(1) Any person while hunting or while using dogs or birds of prey in pursuit of wildlife in any manner, including training, shall have on his/her person the prescribed permit, temporary permit authorization number(s) or evidence of exemption. The temporary permit authorization number(s) and picture identification must be carried at all times while hunting until the actual permit(s) is received. Wildlife may not be held alive under hunting permits.

(2) There shall be no closed season or limits on house sparrows or European starlings.

(3) No person shall take or attempt to take any wildlife from or across a public roadway with a firearm, longbow or crossbow.

(4) Wildlife, except waterfowl, may not be pursued or taken while trapped or surrounded by floodwaters or while fleeing from floodwaters or fire.

(5) Wildlife, except raccoons or other furbearing animals when treed with the aid of dogs, may not be spotlighted, located, harassed or disturbed in any manner with the aid of an artificial light, headlight or spotlight from any roadway, whether public or private, or in any field, woodland or forest, by any person acting either singly or as one of a group of persons. This rule shall not apply to use of a light by a landowner or lessee as defined by this Code on property under his/her control.

AUTHORITY: sections 40 and 45 of Art. IV, Mo. Const. Original rule filed Aug. 26, 1964, effective Dec. 31, 1964. Amended: Filed Aug. 1, 1980, effective Jan. 1, 1981. Amended: Filed May 30, 1995, effective Jan. 1, 1996. Amended: Filed Aug. 11, 1999, effective March 1, 2000.

3 CSR 10-7.410 Hunting Methods

PURPOSE: This rule prescribes the methods by which wildlife may be hunted.

(1) Wildlife may be hunted and taken only in accordance with the following:

(A) Motor Driven Air, Land or Water Conveyances. No person shall pursue, take, attempt to take, drive or molest wildlife from or with a motor-driven air, land or water conveyance at any time. Except as provided in 3 CSR 10-7.435, motor boats may be used if the motor has been completely shut off and its progress therefrom has ceased.

(B) Artificial Light. No person shall throw or cast the rays of a spotlight, headlight or other artificial light on any highway or roadway, whether public or private, or in any field, woodland or forest for the purpose of spotting, locating or attempting to take or hunt any game animal, except raccoons or other furbearing animals when treed with the aid of dogs, while having in possession or control, either singly or as one (1) of a group of persons, any firearm, bow or other implement whereby game could be killed.

(C) Night Vision Equipment. No person may possess or control night vision equipment while acting singly or as one (1) of a group of persons while in possession of any firearm, bow or other implement whereby wildlife could be killed or taken.

(D) Dogs. Dogs may be used during the prescribed open seasons to chase, pursue or take wildlife except deer, turkey, mink, muskrat, beaver and river otter. All dogs used to hunt, chase or pursue wildlife shall wear a collar while hunting that contains the full name and address or complete telephone number of the owner, except this provision does not apply to dogs used by waterfowl and game bird hunters. Furbearers, squirrels and rabbits may not be chased, pursued or taken with dogs during daylight hours of the November portion of the firearms deer season in Bollinger, Butler, Carter, Dent, Iron, Madison, Oregon, Reynolds, Ripley, Shannon and Wayne counties.

(E) Dogs (Training). For training dogs, wildlife, except deer, turkey, mink, muskrat, river otter and beaver, may be chased, but not captured or killed. No person, acting singly or as one (1) of a group, may possess or use a firearm while training dogs during the closed seasons, except that a pistol with blank ammunition may be used during daylight hours only. Training dogs shall include any act of allowing dogs to chase wildlife or to teach dogs to hunt wildlife.

(F) Falconry. Birds of prey of designated types may be used to pursue and take wildlife

within the specified seasons and bag limits. Birds of prey may be possessed or used only by holders of a falconry permit.

(G) Firearms. Firearms may be used to take wildlife except beaver, mink, muskrat, river otter, turtles and fish, during the open seasons, with the following limitations: For hunting game birds (except the crow), pistols, revolvers and rifles may not be used. Except for hunting deer, any shotgun having a capacity of more than three (3) shells must have the magazine cut off or plugged with a device incapable of removal through the loading end, so as to reduce the capacity to not more than three (3) shells in magazine and chamber combined. Fully automatic firearms are prohibited.

(H) Special Firearms Provision. During the November portion and the antlerless-only portion of the firearms deer season in deer management units open to deer hunting, other wildlife and feral hogs (any hog, including Russian and European wild boar, that is not conspicuously identified by ear tags or other forms of identification and is roaming freely upon public or private lands without the landowner's permission) may be hunted only with a shotgun and shot not larger than No. 4, except that this provision does not apply to waterfowl hunters, trappers or to a landowner on his/her land or to a lessee on the land on which s/he resides.

(I) Bows. Longbows and crossbows may be used to take wildlife during the prescribed hunting seasons. Arrows and bolts containing any drug, poison, chemical or explosive are prohibited, but illuminated sights, scopes and quickpoint sights may be used. Hand-held string releasing mechanisms are permitted with longbows.

(J) Slingshot. Slingshots may be used to take wildlife except deer and turkeys during the prescribed hunting seasons.

(K) Cage-Type Trap. Rabbits and squirrels may be taken by cage-type trap, the opening of which may not exceed ten inches (10") on any side, during the open hunting season, at any hour, by the holder of a hunting permit. Cage-type traps shall be plainly labeled on a durable material with the user's full name and address and shall be attended daily.

(L) Electronic Calls. Electronic calls may be used during daylight hours only to pursue and take crows and furbearers.

(M) No person shall place or scatter grain or other food items in a manner that subjects any hunter to violation of baiting rules, as defined by federal regulations and in 3 CSR 10-7.435 and 3 CSR 10-7.455 of this Code.

(N) Wildlife Retrieval. Any person while hunting who kills or injures any wildlife shall make a reasonable search to retrieve the

wildlife and take it into his/her possession; however, this does not authorize trespass.

(O) Any properly licensed person having a physical disability that would prevent them from hunting or taking wildlife by methods prescribed in this chapter, may attempt to take wildlife from a stationary vehicle, or may hunt wildlife with a crossbow in lieu of a longbow, provided while hunting s/he carries an affidavit provided by the department and signed by a licensed physician which certifies the person has either a permanent or temporary disability which qualifies him/her to hunt with a crossbow and/or from a stationary vehicle. This disabled person shall provide a copy of the signed affidavit to the department within ten (10) days of receiving the exemption.

(P) Hunter Orange. During the youth-only, November, and antlerless-only portions of the firearms deer hunting season, all hunters shall wear a cap or hat, and a shirt, vest or coat having the outermost color commonly known as daylight fluorescent orange, blaze orange or hunter orange which shall be plainly visible from all sides while being worn. Camouflage orange garments do not meet this requirement. This requirement shall not apply to migratory game bird hunters, to hunters using archery methods while hunting within municipal boundaries where discharge of firearms is prohibited, to hunters on federal or state public hunting areas where deer hunting is restricted to archery methods, or to hunters in closed deer management units during the antlerless-only portion of the firearms deer hunting season.

3 CSR 10-7.435 Deer: Seasons, Methods, Limits

PURPOSE: Dates and limits for hunting deer in various parts of the state are established annually, based on the results of biological surveys. The goal is to provide recreational opportunities consistent with the maintenance or establishment of optimum numbers of deer. This rule establishes the open seasons and limits for deer hunting.

(1) General Provisions.

(A) For the purposes of this rule, deer shall mean white-tailed deer and mule deer and antlered deer shall mean a deer with at least one (1) antler not less than three inches (3") long. Deer may be pursued, taken, killed, possessed or transported only as permitted in this rule. Antlerless deer may only be taken in accordance with deer management unit regulations established for each unit. Deer management unit boundaries are defined in section (6) of this rule.

(B) Deer may be pursued or taken only from one-half (1/2) hour before sunrise until one-half (1/2) hour after sunset.

(C) Deer shall not be taken while in any stream or other body of water, or from any boat with a motor attached. Deer may not be hunted, pursued or taken with the aid of dogs, bait, any motor driven land conveyance or aircraft at any time. While hunting or pursuing deer, dogs may not be used or possessed.

1. Bait shall mean grain or other feed placed or scattered so as to constitute an attraction or enticement to deer. Scents and minerals, including salt, are not regarded as bait. An area shall be considered baited for ten (10) days following complete removal of the bait.

(D) Any person who kills or injures any deer shall make a reasonable effort to retrieve the deer and include it in his/her season limit; however, this does not authorize trespass.

(E) During all portions of the firearms deer hunting season, all persons while deer hunting or while accompanying a person hunting deer on a Youth Deer and Turkey Hunting Permit shall wear a cap or hat, and a shirt, vest or coat having the outermost color commonly known as daylight fluorescent orange, blaze orange or hunter orange which shall be plainly visible from all sides while being worn. Camouflage orange garments do not meet this requirement. This requirement shall apply to all hunters during the youth-only, November, and antlerless-only portions of the firearms deer hunting season. The following are exceptions to this requirement.

1. This requirement shall not apply to migratory game bird hunters, to archery deer hunters during the muzzleloader and urban deer management portions, to all hunters during the antlerless-only portion in units 28-32 and 39-57, or to hunters using archery methods while hunting within municipal boundaries where discharge of firearms is prohibited or on federal or state public hunting areas where deer hunting is restricted to archery methods.

(F) Any person killing a deer shall properly tag it immediately with the transportation tag portion of the taker's permit which shall remain attached to the carcass until it has been inspected and sealed at an established checking station except that selected persons shall check deer through the pilot Telecheck system. Persons reporting by the Telecheck system shall immediately record the Telecheck confirmation number on the transportation tag. Detaching the transportation tag from the permit prior to taking a deer renders the permit void. Resident landowners or lessees, as defined in this Code, who hunt deer as permitted in this rule without a permit issued by the department, shall tag any deer taken immediately with the full name and address of the taker and submit it for inspection as required in this rule. All deer taken shall be transported and possessed with head attached and only by the taker until such deer have been checked in accordance with established procedures.

(G) Deer taken during the youth-only, November, and antlerless-only portions of

the firearms deer hunting season shall be submitted with the transportation tag attached and with the prescribed deer hunting permit for inspection and registration in the county where taken or an adjoining open county between the hours of 8:00 a.m. and 8:00 p.m. Central Standard Time (CST) on the day taken. Deer taken during the muzzleloader and urban deer management portions of the firearms deer hunting season and the archery deer hunting season shall be submitted with the transportation tag attached and with the prescribed deer hunting permit for inspection and registration within twenty-four (24) hours of take at any established checking station. Persons reporting deer through the Telecheck system must do so within the open checking hours specified for the appropriate season portion.

(H) Notwithstanding any contrary provisions of other rules, deer checked in accordance with established procedures and registered with a locking seal or an issued Telecheck confirmation number may be transported, possessed and stored, and parts of properly checked deer when labeled with the full name, address and permit number of the taker, may be transported and possessed by any person. Locking seals placed on deer at established checking stations or transportation tags with Telecheck confirmation numbers shall remain attached to the deer carcass until the processor begins the act of processing the meat for packaging. Donations of commercially processed deer meat may be made to not-for-profit charitable organizations for distribution to underprivileged persons under administrative guidelines established by the director.

(I) Deer, except with written authorization of the director or as provided in 3 CSR 10-4.130 and 3 CSR 10-9.565, may not be hunted, pursued, or taken within any area enclosed by a fence greater than seven feet (7') in height that would contain or restrict the free range of deer.

(2) Archery Deer Hunting Season. The archery deer hunting season dates are October 1, 2003 through January 15, 2004 excluding the November portion of the firearms deer hunting season.

(A) Deer may be taken as provided in section (1) by the holder of an archer's hunting permit exclusively by longbow. Archers may take two (2) deer of either sex statewide, provided that only one (1) antlered deer may be taken prior to the November portion of the firearms deer hunting season. In addition, a resident or nonresident archer holding an archer's hunting permit may obtain antlerless-only archery deer hunting permits in any

number valid only in units 1-40, 45-52, 58, and 59 and may take one (1) antlerless deer on each permit. An archer, while in the act of pursuing or hunting deer during the archery season, shall not have a firearm on his/her person.

(B) A resident landowner or lessee, as defined in this Code, shall not be required to purchase archer's hunting permits or antlerless-only archery deer hunting permits to hunt deer as prescribed in subsection (2)(A), on any land s/he owns or, in the case of the lessee, upon which s/he resides, but s/he shall adhere to seasons, methods, units and limits prescribed. Nonresident landowners who qualify under this rule are eligible to purchase nonresident landowner archer's hunting permits for use on qualifying land. A nonresident landowner also may purchase antlerless-only archery permits after obtaining a nonresident landowner archer's hunting permit.

(3) Firearms Deer Hunting Season.

(A) The firearms deer hunting season is comprised of five (5) portions:

1. During the youth-only portion (November 1 through November 2, 2003), a Missouri resident who is at least six (6) but not older than fifteen (15) years of age and holding a valid firearms deer hunting permit may take one (1) deer of either sex in any unit as provided in this rule. Deer taken during this portion of the firearms deer hunting season must be included in the total firearms deer hunting season limits.

2. During the urban deer management portion (October 25 through October 26, 2003), a person holding a firearms deer hunting permit may take only antlerless deer in units 58 and 59 as provided in this rule. Deer may be taken only with a longbow, crossbow, or muzzleloading or cap-and-ball firearm not capable of being loaded from the breech, not smaller than .40 caliber, and capable of firing only a single projectile at one (1) discharge.

3. During the November portion (November 15 through November 25, 2003), a person holding a firearms deer hunting permit may take deer as provided in this rule.

4. During the muzzleloader portion (November 28 through December 7, 2003), a person holding a firearms deer hunting permit may take deer as provided in this rule. Deer may be taken only with a muzzleloading or cap-and-ball firearm not capable of being loaded from the breech, not smaller than .40 caliber, and capable of firing only a single projectile at one (1) discharge. A person, while in the act of pursuing or hunting deer on a firearms deer hunting permit during this portion of the firearms deer hunting season

may have and use more than one (1) muzzleloading or cap-and-ball firearm, but may have no other firearm, longbow or crossbow on his/her person.

5. During the antlerless-only portion (December 13 through December 21, 2003), a person holding a firearms deer hunting permit may take only antlerless deer in units 1 through 27, 33 through 38, 58 and 59 as provided in this rule.

(B) During the youth-only, November, and antlerless-only portions, deer may be taken with a shotgun not larger than 10-gauge; or with a muzzleloading or cap-and-ball firearm not capable of being loaded from the breech, not smaller than .40 caliber, and capable of firing only a single projectile at one (1) discharge; or with any pistol, revolver or rifle firing centerfire ammunition propelling an expanding-type bullet; or with a longbow or crossbow. The possession of full hard metal case projectiles, ammunition propelling more than one (1) projectile at a single discharge and self-loading firearms having a capacity of more than eleven (11) cartridges in magazine and chamber combined are prohibited while pursuing deer.

(C) A person may take only one (1) antlered deer during the firearms deer hunting season. A person may take one (1) deer of either sex on a firearms any-deer hunting permit. A person may take one (1) additional antlerless deer on a firearms first bonus deer hunting permit and additional antlerless deer in any number on firearms second bonus deer hunting permits. As provided in 3 CSR 10-5.205, a person at least six (6) and under sixteen (16) years of age holding a youth deer and turkey hunting permit may take one (1) deer of either sex statewide during the firearms deer hunting season, except that only antlerless deer may be taken during the urban deer management and antlerless-only portions.

(D) During the November and antlerless-only portions, other wildlife may be hunted only with a shotgun and shot not larger than No. 4, except that this provision does not apply to waterfowl hunters, trappers or to a resident landowner on his/her land or to a lessee on the land on which s/he resides; provided that the holder of an unused firearms deer hunting permit and the prescribed hunting permit may take coyotes and, after the opening of the furbearer hunting season, furbearers as described in 3 CSR 10-7.450 by the methods prescribed for taking deer. Furbearers may not be chased, pursued or taken with the aid of dogs during the daylight hours from November 1 through November 25, 2003 statewide, and from December 13 through December 21, 2003 in units 1-27,

(4) Each permit holder hunting with a shotgun shall first affix to the receiver of his/her gun, where it will be in his/her line of sight when shooting, the safety sticker part of the transportation tag, and maintain the sticker on the gun when hunting.

(5) A resident landowner or lessee as defined in this Code, without holding a turkey hunting permit, may take and possess turkey in accordance with this rule on his/her land or, in the case of the lessee, on the farm on which s/he resides, but s/he shall tag the turkey with his/her name and address immediately upon taking and shall personally deliver the turkey for checking as required in this rule.

(6) Any person who kills or injures any wild turkey shall make a reasonable effort to retrieve the turkey and include it in his/her season limit.

(7) Properly checked turkeys, when labeled with the full name, address and permit number of the taker, may be transported and possessed by any person.
