(A) If the renewal of the certificate of license to teach is received by DESE within eleven (11) months of the expiration date of the certificate or a shorter time if specified in the rules promulgated by the board, the effective date of renewal will be the certificate’s expiration date.

(B) If an individual’s certificate of license to teach renewal is issued after the certificate has expired for more than eleven (11) months or a shorter time if specified in the rules promulgated by the board, the individual must meet the current certification requirements as set forth in the compendium unless extenuating circumstances exist and the individual obtains the approval of the commissioner of education.

(4) Certificates of license to teach may be issued pursuant to the rules promulgated by the board, to individuals in the following classifications:

(A) Initial Professional Classification (IPC); and/or

Initial Professional Classification (IPC):

(A) A four (4) year IPC classification will be issued to applicants who meet the certification requirements and possess less than four (4) years of state-approved teaching experience;

(1) Each applicant seeking a Missouri certificate of license to teach will successfully complete an exit assessment to measure the applicant’s competency in subject matter, pedagogical knowledge, or both, prior to being granted the certificate. An exemption exists if the applicant holds a valid certificate of license to teach from another state.

(A) The State Board of Education (board) has selected the Praxis II: Content Knowledge or Specialty Area assessments and the Principles of Learning and Teaching assessments developed by the Educational Testing Service (ETS) as the exit assessments for certificates of license to teach. Qualifying scores are established by the board and published by ETS for each assessment designated for an area of certification.

1. Applicants seeking initial certificates of license to teach must complete and achieve a Missouri qualifying score in the content knowledge or specialty area assessment in their major area of preparation or the appropriate principles of learning and teaching assessment if no content knowledge or specialty area assessment is designated, except in the areas of special education, student ser-
ices, and administration (see Appendix A, which is included herein).

2. Applicants holding a valid Missouri professional or life certificate of license to teach in a content area who are seeking additional certificate(s) of license to teach in other content area(s), will receive the additional certificate(s) upon meeting either of the following conditions:

A. Complete and achieve a Missouri qualifying score for the Praxis II content knowledge or specialty area assessment designated for the certificate of license to teach, except for the areas of unified science, special education other than mild/moderate cross-categorical disabilities, student services, administration, vocational-technical, and adult education and literacy; or

B. Successfully complete the applicable certification requirements as set forth in the Compendium of Missouri Certification Requirements (compendium), which is incorporated by reference and made a part of this rule.

3. Applicants holding a valid Missouri professional or life certificate of license to teach in a secondary content area who are seeking additional certification for middle school in the same content area, will receive the additional certification upon meeting either of the following conditions:

A. Complete and achieve a Missouri qualifying score for the Praxis II: Principles of Learning and Teaching, grades five through nine (5–9), assessment; or

B. Successfully complete the applicable certification requirements for middle school education, grades five through nine (5–9), as set forth in the compendium.

(B) In addition to the previously described assessments, the board will accept successful completion of the National Board for Professional Teaching Standards (NBPTS) assessment as meeting the exit assessment requirement for Missouri. Therefore, applicants seeking a Missouri certificate of license to teach having certification granted by the NBPTS are not required to take the exit assessment designated by the board in the content area for which they hold NBPTS certification.

(C) The board has selected the School Leaders Licensure Assessment (SLLA) developed by ETS to assess the attainment of competencies required for the building-level administrator certificate of license to teach (see Appendix A). A minimum qualifying score for this assessment is established by the board.

(D) The board has selected the School Superintendent Assessment (SSA) developed by ETS to assess the attainment of competencies required for the district-level administrator certificate of license to teach (see Appendix A). A minimum qualifying score for this assessment is established by the board.

(E) Applicants seeking a Missouri certificate of license to teach shall have their assessment score(s) reported to the Department of Elementary and Secondary Education by the authorized testing agency and on their application for initial certification from the college/university recommending the applicant for their certificate of license to teach, if appropriate.

(2) Applicants seeking a certificate of license to teach in a vocational-technical area, adult education and literacy, substitute and/or temporary authorization certificate of license to teach may not be required to take an exit assessment prior to the issuance of the certificate of license to teach.

(3) Applicants holding a temporary authorization certificate of license to teach who have not completed a state-approved teacher preparation program shall complete and achieve the Missouri qualifying scores for both the Praxis II content knowledge or specialty area assessment for the content area and the Praxis II Principles of Learning and Teaching for the specific grade ranges prior to advancement to a professional classification certificate of license to teach (see Appendix A).
