Title 3—DEPARTMENT OF CONSERVATION

Division 10—Conservation Commission Chapter 4—Wildlife Code: General Provisions

3 CSR 10-4.105 Title; Authority

PURPOSE: This rule defines the Wildlife Code, provides that its rules are severable and establishes enforcement authority.

The rules of the Conservation Commission and statutory laws not inconsistent therewith shall constitute the *Wildlife Code of Missouri*, designated as the “Code.” The rules of the Conservation Commission are severable and if any rule or portion of this Code is held invalid, the remainder shall not be affected. The boldface caption for any rule does not affect the meaning of the rule. All authorized agents of the department and all duly constituted peace officers are authorized to enforce the provisions of this Code.

AUTHORITY: sections 40 and 45 of Art. IV, Mo. Const. Original rule filed Aug. 18, 1967, effective Dec. 31, 1967. Amended: Filed July 30, 1987, effective Jan. 1, 1988.

Marsh v. Bartlett 343 Missouri 526, 121 SW2d 737 (1938). As regards administrative authority found in the Wildlife Code, violations of the Code are not unconstitutional delegations of legislative power because punished as offenses. “Regulatory” authority of the Conservation Commission includes ordinarily the means to adjust, order or govern by rule or established mode; direct or manage according to certain standards or rules.

Schley v. Conservation Commission of Missouri, 329 SW2d 736 (Mo. 1959). Rules promulgated by the Missouri Conservation Commission, especially those bearing criminal penalties, are subject to the same rule of definiteness as statutes.

3 CSR 10-4.110 General Prohibition; Applications

PURPOSE: This rule prohibits the pursuit, taking, possession or any use of wildlife except as provided in the Code.

(1) No bird, fish, crayfish, mussel, amphibian, reptile, mammal or other form of wildlife, including their homes, dens, nests, eggs and larvae in Missouri shall be molested, pursued, taken, hunted, trapped, tagged, marked, enticed, poisoned, killed, transported, stored, served, bought, sold, given away,

accepted, possessed, propagated, imported, exported or liberated to the wild in any manner, number, part, parcel or quantity, at any time, except as specifically permitted by these rules and any laws consistent with Article IV, sections 40–46 of the *Constitution of Missouri*; however, this Code shall not apply to other invertebrates except as specifically provided.

(2) All hours and times listed in this Code shall be based on prevailing local time unless specifically designated otherwise.

(3) Except as otherwise provided in this Code, wildlife may be taken only by holders of the prescribed permits and in accordance with prescribed methods.

(4) Birds, game mammals, furbearers, fish, bullfrogs and green frogs, mussels, crayfish, and common snapping and soft-shelled turtles may be taken only within the limits and during the open seasons prescribed in this Code; provided, in a situation of emergency where the public interest justifies extraordinary salvage measures to prevent or minimize waste, the director may authorize the taking and possession of wildlife by provisions other than those established in this Code, for a period not to exceed ninety (90) days.

(5) No person, corporation, municipality, county, business or other public or private entity shall cause or allow any deleterious substance to be placed, run or drained into any of the waters of this state in quantities sufficient to injure, stupefy or kill fish or other wildlife which may inhabit such waters.

(6) No person shall administer, by any means, any contraceptive or reproductive inhibitor to any species of wildlife outside of captivity in Missouri without written authorization of the director.

(7) No person who takes or possesses any wildlife shall wantonly leave or abandon any portion of such wildlife commonly used as human food.

(8) With landowner permission, any species listed in the Approved Aquatic Species List in 3 CSR 10-9.110 may be released into privately owned impoundments which are designated as waters of the state by virtue of having been stocked by the state, or because they are owned jointly, or as tenants in common or by corporate shareholders. Statewide seasons, methods and limits for all species will apply to these waters.

(9) The release of transgenic fish or wildlife into the wild is prohibited without written authorization of the director. Transgenic fish or wildlife may be possessed and used only as authorized by 3 CSR 10-9.110.

(4) Any person, group or business that purchases ginseng roots in Missouri for resale, but is registered as a ginseng dealer in another state and does not purchase or sell ginseng roots from an address in the state, is not required to register with the department as a ginseng dealer.

methods not permitted in Missouri may not be possessed on waters of the state. This Code shall apply immediately when wildlife is transported into Missouri, except for interstate shipment neither originating in nor destined for Missouri.

Op. Atty. Gen. No. 32, Geekie (5-28-54). The state of Missouri extends its ownership or control of wildlife not only to that found or reduced to possession within this state, but also to that which may be imported and the Conservation Commission may lawfully require persons engaged in retail merchandising of fish to obtain a permit even though these fish may have been lawfully acquired from sources outside the state of Missouri.
