Chapter 3—Enterprise Zone Program

4 CSR 85-3.010 Enterprise Zone Program

PURPOSE: The Division of Commerce and Industrial Development, in conjunction with the Division of Community and Economic Development, Department of Economic Development, has the responsibility to approve or disapprove petitions for designation as an enterprise zone. This rule establishes guidelines to assist the applicant in the implementation of an Enterprise Zone Program.

(1) The Enterprise Zone Program is designed to accomplish three (3) fundamental objectives. These are to a) reduce unemployment by creating jobs, b) eliminate blight through rehabilitation of area buildings and facilities and c) improve local economy by fostering new entrepreneurship. The program is designed to exclusively serve areas with a history of pervasive poverty, unemployment and general distress.

(2) The Division of Community and Economic Development shall administer the Enterprise Zone Program in cooperation with the Department of Revenue. The Division of Community and Economic Development shall provide necessary assistance to the applicant wishing to take advantage of the Enterprise Zone Act.

(3) As used in the implementation of the Enterprise Zone Act, the following terms mean:

(A) Applicant is that governing authority holding primary legislative authority over a county or incorporated municipality which meets the criteria set forth under sections 135.200—135.205, RSMo and is requesting designation of its jurisdiction as an enterprise zone;

(B) Blight is any condition that impairs growth, halts prosperity and causes decline or decay; and

(C) Entrepreneurship is the activity of newly establishing, organizing and operating business ventures.

Purpose: Any governing authority, which qualifies as an applicant as defined under 4 CSR 85-3.010, may file a petition for designation as an enterprise zone. This rule establishes the procedures for submitting petitions and the criteria and priorities for the approval or disapproval of such petitions.

(1) Public Hearing Requirements. After the governing authority determines that it meets the criteria listed in section 135.205, RSMo it shall hold a public hearing as set forth under section 135.210(1), RSMo. The governing authority shall promptly deliver a copy of the published notice of public hearing required under section 135.210, RSMO to the division.

(2) Petition. After a public hearing is held, the governing authority may file a petition with the division requesting the designation of a specific area as an enterprise zone. This petition shall include:

(A) Zone Description. The description should be a thorough yet concise report which demonstrates widespread deterioration in the proposed zone. The applicant shall include the information required under section 135.205, RSMo and should specifically discuss the following:

1. General condition of residential and commercial structures;
2. Condition of infrastructure;
3. Crime statistics;
4. A list of existing businesses; and
5. Comparative rate of social and economic decline;

(B) Zone Planned Development. The applicant shall provide plans as listed under section 135.210. Plans shall specify:

1. Objectives;
2. Implementation plan; and
3. Reasonable timetables for implementation;

(C) Description of Intra Zone Compatibility. The petition will include a description of how the proposed enterprise zone is compatible with general land use characteristics. In addition the applicant should demonstrate an adequate labor supply and a reasonable amount of space for expansion;

(D) Firm Public Commitment. Proposed zones which require public resources (infrastructure) and improvements to those resources must provide documented assurances from the chief executive officer of the resource that adequate service will be provided; and

(E) Assurances Against Loss of Employment. The applicant shall provide documented assurance that a new business facility wishing to locate within the proposed zone will not result in a loss of employment within Missouri.

(3) Filing Procedures.

(A) Petition Forms. All petitions shall be made on the forms supplied by the Division of Community and Economic Development. The division may request any additional information it determines necessary to evaluate a petition.

(B) Filing Periods and Limitations. Petitions may be filed at the discretion of the applicant during each calendar year.

(C) The director of the department promptly shall reply with general acknowledgement of receipt of the petition submitted.

(D) Zone Size. Zones shall be limited in size according to population limits established by section 135.205(4), RSMo.

(4) Review. The director shall review the contents of the petition and any other related data and shall determine whether the enterprise zone satisfies the statutory requirements as an enterprise zone. In addition, the director shall determine the potential effect that a proposed enterprise zone designation may have on other proposed or existing enterprise zone(s). Should s/he determine that a proposed designation diminishes another enterprise zone’s ability to support reasonable economic growth or reasonable tax assessment, s/he may disapprove the proposed enterprise zone designation.

4 CSR 85-3.030 Designation

PURPOSE: This rule establishes time tables for the announcement and issuing of designation status, requirements for continued eligibility and monitoring procedure.

(1) Designation shall be approved by the director of the Department of Economic Development. Continued designation will require adherence to criteria listed under sections 135.210—135.255 and 353.060, RSMo.
(2) Designations shall be made at least thirty (30) days and not more than ninety (90) days from the day of receipt of the petition by the division as specified by the director.

(3) The director shall notify applicants of the disposition of their petitions promptly at the designated time of announcement.

(4) Monitoring report forms shall be provided by the Division of Community and Economic Development.

(5) Monitoring will consist of the following:
   (A) An annual report which shall be filed by the governing authority with the Department of Economic Development during the first three (3)-month period of each calendar year except when designation began less than twelve (12) months prior to the first day of the first three (3)-month period in which case the governing authority shall submit the report during the first three (3)-month period of the following calendar year.
   (B) The report shall include:
      1. A review of improvements to residential and commercial structures;
      2. A review of improvements or expansions to infrastructure;
      3. An update on crime statistics;
      4. Updated statistics and narrative pursuant to section 135.205, RSMo;
      5. A list of newly established businesses, employment created and local incentives established;
      6. A progress report describing efforts set forth under the applicants proposed objectives and timetables pursuant to section 135.210, RSMo;
      7. A narrative outlining the effect of zone designation on the social and economic environment;
      8. A description from the local assessor of procedures developed for adherence to section 135.215, RSMo. This shall include a report on exemptions requested and granted under section 135.210, RSMo;
      9. A review of any involvement by a redevelopment corporation with section 135.255, RSMo and its adherence to section 135.255, RSMo. If assistance is requested under the provisions set forth under section 135.255, RSMo the review shall include documentation of this assistance; and
      10. The division may request additional information it determines necessary for monitoring procedures; and
   (C) A field review to be conducted at the discretion of the director of the Department of Economic Development. The review shall include analysis of plan implementation and related enterprise zone activities.

4 CSR 85-3.040 Complaints

PURPOSE: This rule establishes the procedure for reporting complaints.

(1) Applicants who have a complaint concerning the disposition of their petitions shall make their complaint to the director according to the following procedure:

(A) The complaint must be filed within ten (10) days after receipt of notice by mail to the applicant of the disposition of the director;

(B) The complaint shall state the name of the applicant, the disposition of the director of which the applicant complains and a brief statement of the facts and reasons upon which the complaint is based;

(C) The complaint shall be signed by the chief administrative officer of the complaining applicant;

(D) If a complaint is filed requesting a hearing, the division will set a date for an informal hearing and notify the applicant of the date at least ten (10) days before the hearing.

(E) The hearing will be informal but conducted with dignity and decorum. The hearing shall begin with a statement by the division of the basis of the director's determination of which complaint has been made. After that, the applicant shall state the complaint and present to the division the facts and arguments as are relevant to the complaint; and

(F) Within ten (10) days after the completion of the hearing the director shall notify the applicant of the determination, setting forth in writing the particular facts and conclusions upon which the determination is premised. If, as a result of any hearing, the director finds the original determination incorrect, the director shall correct the determination and notify the applicant immediately following determination of the complaint.

4 CSR 85-3.050 Withdrawal of Approval

PURPOSE: This rule establishes the conditions under which revocation of designation may occur.

Designation may be withdrawn for failure to satisfy any criteria contained in sections 135.210—135.255 and 363.060, RSMo or any duly promulgated regulation pertaining to the Enterprise Zone Program.
