19 CSR 15-4.200 Area Agency Subgrants or Contracts

PURPOSE: This rule sets forth requirements for the area agency to follow in awarding subgrants and contracts.

(1) The area agency shall follow applicable procurement standards as specified in 45 CFR Part 74. If an area agency utilizes a request for qualifications (RFQ), this shall be considered a competitive negotiation procurement method as described in subsection 11c of Appendix G.

(2) The area agency shall publicly announce all solicitations at least thirty (30) calendar days prior to the deadline for acceptance of responses. Media announcements shall be made within the appropriate planning and service area in a manner that will enable current and potential service providers to be notified. The public notice shall—

(A) Identify each program/service to be funded;

(B) Specify the date by which responses must be submitted for consideration; and

(C) Advise how copies of the solicitations may be obtained.

(3) The area agency shall submit, for the division's prior approval, any proposed contracts with profit-making organizations for the provision of services under the area plan as required by section 212 of the Act. The area agency is not required to submit to the division for prior approval any proposed subgrants or contracts with public or private nonprofit agencies or organizations.

(A) In addition to complying with all applicable federal procurement practices, all purchases shall be based on competitive bids, except that the area agency may make purchases of less than two thousand dollars (\$2,000) in value on the open market. On any purchase estimated at ten thousand dollars (\$10,000) or more the agency shall advertise for bids in at least two (2) newspapers of general circulation in such places as are most likely to reach prospective bidders at least fourteen (14) days before bids are to be opened. The agency shall also solicit bids by mail from at least three (3) prospective suppliers on purchases of ten thousand dollars (\$10,000) or more. For purchases of more than two thousand dollars (\$2,000) but less than ten thousand dollars (\$10,000) bids must be solicited and documented, but advertising

or direct mailings are not required. The contracts shall be let to lowest and best bidder.

(B) The agency may waive the requirement of competitive bids for the purchase of food items when special temporary market conditions exist and the food items can be purchased for at least ten percent (10%) less than the most current bid price for the same food items.

(4) The area agency shall use subgrants or contracts with service providers to provide all services under all OAA funding sources. For waiver of this requirement, the area agency shall submit a written request that thoroughly documents that direct provision of service, using its own employees, is necessary—

(A) To assure an adequate supply of the service;

(B) Where those services are directly related to the area agency's administrative functions; or

(C) Where those services of comparable quality can be provided more economically by the area agency.

(5) If an area agency receives a waiver to provide a service directly, all applicable requirements for that service as set forth in 13 CSR 15-7 and 13 CSR 15-4 shall be met.

19 CSR 15-4.240 Nutrition Service Requirements

PURPOSE: This rule establishes the requirements to be met by the area agency to fund, establish and operate nutrition services for the elderly.

(1) The area agency may award nutrition services funds to a service provider to provide meals and other nutrition services, including outreach and nutrition education, to eligible service recipients within the planning and service area (PSA).

(2) The area agency shall assess the level of need for congregate and home-delivered meals within the PSA and maintain documentation of the method(s) used to assess level of need and how the results were used to determine levels of services to meet those needs.

(3) The area agency may make awards for congregate and home-delivered nutrition services to a service provider that furnishes either or both type(s) of service(s). The area agency may award federal and state funds to a service provider that delivers only home-delivered nutrition services if congregate nutrition services are also provided through the area agency.

(4) The area agency shall assure that no contract shall be entered into for the provision of nutrition services unless that contract has been awarded through a competitive process.

(5) Primary consideration shall be given to the provision of meals in a congregate setting, except that each area agency may award home-delivered nutrition funds to organizations which have demonstrated an ability to provide home-delivered meals efficiently and reasonably, and will furnish assurances to the area agency that the organization will maintain efforts to solicit voluntary support and that federal funds made available to the organization will not be used to supplant funds from nonfederal sources. The area agency need not require that these organizations also provide meals to older individuals in a congregate setting.

(6) Eligibility of individuals to receive nutrition services shall be determined as follows:

(A) Any person aged sixty (60) years or over and the spouse of that person regardless of age shall be eligible to receive congregate nutrition services;

1. The area agency shall require an assessment of the individual's eligibility for home-delivered nutrition services prior to initiation of the service and assess the individual's need for continued service at least annually after that. In emergency situations, home-delivered meals may be delivered for a maximum of five (5) days prior to the initial assessment of eligibility; and

The area agency shall develop written criteria by which to determine if the spouse and/or primary caregiver who resides in the home, regardless of their age or condition of the spouse, may receive a home-delivered meal. The criteria developed shall assure that the receipt of the meal by the spouse and/or caregiver is in the best interest of the home-bound older person;

(C) Persons with disabilities under sixty (60) years of age who reside in housing facilities occupied primarily by the elderly at which congregate nutrition services are provided may receive congregate nutrition services. Any person meeting these requirements also may be eligible to receive home-delivered nutrition services provided the procedures of paragraph (6)(B)2. are followed; and

(D) Under the Social Services Block Grant (SSBG), persons with disabilities under sixty (60) years of age who do not reside in housing facilities occupied primarily by the elderly may be eligible to receive congregate nutrition services. Any person meeting these requirements also may be eligible to receive home-delivered nutrition services under SSBG provided procedures in paragraph (6)(B)2. are followed.

(7) The area agency may allow guests under sixty (60) years of age to eat a meal at a nutrition center provided that—

(A) An eligible service recipient is not deprived of a meal; and

(B) The full cost of the meal is paid.

(8) The area agency may allow nutrition center volunteers under sixty (60) years of age to eat a meal at the nutrition center. If volunteer meals are allowed, the criteria shall allow these meals only if—

(A) An eligible service recipient is not deprived of a meal;

(B) The volunteer has expended substantial direct effort in the preparation, service,

delivery, cleanup of the meal, or a combination of these; and

(C) The volunteer is afforded the opportunity to contribute to the cost of the meal.

(10) The area agency shall request prior approval, in writing, from the division for any proposed termination of a nutrition center and shall not terminate any nutrition center until written approval has been received from the division.

(11) The area agency shall report the occurrence or suspicion of a food-borne illness to the appropriate health authorities and the division. The area agency shall cooperate with health authorities and keep the division informed of the investigation status as well as provide notice of resolution.

include, but not necessarily be limited to, meal cost and portion control, commodity/cash use, nutrition education, nutrition policies and standards, modified diets, food buying and preparation, food inventory, menu planning, kitchen design, purchase of equipment, fire and safety procedures, sanitation, first-aid and emergency life-saving techniques.

(5) No provider shall use funds received under the Act to provide legal assistance in a fee-generating case unless other adequate representation is unavailable. All providers shall establish procedures for the referral of fee-generating cases.

(A) Fee-generating case means any case or matter which, if undertaken on behalf of an eligible client by an attorney in private practice, reasonably may be expected to result in a fee for legal assistance from an award to a client, from public funds or from the opposing party.

(B) Other adequate representation is deemed to be unavailable when the provider had determined that fee referral is not possible due to any of the following:

1. The case has been rejected by the local lawyer-referral service or by two (2) private attorneys;

2. Neither the referral service nor any lawyer will consider the case without payment of a consultation fee; or

3. Emergency circumstances compel immediate action before referral can be made, but the client is advised that, if appropriate, and consistent with professional responsibility, referral will be attempted at a later time.

(C) Other adequate representation is deemed to be unavailable when—

1. Recovery of damages is not the principal object of the case and a request for damages is merely ancillary to an action for equitable or other nonpecuniary relief or inclusion of a counterclaim requesting damages is necessary for effective defense or because of applicable rules governing joinder of counterclaims;

2. A court appoints a provider or an employee for a provider pursuant to a statute or a court rule or practice of equal applicability to all attorneys in the jurisdiction; or

3. An eligible client is seeking benefits under Title II of the Social Security Act, 42 U.S.C. 401, Federal Old Age Act, Survivors and Disability Insurance Benefits; or Title XXVI of the Social Security Act, 42 U.S.C. 1381, Supplemental Security Income for Aged, Blind and Disabled.

(D) A provider may seek and accept a fee awarded or approved by a court or administrative body or included in a settlement if—

1. The requirements of subsections (4)(B) and (C) are met; and

2. Funds received are not used for purposes prohibited by the Act.

(E) When a case or matter subject to this section results in a recovery of damages, other than statutory benefits, a provider may accept reimbursement from the client for out-of-pocket costs and expenses incurred in connection with the case or matter, if the—

1. Requirements of subsections (4)(B) and (C) are met; and

2. Client has agreed in writing to reimburse the provider for these costs and expenses.

(6) While carrying out legal assistance activities funded under the Act, no employee shall—

(A) Knowingly participate in any public demonstration, picketing, boycott or strike, except as permitted by law in connection with the employee's own employment situation;

(B) Intentionally exhort, direct or coerce others to engage in those activities or otherwise usurp or invade the rightful authority of a client to determine what course of action to follow; and

(C) Be prohibited, if an attorney, by any provision of this section from—

1. Informing and advising a client about legal alternatives to litigation or the lawful conduct of litigation; or

2. Fulfilling the professional responsibilities of an attorney to a client.

(7) No funds made available to a provider under the Act shall be used, at any time, directly or indirectly, to support activities intended to influence the issuance, amendment or revocation of any executive or administrative order or regulation of a federal, state or local agency or to undertake to influence the passage or defeat of any legislation by the Congress of the United States or by any state or local legislative body or state proposals by initiative petition, except that an employee may—

(A) Respond to a request from a governmental agency or a legislative body, committee or member made to the employee or to a recipient to testify, draft or review measures or to make representation to the agency, body, committee or member on a specific matter; or

(B) Engage in the activities at the request of an eligible client of a provider, to the extent the activities are necessary to the provision of legal advice and representation to a client who has sought this legal advice and representation with respect to particular legal rights and responsibilities which would be affected by particular legislation or administrative measures, but no employee shall solicit a client in violation of professional responsibilities for the purpose of making the representation possible.

(8) Providers shall adopt procedures and forms to document that the legislative and administrative activities in which they engage fall within the activities permitted in 45 CFR section 1321.71.

(A) With respect to activities permitted under subsection (7)(A), a written request signed by an official of the governmental agency or a member of the legislative body or committee making the request which states the type of representation or assistance required and identified the executive or administrative order, regulation or legislation to be addressed;

(B) With respect to activities permitted under subsection (7)(B), a retainer agreement signed by the client(s) represented, or by an official of the client group in the case of a group client, which agreement shall specify the legislative or administrative measure on which representation is sought (appearance at a hearing, legislative drafting, etc.) and

which shall include a statement of the client's direct interest in the particular legislative or administrative measure to be addressed; and

(C) Providers shall obtain the documentation required by this section prior to undertaking any of the activities permitted by subsection (7)(A) or (B) in the absence of a written request provided that the fact, nature and circumstances of the request are subsequently documented in writing and signed by the requesting authority.

(9) No funds made available under the Act shall be used to—

(A) Maintain separate offices for the sole purpose of engaging in legislative activity;

(B) Pay dues to any organization (other than a bar association) a substantial purpose or function of which is to take positions on matters pending before legislative or administrative bodies;

(C) Pay for transportation to legislative or administrative proceedings of persons other than employees engaged in activities permitted under this section or witnesses entering appearances in the proceedings on behalf of clients of the providers, except that those funds may be used to transport the client where necessary and appropriate. This subsection does not authorize payment of transportation expenses for employees not actually engaged in permitted representation activities;

(D) Pay, in whole or in part for the conduct of, or transportation to, an event if a primary purpose of expenditure is to facilitate lobbying or any other activity which would be prohibited if conducted with funds made available under the Act;

(E) Pay for administrative or related costs associated with any activity prohibited by this part; or

(F) Assist others, through legislative liaison activities, to influence legislation in a manner that would be prohibited if undertaken with funds made available under the Act. Legislative liaison activities include, but are not limited to, attending legislative sessions or committee hearings, gathering information regarding pending legislation and analyzing the effect of pending legislation.

(10) Notwithstanding the provisions of subsection (7)(A), providers shall not use funds made available under the Act for publicity or propaganda purposes designed to support or defeat proposed legislation or legislation pending before Congress or any state legislature. For purpose of this regulation, publicity or propaganda means any oral communication or any advertisement, telegram, letter, article, newsletter or other printed or written

matter or device which contains a direct suggestion or, when taken as a whole, an indirect suggestion to the public at large or to selected individuals to contact elected representatives in support of or in opposition to pending or proposed legislation.

(11) No funds made available to a provider under the Act shall be used to support the preparation, production and dissemination of any article, newsletter or other publication or written matter for general distribution which contains any reference to proposed or pending legislation unless—

(A) The publication does not contain any publicity or propaganda prohibited by section (10);

(B) The provider has adopted a policy requiring the provider's executive director, or his/her designee, to review each application produced by the provider prior to its dissemination for conformity to these regulations;

(C) The provider provides a copy of any such material produced by the provider to the area agency within thirty (30) days after publication; and

(D) These funds are used only for costs incident to the preparation, production and dissemination of publications to providers, providers' staff and board members, private attorneys representing eligible clients and the area agency, as opposed to the public at large.

(12) Notwithstanding the provisions of section (7), no funds made available to a provider under the Act shall be used, directly or indirectly, to pay for any personal service, advertisement, telegram, telephone communication, letter, printed or written matter or other device, intended or designed to influence any decision by a federal, state or local agency, except where legal assistance is provided by an employee of a provider to an eligible client on a particular application, claim or case, which directly involves the client's legal rights and responsibilities or to influence any member of Congress or any other federal, state or local elected officials to favor or oppose any acts, bills, resolutions or similar legislation or any referendum, initiative, constitutional amendment or any similar procedure of Congress, any state legislature, any local council or any similar governing body, except that this subsection shall not preclude funds from being used in connection with communications made in response to any federal, state or local official upon a specific matter.

(A) The exception for communications to officials does not authorize communication with anyone other than the requesting party.

(B) No employee of the provider, directly or indirectly, shall solicit a request from any official to testify or otherwise advocate the support or defeat of legislative measures.

(13) Nothing in this section is intended to prohibit an employee from—

(A) Communicating with a governmental agency for the purpose of obtaining information, clarification or interpretation of the agency's rules, practices or policies;

(B) Informing a client about a new or proposed statute, executive order or administrative regulation consistent with the requirements of sections (10) and (11);

(C) Responding to an individual client's request for advice only with respect to the client's own communications to officials unless otherwise prohibited by the Older Americans Act, Title III regulations or other applicable law. This provision does not authorize publication or training of a client on lobbying techniques or the composition of a communication for the client's use; or

(D) Making direct contact with the area agency for any purpose.

19 CSR 15-4.310 Corporate Eldercare

PURPOSE: This rule establishes mandatory guidelines for area agencies on aging with respect to the development and implementation of the corporate eldercare program.

(1) As used in this rule, the term corporate eldercare refers to those services provided, either directly or through a third party, by a corporation or other business organization on behalf of its employees who have caregiver responsibilities for an elderly person. These services include, but are not necessarily limited to, information and assistance services. Any contact between a corporation or business organization and an area agency or its subsidiary to provide those services, is subject to the provisions of this rule.

(2) An Area Agency on Aging (AAA) may engage only in those activities which are consistent with the agency's mission as defined in 45 CFR 1321.53. The division will determine whether proposed activities conflict or interfere with an agency's statutory or regulatory duties.

(3) Any AAA entering into an agreement to provide corporate eldercare activities for financial remuneration shall do so through the formal execution of a contract.

(A) Corporate eldercare contracts shall not contain any exclusivity clause limiting or restricting the AAA's ability to provide services to other older persons not referenced in the contract. Contracts shall not restrict the AAA's ability to act objectively and responsibly on behalf of all older persons residing in their planning and service area (PSA).

(B) Corporate eldercare contracts shall not create any conflict of interest for the AAA, including, but not limited to, conflicts with respect to population served by or priorities established by the area agency.

(4) AAAs proposing to enter into corporate eldercare contracts must obtain the division's approval prior to providing any eldercare services. This approval may be obtained by submitting, as part of the agency's area plan or plan amendment, a written request, which shall include the following:

(A) A description of the service(s) to be provided;

(B) A statement as to whether the existing structure/system will provide the requested service(s) or if a new structure/system is needed;

(C) A description of the new structure/system, if needed; and

(D) Signed assurances.

(5) The area plan need not detail how funds derived from private sources by the agency, for the purposes of providing services to the elderly or their caregivers, are utilized. The agency shall not solicit or receive funds or engage in activities for purposes inconsistent

with its mission as the AAA or inconsistent with federal or state laws or regulations.
