4 CSR 250-3.010 Applications for License

**PURPOSE:** This rule informs applicants of the requirements, procedures and qualifications necessary for obtaining a license.

(1) Licenses shall be granted only to persons who present, and corporations, associations or partnerships whose officers, associates or partners present, satisfactory proof to the commission that they are persons of good moral character; bear a good reputation for honesty, integrity and fair dealing; and are competent to transact the business of a broker or salesperson in such a manner as to safeguard the interest of the public.

(2) All applications for license shall be made on forms approved by the commission and completed and signed by the applicant. The commission may deny issuance of a license to any applicant submitting an incomplete application or an application containing any false or misleading information or to any applicant failing to submit the correct fees with an application.

(3) Every application for original license shall be accompanied by proof acceptable to the commission that the applicant has met all applicable requirements of the license law and these rules, including but not limited to:

(A) Proof of successful completion of the prescribed prelicense course in an accredited school prior to the date of examination and within six (6) months prior to the date the application for license is postmarked by a postal service; and

(B) Proof of satisfactory completion of both portions of the required examination within six (6) months prior to the date the application for license is postmarked by a postal service.

(4) Applicants will have six (6) months after satisfactory completion of the required course of study within which to pass the required examination and apply for license. After six (6) months, credit for that course and examination will expire, and satisfactory completion of the required course and examination must be repeated before applying for license.

(5) The commission may require an applicant for a license to furnish a recent passport-type photograph and court documents, as well as any other information deemed necessary by the commission to determine the applicant's qualifications for a license.

(6) The commission reserves the right, at its discretion, to hold any application for a reasonable length of time for investigation.
