At least sixteen (16) CEUs shall be related to health, safety, and welfare (HSW) acquired in structured educational activities. All twenty-four (24) hours may be acquired in such HSW subjects and activities. Failure to comply with these

Any licensee who completes more than twenty-four (24) CEUs within the preceding two (2) calendar years may apply the excess, not to exceed twelve (12) units, to the requirement for the next two (2)-year period.

(B) Continuing education is a requirement for every architect who is actively licensed by the board, regardless of age, area of practice, or whether the licensee lives in-state or out-of-state pursuant to section 327.171, RSMo.

No credit will be allowed for introductory remarks, meals, breaks or administrative matters related to courses of study.

(E) Sponsor. An individual, organization, association, institution or other entity that provides an educational activity for the purpose of fulfilling the continuing education requirements of the board. The sponsor is responsible for providing the attendees with verification records such as certificates of attendance, signed attendance receipts, paid receipts, a copy of a listing of all attendees signed by a person in responsible charge of the activity, or other documentation verifying attendance.

(3) Initial Registration.

(A) An architect who holds licensure in Missouri for less than twelve (12) months from the date of his/her initial licensure, shall not be required to report continuing education hours at the first license renewal. An architect who holds licensure in Missouri for more than twelve (12) months, but less than twenty-four (24) months from the date of initial licensure, shall be required to report

twelve (12) CEUs, which includes eight (8) CEUs in HSW earned in the preceding twelve (12) months at the first license renewal.

(4) Activities.

(A) The following suggested list may be used by all licensed architects in determining the types of activities that may fulfill continuing education requirements:

1. Contact hours in attendance at short courses or seminars, dealing with architectural or engineering subjects, as appropriate, to each discipline and sponsored by colleges or universities;

2. Contact hours in attendance at technical presentations on subjects which are held in conjunction with conventions or at seminars related to materials use and function. 10. A maximum of two (2) CEUs annually may be used for serving as a mentor or sponsor for the Intern Development Program (IDP).

(5) Exemptions.

(A) A licensed architect shall be deemed to have complied with the foregoing continuing education requirements if the architect attests in the required renewal that for not less than twenty-one (21) months of the preceding two (2)-year period of licensure, the architect (one of the following):

1. Is a resident of another state or district having continuing education requirements for licensure as an architect and has complied with all requirements of that state or district for practice therein; or

2. Is a government employee working as an architect and assigned to duty outside the United States.

(B) If the licensee served on full-time active duty in the military the licensee may renew his/her license without completing the CEU requirement for the renewal period during which the licensee served.

(8) Forms.

(A) All renewal applications will require the submission of either a continuing education form specified and supplied by the board or the AIA/CES reporting form prescribed by the AIA. The licensee must certify and complete the attestation on the form, before submitting it with the renewal application and fee. Failure to fulfill the continuing education requirements, or file the required reporting

form, properly and completely signed, shall result in nonrenewal of a licensee's license.

(9) Records.

(A) The responsibility of maintaining records, which can be used to support credits claimed, is the responsibility of the licensee. Each architect shall complete and submit the required reporting form certifying that he/she has acquired the required continuing education hours. These records must be maintained for a period of four (4) years and copies must be furnished to the board for audit verification purposes, if requested. At its discretion, the board may randomly audit a portion of licensees each renewal period or a specific licensee if a complaint has been filed against the licensee. Any untrue or false statements or the use thereof with respect to course attendance or any other aspect of continuing education activity is fraud or misrepresentation and will subject the architect to license revocation or other disciplinary action. If in the review, the board finds that the CEU is not acceptable, the board shall inform the licensee of the criteria that has not been adhered to. The licensee shall have three (3) months from the license renewal date in which to substantiate the original claim or to earn other credits to meet the minimum requirements.
