The temporary permit authorization number(s) and picture identification must be carried at all times while hunting until the actual permit(s) is received. Wildlife may not be held alive under hunting permits.

(2) There shall be no closed season or limits on house sparrows or European starlings.

(3) No person shall take or attempt to take any wildlife from or across a public roadway with a firearm, longbow or crossbow.

(4) Wildlife, except waterfowl, may not be pursued or taken while trapped or surrounded by floodwaters or while fleeing from floodwaters or fire.

(5) Wildlife, except raccoons or other furbearing animals when treed with the aid of dogs, may not be searched for, spotlighted, located, harassed or disturbed in any manner with the aid of an artificial light, headlight or spotlight from any roadway, whether public or private, or in any field, woodland or forest, by any person acting either singly or as one of a group of persons. This section shall not apply to the use of a light by a landowner or lessee as defined by this Code on property under his/her control.

3 CSR 10-7.410 Hunting Methods

PURPOSE: This rule prescribes the methods by which wildlife may be hunted.

(1) Wildlife may be hunted and taken only in accordance with the following:

(A) Motor-Driven Air, Land or Water Conveyances. No person shall pursue, take, attempt to take, drive or molest wildlife from or with a motor-driven air, land or water conveyance at any time. Except as provided in 3 CSR 10-7.431, motor boats may be used if the motor has been completely shut off and its progress therefrom has ceased.

(B) Artificial Light. No person shall throw or cast the rays of a spotlight, headlight or other artificial light on any highway or roadway, whether public or private, or in any field, woodland or forest for the purpose of spotting, locating or attempting to take or hunt any game animal, except raccoons or other furbearing animals when treed with the aid of dogs, while having in possession or control, either singly or as one (1) of a group of persons, any firearm, bow or other implement whereby game could be killed.

(C) Night Vision Equipment. No person may possess or control night vision equipment while acting singly or as one (1) of a group of persons while in possession of any firearm, bow or other implement whereby wildlife could be killed or taken.

(D) Dogs. Dogs may be used during the prescribed open seasons to chase, pursue or take wildlife (except beaver, deer, mink, muskrat, river otter and turkey). All dogs used to hunt, chase or pursue wildlife shall wear a collar while hunting that contains the full name and address or complete telephone number of the owner, except this provision does not apply to dogs used by waterfowl and game bird hunters. Furbearers, squirrels and rabbits may not be chased, pursued or taken with dogs during daylight hours of the November portion of the firearms deer season in Butler, Carter, Dent, Iron, Madison, Oregon, Reynolds, Ripley, Shannon and Wayne counties.

(E) Dogs (Training). For training dogs, wildlife (except deer, turkey, mink, muskrat, river otter and beaver) may be chased, but not captured or killed. No person, acting singly or as one (1) of a group, may possess or use a firearm while training dogs during the closed seasons, except that a pistol with blank ammunition may be used during daylight hours only. Training dogs shall include any act of allowing dogs to chase wildlife or to teach dogs to hunt wildlife.

(F) Falconry. Birds of prey of designated types may be used to pursue and take wildlife

within the specified seasons and bag limits. Birds of prey may be possessed or used only by holders of a falconry permit.

(G) Firearms. Firearms may be used to take wildlife (except beaver, mink, muskrat, river otter, turtles and fish) during the open seasons, with the following limitations: For hunting game birds (except the crow), pistols, revolvers and rifles may not be used. Except for hunting deer, any shotgun having a capacity of more than three (3) shells must have the magazine cut off or plugged with a device incapable of removal through the loading end, so as to reduce the capacity to not more than three (3) shells in magazine and chamber combined. Fully automatic firearms are prohibited.

(H) Special Firearms Provision. During the November portion and the antlerless portion of the firearms deer season in counties open to deer hunting, other wildlife and feral hogs (any hog, including Russian and European wild boar, that is not conspicuously identified by ear tags or other forms of identification and is roaming freely upon public or private lands without the landowner's permission) may be hunted only with a pistol, revolver, or rifle firing a rimfire cartridge .22 caliber or smaller or a shotgun and shot not larger than No. 4, except that waterfowl hunters, trappers, landowners on their land or lessees on land upon which they reside may use other methods as specified in subsection (1)(G) of this rule.

(I) Bows. Longbows and crossbows may be used to take wildlife during the prescribed hunting seasons. Arrows and bolts containing any drug, poison, chemical or explosive are prohibited, but illuminated sights, scopes and quickpoint sights may be used. Hand-held string releasing mechanisms are permitted with longbows.

(J) Slingshot. Slingshots may be used to take wildlife (except deer and turkey) during the prescribed hunting seasons.

(K) Cage-Type Trap. Groundhogs, rabbits and squirrels may be taken by cage-type trap, the opening of which may not exceed one hundred forty-four (144) square inches, during the open hunting season, at any hour, by the holder of a hunting permit. Cage-type traps shall be plainly labeled on a durable material with the user's full name and address and shall be attended daily.

(L) Electronic Calls. Electronic calls may be used to pursue and take crows and furbearers, but without the aid of an artificial light or night vision equipment.

(M) No person shall place or scatter grain or other food items in a manner that subjects any hunter to violation of baiting rules, as

defined by federal regulations and in 3 CSR 10-7.431 and 3 CSR 10-7.455 of this Code.

(N) Wildlife Retrieval. Any person while hunting who kills or injures any wildlife shall make a reasonable search to retrieve the wildlife and take it into his/her possession; however, this does not authorize trespass.

(O) Any properly licensed person having a physical disability that would prevent them from hunting or taking wildlife by methods prescribed in this chapter, may attempt to take wildlife from a stationary vehicle, or may hunt wildlife with a crossbow in lieu of a longbow, provided while hunting s/he carries an affidavit provided by the department and signed by a licensed physician which certifies the person has either a permanent or temporary disability which qualifies him/her to hunt with a crossbow and/or from a stationary vehicle. This disabled person shall provide a copy of the signed affidavit to the department within ten (10) days of receiving the exemption.

(P) Hunter Orange. During the urban counties, youth, November, and antlerless portions of the firearms deer hunting season, all hunters shall wear a cap or hat, and a shirt, vest or coat having the outermost color commonly known as hunter orange which shall be plainly visible from all sides while being worn. Camouflage orange garments do not meet this requirement. This requirement shall not apply to migratory game bird hunters, to hunters using archery methods while hunting within municipal boundaries where discharge of firearms is prohibited, to hunters on federal or state public hunting areas where deer hunting is restricted to archery methods, or to hunters in closed counties during the antlerless portion of the firearms deer hunting season.

This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) The annual *Fall Deer & Turkey Hunting Regulations and Information* booklet for 2005 is hereby adopted as a part of this Code and by this reference herein incorporated. A printed copy of this booklet can be obtained from the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and is online at www.missouriconservation.org. This rule does not incorporate any subsequent amendments or additions.

(2) Deer shall mean white-tailed deer and mule deer. Antlered deer shall mean deer with at least one (1) antler at least three inches (3") long, except as provided in 3 CSR 10-7.435. Deer may be pursued, taken, killed, possessed or transported only as permitted in this Code.

(3) Persons hunting or pursuing deer must possess a prescribed deer hunting permit. Resident landowners and lessees can qualify for no-cost permits; nonresident landowners can qualify for reduced-cost permits.

(4) Deer may be pursued or taken only from one-half (1/2) hour before sunrise until one-half (1/2) hour after sunset.

(5) Deer Hunting Methods.

(A) Archery: longbows and compound bows.

(B) Muzzleloader: muzzleloading or cap-and-ball firearms, .40 caliber or larger, not capable of being loaded from the breech.

(C) Any legal method: archery and muzzleloader methods; crossbows; shotguns; handguns or rifles firing centerfire ammunition.

(D) Prohibited, in use or possession:

1. Methods restricted by local ordinance.

2. Self-loading firearms with capacity of more than eleven (11) cartridges in magazine and chamber combined.

3. Ammunition propelling more than one (1) projectile at a single discharge, such as buckshot.

4. Full hard metal case projectiles.

5. Fully automatic firearms.

(6) Deer may not be hunted, pursued, taken or killed:

(A) While in a stream or other body of water.

(B) From a boat with a motor attached.

(D) With the aid of dogs, in use or possession.

(E) With the aid of artificial light or night vision equipment.

(F) Within any area enclosed by a fence greater than seven feet (7') in height that could contain or restrict the free range of deer. Exceptions are provided in other rules or by written authorization of the director.

(G) With the aid of bait (grain or other feed placed or scattered so as to constitute an attraction or enticement to deer). Scents and minerals, including salt, are not regarded as bait. An area is considered baited for ten (10) days following complete removal of bait. Hunters can be in violation even if they did

not know an area was baited. It is illegal to place bait in a way that causes others to be in violation of the baiting rule.

(7) During the firearms deer hunting season and during managed firearms deer hunts on those areas where such hunts are held, all persons hunting any game and also adults accompanying youths hunting deer on a Youth Deer and Turkey Hunting Permit, must wear a hat and a shirt, vest, or coat of the color commonly known as hunter orange, which must be plainly visible from all sides. - (E) Hunters on federal or state public hunting areas and during managed hunts where deer hunting is restricted to archery or cross-bow methods; and
- (F) Hunters of small game and/or furbearers during the muzzleloader portion.

(8) Hunters who kill or injure a deer must make a reasonable effort to retrieve and tag it, but this does not authorize trespass.

(9) Hunters who take a deer must tag it immediately with the transportation tag portion of the permit; detaching the transportation tag voids the permit. All deer taken must be accurately reported through the Telecheck Harvest Reporting System by 10:00 p.m. on the day taken by the taker or in the taker's immediate presence. The Telecheck confirmation number must be recorded immediately on the deer hunting permit as indicated on the permit, and immediately attached to the deer by the taker. The transportation tag and deer hunting permit with confirmation number must remain attached to the intact or field-dressed carcass until the deer is processed. All deer must be reported through the Telecheck Harvest Reporting System prior to being removed from the state.

(10) Deer (or parts thereof) reported in accordance with established procedures, when labeled with the full name, address, and confirmation number of the taker, may be possessed, transported, and stored by anyone. Commercially processed deer meat may be donated to not-for-profit charitable organizations under guidelines established by the director.

3 CSR 10-7.455 Turkeys: Seasons, Methods, Limits

PURPOSE: This rule establishes the seasons, methods and limits for hunting wild turkeys.

(1) Turkeys may be pursued, taken, killed, possessed or transported only as permitted in this rule.

(A) Spring Season. Spring season annually will begin on the Monday closest to April 21. A person possessing the prescribed turkey hunting permit may take turkeys according to the season length and bag limit established annually by the Conservation Commission; except that a person at least six (6) but not older than fifteen (15) years of age who possesses a Youth Deer and Turkey Hunting Permit may take only one (1) male turkey or turkey with visible beard during the season. Turkeys may be taken only by shotgun with shot no larger than No. 4, or longbow, without the use of dogs, bait, recorded calls or live decoys, from one-half (1/2) hour before sunrise to 1:00 p.m. Central Daylight Time (CDT). Possession of shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

(B) Fall Firearms Season. Fall season annually will be October 1 through October 31. A person possessing the prescribed turkey hunting permit may take two (2) turkeys of either sex during the season; except that a person at least six (6) but not older than fifteen (15) years of age who possesses a Youth Deer and Turkey Hunting Permit may take only one (1) turkey of either sex during the season. Turkeys may be taken only by shotgun with shot no larger than No. 4 or longbow; without the use of dogs, bait, recorded calls or live decoys; from one-half (1/2) hour before sunrise to sunset in all counties except: Dunklin, McDonald, Mississippi, New Madrid, Newton, Pemiscot and Scott. Possession of shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys. A person, while in the act of pursuing or hunting turkey on a fall firearms permit, shall not have both a firearm and longbow on his/her person.

(C) Fall Archery Season. A person possessing the prescribed archer's hunting permit may take two (2) turkeys of either sex from September 15 through January 15, excluding the dates of the November portion of the firearms deer season. Turkeys may be taken only by longbow; without the use of dogs, bait, recorded calls or live decoys; from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset. An archer, while in the act of pursuing or hunting turkey on an

archer's permit, shall not have a firearm on his/her person.

(D) Youth Spring Season. The two (2)-day youth spring season will begin annually on the Saturday nine (9) days prior to the Monday opening of the spring season, except that when the youth season would overlap with Easter weekend the season will open on the Saturday prior to Easter weekend. A Missouri resident possessing a Youth Deer and Turkey Hunting Permit or the prescribed turkey hunting permit and who is at least six (6) but not older than fifteen (15) years of age on the opening day of the youth spring season may take only one (1) male turkey or turkey with visible beard during the youth spring season. A turkey harvested during the youth spring season will count towards an individual's spring season bag limit; individuals hunting under the prescribed turkey hunting permit may not harvest a second bird during the first week of the spring season. Turkeys may be taken only by shotgun with shot no larger than No. 4, or longbow, without the use of dogs, bait, recorded calls or live decoys, from one-half (1/2) hour before sunrise to 1:00 p.m. Central Daylight Time (CDT). Possession of shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

(2) Hunters who take a turkey must tag it immediately with the transportation tag portion of the permit; detaching the transportation tag voids the permit. All turkeys taken must be accurately reported through the Telecheck Harvest Reporting System by 10:00 p.m. on the day taken by the taker or in the taker's immediate presence. The Telecheck confirmation number must be recorded immediately on the turkey hunting permit as indicated on the permit, and immediately attached to the turkey by the taker. The transportation tag and turkey hunting permit with confirmation number must remain attached to the turkey with the head and plumage intact until the turkey is processed. All turkeys must be reported through the Telecheck Harvest Reporting System prior to being removed from the state.

(3) Bait shall mean grain or other feed placed or scattered so as to constitute an attraction or enticement to turkeys. An area shall be considered baited for ten (10) days following complete removal of the bait.

(4) Each permit holder hunting with a shotgun shall first affix an approved safety sticker to the receiver of his/her gun where it will be in his/her line of sight when shooting, and maintain the sticker on the gun when hunting.

(5) A resident landowner or lessee as defined in 3 CSR 10-20.805, possessing a landowner turkey hunting permit, may take and possess turkeys in accordance with this rule on his/her land or, in the case of the lessee, on the land on which s/he resides and shall report the turkeys through the Telecheck Harvest Reporting System as required in this rule.

(6) Any person who kills or injures any wild turkey shall make a reasonable effort to retrieve the turkey and include it in his/her season limit.

(7) Turkeys (or parts thereof) reported in accordance with established procedures, when labeled with the full name, address, and confirmation number of the taker, may be possessed, transported, given away, and stored by anyone.

(8) In accordance with section 270.400, RSMo feral hogs (any hog, including Russian and European wild boar, that is not conspicuously identified by ear tags or other forms of identification and is roaming freely upon public or private lands without the landowner's permission) may be taken in any number during the spring firearms turkey season and youth spring season only by the holder of a valid, unused turkey hunting permit; and only by methods and times prescribed for taking turkeys. During the fall firearms turkey season, feral hogs may be taken only by the holder of a valid, unused turkey hunting permit or a small game hunting permit; and only by methods prescribed in Chapter 7 for taking wildlife, and without the use of bait. Other restrictions may apply on public lands. Resident landowners or lessees as defined in this Code may take feral hogs on their own property at any time, by any method and without permit.
