**Title 2—DEPARTMENT OF
AGRICULTURE**
Division 90—Weights and Measures
**Chapter 50—Moisture-Measuring
Devices**

**2 CSR 90-50.010 Moisture-Measuring De-
vices for Plant Products**

PURPOSE: The Division of Weights and Measures of the Department of Agriculture is authorized to formulate and adopt rules for enforcement of sections 265.600–265.640, RSMo (1986) covering moisture-measuring devices for plant products. This rule establishes specifications and tolerances for the operation of moisture-measuring devices and all associated equipment that affects the final moisture determination.

Editor's Note: The secretary of state has determined that the publication of this rule in its entirety would be unduly cumbersome or expensive. The entire text of the material referenced has been filed with the secretary of state. This material may be found at the Office of the Secretary of State or at the headquarters of the agency and is available to any interested person at a cost established by state law.

SUMMARY: National Institute of Standards and Technology (NIST) Handbook 44 (1990) which contains specifications, tolerances and other technical requirements for weighing and measuring devices. The purpose of these requirements is to remove from service any device that is false, that is of faulty construction or that facilitates the perpetration of fraud.

(1) A moisture-measuring device shall meet the specifications, tolerances and other technical requirements as set forth in the 1990 Edition of NIST Handbook 44 entitled, Specifications, Tolerances and Other Technical Requirements for Weighing and Measuring Devices.

(2) Forms designed and provided by the Division of Weights and Measures shall be used in connection with the accepted procedures for testing and inspection of a moisture-measuring device and all associated equipment used in conjunction with a moisture-measuring device that affects the final moisture determination.

(3) Should any portion of the 1990 Edition of NIST Handbook 44 pertaining to moisture-measuring devices and associated equipment be deemed unacceptable, rules will be pro-

mulgated denoting and excepting those portions and adopting alternative provisions as deemed necessary by the director of the Department of Agriculture.

AUTHORITY: section 265.610, RSMo 1986. Original rule filed Sept. 23, 1976, effective Jan. 14, 1977. Amended: Filed April 17, 1990, effective June 28, 1990.
