Chapter 2—Licensure Requirements for Veterinarians

Title 20—DEPARTMENT OF COMMERCE AND INSURANCE
Division 2270—Missouri Veterinary Medical Board
Chapter 2—Licensure Requirements for Veterinarians

20 CSR 2270-2.011 Educational Requirements

PURPOSE: This rule defines the educational requirements for an individual to be licensed as a veterinarian in Missouri.

(1) To meet the educational requirements for licensure to practice veterinary medicine in Missouri, an applicant must have received a doctor of veterinary medicine degree or its equivalent from a university or school that is accredited by the American Veterinary Medical Association (AVMA).

(2) In the alternative, an applicant must have graduated from an AVMA-listed, nonaccredited university or school of veterinary medicine located inside or outside the United States, its territories or Canada. This degree must be accompanied by proof satisfactory to the board that s/he has earned and currently holds an Educational Commission of Foreign Veterinary Graduate (ECFVG) certificate provided by the AVMA or its successor.

20 CSR 2270-2.021 Internship or Veterinary Candidacy Program

PURPOSE: This rule describes the postgraduate internship program required for licensure as a veterinarian.

(1) All applicants for licensure by examination shall complete a three hundred twenty (320) hour postgraduate internship or veterinary candidacy program under the supervision of a licensed veterinarian in good standing or demonstrate the practice of veterinary medicine without encumbrance in another state or jurisdiction at least twelve (12) months prior to application for licensure in Missouri. To be in good standing the veterinarian’s license(s) must be current and unencumbered. The postgraduate internship or veterinary candidacy program may be completed in any state, territory or district of the United States or Canada. The postgraduate internship or veterinary candidacy program located outside the United States must be approved by the board. The applicant must submit a request for approval in writing and provide the credentials of the supervising veterinarian.

(2) The supervising veterinarian shall submit an evaluation form stating that the applicant has satisfactorily completed the internship or veterinary candidacy program. The form is available upon request from the executive director, Missouri Veterinary Medical Board, PO Box 633, Jefferson City, MO 65102.

(3) The purpose of the internship or veterinary candidacy program is to provide the applicant with at least three hundred twenty (320) hours of work experience in veterinary medicine under supervision prior to licensure.

(A) This experience shall include, at a minimum, diagnosis, treatment, surgery and practice management.

(B) No more than twelve (12) hours in any single day shall be counted as part of the three hundred twenty (320) hours.

(4) An applicant may complete the internship or veterinary candidacy program under a provisional license at any time after graduation. He/she may take the examinations for licensure prior to the internship or veterinary candidacy program.

(5) Completion of a student preceptor program which is recognized and approved by the board prior to graduation may be substituted for the internship or veterinary candidacy program. The board shall have the sole discretion as to whether or not the preceptor program will qualify in lieu of the internship or veterinary candidacy program. This program shall be defined by the curriculum of the veterinary school or university and must include a minimum of three hundred twenty (320) hours of work experience in the following areas: diagnosis, treatment, surgery, and practice management. The student preceptor program may not begin before the start of the student’s third year and must be completed prior to the date of graduation or demonstration that the applicant has practiced in another state or jurisdiction for the preceding twelve (12) months prior to application for licensure in Missouri and that the applicant’s license(s) in another state or jurisdiction has never been the subject of any disciplinary action. A student preceptor program located outside the United States must be pre-approved by the board. The applicant must submit a request for approval in writing and provide the credentials of the supervising veterinarian.

(6) Any school or university that wishes to submit a student preceptorship program for board approval shall send a photocopy of the description of the program from the veterinary school’s curriculum to the board office.

(7) For a student preceptorship to qualify in lieu of an internship or a veterinary candidacy program, an evaluation form must be submitted to the board office. The form is available upon request from the executive director, Missouri Veterinary Medical Board, PO Box 633, Jefferson City, MO 65102.

20 CSR 2270-2.031 Examinations

PURPOSE: This rule describes the examination and passing scores required for licensure as a veterinarian.

(1) All applicants for licensure as veterinarians in Missouri shall take both—

(A) The North American Veterinary Licensing Examination (NAVLE).

1. The deadline for applying to take the NAVLE shall be August 1 and January 3 prior to each test window; and

(B) The Missouri State Board Examination.

1. The board determines if an applicant is eligible to sit for the examination by reviewing the application and documentation required. No applicant will be approved to sit for the examination until their application file is complete.

(2) Applicants shall submit—
(A) The application for licensure and the registration fee to the Missouri Veterinary Medical Board;

(B) The NAVLE application and fee directly to the National Board of Veterinary Medical Examiners (NBVME); and

(C) The fee for the Missouri State Board Examination to the board’s designated testing agency.

(3) The passing score on the NAVLE shall be the minimum criterion referenced score as provided by the testing agency. The passing score on the Missouri State Board Examination shall be seventy percent (70%).

(4) The requirements for transfer of the NAVLE scores are described under section 340.234, RSMo.

(5) The NAVLE and the Missouri State Board Examinations will be administered at least once each year. Veterinary students within six months of graduation may apply to take once each year. Veterinary students within six months of graduation may apply to take once each year. Examinations will be administered at least five times either in or out of Missouri to qualify for the Missouri State Board Examination to the board’s designated testing agency.

(3) Effective August 28, 1999, no person may take any examination more than four (4) times either in or out of Missouri to qualify for licensure in Missouri. Prior to making application for the fourth attempt at passage of the examination, the applicant shall schedule an appearance with the board to outline a continuing education program which shall be board-approved and completed prior to filing an application for the subsequent examination.

(2) Applicants shall submit—

(A) The application for licensure and the registration fee to the Missouri Veterinary Medical Board;

(3) Effective August 28, 1999, no person may take any examination more than four (4) times either in or out of Missouri to qualify for licensure in Missouri. Prior to making application for the fourth attempt at passage of the examination, the applicant shall schedule an appearance with the board to outline a continuing education program which shall be board-approved and completed prior to filing an application for the subsequent examination.

20 CSR 2270-2.051 Licensure (Exception)

PURPOSE: This rule provides for an exception to the requirements of licensure for university veterinary school or college faculty members who are graduates of non-American Veterinary Medical Association accredited universities and who do not have an Educational Commission of Foreign Veterinary Graduate certificate but are American Veterinary Medical Association board-certified.

(1) Faculty members at an American Veterinary Medical Association (AVMA)-accredited college or university who are AVMA board-certified but did not graduate from an AVMA-accredited college of veterinary medicine may apply to the board for a veterinary license under the following conditions:

(B) Submitting a letter from the AVMA certification board verifying the applicant’s certification and stating the specialty in which the applicant is certified and the date it was granted.

(2) A license issued under this rule shall restrict the licensee to practice only within the university setting where s/he is employed as a member of the faculty and only in the specialty area listed on his/her board certificate.

20 CSR 2270-2.052 Faculty Licensure

PURPOSE: This rule establishes a restricted veterinary license for faculty at the University of Missouri College of Veterinary Medicine.

(1) The board may issue a veterinary faculty license to any qualified applicant associated with the University of Missouri-Columbia, College of Veterinary Medicine, and involved in the instructional program of either undergraduate or graduate veterinary medical students. In order to qualify for a faculty license, the applicant must—

(C) Take and pass the State Board Examination.

(3) A faculty license will qualify a veterinarian to apply for federal accreditation with the United States Department of Agriculture (USDA) or deputyship with the Missouri Department of Agriculture. However, the accreditation is only valid under the umbrella of the university as to the restriction of the license.

(4) A license issued under this rule shall restrict the licensee to practice only on behalf of the University of Missouri where s/he is employed as a member of the faculty. This shall include both on-site and ambulatory practice settings.

(5) A license issued under this rule shall expire upon termination of the licensee’s employment by the university. The licensee shall notify the board immediately upon termination of his/her employment.

(6) The applicant shall submit the registration fee and the faculty license fee.

(7) All licenses issued under this rule shall have the word “Faculty” on them.

**PURPOSE:** This rule provides the procedures and requirements for obtaining a provisional license in Missouri.

(1) A provisional license may be issued pursuant to section 340.246, RSMo to a qualified applicant for licensure pending examination results and completion of the internship or veterinary candidacy program, if the applicant meets the requirements for licensure and provided that the applicant is working under the supervision of a licensed veterinarian in good standing. (5) Only one (1) provisional license may be issued to any person at the same time.

(6) Provisional licensees are subject to the requirements of Chapter 340, RSMo and these rules.

20 CSR 2270-2.071 Temporary Licenses

(3) Only one (1) temporary license may be issued to any person at the same time.

(4) Temporary licensees are subject to the requirements of Chapter 340, RSMo and these rules.

(Rescinded June 30, 2022)

20 CSR 2270-2.080 Military Training to Meet Requirements for Licensure

PURPOSE: This rule requires the board to accept evidence of military education, training, or service to be applied toward the requirements for licensure.

(1) Any applicant for licensure may, as part of the evidence of meeting the requisite educational and/or training requirements for licensure, submit evidence of military experience as a member of the military.

(2) The board shall review the evidence submitted and, if appropriate, make additional inquiry of the applicant to determine the scope and duties of the military experience to determine whether the military experience shall be counted towards the qualifications for licensure.

(3) In its review of the military experience, the board shall evaluate the content and nature of the military experience to determine whether the military experience shall count towards the education, training, or service requirements for licensure. The board shall construe liberally the military experience in determining whether it will count towards the education, training, or service requirements for licensure.

(4) “Military experience” shall mean education, training, or service completed by an applicant while a member of the United States armed forces or reserves, the national guard of any state, the military reserves of any state, or the naval militia of any state.
