20 CSR 200-6.300 Surplus Lines Insurance Fees and Taxes

PURPOSE: This rule clarifies and effectuates the provisions of Chapter 384, RSMo as amended by Senate Bill 250 in the First Regular Session of the 85th General Assembly with regard to the premium charged by surplus lines insurers. This rule is pursuant to the provisions of sections 374.045, 384.051, 384.057 and 384.059, RSMo.

(1) For purposes of determining net premiums, as that term is used in sections 384.051, 384.057 and 384.059, RSMo, the gross amount of charges for surplus lines insurance shall include any fee charged to the insured and paid to the surplus lines insurer for the placement of the surplus lines insurance.

(2) The fees may include, but are not limited to, policy fees, inspection fees, fees charged by an insurance producer acting as a managing general agent for a surplus lines insurer or any other fee charged by surplus lines insurer for the placement of surplus lines insurance.

(3) All fees charged to the insured by the surplus lines insurer shall be considered premium for purposes of the premium tax imposed by sections 384.051 and 384.059, RSMo.

(4) Fees paid by an insured to an insurance producer and retained by an insurance producer pursuant to an insurance producer service agreement as permitted by 20 CSR 700-1.100 shall not be considered premium for purposes of the premium tax imposed by sections 384.051 and 384.059, RSMo.

20 CSR 200-6.400 Surplus Lines Premium Tax Allocation Formulas

PURPOSE: This rule implements the surplus lines premium tax allocation provisions contained in section 384.061, RSMo.

(1) For purposes of determining the amount of premium properly allocable to that portion of the risk located in this state pursuant to the provisions of section 384.061, RSMo, the following formulas shall be used where applicable:

(A) Products Liability = Missouri Sales Revenue
Total Sales Revenue

(B) Fire and Extended Coverage = Missouri Property Value
All Property Value

(C) Employee Liability = Missouri Salaries Paid
All Salaries Paid

(D) Transportation Insurance = Missouri Revenue Miles
All Revenue Miles

(2) To the extent that the formulas contained in section (1) are inapplicable or do not adequately reflect that portion of the risk located within this state, the tax payable shall be computed on the portions of the premium properly allocable to that portion of the risks located in this state. The formula may be based on the rating basis for the particular policy. The surplus lines licensee shall obtain the approval of the director prior to the use of any other formula for determining the amount of premium allocable to that portion of the risk located within this state.

20 CSR 200-6.500 Standards for Determining the Availability of Coverage

PURPOSE: This rule specifies the standards for determining whether there is an available market in Missouri for the class of coverage required by a prospective insurer, both as to the type of coverage and the quality of coverage, such that an insurer admitted to business in Missouri must be used, or whether, in the alternative, a surplus lines licensee may be used to obtain coverage from a nonadmitted insurer.

(1) For purposes of section 384.017, RSMo, an available market shall be deemed not to exist for the type and quality of coverage required by the insured if, at the time of the request, the surplus lines licensee and the licensee's producing insurance producer, if any, have been unable, after the exercise of due diligence, to obtain such coverage from both—

(A) Those admitted insurers with whom the surplus lines licensee and any producing insurance producer have been appointed to act, respectively, as insurance producers; and

(B) Those other admitted insurers to whom the surplus lines licensee and any producing insurance producer have reasonable access and from whom they either knew they could obtain coverage or from whom they would typically be able to obtain coverage, during the normal course of business.
