11 CSR 75-10.100 Distribution of POST Funds

PURPOSE: This rule defines the procedure to be followed in dispersing the POST Fund back to participating agencies.

(1) Beginning August 28, 1996, all fees collected by local agencies and sent to the Missouri Department of Public Safety will be deposited in the POST Commission Fund to be used only to pay a portion of the cost of continuing education for participating agencies. The distribution of the POST Commission Fund shall be based on the following: Agencies that contribute less than five hundred dollars (\$500) shall receive a minimum distribution of five hundred dollars (\$500). The balance of the fund shall be distributed to participating agencies who contributed five hundred dollars (\$500) or more by a percentage based on the amount of an agency's contribution.

The examples listed below are based on a total Fund amount of \$1,031,655.

Table with 5 columns: Agency, Amount Contributed, 90%* or \$500, Remaining Balance to Agencies over \$500, Total Distribution. Rows A through E.

*90% was used as part of this example. This percentage may differ each year.

Explanation of Example: Amount contributed column is the amount of money contributed by each agency to the POST fund. 90%* or \$500 column determines how much agencies will receive. The POST Commission wants agencies contributing more than \$500 to receive as close to 90% of their contribution as the fund balance would allow.

(2) Monies from the Peace Officer Standards and Training (POST) Commission Fund cannot be used by any agency to supplant (take the place of) funds which were spent for training purposes prior to receiving monies from the POST Commission Training Fund. Monies from the fund shall be used solely for training required as provided in sections 590.100 to 590.180, RSMo, or for additional training for peace officers or for training for other law enforcement employees appointed by the county or municipality as approved by the commission.
