# FUR REPORT

**Missouri Department of Conservation**

# Instructions

Fur-buying regulations require dealers and buyers to keep current accurate records and to submit a notarized report annually. This record book and affidavit forms are furnished to all dealers and buyers to enable them to comply with the regulations.

Read your Wildlife Code; be sure you are thoroughly familiar with all regulations governing the fur season and trade.

Dealers and buyers are responsible for recording accurately and immediately all purchases made by their employees (See 3CSR10-10:715).

Follow these instructions:

A. Make all records in triplicate using the carbon sheets supplied. Dealers and buyers will tear out and submit the entire white (original) sheet as their report. An agent of the Department may pick up the pink copy during routine inspections. Dealers and buyers will keep the yellow copy as their record.

B. Keep records up-to-date and in order of transactions. Do not skip lines.

C. **Record of Furs Received:** Record all the information called for in the various columns as follows:

Column 1. (NAME OF PERSON FROM WHOM FURS WERE RECEIVED) Print plainly.

Column 2. (HUNTER) Put a check mark (X) in this column for all purchases direct from hunters.

Column 3. (TRAPPER) Put a check mark (X) in this column for all purchases direct from trappers.

Column 4. (DEALER-BUYER) Put a check mark (X) in this column for all purchases from other dealers and buyers. The purpose of Columns 2, 3 and 4 is to prevent confusing furs sold by persons who actually caught them with those that are being resold and have already been recorded by the first purchaser.

Column 5. (CONSIGNMENT) Put a check mark (X) in this column for all furs received on consignment.

Column 6. (ADDRESS) Give the complete address of the person from whom furs were received.

Column 7. (SELLER'S OR CONSIGNER'S PERMIT NUMBER) Give the correct permit number of the person from whom furs were received.

Column 8. (DATE RECEIVED) Write the date (month, day, year) you received each lot of fur opposite the name, address and permit number.

Column 9. (ORIGIN OF FURS RECEIVED) List the name of the Missouri county or other state in which the fur was caught opposite the other information.

D. In the remainder of the columns, under the proper headings, list the number of each kind of fur received. Following these instructions will mean that all the information on each lot of furs will be on one line across the page. List any other species not included in the book in the space provided and record the amount.

E. **Fur Sale Record:** This sheet, completed in triplicate, will be used to record all fur sales.

F. **Inventory of Fur Held by Another:** Record all the information called for in the various columns as follows:

Column 1. (CONSIGNMENT) Put a check mark (X) in this column for all furs consigned to another.

Column 2. (STORAGE) Put a check mark (X) in this column for all furs held in storage.

Column 3. (PROCESSING) Put a check mark (X) in this column for all furs being processed at another location.

Column 4. (DATE OF TRANSFER) Write the date (month, day, year) fur was transferred to another location.

Column 5. (TRANSFERRED TO: NAME) Write the name of the person to whom the fur was transferred.

Column 6. (TRANSFERRED TO: ADDRESS) Write the address or specific location where the fur is being held.

Column 7. (PERMIT NUMBER) Write the proper permit number of the person to whom the fur was transferred.

Column 8. (SPECIES) Record only one species on each line. Use individual lines to record each different species.

Column 9. (NUMBER) Record the number of pelts transferred.

Column 10. (DISPOSITION: NUMBER SOLD) Record the number of pelts sold as a result of this transfer.

Column 11. (DISPOSITION: NUMBER RETURNED) Record the number of pelts returned as a result of this transfer.

Column 12. (DISPOSITION: DATE) Write the date (month, day, year) when the pelts were sold or returned.

G. **Affidavit:** Dealers and buyers are required to fill out the affidavit form provided in the back of this book, listing all the furs being held in inventory at the time of notarization and submit with the annual fur record report.

## Early Caught Furs Lose Money!

Complete, accurate reports are essential to the welfare of the fur industry.
