**2 CSR 80-4.010 Rules for Import Milk**

*PURPOSE: This rule outlines regulations of the State Milk Board concerning imported Grade A milk or milk products.*

*Editor's Note: The secretary of state has determined that the publication of the **Grade A Pasteurized Milk Ordinance with Administrative Procedures—1978 Recommendations of the U.S. Public Health Service/Food and Drug Administration** referenced previously in its entirety would be unduly cumbersome or expensive. The entire text of the rule has been filed with the secretary of state. The entire text of the rule may be found at the headquarters of the agency and is available to any interested person at a cost not more than the actual cost of reproduction.*

(1) The following regulations shall apply to section 196.949, RSMo (1986) and all section 8 and 11 requirements of the *Grade A Pasteurized Milk Ordinance with Administrative Procedures—1978 Recommendations of the U.S. Public Health Service/Food and Drug Administration* shall apply; except that in addition to these requirements, the following shall also apply:

(A) Sanitation and enforcement ratings of the milk source must be accomplished at an interval not greater than twenty-four (24) months;

(B) Labeling and advertising of products must be in compliance with 196.075, RSMo (1986) and labeling requirements of 2 CSR 80-2;

(C) Fees established annually by the Missouri State Milk Board to cover the cost of sample collection and analysis along with administration of the program shall be paid on a monthly basis to the State Milk Board by the owner or manager of the milk source by the twentieth of each month for the preceding calendar month;

(D) All imported Grade A milk supplies shall be accepted in Missouri only after the source has been permitted jointly by the Missouri Division of Health, State Department of Agriculture and the State Milk Board; and

(E) All Grade A milk sources accepted for import in the state of Missouri shall be from sources listed in the current issue of the Interstate Milk Shippers Report.

(2) All permits issued for imported Grade A milk and milk products shall become null and void and such permit shall be voluntarily surrendered at any time the milk supply fails to comply with these regulations.
