PURPOSE: This rule clarifies who may weigh or supervise the actual weighing of grain at terminal warehouse locations, as well as at other grain warehouse locations, in Missouri as described in sections 411.030 and 411.160, RSMo.

(1) The department has the exclusive right to perform Class I and Class II weighing, and the subsequent certification, in terminal warehouses, as well as at all other grain warehouse locations in Missouri; except that, grain exchanges or boards of trade may weigh or supervise the weighing of grain in Missouri.

(A) Class I is defined as—A weight documented by a certificate issued by a weigher that has been duly appointed by the director and qualified according to law using an approved scale under one hundred percent (100%) supervision of a disinterested third party.

(B) Class II is defined as—A weight documented by a weight certificate issued by a weigher that has been duly appointed by the director and qualified according to law using an approved scale under a minimum of twenty-five percent (25%) supervision of a disinterested third party.

(C) Grain exchanges and boards of trade are defined as—Any associations or organizations that are formed in conformity with, operate in conformity with and are governed by the provisions of sections 276.090—276.150, RSMo.

(D) Terminal warehouse is defined as—Any warehouse where the department makes available inspection and weighing services.

2 CSR 60-4.050 Warehouse Receipts

PURPOSE: This rule states the requirements for negotiable warehouse receipts including the issuance, distribution, cancellation, retention and the procedures required when a negotiable receipt is lost or stolen, including the issuance of duplicate receipts, and also requirements on nonnegotiable receipts.

(1) All negotiable warehouse receipts must be ordered from the Missouri Department of Agriculture, GRS, P.O. Box 630, Jefferson City, MO 65102 in triplicate or quadruplicate. Copies shall be distributed as follows:

(A) The original copy of the negotiable warehouse receipt must be issued to the owner of the stored commodity;

(B) At least one (1) copy of each warehouse receipt ordered, whether issued or voided, must be retained by the warehouseman in accordance with section 411.383, RSMo; and

(C) Additional copies printed may be given to the owner(s) of the stored commodity or retained by the warehouseman.

(2) The cancellation date, method of disposition and disposition document number must be shown on each original warehouse receipt cancelled by the warehouseman.

(3) If the original copy of a negotiable warehouse receipt is lost, stolen or destroyed by the owner, the following procedures must be followed:

(A) The owner(s) of the receipt shall complete and file an affidavit, on a form approved by the department, with the issuing warehouseman stating that s/he is lawfully entitled to the possession of the original receipt, that s/he has not negotiated or assigned the original receipt, how the original receipt was lost, stolen or destroyed and that a diligent effort has been made to find the receipt without success;

(B) The owner also shall obtain and file with the warehouseman a lost instrument bond, issued by a surety company that is authorized to do business in Missouri, in an amount equal to double the current value of the commodity represented by the lost warehouse receipt. The bond shall indemnify the warehouseman against loss, liability or expense that may be sustained as a result of the warehouseman's issuance of duplicate (replacement) receipt; and

(C) Upon receipt of the previously mentioned documents, the warehouseman shall issue a duplicate (replacement) warehouse receipt with the same terms, subject to the same conditions and bearing on its face the number and date of the receipt which it is replacing, along with the word DUPLICATE.

(4) If the original copy of a negotiable warehouse receipt is lost or destroyed by a licensed warehouseman, the director shall require proof of that loss or destruction and may require the warehouseman to sign an affidavit stating—that the receipt has been lost or destroyed and therefore cannot be produced for cancellation, that delivery or payment in full for the commodity receipted has been made to the owner and that the warehouseman has not negotiated the receipt for value. The director also may require the owner(s) of the negotiable receipt to sign an affidavit stating that s/he received delivery of, or payment in full for, the

grain represented by the receipt and that the original receipt was given to the warehouseman for cancellation.

(5) A summary of all nonnegotiable warehouse receipts, other than scale tickets, issued by a licensed warehouse must be made available to department auditors or mailed to the Missouri Department of Agriculture, GRS, P.O. Box 630, Jefferson City, MO 65102. The summary must state the bushel amount and current market value of each type of commodity receipted and the total dollar amount receipted.

(3) Approved space may be used only when all other licensing requirements have been met and a warehouse license has been issued by the director.

(4) The licensed storage capacity of the warehouse may be increased upon the director's verification that the space to be added meets the requirements of section (1) of this rule; however, prior to using any additional space, the warehouseman, based on the

(5) The licensed storage capacity of the warehouse may be decreased or space deleted from a license upon the director's verification that all grain has been removed from the space.
