Board of Education Relating to Applications
for Educator Certificates**

PURPOSE: The State Board of Education is authorized to grant educator certification in any of the public schools of the state and to establish requirements and qualifications for those certificates. This rule establishes procedures for review of applications of individuals convicted of a felony or crime involving moral turpitude, whether or not sentence is imposed; applicants whose license has been revoked in Missouri or in another jurisdiction; and applicants seeking to appeal a denial of license by the Office of Educator Quality.

(1) Any application for an educator certificate for an individual who has been convicted of a felony or crime involving moral turpitude, whether or not sentence is imposed, including candidates for a Missouri educator certificate who are currently enrolled in professional education courses in conjunction with state-approved teacher preparation programs, shall be reviewed by the Office of Educator Quality within the Department of Elementary and Secondary Education (department) and recommendations made to the State Board of Education (board). However, certificates may only be issued upon motion of the board adopted by a unanimous affirmative vote of those members present and voting.

(A) Conviction for purposes of this rule does not include offenses, other than those listed in section 168.071.6, RSMo, for which the applicant has successfully completed a suspended imposition of sentence.

(B) Applicants with a criminal conviction shall provide the following:

Information relating to being found guilty, a plea of guilty, receipt of a suspended imposition of sentence, receipt of a suspended execution of sentence, or entering a plea of *nolo contendere* for any violation of any laws of a state, the United States, or any other country, other than a traffic violation; including information on the date of the court action, the applicant's age at the time of the underlying offense, the facts of the crime, and whether the conduct that was the basis for the conviction was in the scope of the applicant's duties while employed by a public or private school or school district;

2. A statement by affidavit or under oath as to rehabilitative steps completed by the applicant relating to applicant's criminal

conduct; and

3. A completed background check processed by the Missouri State Highway Patrol (Highway Patrol) and/or the Federal Bureau of Investigation (FBI).

(C) The application shall be placed on the agenda of the board as soon as reasonably possible. The applicant will be notified of the date, time, and place of the board meeting. Consideration by the board will consist of a record review of the application and additional documents. The applicant will not have the opportunity to present additional evidence or testify. The applicant will be notified in writing of the decision of the board.

(2) Any application for an educator certificate submitted by an individual who has been subject to previous disciplinary action by the board or by a licensing authority in another state or political jurisdiction shall only be granted by affirmative vote of the board.

(A) Applicants for a Missouri educator certificate who have had an educator certificate revoked by another certifying authority will not be eligible to be considered for Missouri certification until such time as they have the revocation cleared by the certifying authority and the applicant holds a valid certificate from that authority.

(B) Recommendation to the board by the commissioner of education for certification under this section shall be based only on a completed application which shall include:

1. Information regarding teaching certificates or similar titles and/or other professional licenses or similar titles held, including but not limited to disciplinary actions, denials, restrictions, revocations, voluntary surrenders, suspensions, reprimands, and/or investigations;

2. A consent authorizing the department as it deems necessary or appropriate to make contact with, interview, consult, obtain documentation and verification from other persons and sources within or without Missouri with respect to the applicant and the applicant's request for certification;

4. Other information including recent employment and references requested by the board that may be deemed relevant to the request for recertification.

(C) The application shall be placed on the agenda of the board as soon as reasonably possible. The applicant will be notified of the date, time, and place of the board meeting. Consideration by the board will consist of a record review of the application and related documents. The applicant will not have the

opportunity to present additional evidence or testify. The applicant will be notified in writing of the decision of the board.

(3) Issuance of certificates not otherwise addressed under sections (1) and (2) of this rule shall be made by the Office of Educator Quality based upon the standards adopted by the board. Applicants that are denied will be advised in writing of the reason(s) why certification is denied and at the same time will receive notice of the process for appeal.

(A) The applicant, within thirty (30) days of receipt of written notice of denial, may request the commissioner of education to review the decision of the Office of Educator Quality. The applicant shall provide all documentation to be considered by the commissioner of education or a designee in reviewing the application.

(B) The commissioner of education will notify the applicant in writing of the decision.

Qualifying scores are established by the board and published by ETS for each assessment designated for an area of certification.

1. Applicants seeking initial certificates of license to teach must complete and achieve a Missouri qualifying score in the content

knowledge or specialty area assessment in their major area of preparation or the appropriate principles of learning and teaching assessment if no content knowledge or specialty area assessment is designated, except in the areas of special education, student services, and administration (see Appendix A, which is included herein).

2. Applicants holding a valid Missouri professional or life certificate of license to teach in a content area who are seeking an additional certificate(s) of license to teach in another content area(s) will receive the additional certificate(s) upon meeting either of the following conditions:

A. Complete and achieve a Missouri qualifying score for the Praxis II content knowledge or specialty area assessment designated for the certificate of license to teach, except for the areas of unified science, special education other than mild/moderate cross categorical disabilities, student services, administration, career education, and adult education and literacy; or

B. Successfully complete the applicable certification requirements as set forth in the *Compendium of Missouri Certification Requirements* (compendium), which is incorporated by reference and made a part of this rule. Anyone interested in viewing or requesting a copy of the compendium, published by the Department of Elementary and Secondary Education (revised February 2012), may contact the Educator Certification Section, 205 Jefferson Street, PO Box 480, Jefferson City, MO 65102-0480. This rule does not incorporate any subsequent amendments or additions.

A. Complete and achieve a Missouri qualifying score for the Praxis II: Principles of Learning and Teaching, grades five through nine (5–9), assessments; or

B. Successfully complete the applicable certification requirements for middle school education, grades five through nine (5–9), as set forth in the compendium.

(B) In addition to the previously described assessments, the board will accept successful completion of the National Board for Professional Teaching Standards (NBPTS) or, for school psychologists, the National Association of School Psychologists (NASP) assessment as meeting the exit assessment requirement for Missouri. Therefore, applicants seeking a Missouri certificate of license

to teach having certification granted by the NBPTS or NASP are not required to take the exit assessment designated by the board in the content area for which they hold NBPTS or NASP certification.

(C) The board has selected the School Leaders Licensure Assessment (SLLA) developed by ETS to assess the attainment of competencies required for the building-level administrator certificate of license to teach (see Appendix A). A minimum qualifying score for this assessment is established by the board.

(D) The board has selected the School Superintendent Assessment (SSA) developed by ETS to assess the attainment of competencies required for the district-level administrator certificate of license to teach (see Appendix A). A minimum qualifying score for this assessment is established by the board.

(E) Applicants seeking a Missouri certificate of license to teach shall have their assessment score(s) reported to the Department of Elementary and Secondary Education by the authorized testing agency and on their application for initial certification from the college/university recommending the applicant for their certificate of license to teach, if appropriate.

(2) Applicants seeking a certificate of license to teach in a career education area, adult education and literacy, substitute and/or temporary authorization certificate of license to teach may not be required to take an exit assessment prior to the issuance of the certificate of license to teach.

(3) Applicants holding a temporary authorization certificate of license to teach who have not completed a state-approved teacher preparation program shall complete and achieve the Missouri qualifying scores for both the Praxis II content knowledge or specialty area assessment for the content area and the Praxis II Principles of Learning and Teaching for the specific grade ranges prior to advancement to a professional classification certificate of license to teach (see Appendix A).

APPENDIX A

Policies for the Board-Designated General Knowledge and Skills Assessment

1. Candidates must obtain a satisfactory rating in each of the subtests (English, Language Arts including writing, mathematics, science, and social studies) independently.
2. Candidates who do not obtain a satisfactory rating for any particular subtest (English, Language Arts including writing, mathematics, science, and social studies) may opt to retake the entire examination or only the unsatisfactory subtest(s).
3. Candidates will have two (2) years from the first attempt to obtain a satisfactory rating in all of the subtests of the general knowledge and skills assessment (English, Language Arts including writing, mathematics, science, and social studies), after which time they must begin anew the requirement for obtaining a satisfactory rating in all subtests.
4. Once satisfactory ratings have been obtained in all of the subtests of the general knowledge and skills assessment, these scores will remain valid permanently.
5. Candidates may retake the examination as many times as they choose and as frequently as it is offered, but not more than once during any single statewide test administration period.
6. In the case of retakes, the highest rating obtained will be considered for the teacher entry criterion.

7. Candidates may use hand-held calculators during administration of the general knowledge and skills assessment.
8. Each educator preparation program shall make appropriate allowances for administering the general knowledge and skills assessment and the assessment of oral communication skills to candidates with physically handicapping conditions.
9. The general knowledge and skills assessment will be offered several times per calendar year according to a schedule established by the department with the advice of a committee representative of educator preparation programs and other appropriate persons.
10. Through a procedure for advance registration, candidates will be strongly encouraged to preregister for the general knowledge and skills assessment; however, candidates are permitted (at additional cost) to take the test without preregistering providing space and testing materials are available, and other logistical considerations can be accommodated at a particular test location.
11. Candidates who have achieved a baccalaureate degree from a regionally-accredited institution of higher education prior to seeking admission into an approved teacher education program shall be deemed to have achieved a satisfactory rating on all subtests and are not required to take the general knowledge and skills assessment.
12. The assessment of oral communication skills will follow the criteria and procedures designed by the commissioner of education.
13. The board shall determine an appropriate passing score for each subtest. These scores are subject to periodic review and revision by the board.

5 CSR 20-400.360 Missouri Critical Teacher Shortage Forgivable Loan Program

PURPOSE: Section 168.600, RSMo, establishes a critical teacher shortage forgivable loan program. Upper division undergraduate or graduate level students enrolled full-time in approved teacher education programs leading to teacher certification would be eligible to apply for this program. This program would provide forgivable loans of up to four thousand dollars (\$4,000) for undergraduate students and eight thousand dollars (\$8,000) for graduate students who declared an intent to teach in Missouri public elementary and secondary schools in critical teacher shortage areas. The General Assembly makes an annual appropriation for the purpose of funding this program. This rule sets forth requirements for the implementation of this program.

(1) The Missouri critical teacher shortage forgivable loan program contains the following:

(A) For the purpose of this rule, unless the context clearly requires otherwise, critical teacher shortage area shall mean:

2. School buildings that serve low income families (one-third (1/3) or more of the students qualify for free and reduced price meals);

(B) An undergraduate forgivable loan may be awarded annually for two (2) undergraduate years and shall not exceed four thousand dollars (\$4,000) per year, or for a maximum of three (3) years for programs requiring a fifth year of instruction to obtain initial teaching certification; and

(C) A graduate forgivable loan may be awarded annually for two (2) graduate years and shall not exceed eight thousand dollars (\$8,000) per year.

(2) Eligible candidates are residents of Missouri and will be chosen on a first come first served basis with preference given to applicants who declare an intent to teach in both an identified certification area and school building that serves low income families and who meet the following requirements:

(A) Are upper division undergraduate or graduate students attending full-time a Missouri higher education institution with a DESE approved teacher education program;

(B) Participate in a program of study leading to issuance of a certificate of license to teach;

(C) Has declared an intent to teach for at least the number of years for which a forgivable loan is received in Missouri public elementary and/or secondary schools of Missouri in a critical teacher shortage area;

(D) Have maintained a minimum cumulative grade point average of 2.5 on a 4.0 scale for all undergraduate work (undergraduate students) or have maintained a minimum grade point average of 3.0 on a 4.0 scale for all graduate work (graduate students); and

(E) Agree to notify DESE annually on October 1 in the format and on the schedule prescribed by DESE, of his/her current status as a student during years of college attendance and as a teacher following receipt of a certificate of license to teach.

(3) Applications must be postmarked by May 1 on a form provided by DESE:

(A) Applications will contain the following:

1. Applicant's name and residential address;

2. Applicant's date of birth and Social Security number;

3. Name of the college or university attending;

4. Certification area being pursued; and

5. Declaration of intent to teach in a critical teacher shortage area.

(4) Following notification that the applicant has been selected to receive a loan, an applicant shall respond to DESE to accept or decline the loan no later than July 1. The loans shall be dispersed as follows:

(A) After the recipient has completed registration procedures at the college or university and is ready to attend class at the beginning of the first and second semester of the fiscal year, the financial aid officer or scholarship awards officer shall give the recipient a check from the state in an amount not to exceed two thousand dollars (\$2,000) for undergraduate or four thousand dollars (\$4,000) for graduate students made payable to the recipient. The exact number of loans will be based upon legislative appropriation and the number of eligible applicants;

(B) At the beginning of the first and second semesters after the recipient has completed all enrollment requirements, is ready to attend class, and when the check from the state is delivered to the student, the recipient shall sign a promissory note which obligates the student to fulfill the commitment to be made by the recipient, with the provision that funds received shall be repaid according to the terms of this rule if the student defaults on the commitments; and

(C) The state board of education may set aside fifteen percent (15%) of the loans for awards to qualified minority recipients.

(5) Participating colleges or universities must:

(A) Be located in Missouri;

(B) Offer a teacher education program approved by DESE;

(C) Report immediately to DESE the name of any enrolled recipient who ceases study leading to teacher certification; and

(6) Repayment.

(A) Credit for repayment of a forgivable loan shall be in the amount of two thousand dollars (\$2,000) in loan principal plus applicable accrued interest for each full year of teaching in a critical teacher shortage area as defined in paragraph (1)(A)1. or 2. of this rule. However, credit in the amount of four thousand dollars (\$4,000) in loan principal plus applicable accrued interest for each full year of teaching in a critical teacher shortage area as defined in paragraphs (1)(A) 1. and 2. of this rule.

(B) Any loan recipient who fails to complete initial certification requirements, fails to obtain a certificate of license to teach in a critical teacher area or fails to teach in a Missouri public elementary or secondary school in a critical teacher shortage area shall repay the loan plus interest accruing at eight percent (8%) annually. In order to provide for the servicing of such loans, DESE may sell such loans to the Missouri Higher Education Loan Authority pursuant to state law and regulations.

5 CSR 20-400.370 Missouri Career Development and Teacher Excellence Plan

PURPOSE: Sections 168.500–168.515, RSMo establish a career advancement program, the Missouri Career Development and Teacher Excellence Plan, referred to as the career ladder program. Participation by local school districts in the Career Ladder Program shall be voluntary. The Career Ladder Program is a matching program of variable matched rates established by statute. The general assembly makes an annual appropriation for the purpose of providing the state's share of the Career Ladder Program. This rule sets forth guidelines for local district participation in the Career Ladder Program.

(1) For the purpose of this rule, unless the context clearly requires otherwise, the following terms shall mean:

(A) Career ladder salary supplement—The district may establish a salary supplement up to fifteen hundred dollars (\$1,500) for Career Stage I teachers, three thousand dollars (\$3,000) for Career Stage II teachers and five thousand dollars (\$5,000) for Career Stage III teachers. The state's payment is contingent upon appropriations for this purpose;

(B) Department—The Department of Elementary and Secondary Education;

(C) Eligible district—A school district which has adopted a local district career ladder plan and had that plan approved by the department according to standards and procedures established in this rule;

(D) Participating teacher—An individual employed full-time by a school district who is certificated under rules governing teacher

certification to serve as a classroom teacher, librarian, guidance counselor, school psychological examiner, parents as teachers educator, school psychologist, special education diagnostician, or speech pathologist and is on the district salary schedule and, as verified by a school district, has met criteria established for the career ladder; and

(E) School district—A school or group of schools governed by a locally elected board of education or the State Board of Education and operated at public expense.

(2) The department will provide school districts a model career ladder, guidelines and criteria for school district plans which meet the requirements established by statute and this rule.

(3) Each local school district desiring to participate in the Career Ladder Program shall submit an application and district plan to the Division of Urban and Teacher Education prior to July 15, 1996 and April 15 in subsequent years.

(4) Upon receipt of the school district's career ladder application, the Division of Urban and Teacher Education will review plans for eligibility to participate in the variable match rate program. The local district's career ladder plan will be evaluated to determine compliance with applicable statutes and standards and procedures established in the Criteria for Local District Career Ladder Plans (Appendix A).

(5) School districts will be notified of necessary modifications, eligibility or denial prior to August 1, 1996 and June 30, in subsequent years.

(6) Each eligible district shall identify participating teachers on Core Data collection forms provided by the department.

(7) Upon receipt of the Core Data information, the department will compile a list of participating teachers and determine the state portion of the career ladder salary supplement according to the variable matching rate provisions of the law. The department will send to each district the list of participating teachers. The district will correct as necessary, verify this list and certify its accuracy to the commissioner of education on or before March 15.

(8) Upon receipt of the certified list, the department will schedule one (1) payment to occur in July in concert with regular payment of foundation program funds, contingent

upon appropriations for this purpose, participating districts shall receive the appropriate reimbursement for Career Ladder Stage I in the first year of participation; Stages I and II in the second year; and Stages I, II and III in the third year.

(9) Eligible districts receiving career ladder salary supplements shall pay to each teacher an amount specified in the district application not to exceed the amounts provided by section 168.515(1), RSMo. If staffing/eligibility changes occur subsequent to the certification of the career ladder entitlement which cause the district to receive more or fewer funds necessary to implement the provisions of section 168.515, RSMo, the department shall be notified, with the modifications to Career Ladder Payment form by September 1, and the department will make an offsetting correction on the ensuing payment.

(10) Independent auditors retained by local districts will be responsible to examine district payroll records to determine if the proper career ladder supplemental pay has actually been paid to participating teachers as certified by the district to the department. Instances of noncompliance should be set forth in the audit report in the accountant's report on state and federal compliance.

APPENDIX A
Criteria for Local District Career Ladder Plans
REQUIRED ELEMENTS OF THE DISTRICT CAREER LADDER PLAN

The local district shall develop and submit to the Department of Elementary and Secondary Education a District Career Ladder Plan (DCLP). This plan will provide the organizational basis for the district's career ladder. Development of a career ladder is voluntary for local school districts. When districts establish a career ladder plan, they also must accept the responsibility of raising the local portion of the funding. Teachers who clearly meet the Qualifications and Responsibilities established as specific criteria (168.500.2(3), RSMo) for the district Career Ladder shall have a reasonable expectation of participating on the career ladder.

- I. The DCLP shall contain a statement requiring that all responsibilities in the teacher's Career Development Plan directly and obviously relate to improvement of programs and services for students as outlined in the District School Improvement Plan, Curriculum Development Plan, Professional Development Plan, Missouri School Improvement Program or instructional improvement.
- II. The DCLP shall contain three (3) stages and the qualifications for each stage. The annual supplemental pay shall not exceed \$1,500 for Stage I, \$3,000 for Stage II, or \$5,000 for Stage III. The state's payment is contingent upon appropriations for this purpose (168.515.1., RSMo). This supplemental pay shall be in addition to that which the teacher would normally be accorded by the district's salary schedule (168.505.1., RSMo).
- III. Each career ladder stage shall contain specific qualifications to be completed prior to application (168.500.2., RSMo). These qualifications shall include:
 - A. Five (5) years of teaching experience in Missouri public schools for Stage I (168.500.2(5), RSMo).
 - B. A clearly defined level of performance relative to the district's Performance Based Teacher Evaluation (PBTE) process for each stage on the career ladder (168.500.2(3), RSMo).

As stated in the state Model for PBTE, the EXPECTED PERFORMANCE LEVEL is a designation accorded to an EFFECTIVE teacher. Performance which clearly meets the district's expected performance level shall be required for Stage I and performance which meets and exceeds the expected level shall be required for Stages II and III:

 - At Stage I, the teacher shall show evidence of performance at the expected level on all of the criteria on the most recent final evaluation instrument in the district's PBTE system.
 - Stage II, the teacher shall show evidence of performance at the expected level on all of the criteria on the most recent final evaluation instrument and above the EXPECTED level on 10% of the evaluative criteria included in the district's PBTE system with at least one (1) of the criteria in the area of instructional process for teachers and librarians, guidance counseling process for counselors and the process area most closely related to specific job performance as it relates to students for school psychological examiners, parents as teachers educators, school psychologists, special education diagnosticians and speech pathologists.
 - At Stage III, the teacher shall show evidence of performance at the expected level on all of the criteria on the most recent final evaluation instrument and above the EXPECTED level on 15% of the summative evaluative criteria included in the district's PBTE system with at least one (1) of the criteria in the area of instructional process for teachers and librarians, guidance counseling process for counselors and the process area most closely related to specific job performance as it relates to students for school psychological examiners, parents as teachers educators, school psychologists, special education diagnosticians and speech pathologists.

In the PBTE system, the key emphasis is on the EXPECTED level of performance (EFFECTIVE teaching) and the percentage figures should be viewed as significant performance above the EXPECTED level. Unless otherwise approved by the department, the DCLP shall require no more than the percentages stated above.
 - C. A Career Development Plan to be organized by the teacher.

The Career Development Plan shall contain the responsibilities to be completed by the teacher while on the career ladder, and provisions for verifying completion of these responsibilities. Following approval by the district, these plans may be amended for good cause.

 - To qualify for Stage II, a teacher shall have completed a Career Development Plan and two (2) years of service on Stage I of the career ladder. One (1) year of service on the previous stage may be waived by the local Board of Education based upon a total of seven (7) years teaching in the public schools.
 - To qualify for Stage III, a teacher must have completed a Career Development Plan and three (3) years service on Stage II of the career ladder. Two (2) years of this service on the previous stage may be waived by the local Board of Education based upon a total of ten (10) years teaching in the public schools.
 - D. Appropriate certification in subject area for each teacher, except upon good cause shown (168.500.2., RSMo).
 - E. Full-time regular length contract.
 - F. The DCLP may contain additional qualifications deemed appropriate by the local Board of Education to the extent they are consistent with the provisions of 168.500—168.515, RSMo.

- IV. Each career ladder stage shall contain responsibilities commensurate and adjustable to the compensation offered for that stage that will be completed by the teacher while on the career ladder. These responsibilities shall directly and obviously relate to the improvement of programs and services for students as outlined in the District School Improvement Plan, Curriculum Development Plan, Professional Development Plan, Missouri School Improvement Program or instructional improvement. Responsibilities shall be detailed in the teacher's Career Development Plan.
- V. The local school district shall show evidence of teacher, administrator, and patron involvement in the development of the DCLP. Teachers selected for involvement should be chosen by teachers in the district.
- VI. A Career Ladder Review Committee, consisting of teachers selected by other teachers in the district and administrators shall present to the local board a list of Career Ladder participants that have been approved for payment.
- VII. The DCLP shall contain provisions for assessment of the district's career ladder. Plans will be made for periodic assessment of the district's career ladder under the direction of the local board of education with assistance from administrators, teachers, and patrons. Criteria for assessment shall include, but not be limited to, benefits for schools and students, and teacher interest and participation.
- VIII. The DCLP shall contain the instrument, procedures and forms used in the district's PBTE process.
- IX. The DCLP shall contain evidence of continuous training for evaluators in PBTE. This training shall be comprehensive in nature and include, but not be limited to, knowledge of effective teaching, formative observation, summative evaluation and assistance to teachers in improvement of instruction. Training shall also address procedures for consistency and reliability among evaluators.
- X. The DCLP shall contain procedures for appealing decisions made regarding approval or denial of application and placement on the career ladder (168.510, RSMo), including the right to substantive and procedural appeals of the PBTE. Procedures shall include, but not necessarily be limited to, the following:
 - A. An opportunity to have the decision reviewed by the authority/committee rendering the initial decision;
 - B. An opportunity to have the decision rendered in "A" reviewed by the superintendent of schools; and
 - C. An opportunity to have the decision rendered in "B" reviewed by the local board of education.Appeal procedures shall be implemented in a timely fashion. All decisions made with respect to a teacher's application to, and placement on, any stage of the career ladder shall be based on the qualifications for that stage as stated in the DCLP.
- XI. The DCLP shall contain provisions for recognition of teacher mobility from one participating district to another within this state (168.500.4., RSMo).

The Department of Elementary and Secondary Education will periodically review local district plans and will collect information from local districts regarding the career ladder process. The local district must advise the department regarding amendments to the DCLP adopted by the local board of education following approval of the original DCLP by the department.

5 CSR 20-400.375 Districts Effectively Evaluating Educators

PURPOSE: The growth and learning of children is the primary responsibility of those who teach in our classrooms and lead our schools. Student growth and learning can be observed and measured. Educators, in partnership with students, parents, and community, are accountable for ensuring the improvement of student achievement. Effective educator evaluation systems promote the improvement of professional practice resulting in the improvement of student performance.

(1) Pursuant to section 168.128, RSMo, the board of education of each school district shall maintain a comprehensive, performance-based evaluation for each teacher employed by the district. It is required that these evaluations shall be ongoing and of sufficient specificity and frequency to provide for demonstrated standards of competency and academic ability. With the primary goal of improving educator quality to promote high levels of student learning, the Department of Elementary and Secondary Education (department) establishes the following principles of effective evaluation:

(A) The evaluation process should use research-based performance targets aligned with state model teacher and leader standards;

(B) The evaluation process should establish indicators of performance articulated across differentiated levels with standards specifying expectations at all levels of practice;

(C) The evaluation process should be aligned with the probation period for the educator as specified in state law and provide for the accurate and appropriate accumulation of performance data;

(D) The evaluation process should use student growth in learning as a significant contributing factor in the evaluation of practice at all levels, using a wide variety of student performance measures;

(E) The evaluation process should assess performance on a regular basis, providing timely feedback from multiple sources that promotes formative development at all career stages and supporting overall improvement;

(F) The evaluation process should be designed to ensure that evaluators who collect evidence of performance and provide feedback are highly trained and objective, ensuring that ratings are fair, accurate, and reliable; and

(G) The evaluation process should be designed to guide district decisions regarding determinations of status, recognition, development, interventions, and policies that impact student learning in the system.

(2) These essential principles outlined here are the overall framework of Missouri's model

Educator Evaluation System. School districts not electing to adopt the state model shall align their local evaluation process to these same principles and shall submit their process to the department for review and approval.
