11 CSR 75-3.030 Requirements for and Terms of Certification

PURPOSE: This rule defines the requirements for certification upon completion of basic or other training and the terms for maintenance of certification.

(1) Requirements for Certification.

(A) The director or his/her designated representatives shall certify and grant a basic certificate to bailiffs, peace officers and reserve officers who have completed the applicable basic training course and have complied with all applicable Peace Officer Standards and Training (POST) rules or a special certificate to bailiffs, peace officers, reserve officers and chief executive officers (CEOs) who have acquired prior experience, completed other training or education, or a combination of these, in accordance with the Act or which the POST Commission determines to be acceptable as a substitute for the basic training requirement. The basic certificate shall specify the number of hours of basic training completed. The special certificate shall specify the experience acquired or other training or education completed in lieu of basic training.

(B) The successful completion of a basic training course shall be determined by the training facility director, based upon POST rules and subject to the review of the director or his/her designated representatives.

(C) The director or his/her designated representatives may require the passing of a qualifying examination as a condition of certification. Trainees who fail to pass the examination may apply for reexamination no less than thirty (30) days after notification of failure. Trainees also may be required to take supplementary or remedial training before being permitted to retake the examination. Trainees who fail after three (3) attempts to pass the qualifying examination shall repeat the basic training course and pass the qualifying examination in order to become certified. On or after January 1, 1998, the director or his/her designate may require that trainees graduating from a POST certified training center shall pass the Missouri Certification Examination to become certified.

(D) To qualify for basic or special certification, each applicant shall—

1. Provide evidence of having completed the applicable certified basic training course by producing a copy of a diploma or other *indicia* awarded by the training center; and

2. Pass any qualifying examinations and successfully complete any remedial or sup-

plementary training that may be required as a condition of certification.

(E) On or after August 28, 1996, individuals graduating from a POST certified training center and meeting the certification requirements of sections 590.100–590.180, RSMo, shall be issued certification to be eligible for employment as a Missouri peace officer.

1. Starting August 28, 1996, the training center director shall insure that each individual entering a basic training course meets the POST mandated training center entry requirements. The training center director shall complete a POST Certification/Information Form (I-1T), on each student attending basic training, and attach the following:

- A. The results of a criminal background check by the Missouri State Highway Patrol and from the state of residency;
- B. Proof of United States citizenship;
- C. A copy of high school diploma or its equivalent; and
- D. Proof that the applicant is at least eighteen (18) years of age at the beginning of the basic training course.

2. Applicant must be twenty-one (21) years of age at the time certification is issued. If the period of time from training center graduation and his/her twenty-first birthday is greater than ninety (90) days then a criminal background check by the Missouri State Highway Patrol will need to be submitted to Department of Public Safety before certification will be granted.

3. If the individual has a criminal history or the training center director has information that the applicant has committed gross misconduct indicating inability to function as a peace officer, POST approval must be obtained before the applicant may attend the basic training course. Any denial of entry to a POST certified training center shall be in accordance with section 590.135, RSMo.

4. Within thirty-five (35) days prior to the completion of the basic training course the completed Certification/Information Form and supporting documentation will be sent to POST by the training center director. Late applicants shall not be issued certification until the completed Certification/Informational Form and supporting documentation is received and processed by POST. The training center director shall advise the late applicant before admission, in writing, that if the applicant has committed acts in violation of section 590.135, RSMo, s/he shall be dismissed from the academy and/or shall not be certified by POST.

5. The graduate will receive the POST Certification Certificate upon successful

completion of the basic training course. The certificate will be distributed by the training center director. The training center director shall return to POST all POST Certification Certificates of those individuals not graduating.

6. Individuals other than recruits in training centers shall apply directly to the POST Program for certification using the POST Certification Information Form 1-R (see 11 CSR 75-1.010), that is, officers seeking reciprocity from other states, federal law enforcement officers seeking Missouri certification, Missouri certified peace officers seeking a higher level of certification, or officers whose certification has expired applying for peace officer certification.

7. These officers must successfully pass the Missouri Certification Examination to become certified peace officers. Eligibility for examination shall be based on comparable preemployment education as determined by points given for hours of basic training, years of service as a full-time certified peace officer or federal law enforcement officer, advanced degrees, or hours of documented law enforcement continuing education. Ten to fifteen (10–15) points allows a candidate to take the examination and upon passing same becomes certified. Sixteen (16) points or more allows a candidate to take the examination and upon passing, the candidate would become certified for employment in first class charter counties.

8. Candidates who do not have one (1) year of continuous service as a full-time certified peace officer or federal law enforcement officer, or who have less than one hundred twenty (120) hours of basic training are not eligible for examination. Candidates who do not have one (1) year of continuous service as a full-time certified peace officer, but have had significant experience as a certified reserve officer, may appeal to the commission for eligibility of examination, however, no points shall be awarded for years of experience. Candidates trained and certified at less than three hundred (300) hours, after August 28, 1994, or four hundred and seventy (470) hours, after August 28, 1996, shall not be eligible for examination. For the purposes of this rule, the terms defined have the following meanings given to them:

(2) The acceptability of time served as a bailiff, peace officer or reserve officer shall be subject to the determination of the director or his/her designated representatives.

(3) Peace officer or reserve officers employed or appointed in jurisdictions that have not elected to come under the provisions of the Act shall be required, for purposes of certification, to adhere to the minimum applicable basic training requirements if they accept employment or appointment with any law enforcement agency in another jurisdiction that is required or has elected to come under the minimum standards as set forth in the Act and various implementing rules.

(4) Bailiffs employed or appointed prior to January 1, 1995, are considered exempt from the minimum standards and certification requirements as set forth in the Act.

11 CSR 75-3.050 Waivers for Equivalent Training and/or Experience

PURPOSE: This rule sets forth what is considered equivalent training in the certification procedure.

(1) Waivers for Equivalent Training, Experience, or Both.

(A) As provided under 11 CSR 75-3.020, the director or his/her designated representatives may grant special certification to bailiffs, peace officers, reserve officers and chief executive officers (CEOs) as a waiver of the completion of the otherwise required basic training course upon presentation of documentary evidence that an officer has both previous experience and has satisfactorily completed equivalent training in the director's or his/her designated representatives' opinion as set forth by the Act.

(B) The director or his/her designated representatives may grant basic certification to bailiffs, peace officers, reserve officers and federal law enforcement officers as a waiver of the completion of the otherwise required basic training course upon presentation of documentary evidence that an officer has completed basic training in another state having laws governing or regulating law enforcement training and has been granted certification in the state in which the training was received if, in the opinion of the director or his/her designated representatives, the basic training and certification requirements met by the officer in another state are equivalent to the applicable basic training and certification requirements in Missouri. Bailiffs, peace officers and reserve officers who have completed basic training and acquired certification in another state, or the federal law enforcement officer who completed an entry level core basic training at a training center, and who, on the basis of that prior basic training and certification, apply for or are

granted certification in Missouri, will be subject to all the terms of this chapter and to all other applicable rules of Peace Officer Standards and Training (POST) and of the Act.

(C) The director or his/her designated representatives may require as a condition of basic or special certification the completion of supplementary or remedial training necessary to equate previous training with current standards. The director or his/her designated representatives also may require the passing of an approved qualifying written, physical performance and oral examination prepared and administered by a certified training academy which attests to the applicant's knowledge and abilities. A bailiff or officer who fails to pass the examination may apply for reexamination no less than thirty (30) days after notification of failure. A bailiff or officer who fails both attempts must complete or recomplete the applicable basic training course to be eligible to become certified.

(D) In order to qualify for a waiver of the basic training course for equivalent other training, experience, or both, as provided under 11 CSR 75-3.020 to be eligible to become certified, each applicant shall—

1. Be currently appointed or employed as a bailiff by a political subdivision or a peace officer or reserve officer by a legally constituted law enforcement agency in a jurisdiction which is required or has elected to come under the provisions of the Act, be a United States citizen, a resident of Missouri, be at least twenty-one (21) years of age and hold at least a high school diploma or its equivalent. These requirements will not apply to a peace officer or reserve officer serving as a federal military peace officer or reserve officer on a federal military installation;

2. Have previous experience as a bailiff, peace officer or reserve officer and have completed previous training equivalent to the applicable basic training as determined by the POST Commission. If the training was received in another state, it must have been approved or certified by that state and, in the opinion of the director or his/her designated representatives, be equivalent to or exceed the basic training requirements of Missouri;

3. Submit through the CEO an application for a waiver of the basic training requirements, along with copies of all school transcripts, training certificates, other documentation indicating previous experience and completion of equivalent training including a copy of a fingerprint card verified by the Missouri State Highway Patrol pertaining to the results of a criminal background check of the applicant;

4. Complete any supplementary or remedial training required by the director or his/her designated representatives as a condition of certification to equate previous training with current standards; and

5. Pass a qualifying examination, if required by the director or his/her designated representatives, as a condition of certification.

(E) The director or his/her designated representatives may grant a special certificate for a CEO who has not successfully completed the otherwise required applicable basic training course if the CEO's employer furnishes the director with documentary evidence that the CEO has training or experience equivalent to the standards set forth in section 590.115, RSMo or is a graduate of the Federal Bureau of Investigation (FBI) National Academy or its equivalent as determined by the director, or holds a bachelor of science degree in criminal justice or a related field received from an accredited college or university or a doctorate of jurisprudence degree received from a college or university approved by the American Bar Association.
