Title 2—DEPARTMENT OF AGRICULTURE
Division 70—Plant Industries
Chapter 45—Rules Pertaining to the Missouri Law for the Control and Eradication of Johnson Grass

2 CSR 70-45.010 Terms and Duties of County Weed Control Boards

PURPOSE: To establish terms and duties of weed control board members.

(1) Appointments of county weed control boards will be for a term of three (3) years with, the initial appointment being made as follows: one (1) man for one (1) year, one (1) man for two (2) years and one (1) man for three (3) years and each year thereafter one (1) man will be appointed to fill the expired term.

(2) Duties of Weed Control Board.

(A) To be fully informed of the requirements of the Johnson grass control and eradication law and to be informed of the control measures recommended by the Missouri College of Agriculture.

(B) Select such personnel as deemed necessary to expedite the county weed control program.

(C) Notify public utilities, the state highway department, county courts, railroads, drainage districts, township boards, special road districts and other public and quasipublic corporations of the act and requirements for compliance.

(D) Review the farm maps and reports of farm inspectors to determine progress of eradication and control and report to the director of agriculture the names of those landowners not complying with the requirements of the law.

(E) Field Inspectors—not less than one (1) inspector per township should be employed for field inspection. If in the judgment of the county weed control committee, more are necessary to complete the inspection within the required time, they may be employed.
