Title 20—DEPARTMENT OF
COMMERCE AND INSURANCE
Division 2220—State Board of Pharmacy
Chapter 7—Licensing

20 CSR 2220-7.010 General Licensing Rules

PURPOSE: This rule defines terms used and
general requirements governing board licensing
activities as used in Chapter 7.

(1) Definitions.
(A) ACPE—Accreditation Council for
Pharmacy Education.
(B) Accredited school/college of pharma-
cy—a school or college of pharmacy accred-
ited by ACPE.
(C) Approved school/college of pharma-
cy—a Missouri school or college of pharmacy
whose curriculum, physical equipment,
course of instruction, and teaching personnel
conform to ACPE standards and specifi-
cations and that has been recognized by the
board as an approved school/college for phar-
macy practice experience pursuant to 20 CSR
2220-7.027.
(D) Board—the Missouri State Board of
Pharmacy.
(E) Foreign school/college—a school/col-
lege of pharmacy that is not located in the
United States or a United States territory.
(F) MPJE—Multistate Pharmacy Jurispru-
dence Examination.
(G) NABP—National Association of Boards
of Pharmacy.
(H) NAPLEX—North American Pharma-
cist Licensure Examination.

(2) An application shall not be considered
filed if it has to be returned to the applicant
for an incorrect or missing fee, an incomplete
or missing college affidavit, or an incomplete
or missing signature or notarization. In this
instance, the application will be returned to
the applicant and will not be deemed filed
until it has been returned with all corrections
made. An application shall be deemed invalid
if the applicant fails to submit all information
required to complete the application within
six (6) months after the application is
received by the board.

(3) No duplicate license or registration shall
be issued except upon the return of the origi-
al or upon an affidavit from the licensee that
the certificate has been lost, stolen, or
destroyed. The duplicate certificate, license,
or registration fee shall accompany the affi-
davit.

(4) Except as otherwise provided, all licens-
ing and registration fees required by the rules
of the board are nonrefundable.

(5) A copy of proof of licensure/registration
from the board’s official website may be used
as proof of licensure by an applicant until a
hard copy license/registration has been received from the board.

(6) Failure to receive a renewal notice or
application from the board shall not excuse
the licensee/registrant from any renewal
requirements established by Chapter 338,
RSMo, or by rule of the board.

(7) Except as otherwise determined by the
board, a pharmacist applicant shall be eligi-
ble for a temporary authorization letter to
practice pharmacy pending final board
approval of the applicant’s pharmacist license
if the applicant has submitted a complete
pharmacist application to the board and has
successfully passed all required examinations
(NAPLEX and/or MPJE).

(A) Applicants not eligible for a temporary
authorization letter may apply for a technician
registration pursuant to the rules of the board.

(B) Applicants required to apply for a tech-
nician registration will not be required to pro-
vide fingerprints if all fingerprinting require-
ments have previously been fulfilled and the
fingerprints were submitted less than six (6)
months before the board’s receipt of the
application for technician registration.

AUTHORITY: sections 338.020, 338.040,
338.070, and 338.280, RSMo 2000, and sec-
tions 338.030, 338.043, and 338.140, RSMo
Supp. 2012.* Original rule filed Jan. 10,

*Original authority: 338.020, RSMo 1939, amended 1947,
amended 1997, 2001; and 338.140, RSMo 1939, amended

20 CSR 2220-7.025 Intern Pharmacist
Licensure

PURPOSE: This rule establishes require-
ments for intern pharmacist licensure and
pharmacy practice experience.

(1) The provisions of this rule shall be appli-
cable to individuals seeking to earn pharmacy
practice experience in Missouri.

(2) Requirements for Licensure. Every per-
son who desires to gain pharmacy practice
experience in Missouri shall first apply for an
intern pharmacist license. Application for
licensure shall be made on forms provided by
the board and shall be accompanied by the
application fee. To be eligible for licensure,
the applicant shall—
(A) Be currently enrolled in or graduated
from a school or college of pharmacy that is
accredited by the Accreditation Council for
Pharmacy Education (ACPE); and
(B) Submit proof of fingerprinting as
required by 20 CSR 2220-7.090.

(3) Site/Preceptor Approval. After licensure,
an intern pharmacist shall only be authorized
to earn pharmacy practice experience in a site
approved by the board and under the supervi-
sion of a board-approved preceptor. Requests
for site and preceptor approval shall be sub-
mitted on a form provided by the board. The
board may request additional information,
interivew program participants, or complete
site inspections before a decision on an appli-
cation is made. The intern pharmacist will
receive confirmation from the board office
noting approval of the site and preceptor and
a start date after which pharmacy practice
experience may be counted. In no event shall
an intern pharmacist be credited for hours
earned prior to being licensed by the board as
an intern pharmacist.

(A) Site Approval. The board shall only
approve a site for pharmacy practice experi-
cence if the site holds a pharmacy license from
a United States (U.S.) state or territory and
such license is not under disciplinary action
with the licensing entity.

(B) Special Sites. An individual or
entity/facility may petition the board to
approve an entity/facility that is not a licensed
pharmacy for purposes of intern training as a
special site if the pharmacy practice experi-
ce to be earned complies with 20 CSR
2220-7.030(1)(A). Requests shall be made
on a form provided by the board and shall
include a detailed description of the phar-
macy practice experience to be earned.

(C) Preceptor Approval. To be eligible for
approval, a supervising preceptor shall hold
a pharmacist license from a U.S. state or ter-
ritory and such license is active and not
under disciplinary action in such U.S. state or
territory. An individual/entity may peti-
tion the board to approve a preceptor that is
not a Missouri-licensed pharmacist on a
form provided by the board. The board may,
in its discretion, approve a non-pharmacist preceptor if the preceptor is sufficiently qualified to train interns in the proposed pharmacy practice experience area(s) and the experience to be earned complies with the provisions of 20 CSR 2220-7.030(1)(A)3.

(D) Students enrolled in an approved school/college of pharmacy shall be authorized to earn experience as part of their school/college curriculum at any site or with any preceptor approved by the board for the school/college. However, students desiring to earn pharmacy practice experience outside of, or in addition to, the training/experience required as part of the curriculum of an approved school/college of pharmacy (i.e., non-school related summer employment) shall comply with the provisions of this rule for the additional hours earned and shall separately request prior approval by the board of the site/preceptor to be used.

(4) Calculation of Hours. An intern pharmacist shall only be given credit for hours earned in activities related to the practice of pharmacy as determined by the board or connected with pharmaceutical or patient-centered care through the interpretation and evaluation of prescription orders; the compounding, dispensing, and labeling of drugs and devices pursuant to prescription orders; the proper and safe storage of drugs and devices and the maintenance of proper records of them; or consultation with patients and other health care practitioners about the safe and effective use of drugs and devices.

(A) Except as otherwise provided herein, an intern pharmacist shall only receive credit for pharmacy practice experience that is earned after the date of licensure as an intern, at an approved site and under the supervision of an approved preceptor.

(B) Certification of Hours. An intern pharmacist shall file a Preceptor’s Affidavit of Internship Hours at the completion of his/her pharmacy practice experience on a form provided by the board. The report shall identify the pharmacy practice experience hours earned at each approved training site and shall be signed by the supervising preceptor. No credit shall be granted for hours not reported to the board. In lieu of the preceptor affidavit, an approved school/college of pharmacy shall certify to the board the pharmacy practice experience earned by each student as part of the required curriculum. Certification shall be submitted by the approved school/college of pharmacy upon the student’s graduation or within thirty (30) days after the student is no longer enrolled in the pharmacy school/college.

(C) An intern pharmacist shall not be allowed or granted more than forty-eight (48) hours of intern credit each week. An intern pharmacist shall not be credited for hours earned while practicing/working as a pharmacy technician.

(D) The board shall not certify or verify any pharmacy practice experience gained in Missouri unless the pharmacy practice experience complies with the requirements of this rule. Additionally, the board will not certify or verify hours earned by a student if the board does not receive certification from the preceptor or the school/college documenting the hours required by this rule.

(5) Change of Intern Location/Preceptor.

Except as provided for students of an approved school/college of pharmacy, an intern pharmacist shall promptly notify the board of a change in intern site/preceptor and shall request approval of the site/preceptor to be used. If approved, the intern pharmacist shall not be credited for hours earned more than ten (10) days prior to the date the approval request is filed with the board. No credit shall be granted for hours earned if the request for site/preceptor approval is subsequently disapproved by the board.

(6) Intern pharmacists shall file an application to renew their intern pharmacist license between October 1 and December 31 of each even-numbered year. Applications shall be made on a form provided by the board and accompanied by the renewal fee.

20 CSR 2220-7.027 Approved Missouri Schools/Collages of Pharmacy

PURPOSE: This rule establishes requirements for approval of pharmacy practice experience earned as part of the curriculum of a Missouri school/collage of pharmacy.

(1) Upon request, the board may approve a Missouri school/collage of pharmacy for purposes of providing pharmacy practice experience to enrolled students. To be eligible for approval, the school/collage of pharmacy shall be located in Missouri and shall—

(A) Be accredited by the Accreditation Council for Pharmacy Education (ACPE);

(B) Require as part of the school/collage curriculum or training, a minimum of one thousand five hundred (1,500) hours of pharmacy practice experience in activities related to the practice of pharmacy as determined by the board or connected with pharmaceutical or patient-centered care through the interpretation and evaluation of prescription orders; the compounding, dispensing, and labeling of drugs and devices pursuant to prescription orders; the proper and safe storage of drugs and devices and the maintenance of proper records of them; the administration of immunizations; or consultation with patients and other health care practitioners about the safe and effective use of drugs and devices;

(C) Submit a list of all preceptors and sites that will be used within the school/collage curriculum for pharmacy practice experience; and

(D) Submit the school’s/collage’s policies and procedures for obtaining practice experience for board approval. The policies and procedures shall include policies/procedures for student training, approving sites/preceptors, and monitoring practice experience activities.

(2) The board may, in its discretion, approve a Missouri school/collage of pharmacy if the policies or procedures do not comply with the pharmacy practice experience requirements of this rule or Chapter 338, RSMo. The policies and procedures shall be resubmitted annually to the board for approval or as otherwise requested by the board.

(3) Site/Preceptor Approval. An approved school shall submit to the board for approval a list of all preceptors and sites that will be used within the school’s curriculum for pharmacy practice experience. Except as otherwise provided in section (5) of this rule, sites/preceptors must be approved by the board before the site or preceptor can be used. Once approved, intern pharmacists shall be authorized to earn pharmacy practice experience required by an approved school’s curriculum/training requirements at any site or with any preceptor approved by the board for the student’s school/collage. To be eligible for approval, sites and preceptor approval shall meet the requirements of 20 CSR 2220-7.025(3).

(4) Exemptions. An approved school/collage may file a request with the executive director to temporarily approve a site/preceptor if an approved site/preceptor is anticipated to be unavailable for a period likely to exceed seven (7) days. Transfer of the intern pharmacist is deemed necessary to ensure compliance with
20 CSR 2220-7.030 Pharmacist Licensure by Examination

PURPOSE: This rule establishes licensure requirements for examination applicants that have graduated from an accredited college/school of pharmacy.

(1) Examination Applications.
(A) Graduates of a college/school of pharmacy who have graduated from an accredited college/school of pharmacy accredited by the Accreditation Council for Pharmacy Education (ACPE) or an equivalent federally-recognized accrediting body shall be eligible to apply for examination.

(2) Test Scheduling. When an application has been completed, the executive director will schedule testing dates for the National Association of Boards of Pharmacy (NABP) automated examinations. If the applicant successfully passes both the NAPLEX and the MPJE, the candidate shall be issued a Missouri pharmacist license.

(3) Testing. Applicants for licensure by examination shall successfully pass both the NAPLEX and the MPJE. To successfully pass, a minimum score of seventy-five (75) is required for each of the required examinations. Upon approval by the board and successful completion of the NAPLEX and MPJE, the applicant shall be issued a Missouri pharmacist license.

(4) Retesting. If an applicant fails to achieve a score of seventy-five (75) on both the NAPLEX and the MPJE, the candidate shall be required to retake and pass the failed examination(s) before retesting is possible. The board may establish a date after which the candidate shall be required to retake and pass the failed examination(s) before retesting is possible.

(5) Certification of Hours. An approved school/college shall certify the pharmacy practice experience earned by a student to the board upon the student’s graduation or within thirty (30) days after the student is no longer enrolled in the pharmacy program. The board will not verify or certify hours earned by a student as part of the curriculum of a recognized school/college if the board does not receive certification from the school/college documenting the hours earned. An intern pharmacist shall not be granted credit for hours earned while practicing/work as a pharmacy technician.

20 CSR 2220-7.040 Foreign Graduates

PURPOSE: This rule establishes licensure requirements for pharmacist applicants who are graduates from a pharmacy school/college not located in the United States or a United States territory.

(1) Definitions.
(A) Foreign school/college—For purposes of this rule, a foreign school/college shall be defined as a school/college of pharmacy that is not located in a United States (U.S.) state/territory.
(B) Preliminary evaluation application—
The Application for Preliminary Evaluation of Foreign Pharmacy School Graduate provided by the board for graduates of a foreign school/college.

(2) Applicability. The provisions of this rule are applicable to all graduates of a foreign school/college, including, graduates currently or previously licensed as a pharmacist by another U.S. state/territory. Graduates from a foreign school/college of pharmacy shall comply with the provisions of this rule prior to filing an examination application, an application for pharmacist licensure, or a reciprocity application.

(3) Prior to applying for pharmacist licensure/examination, graduates of a foreign school/college shall first obtain Foreign Pharmacy Graduate Equivalency Certification (FPGEC) from the National Association of Boards of Pharmacy Foundation Foreign Pharmacy Graduate Examination Committee. Potential applicants shall pay all fees and comply with all application/certification procedures required by the National Association of Boards of Pharmacy Foundation Foreign Pharmacy Graduate Examination Committee.

(4) After receiving FPGEC, applicants shall file an application for preliminary evaluation with the board. Applications shall be submitted on a form provided by the board and accompanied by the application fee. The preliminary evaluation application shall include:
(A) A copy of a certificate showing proof of name, date of birth, and place of birth by one (1) of the following methods: 1. Birth certificate; 2. Baptismal certificate; or 3. Notarized statement from an authorized governmental agency.
(B) Documentation of name change, if the name on the credentials supplied for evaluation purposes is different than the name appearing on the application;
(C) Proof of fingerprinting as required by 20 CSR 2220-7.090;
(D) A copy of the applicant’s FPGEC certificate;
(E) Proof of U.S. citizenship or, if the applicant is not a U.S. citizen, a copy of current visa, along with a copy of a U.S. employment authorization document such as an Alien Registration Receipt Card, Form I-551 or Employment Authorization Card Form I-688-B, or any other document approved or issued by the U.S. government permitting employment in the U.S.; and
(F) Documentation as required by the board showing proof of one thousand five hundred (1,500) hours of pharmacy practice experience relation to the practice of pharmacy or proof that the applicant has maintained an active pharmacist license in another U.S. state/territory for a period of not less than one (1) year. To be eligible for licensure, the one thousand five hundred (1,500) hours of pharmacy practice experience must have been earned in a U.S. state/territory after the date the applicant obtained FPGEC certification. Applicants who have not yet completed the one thousand five hundred (1,500) hours experience requirement shall apply for licensure as an intern pharmacist and shall complete the required one thousand five hundred (1,500) hours before the applicant's preliminary evaluation application is approved.

(5) Reciprocity/License Transfer. After the preliminary evaluation application has been approved by the board, graduates of a foreign school/college that are currently licensed in another U.S. state/territory shall be governed by, and shall apply for licensure by license transfer/reciprocity pursuant to, 20 CSR 2220-7.050.

(6) Test Scheduling for Foreign Graduates: Applying for Licensure by Examination. When an application has been completed, the board shall notify an applicant if he/she is eligible for the North American Pharmacist Licensure Examination (NAPLEX) and/or Multistate Pharmacy Jurisprudence Examination (MPJE) examinations. The applicant shall schedule test dates for both the NAPLEX and MPJE with the National Association of Boards of Pharmacy (NABP). The applicant must take the examination(s) within three hundred sixty-five (365) days after having been determined eligible for examination by the board. If the applicant does not take the examination within three hundred sixty-five (365) days, the applicant shall be required to reapply to the board for examination/licensure and again pay the examination application fee.

(B) A determination by the board that an applicant is eligible for examination does not guarantee that the applicant will be issued a Missouri pharmacist license. The board reserves the right to deny an applicant for licensure that has been approved to take the required examinations as authorized by Missouri law.

(7) Testing. Applicants for licensure by examination shall successfully pass both the NAPLEX and the MPJE examinations. A minimum score of seventy-five (75) is required for each of the required examinations. Upon approval by the board and successful completion of the NAPLEX and MPJE, the board may issue a pharmacist license to the applicant.

(8) Retesting. If an applicant fails to achieve a score of seventy-five (75) on both the NAPLEX and MPJE, the candidate shall retake and pass the failed examination(s) before a license can be issued. Any applicant who fails to achieve a passing score on either of the examinations shall file an application for reexamination with the board and pay the examination application fee each time. All examinations are scored independently and may be retaken independently.

(A) The board shall review and approve any applicant that fails the NAPLEX or MPJE two (2) consecutive times prior to the applicant being declared eligible to retest. A candidate shall not be declared eligible to retest under this subsection until approved by the board. In lieu of disapproval, the board may establish a date after which the candidate shall be eligible to retest or may establish additional training or study requirements to be completed before authorization to retest is granted.

(B) Application for reexamination shall be made on a form provided by the board. Fees for reexamination shall be non-refundable.

(9) Upon approval by the board and successful completion of the NAPLEX and MPJE, the board shall issue a pharmacist license to the applicant.

(10) A preliminary evaluation application shall be deemed invalid if the applicant fails to submit all information required to complete the application within six (6) months after the application is received by the board.
However, a preliminary evaluation application shall not be deemed invalid if the applicant has applied for licensure as a Missouri intern pharmacist to complete the required pharmacy practice experience and has completed all other preliminary application requirements, provided the application shall be deemed void if the applicant fails to complete the required pharmacy practice experience within two (2) years from the date the preliminary evaluation application was initially received by the board.

20 CSR 2220-7.050 License Transfer/Reciprocity

PURPOSE: This rule establishes requirements for applicants for pharmacist licensure by license transfer/reciprocity.

(1) The provisions of this rule shall be applicable to applicants for pharmacist licensure that are currently registered or licensed as a pharmacist in another United States (U.S.) state/territory who desire to be licensed by reciprocity or license transfer.

(2) Foreign Graduates. Graduates of a school/college of pharmacy not located in a U.S. state/territory shall first comply with 20 CSR 2220-7.040.

(3) Individuals seeking licensure by license transfer/reciprocity shall first file a preliminary application for license transfer with the National Association of Boards of Pharmacy (NABP). Potential applicants shall pay all NABP required fees and comply with all applicable NABP requirements.

(A) After NABP’s review of the preliminary application, NABP will forward the official application for license transfer/reciprocity to the applicant which shall be completed and filed with the board along with the application fee. The official application shall be notarized and shall be accompanied by proof of fingerprinting as required by 20 CSR 2220-7.090.

(B) The NABP official application shall be submitted to the board no more than three (3) months from the issue date of the official application as designated by NABP. If the official application is not submitted to the board within the required three (3) months, the applicant shall be required to apply to NABP for reevaluation of their application and for an extension of the NABP issuance date. Applicants shall complete all reevaluation/extension requirements and pay all applicable fees required by NABP.

(4) Applicants for license transfer/reciprocity shall pass the Multistate Pharmacy Jurisprudence Examination (MPJE) for Missouri. Upon review of the official application, the board shall notify NABP if the applicant is eligible to take the MPJE. A minimum score of seventy-five (75) is required for each of the required examinations. To be eligible for examination, the applicant shall—

(A) Be currently registered or licensed as a pharmacist in another U.S. state/territory;

(B) Have been licensed as a pharmacist by examination in another U.S. state/territory;

(C) Have completed one thousand five hundred (1,500) hours of pharmacy practice experience related to the practice of pharmacy as determined by the board or shall have maintained an active pharmacist license for a period of not less than one (1) year in the state from which they are transferring that is not under disciplinary action; and

(D) Submit a copy of the applicant’s Foreign Pharmacy Graduate Equivalency Committee Certification (FPGECC) certificate if the applicant is a graduate of a school/college of pharmacy not located in the United States.

(5) Test Scheduling. When an application has been completed, the board shall notify the applicant if he/she is eligible for the MPJE examination. The applicant shall schedule a testing date for the MPJE. The applicant shall satisfy all testing and scheduling requirements established by NABP and shall be responsible for completing any necessary application(s) and payment of fee(s) for scheduling/taking the examination.

(A) To avoid forfeiture of eligibility, the applicant must take the examination within six (6) months after having been determined eligible by the board for examination. If the applicant does not take the examination within six (6) months, the applicant shall be required to reapply to the board for examination/licensure and again pay the reciprocity application fee.

(B) A determination by the board that an applicant is eligible for examination does not guarantee that the applicant will be issued a Missouri pharmacist license. The board reserves the right to deny an applicant for licensure that has been approved to take the MPJE, as authorized by Missouri law.

(6) Retesting. If an applicant fails to achieve a score of seventy-five (75) on the MPJE, the candidate shall retake and pass the examination before a license can be issued. Applicants who fail to achieve a passing score shall file an application for reexamination with the board and pay the examination application fee each time. All examinations are scored independently and may be retaken independently.

(A) The board shall review and approve any applicant that fails the MPJE two (2) consecutive times prior to the applicant being declared eligible to retest. A candidate shall not be declared eligible to retest under this subsection until approved by the board. In lieu of disapproval, the board may establish a date after which the candidate shall be eligible to retest or may establish additional training or study requirements to be completed before authorization to retest is granted.

(B) Applications for reexamination shall be submitted on a form provided by the board. Fees for reexamination shall be non-refundable.

(7) Upon approval by the board and successful completion of the MPJE, the board may issue a pharmacist license to the applicant. All required fees must be paid prior to approval of a license transfer.

20 CSR 2220-7.060 Score Transfer

PURPOSE: This rule defines requirements for transferring North American Pharmacist Licensure Examination scores to Missouri.

(1) An applicant applying to take the North American Pharmacist Licensure Examination (NAPLEX) in another jurisdiction may have the score transferred to Missouri by completing the NAPLEX score transfer form supplied...
by the National Association of Boards of Pharmacy (NABP). To be eligible for score transfer, the applicant must have achieved a minimum passing score of seventy-five (75) on the NAPLEX. The applicant shall complete all required score transfer forms and pay any applicable fees as established by NABP.

(2) A score transfer applicant shall apply for and shall be required to comply with all applicable licensing/application requirements as otherwise established by Chapter 338, RSMo, and 20 CSR 2220-7.010 through 20 CSR 2220-7.090.

(3) A NAPLEX score transferred to Missouri shall only be deemed valid for a period of five (5) years.

20 CSR 2220-7.070 Temporary Pharmacist License (Post-Graduate Training)

PURPOSE: This rule establishes requirements for obtaining a temporary pharmacist license to practice pharmacy for pharmacists completing post-graduate training programs.

(1) Applicants for Post-Graduate Training. Pursuant to section 338.043, RSMo, a pharmacist licensed or registered in another state may apply for a temporary pharmacist license to complete a post-graduate pharmacy training program in the state of Missouri.

(2) Applicants for a temporary pharmacist license shall file an application on a form provided by the board with the application fee. The application will not be considered unless it is fully completed and properly attested. The application shall include:

(A) The name and signature of a Missouri-licensed pharmacist who will be supervising the applicant. The supervising pharmacist’s license shall be active in Missouri and shall not be under discipline with the board;

(B) The name and address of all locations where the applicant will be practicing and a description of the applicant’s proposed duties;

(C) A portrait photograph which measures two inches by two inches (2” × 2”); and

(D) A protocol which outlines the applicant’s duties. At a minimum, the protocol shall define and include:

1. The type of practice to be performed and a specific job description of professional duties and functions to be completed;
2. The identity of the supervising pharmacist which includes a statement attesting to the ability and understanding of responsibilities involved;
3. A complete listing of all affiliations to be utilized during the licensure period; and
4. A complete listing of all locations where professional services will occur.

(3) A Missouri-licensed pharmacist who agrees to supervise a temporary pharmacist licensee shall conduct general supervision during his/her tenure as supervisor. General supervision is defined as supervision required to ensure the temporary pharmacist licensee is practicing in compliance with Missouri law. In addition, the supervising pharmacist must be available for consultation with the licensee whenever necessary. The supervising pharmacist and the temporary pharmacist licensee shall timely submit reports to the board as may be required through protocol or as requested by the board in assessing outcomes or adherence to board requirements.

(A) No applicant for a temporary pharmacist license shall commence practicing until the temporary pharmacist license is issued.

(B) The board may terminate a temporary pharmacist license at its own discretion if, in the opinion of the board, any of the board requirements have not been adhered to. The license shall be notified in writing by mail when board action results in the termination of a temporary pharmacist license.

(C) A temporary pharmacist licensee shall only be authorized to practice pharmacy at the location(s) identified in the temporary pharmacist’s application for licensure. A temporary pharmacist shall notify the board if the temporary licensee changes his/her supervising pharmacist. The board shall approve a change in supervising pharmacist prior to the supervision commencing. A temporary pharmacist licensee shall not practice under the supervision of a pharmacist without approval of the board.

(D) A temporary pharmacist license issued pursuant to this rule automatically expires at the end of the applicant’s Missouri-based training program identified in the application and protocol. Temporary pharmacist licensees shall not practice pharmacy in this state beyond the expiration date of their temporary license.

(4) The temporary licensing program is not intended to replace or conflict with any requirements or provisions of Missouri law or the rules of the board regarding internships or pharmacy practice experience. Students enrolled in a school/college of pharmacy seeking to rotate through a licensed pharmacy or to gain pharmacy practice experience in Missouri shall not qualify for licensure under this section but may apply for an intern license as governed by the rules of the board.

(5) If a temporary pharmacist licensee desires to acquire a permanent license or desires to practice pharmacy outside the provisions of this rule, then the temporary licensee shall be required to complete all applicable Missouri pharmacist licensure requirements. If a permanent pharmacist application is denied by the board, the temporary pharmacist license shall be considered invalid after notification is sent to the applicant/licensee by certified mail.

attestation shall be submitted with the renewal application and shall truthfully affirm that the licensee has completed all continuing education requirements and that proof of continuing education completion has been maintained by the pharmacist as required by section (2) of this rule. The required continuing education must be completed by the date the renewal is signed or submitted to the board.

(B) A Missouri pharmacist license that has not been renewed by the board on or before October 31 of each even-numbered year shall be deemed expired. Upon expiration, the holder of an expired license shall be deemed no longer licensed and shall not practice pharmacy in the state of Missouri until the license has been renewed by the board. To renew an expired license, the holder shall file a renewal application with the board and shall pay all delinquent fees. A delinquent fee shall not be required if the renewal application was postmarked or submitted via the board’s electronic renewal system on or before October 31 of each even-numbered year. Renewal applications received prior to October 31 that are returned to the applicant for correction will not be considered late and subject to the delinquent fee if the corrected application is returned to the board within thirty (30) days after receipt.

(C) Any person who fails to renew his/her pharmacist license within two (2) years of its expiration shall be treated in the same manner as a person who has never been licensed and shall be required to file a new pharmacist license application with the board.

(2) Required Hours. As a condition of renewal, all active Missouri pharmacist licensees shall complete thirty (30) hours of continuing education during the two (2) year continuing education reporting period preceding renewal of the license. For purposes of this rule, the reporting period is the twenty-four- (24-) month period beginning on November 1 of even-numbered years and ending on October 31 of even-numbered years. Continuing education hours earned after October 31 of even-numbered years shall apply to the next continuing education period.

(A) A pharmacist first licensed by the board within twelve (12) months immediately preceding the October 31 biennial renewal date shall be exempt from the continuing pharmacy education requirements for that reporting period.

(B) Hours obtained in excess of the thirty (30) hours required by this rule may not be carried forward to satisfy the requirements for the next reporting period.

(3) Continuing Education Course Approval.

(A) Except as otherwise provided herein, continuing education shall only be granted for a post-graduate course that is related to the practice of pharmacy and that is—

1. Approved by the Accreditation Council for Pharmaceutical Education (ACPE) for continuing education;

2. Offered by a state, federal, or local governmental or regulatory agency and approved by the board; or

3. Related to the practice of pharmacy, as approved by the board.

(B) Continuing education courses may include institutes, seminars, lectures, conferences, workshops, extension study, correspondence courses, teaching, professional meetings, self-study courses, and any other methods approved by the board. The courses must be pharmacy related and shall comply with the other continuing education requirements of this rule.

(C) Continuing pharmacy education programs approved by ACPE shall be accepted as approved continuing education courses for purposes of license renewal and are not required to be individually submitted to the board for prior approval.

(D) The board shall not grant continuing education credit for any course that is taken before it is approved by the board or ACPE.

(E) One (1) continuing education contact unit (CEU) will be the equivalent of ten (10) clock hours of participation in programs approved by the board.

(4) Non-ACPE Approved Programs. Programs that are not ACPE approved must be approved by the board prior to being taken as a continuing education course. To be eligible for approval, a program shall provide for evaluation methods or examinations to assure satisfactory completion by participants. Additionally, the person(s) who is to instruct or who is responsible for the delivery or content of the program shall be qualified in the subject matter by education or experience.

(A) Continuing education approval requests shall be submitted to the board on forms provided by the board. The applicant shall provide detailed information relating to administration and organization of the course, teaching staff, educational content and development, methods of delivery, facilities, and evaluation.

(B) Continuing education program approval applications should be submitted at least thirty (30) days prior to the date of the proposed continuing education program, to ensure the program is approved for continuing education credit prior to the course being taken. Applications received less than thirty (30) days prior to the date of the program cannot be guaranteed to be approved prior to the date of the program. No application for approval of continuing education programs will be accepted if received less than ten (10) business days from the date such program is to be offered for continuing education purposes.

(C) Applications returned due to errors or for purposes of requesting more information shall not be considered to be received by the board until the requested corrections and/or information are made and received by the board.

(D) The executive director shall review applications for continuing education programs and may approve or deny such requests. Applicants shall be notified after a decision to approve or deny a program has been made.

(5) Credit for Educational Training.

(A) Any pharmacist who leads, instructs, or lectures to groups of nurses, physicians, pharmacists, or others on pharmacy-related topics in organized continuing education or in-service programs shall be granted continuing education credit for the time expended during actual presentation upon adequate documentation to the board. However, a pharmacist whose responsibility is the education of health professionals shall only be granted continuing education credit for time expended in leading, instructing, or lecturing to groups of physicians, pharmacists, nurses, or others on board-approved pharmacy-related topics in an organized continuing education or in-service program outside of his/her formal responsibilities.

(B) Approval shall be requested using the procedures in section (4) of this rule. Credit for the same presentation or program will only be granted once during a renewal period.

(6) Graduate Studies. Continuing education credit will be given for undergraduate or graduate studies taken as a post-graduate in any regionally accredited pharmacy, medical, or dental educational institution of higher learning. To be eligible for credit, the studies must be related to the practice of pharmacy. Credit for undergraduate/graduate studies authorized by this rule shall be assessed as follows:

(A) 3 hours college credit = 15 CE hours

(B) 2 hours college credit = 10 CE hours

(C) 1 hour college credit = 5 CE hours

(7) Licensees may obtain four (4) hours (0.4 CEU) of continuing education by attending a complete open session of a board meeting at...
which disciplinary hearings are scheduled, subject to the following:

(A) The licensee must sign in with the executive director or designee of the board before the meeting day begins;

(B) Licensees cannot receive continuing education credit for attendance at a board meeting if required to appear before the board;

(C) The licensee must remain in continuous attendance during the open session meeting, provided attendance shall not be required for more than eight (8) hours of an open session meeting. Except as otherwise provided in this section, partial credit will not be given if the licensee is not in attendance for the entire open session meeting;

(D) The maximum continuing education hours allowable for board meeting attendance pursuant to this subsection shall be limited to eight (8) credit hours (0.8 CEU) per biennial pharmacist renewal period.

(8) No information or advertisements shall contain information that a continuing education program has been approved by the board unless the program is accredited by ACPE or notification has been received from the board that the program has been approved.

(9) Inactive Licenses. In lieu of submitting proof of continuing education, a pharmacist may apply for an inactive license at the time of license renewal. To be deemed inactive, the pharmacist shall file a renewal application with the board with the applicable fee and request inactive status on the renewal application. An inactive license shall then be issued and may be renewed at subsequent renewal periods. While the inactive license is in effect, the pharmacist shall not practice pharmacy.

(A) The renewal fee will be the same for active and inactive licenses.

(B) Before an inactive license can be returned to active status, the licensee shall submit proper evidence that he/she has obtained at least fifteen (15) continuing education hours for each year that his/her license was inactive. The licensee may obtain the required continuing education hours during any time period while the license is inactive, as long as the hours are obtained prior to applying for return to active status.

(10) Any licensee who has an expired pharmacist license and seeks to renew the license pursuant to section 338.060.2, RSMo, shall present proper evidence that he/she has obtained the required number of continuing education hours during the period that his/her license was expired.

(11) A pharmacist shall maintain proof of completion of continuing education credits for a minimum of four (4) years after the continuing education has been completed. Licensees shall maintain a completed certification from ACPE or the approved continuing education provider indicating the course name and date of the program, the name of the participant, the date credit was earned, and, if applicable, the ACPE course number.

(12) The board may audit a licensee to assess the authenticity and validity of continuing education hours submitted for relicensure. Failure to provide proof of completion of the required continuing education credits when requested to do so by the board shall be considered a violation.

(A) In accordance with section 338.060, RSMo, any licensee that has not completed and retained the required evidence of all required continuing education shall complete any outstanding continuing education and pay a delinquent fee as provided by this rule and may be subject to disciplinary action pursuant to section 338.055, RSMo. The board may also audit past renewal periods and/or require that proof of continuing education credits be submitted with the licensee’s renewal application.

(B) The following continuing education delinquent fees are applicable:

1. Less than one (1) hour missing one hundred dollars ($100);
2. Two (2) to ten (10) hours missing five hundred dollars ($500);
3. Eleven (11) to fifteen (15) hours missing seven hundred fifty dollars ($750); or
4. Sixteen (16) or more hours missing one thousand dollars ($1,000).

20 CSR 2220-7.090 Fingerprint Requirements

PURPOSE: This rule establishes guidelines for the submission of fingerprints by applicants.

1. Applicants for licensure or registration required to provide fingerprints to the board shall include:

(A) All pharmacist applicants, including, applicants by examination, score transfer, reciprocity/transfer, and foreign graduates;

(B) Drug distributor license manager-in-charge (unless currently licensed as a pharmacist in the state of Missouri);

(C) Pharmacy technician applicants;

(D) Owners with a ten percent (10%) or more interest in a drug distributor applicant (non-publicly held companies only); and

(E) Intern pharmacist applicants.

2. An applicant required to submit fingerprints pursuant to this rule shall submit fingerprints for the purpose of conducting a criminal background check by the Missouri State Highway Patrol (MSHP) and Federal Bureau of Investigation (FBI). The applicant shall provide proof of submission of fingerprints to MSHP’s approved vendor(s) for both a MSHP and FBI criminal history background check. Proof shall consist of any documentation acceptable to the board. Any fees due for a fingerprint background check shall be paid by the applicant directly to the MSHP or its approved vendor(s).

3. Information collected under this criminal history review will be held as confidential in accordance with state and federal laws governing the dissemination of criminal history information.

4. The board may require an applicant to be fingerprinted again and pay any required fingerprinting fees, if the application process is not completed within six (6) months of the board’s receipt of the application.

5. The board may, in the course of an investigation of a licensee, require that fingerprints be submitted for a criminal history background check as provided for in this rule.
