The applicant shall have completed graduate or postgraduate course work in each core area as defined in 20 CSR 2233-2.010(7)(A)-(F).

(2) When evaluating transcripts based on a quarter hour system, the state committee shall consider a quarter hour of academic credit as two-thirds (2/3) of a semester hour. A semester hour of credit shall be defined as fifteen (15) clock hours of regularly scheduled classroom study.

(3) An applicant for licensure or supervision shall have completed the following:

(A) Three (3) semester hours or five (5) quarter hours of study in the area of theoretical foundations of marriage and family therapy; and

An official transcript from the college, university, or other institution of higher learning outside of the United States must be sent to the committee. If the applicant’s official transcript is not in English, the applicant shall obtain a credential evaluation from a nationally recognized translation service that compares the courses listed on the transcript with U.S. standards, in order to determine content and equivalency in terms of U.S. education. The applicant shall authorize the release of the translation to the committee. Any costs associated with the translation are the applicant’s responsibility.

(A) A graduate program in marriage and family therapy shall consist of at least forty-five (45) semester hours or sixty (60) quarter hours of study in the area of marriage and family therapy; or

A final determination of whether the program of study which formed the basis of the applicant’s degree was marriage and family therapy or a mental health discipline is within the discretion of the state committee.

(11) The state committee shall review an applicant’s educational credentials upon request from an applicant and upon receipt of official educational transcripts received directly from the university or post-degree institute accredited by an accrediting body which has been approved by the United States Department of Education and upon payment of the fee as defined in 20 CSR 2233-1.040(1)(H).
