#### 3 CSR 10-7.410 Hunting Methods

*PURPOSE: This rule prescribes the methods by which wildlife may be hunted.*

(1) Wildlife may be hunted and taken only in accordance with the following:

(A) Motor-Driven Air, Land, or Water Conveyances. No person shall pursue, take, attempt to take, drive, or molest wildlife from or with a motor-driven air, land, or water conveyance at any time. Except as provided in 3 CSR 10-7.431, motor boats may be used if the motor has been completely shut off and its progress therefrom has ceased.

(B) Artificial Light. No person shall throw or cast the rays of a spotlight, headlight, or other artificial light on any highway or roadway, whether public or private, or in any field, woodland, or forest for the purpose of spotting, locating, or attempting to take or hunt any game animal, except raccoons or other furbearing animals when treed with the aid of dogs, while having in possession or control, either singly or as one (1) of a group of persons, any firearm, bow, or other implement whereby game could be killed.

(C) Night Vision and Thermal Imagery Equipment. No person may possess or control night vision or thermal imagery equipment while acting singly or as one (1) of a group of persons while in possession of any firearm, bow, or other implement whereby wildlife could be killed or taken.

(D) Dogs. Dogs may be used during the prescribed open seasons to chase, pursue, or take wildlife (except beaver, deer, mink, muskrat, river otter, and turkey). All dogs used to hunt, chase, or pursue wildlife shall wear a collar while hunting that contains the full name and address, Conservation Number, or complete telephone number of the owner, except this provision does not apply to dogs used by waterfowl and game bird hunters. Furbearers, squirrels, and rabbits may not be chased, pursued, or taken with dogs during daylight hours of the November portion of the firearms deer season in Butler, Carter, Dent, Iron, Madison, Oregon, Reynolds, Ripley, Shannon, and Wayne counties.

(E) Dogs (Training). For training dogs, wildlife (except deer, turkey, mink, muskrat, river otter, and beaver) may be chased, but not captured or killed. No person, acting singly or as one (1) of a group, may possess or use a firearm while training dogs during the closed seasons, except that a pistol with blank ammunition may be used during daylight hours only. Training dogs shall include any act of allowing dogs to chase wildlife or to teach dogs to hunt wildlife.

(F) Falconry. Birds of prey of designated

types may be used to pursue and take wildlife within the specified seasons and bag limits. Birds of prey may be possessed or used only by holders of a falconry permit.

(G) Firearms. Firearms may be used to take wildlife (except beaver, mink, muskrat, river otter, turtles, and fish) during the open seasons, with the following limitations: For hunting game birds (except the crow), pistols, revolvers, and rifles may not be used. Except for hunting deer, any shotgun having a capacity of more than three (3) shells must have the magazine cut off or plugged with a device incapable of removal through the loading end, so as to reduce the capacity to not more than three (3) shells in magazine and chamber combined. Fully automatic firearms are prohibited.

(H) Special Firearms Provision. During the November portion and the antlerless portion of the firearms deer season in counties open to deer hunting, other wildlife and feral hogs (any hog, including Russian and European wild boar, that is not conspicuously identified by ear tags or other forms of identification and is roaming freely upon public or private lands without the landowner's permission) may be hunted only with a pistol, revolver, or rifle firing a rimfire cartridge .22 caliber or smaller or a shotgun and shot not larger than No. 4, except that waterfowl hunters, trappers, landowners on their land, or lessees on land upon which they reside may use other methods as specified in subsection (1)(G) of this rule.

(I) Bows, Crossbows, and Atlatl. Bows, crossbows, and atlatl may be used to take wildlife during the prescribed hunting seasons. Arrows, bolts, and darts containing any drug, poison, chemical, or explosive are prohibited, but illuminated sights, scopes, and quickpoint sights may be used. Hand-held string releasing mechanisms are permitted with bows.

(J) Slingshot. Slingshots may be used to take wildlife (except deer and turkey) during the prescribed hunting seasons.

(K) Cage-Type Trap. Groundhogs, rabbits, and squirrels may be taken by cage-type trap, the opening of which may not exceed one hundred forty-four (144) square inches, during the open hunting season, at any hour, by the holder of a hunting permit. Cage-type traps shall be plainly labeled on a durable material with the user's full name and address or Conservation Number and shall be attended daily.

(L) Electronic Calls. Electronic calls may be used to pursue and take crows and furbearers, but without the aid of an artificial light or night vision equipment. Electronic calls or electronically-activated calls may not be used

or possessed while hunting other species of wildlife except as specifically authorized.

(M) No person shall place or scatter grain or other food items in a manner that subjects any hunter to violation of baiting rules, as defined by federal regulations and in 3 CSR 10-7.431 and 3 CSR 10-7.455 of this Code.

(N) Wildlife Retrieval. Any person while hunting who kills or injures any wildlife shall make a reasonable search to retrieve the wildlife and take it into his/her possession; however, this does not authorize trespass.

(O) Any properly licensed person with disabilities, as defined in this Code, may hunt and take wildlife from a stationary vehicle, provided while hunting s/he carries a physician's statement provided by the department and signed by a licensed physician which certifies the person has either a permanent or temporary disability which qualifies him/her to hunt from a stationary vehicle. Printed copies of the physician's statement form can be obtained from the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and online at www.missouriconservation.org. This disabled person shall provide a copy of the signed physician's statement to the department within ten (10) days of receiving the exemption.

(P) Any properly licensed person having a physical disability that would prevent them from hunting or taking wildlife by archery methods prescribed in this chapter, may hunt wildlife with a crossbow in lieu of a bow, provided while hunting s/he carries a physician's statement provided by the department and signed by a licensed physician which certifies the person has either a permanent or temporary disability which qualifies him/her to hunt with a crossbow. Printed copies of the physician's statement form can be obtained from the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and online at www.missouriconservation.org.

(Q) Hunter Orange. During the urban zones, youth, November, and antlerless portions of the firearms deer hunting season, all hunters shall wear a cap or hat and a shirt, vest, or coat having the outermost color commonly known as hunter orange which shall be plainly visible from all sides while being worn. Camouflage orange garments do not meet this requirement. This requirement shall not apply to migratory game bird hunters, to hunters using archery methods while hunting within municipal boundaries where discharge of firearms is prohibited, to hunters on federal or state public hunting areas where deer hunting is restricted to archery methods, or to hunters in closed counties during the antlerless portion of the firearms deer hunting season.

(R) Computer-Assisted Remote Hunting. Except as otherwise permitted in this Code, wildlife may be taken only in the immediate

physical presence of the taker and may not be taken by use of computer-assisted remote hunting devices.

(S) Wildlife may not be hunted, pursued, or taken with the use of poisons or tranquilizing drugs.

*PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.*

(1) The current *Fall Deer & Turkey Hunting Regulations and Information* booklet is hereby incorporated in this Code by reference. This booklet is published annually in August by, and a printed copy can be obtained from, the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and is also available online at [www.missouri-conservation.org](http://www.missouri-conservation.org). This rule does not incorporate any subsequent amendments or additions.

(2) Deer shall mean white-tailed deer and mule deer. Antlered deer shall mean deer with at least one (1) antler at least three inches (3") long, except as provided in 3 CSR 10-7.435. Deer may be pursued, taken, killed, possessed, or transported only as permitted in this Code.

(3) Persons hunting or pursuing deer must possess a prescribed deer hunting permit. Resident landowners and lessees can qualify for no-cost permits.

(4) Deer may be pursued or taken only from one-half (1/2) hour before sunrise until one-half (1/2) hour after sunset.

(5) Deer Hunting Methods.

(A) Archery: longbows, recurve bows, compound bows, and atlatl.

(B) Muzzleloader: muzzleloading or cap-and-ball firearms, .40 caliber or larger, not capable of being loaded from the breech.

(C) Any legal method: archery and muzzleloader methods; atlatl; crossbows; shotguns; handguns or rifles firing expanding-type centerfire ammunition; and air-powered guns, .40 caliber or larger, charged only from an external high compression power source (external hand pump, air tank, or air compressor).

(D) Prohibited, in use or possession:

1. Methods restricted by local ordinance;

2. Self-loading firearms with capacity of more than eleven (11) cartridges in magazine and chamber combined with the exception of concealed firearms carried by persons issued a concealed carry endorsement on a driver license or non-driver license and any qualified law enforcement officer or qualified retired law enforcement officer as defined in the Federal Law Enforcement Officers Safety Act (18 USC 926B or 18 USC 926C) (Firearms possessed under this exception may not be used to take wildlife while deer hunting. Proof of this exception must be carried while hunting.);

3. Ammunition propelling more than one (1) projectile at a single discharge, such as buckshot;

4. Full hard metal case projectiles;

5. Fully automatic firearms; and

6. Electronic calls or electronically activated calls.

(D) With the aid of dogs, in use or possession;

(E) With the aid of artificial light or night vision equipment;

(F) Within any area enclosed by a fence greater than seven feet (7') in height that could contain or restrict the free range of deer. Exceptions are provided in other rules or by written authorization of the director; and

(G) With the aid of bait (grain or other feed placed or scattered so as to constitute an attraction or enticement to deer). Scents and minerals, including salt, are not regarded as bait; however, mineral blocks with food additives are prohibited. An area is considered baited for ten (10) days following complete removal of bait. A person shall be in violation of this provision if they take or attempt to take deer by the aid of bait, where the person knows or reasonably should know that the area is or has been baited. It is illegal to place

bait in a way that causes others to be in violation of the baiting rule.

(7) During the firearms deer hunting season and during managed firearms deer hunts on those areas where such hunts are held, all persons hunting any game, and also adult mentors accompanying them, must wear a cap or hat and a shirt, vest, or coat of the color commonly known as hunter orange, which must be plainly visible from all sides. Camouflage orange garments do not meet this requirement. The following are exempt from this requirement:

(A) Migratory game bird hunters;

(B) Archery permittees during the alternative methods portion;

(C) All hunters in counties closed during the urban zones and antlerless portions;

(D) Hunters using archery methods while hunting within municipal boundaries where discharge of firearms is prohibited;

(E) Hunters on federal or state public hunting areas and during managed hunts where deer hunting is restricted to archery or cross-bow methods; and

Any person possessing the prescribed turkey hunting permit and

who is at least six (6) but not older than fifteen (15) years of age on the opening day of the youth spring season may take only one (1) male turkey or turkey with visible beard during the youth spring season. A turkey harvested during the youth spring season will count towards an individual's spring season bag limit; individuals hunting under the prescribed turkey hunting permit may not harvest a second bird during the first week of the spring season. Turkeys may be taken only by shotgun with shot no larger than No. 4, atlatl, crossbow, or bow; without the use of dogs, bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to sunset. The Telecheck confirmation number shall be recorded immediately on the turkey hunting permit. The head and plumage of the turkey shall remain intact until the turkey is reported through the Telecheck Harvest Reporting System. All turkeys shall be reported through the Telecheck Harvest Reporting System prior to processing or being removed from the state. After reporting through the Telecheck Harvest Reporting System, turkeys may be possessed, transported, and stored by anyone when labeled with the permit or any label that includes the full name and address of the taker, date taken, and Telecheck confirmation number.

(3) Bait shall mean grain or other feed placed or scattered so as to constitute an attraction or enticement to turkeys. An area shall be considered baited for ten (10) days following complete removal of the bait.

(4) A resident landowner or lessee as defined in 3 CSR 10-20.805, possessing a landowner turkey hunting permit, may take and possess turkeys in accordance with this rule on his/her land or, in the case of the lessee, on

the land on which s/he resides and shall report the turkeys through the Telecheck Harvest Reporting System as required in this rule.

(5) Any person who kills or injures any wild turkey shall make a reasonable effort to retrieve the turkey and include it in his/her season limit.

(6) Turkeys (or parts thereof) reported in accordance with established procedures, when labeled with the full name and address of the taker, the date taken, and the Telecheck confirmation number of the turkey, may be possessed, transported, and stored by anyone.

(7) In accordance with section 270.400, RSMo, feral hogs (any hog, including Russian and European wild boar, that is not conspicuously identified by ear tags or other forms of identification and is roaming freely upon public or private lands without the landowner's permission) may be taken in any number during the spring firearms turkey season and youth spring season only by the holder of a valid, unused turkey hunting permit; and only by methods and times prescribed for taking turkeys. During the fall firearms turkey season, feral hogs may be taken only by the holder of a valid, unused turkey hunting permit or a small game hunting permit; and only by methods prescribed in Chapter 7 for taking wildlife, and without the use of bait. Other restrictions may apply on public lands. Resident landowners or lessees as defined in this Code may take feral hogs on their own property at any time, by any method, and without permit.
