20 CSR 2150-7.135 Physician Assistant Supervision Agreements

PURPOSE: This rule defines the terms used throughout this chapter as applicable to physician assistants, specifies the requirements for supervision agreements and practice of a physician assistant pursuant to a supervision agreement.

physicians who hold a limited license pursuant to section 334.112, RSMo, or a temporary license pursuant to section 334.045 or 334.046, RSMo, or physicians who have retired from the practice of medicine. A physician meeting these requirements but not so designated may serve as a supervising physician, upon signing a physician assistant supervision agreement for times not to exceed fifteen (15) days, when the supervising physician is unavailable if so specified in the physician assistant supervision agreement;

(B) Physician assistant supervision agreements—refers to written agreements, jointly agreed upon protocols, or standing orders between a supervising physician and a licensed physician assistant which provide for the delegation of health care services from a supervising physician to a licensed physician assistant and the review of such services;

(C) Consultation—shall mean the process of seeking a supervising physician's input and guidance regarding patient care including, but not limited to, the methods specified in the physician assistant supervision agreement;

(D) Assistance—shall mean participation by a supervising physician in patient care; and

(E) Intervention—refers to the direct management of a patient's care by a supervising physician.

(F) Actively engaged—as used in subsection (1)(A) of this rule shall mean a physician who, in addition to the patients being treated by the physician assistant, has an established practice of patients for whom they are responsible for their ongoing care.

(2) No physician assistant shall practice pursuant to the provisions of sections 334.735 through 334.748, RSMo or to the provisions of this rule unless licensed and pursuant to a written physician assistant supervision agreement.

(3) A supervising physician as designated pursuant to 4 CSR 150-7.100(4) or otherwise in the physician assistant supervision agreement shall at all times be immediately available to the licensed physician assistant for consultation, assistance, and intervention within the same office facility unless making follow-up patient examinations in hospitals, nursing homes and correctional facilities pursuant to section 334.735.1(8), RSMo or unless practicing under federal law. No physician assistant shall practice without physician supervision or in any location where a supervising physician is not immediately available for consultation, assistance and intervention, except in an emergency situation, pursuant to

federal law, or as provided in section 334.735.9, RSMo.

(4) A physician assistant shall be limited to making follow-up patient examinations in hospitals, nursing homes and correctional facilities where the supervising physician as designated pursuant to 4 CSR 150-7.100(4) or otherwise in the physician assistant supervision agreement, is no further than thirty (30) miles by road, using the most direct route available, or in any other fashion so distanced as to create an impediment to effective intervention, supervision of patient care or adequate review of services. Physician assistants practicing in federally designated health professional shortage areas (HPSAs), shall be limited to practice locations where the supervising physician as designated pursuant to 4 CSR 150-7.100(4) or otherwise in the physician assistant supervision agreement, is no further than fifty (50) miles by road, using the most direct route available.

(5) No physician may be designated to serve as supervising physician for more than three (3) full-time equivalent licensed physician assistants. This limitation shall not apply to physician assistant supervision agreements of hospital employees providing in-patient care services in hospitals as defined in Chapter 197, RSMo.

(6) Upon entering into a physician assistant supervision agreement, the supervising physician shall be familiar with the level of skill, training and the competence of the licensed physician assistant whom the physician will be supervising. The provisions contained in the physician assistant supervision agreement between the licensed physician assistant and the supervising physician shall be within the scope of practice of the licensed physician assistant and consistent with the licensed physician assistant's skill, training and competence.

(7) A licensed physician assistant practicing pursuant to a physician assistant supervision agreement shall work in the same office facility as the supervising physician except as provided in section 334.735.1(8), RSMo and 4 CSR 150-7.135(3) and (4).

(8) The delegated health care services provided for in the physician assistant supervision agreement shall be consistent with the scopes of practice of both the supervising physician and licensed physician assistant including, but not limited to, any restrictions placed upon the supervising physician's practice or license.

(9) The physician assistant supervision agreement between a supervising physician and a licensed physician assistant shall—

(A) Include consultation, transportation and referral procedures for patients needing emergency care or care beyond the scope of practice of the licensed physician assistant if the licensed physician assistant practices in a setting where a supervising physician is not continuously present;

(B) Include the method and frequency of review of the licensed physician assistant's practice activities;

(E) Be signed and dated by the supervising physician and licensed physician assistant prior to its implementation; and

(F) Contain the mechanisms for input for serious or significant changes to a patient.

(10) It is the responsibility of the supervising physician to determine and document the completion of at least a one (1)-month period of time during which the licensed physician assistant shall practice with a supervising physician continuously present before making follow-up visits in hospitals, nursing homes and correctional facilities.

(11) It is the responsibility of the supervising physician and licensed physician assistant to jointly review and document the work, records, and practice activities of the licensed physician assistant at least once every two (2) weeks. For nursing home practice, such review shall occur at least once a month. The supervising physician and the licensed physician assistant shall conduct this review at the site of service except in extraordinary circumstances which shall be documented. The documentation of this review shall be available to the Board of Registration for the Healing Arts for review upon request.

(12) If any provisions of these rules are deemed by the appropriate federal or state authority to be inconsistent with guidelines for federally funded clinics, individual provisions of these rules shall be considered severable and supervising physicians and licensed physician assistants practicing in such clinics shall follow the provisions of such federal guidelines in these instances. However, the remainder of the provisions of these rules not so affected shall remain in full force and effect for such practitioners.

(O) Soliciting patronage in person or by agents or representatives, or by any other means or manner, under his/her own name or under the name of another person or concern, actual or pretended, in such a manner as to confuse, deceive, or mislead the public as the need or necessity for or appropriateness of health care services for all patients, or the qualifications of an individual person(s) to diagnose, render or perform health care services;

(P) Using, or permitting the use of, his/her name under the designation of "physician assistant," "licensed physician assistant," "physician assistant-certified," or any similar designation with reference to the commercial exploitation or product endorsement of any goods, wares or merchandise;

(Q) Knowingly making, or causing to be made, a false statement or misrepresentation of a material fact, with intent to defraud, for payment under the provisions of Chapter 208, RSMo, or Chapter 630, RSMo, or for payment from Title XVIII or Title XIX of the federal Medicare program;

(R) Failure or refusal to properly guard against contagious, infectious or communicable diseases or the spread thereof; maintaining an unsanitary office or performing professional services under unsanitary conditions; or failure to report the existence of an unsanitary condition in the office of a physician or in any health care facility to the board, in writing, within thirty (30) days after the discovery thereof;

(S) Any person licensed to practice as a physician assistant, requiring, as condition of the physician assistant-patient relationship, that the patient receive prescribed drugs, devices or other professional services directly from facilities of that physician assistant's office or other entities under the supervising physician's or physician assistant's ownership or control. A physician assistant shall provide the patient with a prescription which may be taken to the facility selected by the patient;

(W) Being unable to practice as a physician assistant or with a specialty with reasonable skill and safety to patients by reasons of medical or osteopathic incompetency, or because of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or as a result of any mental or physical condition.

1. In enforcing this paragraph the board shall, after a hearing by the board, upon a finding of probable cause, require a physician assistant to submit to a reexamination for the purpose of establishing his/her competency to practice as a physician assistant or with a specialty conducted in accordance with rules adopted for this purpose by the board, including rules to allow the examination of the pattern and practice of said physician assistant's professional conduct, or to submit to a mental or physical examination or combination thereof by at least three (3) physician assistants, one (1) selected by the physician assistant compelled to take the examination, one (1) selected by the board, and one (1) selected by the two (2) physician assistants so selected who are graduates of a professional school approved and accredited by the Commission for the Accreditation of Allied Health Education Programs and has active certification by the National Commission on Certification of Physician Assistants.

2. For the purpose of this paragraph, every physician assistant licensed under this chapter is deemed to have consented to submit to a mental or physical examination when directed in writing by the board and further to have waived all objections to the admissibility of the examining physician's testimony or examination reports on the ground that same is privileged.

3. In addition to ordering a physical or mental examination to determine competency, the board may, notwithstanding any other law limiting access to medical or other health data, obtain medical data and health records relating to a physician assistant or applicant without the physician assistant's or applicant's consent.

4. Written notice of the reexamination or the physical or mental examination shall be sent to the physician assistant, by registered mail, addressed to the physician assistant at his/her last known address. Failure of a physician assistant to designate an examining physician to the board or failure to submit to the examination when directed shall constitute an admission of the allegations against him/her, in which case the board may enter a final order without the presentation of evidence, unless the failure was due to circumstances beyond his/her control. A physician

assistant whose right to practice has been affected under this paragraph shall, at reasonable intervals, be afforded an opportunity to demonstrate that s/he can resume competent practice as a physician assistant with reasonable skill and safety to patients.

5. In any proceeding under this paragraph neither the record of proceedings nor the orders entered by the board shall be used against a physician assistant in any other proceeding. Proceedings under this paragraph shall be conducted by the board without the filing of a complaint with the Administrative Hearing Commission.

6. When the board finds any person unqualified because of any of the grounds set forth in this paragraph, it may enter an order imposing one (1) or more of the disciplinary measures set forth in section (4) of this rule.

(3) After the filing of such complaint, before the Administrative Hearing Commission, the proceedings shall be conducted in accordance with the provisions of Chapter 621, RSMo. Upon a finding by the Administrative Hearing Commission that the grounds, provided in section (2) of this rule, for disciplinary action are met, the board may, singly or in combination, warn, censure or place the person named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed ten (10) years, or may suspend license, certificate or permit for a period not to exceed ten (10) years, or restrict or limit his/her license, certificate or permit for an indefinite period of time, or revoke his/her license, certificate, or permit for an indefinite period of time, or revoke his/her license, certificate or permit, or administer a public or private reprimand, or deny his/her application for licensure, or permanently withhold issuance of licensure or require the physician assistant to submit to the care, counseling or treatment of physicians designated by the board at the expense of the individual to be examined, or require the physician assistant to attend such continuing educational courses and pass such examinations as the board may direct.

(4) In any order of revocation, the board may provide that the person may not apply for reinstatement of licensure for a period of time ranging from two to seven (2-7) years following the date of the order of revocation. All stay orders shall toll this time period.

(5) Before restoring to good standing a license, certificate or permit issued under this chapter which has been in a revoked, suspended or inactive state for any cause for more than two (2) years, the board may

require the applicant to attend such continuing education courses and pass such examinations as the board may direct.

(6) In any investigation, hearing or other proceeding to determine a licensed physician assistant's or applicant's fitness to practice, any record relating to any patient of the licensed physician assistant or applicant shall be discoverable by the board and admissible into evidence, regardless of any statutory or common law privilege which such licensee, applicant, record custodian or patient might otherwise invoke. In addition, no such licensed physician assistant, applicant, or record custodian may withhold records or testimony bearing upon a licensee's or applicant's fitness to practice on the ground of privilege between such physician assistant licensee, applicant or record custodian and a patient.

Appendix A

Code of Ethics of The Physician Assistant Profession

The American Academy of Physician Assistants recognizes its responsibility to aid the profession in maintaining high standards in the provision of quality and accessible health care services. The following principles delineate the standards governing the conduct of physician assistants in their professional interactions with patients, colleagues, other health professionals and the general public. Realizing that no code can encompass all ethical responsibilities of the physician assistant, this enumeration of obligations in the Code of Ethics is not comprehensive and does not constitute a denial of the existence of other obligations, equally imperative, though not specifically mentioned.

Physician Assistants shall be committed to providing competent medical care, assuming as their primary responsibility the health, safety, welfare and dignity of all humans.

Physician Assistants shall extend to each patient the full measure of their ability as dedicated, empathetic health care providers and shall assume responsibility for the skillful and proficient transactions of their professional duties.

Physician Assistants shall deliver health care services to health consumers without regard to sex, age, race, creed, socio-economic and political status.

Physician Assistants shall adhere to all state and federal laws governing informed consent concerning the patient's health care.

Physician Assistants shall seek consultation with their supervising physician, other health providers, or qualified professionals having special skills, knowledge or experience whenever the welfare of the patient will be safeguarded or advanced by such consultation. Supervision should include ongoing communication between the physician and the physician assistant regarding the care of all patients.

Physician Assistants shall take personal responsibility for being familiar with and adhering to all federal/state laws applicable to the practice of their profession.

Physician Assistants shall provide only those services for which they are qualified via education and/or experiences and by pertinent legal regulatory process.

Physician Assistants shall not misrepresent in any manner, either directly or indirectly, their skills, training, professional credentials, identity, or services.

Physician Assistants shall uphold the doctrine of confidentiality regarding privileged patient information, unless required to release such information by law or such information becomes necessary to protect the welfare of the patient or the community.

Physician Assistants shall strive to maintain and increase the quality of individual health care service through individual study and continuing education.

Physician Assistants shall have the duty to respect the law, to uphold the dignity of the physician assistant profession and to accept its ethical principles. The physician assistant shall not participate in or conceal any activity that will bring discredit or dishonor to the physician assistant profession and shall expose, without fear or favor, any illegal or unethical conduct in the medical profession.

Physician Assistants, ever cognizant of the needs of the community, shall use the knowledge and experience acquired as professionals to contribute to an improved community.

Physician Assistants shall place service before material gain and must carefully safeguard against conflicts of professional interest.

Physician Assistants shall strive to maintain a spirit of cooperation with their professional organizations and the general public.
