11 CSR 80-3.010 Ski Mirror .....	3
11 CSR 80-3.020 Ski Jump .....	3

**Title 11—DEPARTMENT OF  
PUBLIC SAFETY****Division 80—Division of Water Safety  
Chapter 3—Skiing Standards****11 CSR 80-3.010 Ski Mirror**

*PURPOSE: Under section 306.120, RSMo, the Department of Public Safety shall establish an approved ski mirror for the safety and well-being of the public.*

(1) Ski mirrors, affixed to a boat or vessel, shall be of a type that recurves and reflects one hundred eighty degrees (180°) of vision. The reflecting portion of the mirror shall be no less than three inches (3") in width and eight inches (8") in length.

*Auth: section 306.120, RSMo (1986).  
Original rule filed July 18, 1975, effective  
July 28, 1975.*

**11 CSR 80-3.020 Ski Jump**

*PURPOSE: Under section 306.124, RSMo, the Department of Public Safety shall establish a ski jump regulation for the purpose of having a uniform method of placing ski jumps to protect the public health and welfare.*

(1) All persons requesting permission to place a ski jump on the waters of the state of Missouri must complete an application form supplied by the Division of Water Safety, P.O. Box 603, Jefferson City, MO 65102-0603. All applications must be submitted at least thirty (30) days before the date permission is requested. The application will be reviewed by the Division of Water Safety at a public buoy hearing after notice of the hearing has been published in the county paper at least ten (10) days before the hearing. The commissioner of the Division of Water Safety or his/her designated representative shall approve or disapprove all applications within five (5) days after the conclusion of the hearing.

(2) Ski jumps approved for location in isolated areas may use the jump during legal skiing hours.

(3) Ski jumps to be located in areas near cottages, homes, cabins, resorts, etc. or at or near boat traffic areas will not be permitted until written approval has been obtained from a majority of the adjacent property owners. The hours of the day the ski jump may be used will be determined by the Division of Water Safety.

(4) For reasons of safety, the Division of Water Safety may require that ski jumps be towed and moored at the water's edge at the end of each jumping session.

(5) For reasons of safety, mooring lights may be required from sunset to sunrise on all ski jumps permitted to remain anchored away from the shore. Mooring lights may be required on ski jumps towed and moored at the water's edge if the structures create a hazardous condition. The ski jump owner must secure permission from the landowner when mooring at the water's edge.

(6) When a ski jump event is planned which would involve a number of skiers and an audience is anticipated, whether or not the event is advertised, a regatta, race or other water activity permit must be secured from the Division of Water Safety, P.O. Box 603, Jefferson City, MO 65102-0603.

*Auth: section 306.124, RSMo (1986).  
Original rule filed June 19, 1975, effective  
June 29, 1975.*
