as hostages for the release and safe detention of the said Morgan, and that said order may be returned to me on this warrant, and you have executed the same and produce here, also the bodies of the said Charles Morgan and William Morgan. This warrant is issued by virtue of the Act of the General Assembly of West Virginia passed July 4, 1863 entitled "An Act authorizing the Governor to arrest disloyal

I have the honor to send you four prisoners, named C. H. Goss, Francis Devereux, John Frazer & William Webster. The General County Department orders, that they, having taken the oath of allegiance, will be released at Wheeling & ordered to go to the States of Ohio or Penn. or further North. You will see, that they are immediately ordered on their arrival at Wheeling. If in the case of Devereux, who lives on Wheeling, it now at home, you consider it just, to allow him the privileges of the city, kindly do so & forbid him to cross into the interior of the State.

Very Order of C. H. Goss
