Chapter 5—Standards

9 CSR 45-5.010 Certification of Medicaid Agencies Serving Persons with Developmental Disabilities

PURPOSE: This rule defines terms, establishes principles and sets out the process by which Medicaid agencies providing residential habilitation, day habilitation, supported employment or individualized supported living services attain certification.

(1) The Division of Mental Retardation and Developmental Disabilities (division) shall establish procedures under which a Medicaid agency (agency) providing residential habilitation, day habilitation, supported employment or individualized supported living services to persons with developmental disabilities attains certification. In establishing those procedures, the division makes the following assumptions:
(A) A person with a developmental disability or the person’s family can best determine the services the person wants and needs;
(B) The division and the agencies shall work cooperatively to provide quality services and supports that effectively and efficiently meet individual needs of persons with developmental disabilities within the contexts of the persons’ preferred lifestyles;
(C) Through ongoing monitoring, persons with developmental disabilities and their families shall determine the quality of the persons’ services and supports and the effectiveness of the services and supports in meeting the persons’ needs;
(D) The certification process shall be flexible and person-centered and shall serve three critical purposes—
1. To determine how well the division, its regional centers and the agencies fulfill their responsibilities to persons with developmental disabilities;
2. To determine systems changes and practices needed so that the agencies will be more responsive to the persons’ needs; and
3. To enhance inclusion of persons with developmental disabilities as valued members of their communities;
(E) Rather than taking the traditional approach of penalizing agencies that fail to meet minimum standards, the division shall direct its resources and support towards assisting agencies that demonstrate innovation and initiative in pursuing best practices and realizing outcomes contained in the principles set out in section (3).
(F) The principles in subsections (3)(A) and (B) and paragraphs (3)(C)1. and (3)(D)3. of this rule are intended to enhance the services of agencies. Certification requires agencies’ commitment to continuous improvement toward realization of those principles;
(G) Agencies shall subscribe to and meet the principles in paragraphs (3)(C)2. and (3)(D)1. and 2. of this rule. The division shall enforce those principles; and
(H) A residential facility or day program that attains certification from the Division of Mental Retardation and Developmental Disabilities to deliver Medicaid Home and Community-Based Waiver services is deemed licensed by the department under sections 630.705, 630.760, RSMo.

(2) Terms defined in sections 630.005 and 633.005, RSMo are incorporated by reference for use in this rule. As used in this rule, unless the context clearly indicates otherwise, the following terms also mean:
(A) Consumer and family monitoring—A formalized review of an agency conducted every two (2) years by an organized consumer-parent group;
(B) Consumer and family monitoring team (monitoring team)—An organized group of at least two (2) parents or other consumers that reviews an agency every two (2) years to assess the quality and responsiveness of the agency’s services;
(C) Core issues—Issues identified by a survey team or monitoring team and which threaten the health or safety of people with developmental disabilities or infringe upon the basic rights of those people;
(D) Enforcement plan—A compliance plan under which an agency satisfies core issues identified by a survey team or monitoring team;
(E) Enhancement plan—A plan under which an agency will further enhance its services by building upon strengths and addressing other issues identified by a survey team;
(F) Medicaid agency—An agency serving people with developmental disabilities under the Medicaid Home and Community-Based or Nursing Home Reform Waiver program;
(G) Survey team—A group of at least two (2) persons, including the team leader, appointed by the division director or designee to conduct surveys of agencies;
(H) Survey team leader—A division employee who heads a survey team and coordinates its work;
(I) Survey team member—A survey provider, regional center employee, parent of a person with a developmental disability or other consumer who has completed training and credentialing by the division, qualifying him/her for membership on a survey team; and
(J) Tailored survey—A survey conducted by a survey team or monitoring team to assess the degree to which an agency has satisfied core issues previously identified by the team.

(3) This section prescribes four (4) sets of principles for agencies providing residential habilitation, day habilitation, supported employment or individualized supported living services to persons with developmental disabilities under the Medicaid Home and Community-Based or Nursing Home Reform Waiver program.
(A) Community Membership.
1. Promoting acceptance through community involvement—Outcome: Individuals are active participants in the community where they live.
   A. Individuals’ days are as diverse and enriching as others in the community.
   B. Individuals are supported in efforts to actively participate in community life.
   C. Individuals receive needed support when using community resources.
   D. Individuals who receive specialized supports receive them in a place or manner typical for all other community members.
   E. Individuals live, work, and participate in recreational activities in settings that are physically integrated into the community.
   F. Individuals spend the majority of their time in integrated settings.
   G. Individuals are familiar with their communities.
   H. Individuals use generic resources.
   1. Individuals participate in age-appropriate recreational activities.
   J. Individuals have the option to participate in the ethnic life of the community.
   K. Individuals have the option to participate in cultural arts activities in the community.
   L. Individuals receive support and adaptations with consideration for acceptance in the community.
   M. Individuals use methods of transportation that are typical for others in the community.
   N. Individuals’ dress and grooming are consistent with community norms.
   O. Individuals know or are learning skills which are critical to their acceptance in the community.
   P. Individuals receive training in a manner which is likely to be accepted by the community.
   Q. Individuals have the option to participate in the religious life of their choice in the community.
R. Individuals have the option to participate in political activities of their choice in the community.

2. Supporting and promoting relationships—Outcome: Individuals have positive relationships with people who are not paid providers.
   A. Individuals are supported in developing friendships.
   B. Individuals are supported in sustaining friendships.
   C. Individuals sustain or reestablish relationships with family members.
   D. Individuals who choose responsible, consensual, intimate relationships are supported.

E. Individuals' relationships with others are encouraged and supported.
F. Individuals' social support networks are expanded and enhanced.
G. Individuals have repeated opportunities for social contact with the same people or groups of people.
H. Individuals are involved in activities at times which are conducive to building relationships.
I. Individuals' competencies and interests are emphasized in expanding the scope of relationships.
J. Individuals' environments are conducive to developing relationships.
K. Individuals invite guests to their homes and on social occasions.
L. Individuals have in their possession personal information concerning significant others.
M. Individuals interact with others consistent with the intensity of the relationship.

3. Supporting and promoting contribution—Outcome: Individuals experience the rewards and responsibilities of contributing to society.
   A. Individuals have the option to contribute to and receive from others.
   B. Individuals have the option to join and assume roles in community organizations.
   C. Individuals have the option to join and assume roles in religious organizations.
   D. Individuals have the option to volunteer.
   E. Individuals have the option to help their neighbors.

4. Facilitating and enhancing communications—Outcome: Individuals' communications are recognized, responded to, and supported.
   A. Individuals have opportunities for communication in a variety of settings and with a variety of people.
   B. Individuals receive supports or services, or both, to enhance functional communication.
   C. Individuals who need them have alternative or augmentative communication systems that are functional.
   D. Individuals who use alternative systems of communication have those systems or functional alternatives available for use at all times in all environments.
   E. Individuals' families and friends have the option to receive training in the means of communication used by the individual.
   F. Individuals' language or communication systems are understood and used by people when providing supports or services, or both.
   G. Individuals' physical environments are arranged to promote conversation.
   H. Individuals' environments contain accessories and personal possessions which promote conversation.
   I. Individuals' lives contain various activities and experiences about which to communicate.
   J. Individuals' suggestions, opinions, and other communication are recognized and receive a response.

5. Facilitating community involvement through positive interaction—Outcome: Individuals interact in a manner which promotes inclusion in community life.
   A. Individuals are in supportive environments where most individuals engage in positive, acceptable interactions.
   B. Individuals are assured continued access to the community even though they may be displaying unacceptable behaviors.
   C. Individuals' interactions are understood in terms of communicative intent and function.
   D. Individuals' interactions are understood in terms of the variables contributing to the behavior as well as the physical characteristics of the behavior.
   E. Individuals with unacceptable interactions are directly observed in the environments where the behaviors occur to determine the purpose of the behavior.
   F. Individuals with unacceptable interactions are directly observed by persons knowledgeable and experienced in providing behavioral supports.
   G. Individuals' behavioral supports reflect an emphasis on analyzing the possible reasons for unacceptable interactions prior to planning and implementation.
   H. Individuals' unacceptable, non-threatening behaviors are reduced and more functional alternatives acquired.

I. Alternatives other than or in addition to behavioral supports are considered when severe and persistent mental illness is the presumed causal factor.

J. Individuals are supported through provision of a variety of programming strategies for facilitating or teaching appropriate adaptive behaviors.

K. Individuals' plans present a clear, integrated rationale explaining the importance to the individual for any proposed intervention.

L. Individuals are prevented, as much as possible, from engaging in severe, unexpected and threatening behaviors that endanger themselves, others, or community property.

M. Individuals are protected from endangerment through the supportive, respectful use of behavioral supports.

N. Individuals' rights are actively protected when behavioral supports are implemented.

(B) Self-determination.

1. Promoting self-esteem through positive self-expression—Outcome: Individuals have the opportunity to enhance self-esteem through self-expression.
   A. Interactions with each individual demonstrate interest, concern, and consistency.
   B. Individuals routinely receive unconditional positive feedback.
   C. Expectations of each individual are positive.
   D. Individuals have social and interpersonal problem solving skills.
   E. Individuals express their own personal style.
   F. Individuals are aware of and use personal competencies.
   G. Individuals express personal opinions and preferences.
   H. Individuals have options to express their cultural heritage.
   I. Individuals have information about their families and friends.
   J. Individuals express their personal histories.
   K. Individuals understand what belongs to them and what belongs to others.
   L. Individuals are aware of their own bodies.
   M. Individuals differentiate between themselves and others.

2. Maximizing individual choice and decision making—Outcome: The responsible choices of individuals are respected and supported in all phases of life.
   A. Individuals establish personal goals.
   B. Individuals make informed choices and experience natural consequences.
Chapter 5—Standards

C. Individuals are supported in carrying out choices.
D. Individuals make commitments for which they accept personal responsibility.
E. Individuals participate in the decoration of their personal area.
F. Individuals participate in the decoration of common living areas.
G. Individuals make choices regarding health care providers.
H. Individuals have options to choose from a variety of alternatives in all areas of their lives.
I. Individuals have options to retire.
J. Individuals receive and spend money in a typical fashion.
K. Individuals plan their own time.
L. Individuals choose their personal possessions.

3. Facilitating empowerment—Outcome: Individuals are in control of their own lives.
   A. Individuals have options to acquire and use self-advocacy and assertiveness skills.
   B. Individuals regularly utilize formal and informal means to influence decisions and affect changes.
   C. Individuals are supported in group advocacy efforts.
   D. Individuals have options to use external advocates of their own choosing.
   E. Individuals express satisfaction or dissatisfaction without fear of retribution.
   F. Individuals participate on agency governing boards or serve as ex officio members.
   G. Individuals participate in the strategic planning of agency supports and services.
   H. Individuals participate in hiring personnel.
   I. As individuals gain more power over their own lives, the degree of external control and protection is reduced.

4. Person-centered planning—Outcome: Person-centered planning facilitates the empowerment of individuals to attain personal goals.
   A. A profile of personal information about the individual's capacities, dreams, interests, and needs is developed.
   B. A profile of social information about the individual in the community, his/her family, social support network, and associational life is developed.
   C. Information used in the development of personal profiles is obtained in natural settings.
   D. Information used in the development of personal and social profiles is obtained from the individual and from others who know the individual well.
   E. Information is presented in plain language.
   F. Professionals in specialized disciplines supplement knowledge about the individual.
   G. Individuals have options to chair or co-chair their own person-centered planning sessions.
   H. Individuals participate in planning the time, place, approximate length, and agenda for their person-centered planning sessions.
   I. Person-centered planning sessions are held as frequently as necessary but at least annually.
   J. Professionals in specialized disciplines and significant others invited to the person-centered planning sessions have spent time with the individual prior to the meeting.
   K. Individuals participate in selecting and inviting the people who will participate in their own person-centered planning sessions.
   L. The type of person-centered planning process selected is based on each individual and his/her life situation.
   M. Facilitators are trained in the use of various types of person-centered planning processes.
   N. Each individual's personal goals are the focal point of the person-centered planning session and are actively addressed.
   O. Outcome statements present a rationale for the relevance to the person, a statement of what must be accomplished, and criteria for attainment.
   P. People at the person-centered planning sessions consider how to use or enhance natural supports before recommending specialized services.
   Q. Natural supports are enhanced to decrease dependence on specialized services and to increase interdependence in the community.
   R. People at the person-centered planning sessions determine whether support or training strategies, or both, are desirable.
   S. The amount and duration of supports and services the person needs are specified.
   T. Individuals in attendance at the person-centered planning sessions decide on who will assume responsibility for specific implementation strategies and timelines.
   U. Supports, adaptations, services or a combination are located or created to implement the person-centered plan.
   V. Individuals choose support or service providers.
   W. Strategies for attaining personal goals are developed based on the individual's personal and social profiles and relevant professional disciplinary assessment.
   X. Strategies used for implementation of the person-centered plan are functional, effective, and efficient.

Y. Training occurs in the community in which the individual lives, works, engages in recreational activities, and has relationships.
Z. Individuals have the option to coordinate their individual supports and services.
AA. Persons responsible for coordinating the person-centered plan review it with the individual as frequently as necessary but at least monthly.
BB. Plan review includes specific objective data as well as feedback from the individual.
CC. Persons responsible for coordinating the person-centered plan make revisions based on the findings from the review process.
DD. Supports and services are reduced or modified in amount and intensity whenever indicated.

(C) Rights.
1. Assuring human rights, dignity and respect—Outcome: Individuals are treated with respect in an environment that promotes dignity.
   A. The dignity and comfort of individuals are considered in all aspects of their lives.
   B. Specialized supports are developed only when individuals do not have an identifiable natural support network.
   C. Individuals recognize the rights of others.
   D. Individuals' lives are free of arbitrary rules or unnecessary behavioral consequences.
   E. Individuals are not unnecessarily separated from staff by imposed practices.
   F. Individuals are not discussed while present unless included in the conversation.
   G. Individuals' needs for privacy are accommodated.
   H. Individuals are addressed using people-first language.
   I. Individuals are addressed in an age-appropriate manner.
   J. Individuals are addressed in a conversational tone.
   K. Individuals engage in age-appropriate interactions.
   L. Individuals receive supports and services in age-appropriate environments.
   M. Individuals have access to and use of personal possessions.
   N. Individuals secure all public and private benefits to which they are entitled.
   O. Assuring legal rights—Outcome: Individuals exercise or are assisted in exercising all rights under the Constitution of the United States and those stated in statute.
   P. Individuals have information on the rights and responsibilities of citizenship.
   Q. Individuals are involved in any process to limit their rights and are assisted through external advocacy efforts.
C. Individuals are entitled to due process when limitations are imposed.
D. Individuals are free to communicate privately.
E. Individuals have freedom of movement.
F. Staff are trained in preventing, detecting, and reporting abuse and neglect.
G. Abuse and neglect are prohibited by policy.
H. Research must comply with state and federal regulations.
I. Guardians and advocates, chosen by the individual, participate in planning and decision making.
J. Individuals are informed of, or are assisted in the process of obtaining a guardian or conservator, or are referred to advocacy services, or both.
K. Staff maintain all information about individuals in confidence.
L. Individuals have access to their records and staff are available to answer their questions.
M. Individuals do not perform unpaid work for which others receive pay.
N. Individuals' rights to a free, appropriate public education are supported.
O. Individuals have information on the rights and responsibilities of living in the community.
(D) Meeting Basic Needs.
1. Assuring and promoting good health—Outcome: Individuals maintain good health.
A. Individuals have a primary health care provider to meet health care needs.
B. Individuals obtain medical care at intervals recommended for other persons of similar health status.
C. Individuals receive the degree of supervision consistent with personal ability and the nature of the environment.
D. Individuals' homes and other environments are clean, safe, and well maintained.
E. Individuals have or receive support in E. Individuals' safety is assured by staff who are knowledgeable about emergencies.
F. Individuals are transported safely.
G. Individuals have the option to participate in home repair and maintenance training.
H. The temperature of individuals' homes is within an accepted comfort range of sixty-eight (68°) to seventy-eight (78°) degrees Fahrenheit.
I. Individuals are supported in responding to emergencies in a safe manner.
J. Individuals participate in emergency drills occurring during daytime, evening, and nighttime hours at least four (4) times annually.
K. Individuals are supported or served by staff who are knowledgeable about emergency procedures.
L. Individuals have access to adequate evacuation exits.
M. Individuals are provided cardiopulmonary resuscitation by knowledgeable staff.
N. Individuals incurring injuries or experiencing unusual incidents have the injuries or incidents documented in their files.
O. Individuals are provided support for staff who have pertinent information to facilitate ordinary or emergency notification of family, guardians, or other interested parties.
P. Individuals' safety is assured by secure storage of materials and equipment necessary for household maintenance.
Q. Individuals are provided support for staff who use safe and sanitary practices in all phases of food preparation and cleanup.
R. Individuals who need assistance to eat in an upright position are provided needed supports and adaptations.
S. Individuals are provided support to assure physical comfort.
T. Individuals' environments are secure and stable.
U. Individuals express that their home is their own.
V. Individuals' homes are adequate in size and design to meet the needs of those who live there.
W. Individuals are actively involved in the process when they relocate.
X. Individuals have opportunities to learn how to protect themselves from others.

(4) Every two (2) years, all agencies shall seek certification under this section except that agencies accredited by nationally recognized accrediting bodies approved by the division shall not be required to seek certification. For example, agencies accredited by the Accreditation Council on Services for People with Developmental Disabilities or agencies receiving accreditation of appropriate services by the Commission on Accreditation of Rehabilitation Facilities shall not be required to seek certification. The division director shall issue two (2) year certificates to agencies successfully completing the process and requirements of this section and contingent upon successful completion, the following year of consumer and family monitoring as set out in section (6).

(A) Presurvey Activities.
1. The survey team leader shall provide written information to the agency about the survey process and its purpose and shall provide a list of credentialed, potential survey team members. The survey team leader shall also request information from the agency for his/her use in selecting the sample of persons with developmental disabilities to be surveyed. That information shall include, but not be limited to, the number of persons in each program service and at each service location; number of persons with various support needs, for example, communication, behavioral or medical; and a copy of the agency’s mission statement and organizational chart.

2. The agency shall provide the survey team leader with the requested information and with preferred survey team members in priority order.

3. The regional center director shall provide information to the survey team leader about case management for the agency.

4. Based on information provided by the agency, the survey team leader shall determine the agency’s characteristics in conjunction with the agency and regional center directors. The survey team leader shall also determine the sample size and select the survey team. No survey team member may survey an agency in his/her community or any other agency if s/he or the team leader believes there could be a conflict of interest.

5. The agency and regional center directors shall each designate a liaison person to provide information and otherwise assist the survey team.

6. The survey team leader shall inform the team and the agency director of the survey schedule and shall provide necessary written information to the team.

(B) Survey Activities.

1. The survey team leader shall convene the team to make assignments and introduce agency and regional center liaison persons.

2. The survey team leader shall convene a meeting at the agency to introduce team members and liaison persons to the agency director and other staff and to present information about the survey process.

3. The survey team shall gather necessary information (conduct the survey). The agency director shall make people receiving its services, its staff and relevant records and policies available. The survey team shall cite examples of agency strengths and characteristics on which the agency may build during the enhancement phase of the certification process. Survey activities include but are not limited to—
   A. A community tour;
   B. Observation of persons receiving services in their homes and in the community;
   C. Discussions with persons receiving services, their families and agency staff;
   D. Attendance at individualized habilitation plan meetings;
   E. Record review; and
   F. Informal meetings to share observations, plans, and identify emerging themes.

4. The survey team shall reach conciliation on each principle in section 3 through evaluation of trends, not on the agency’s failure to meet the principle.

5. After the survey team has completed the survey, it shall indicate whether—
   A. No core issues were identified;
   B. Core issues were identified, but the issues are not pervasive; or
   C. Pervasive core issues were identified.

(C) Post-Survey Activities.

1. If the survey team does not identify core issues—
   A. The survey team leader shall conduct an exit meeting at the agency with the agency and regional center directors, providing them a summary of the team’s findings and its recommendation for certification of the agency;

2. If the survey team identifies pervasive core issues—
   A. The survey team leader and agency director shall submit the survey report and enhancement-enforcement plan to the division director;
   B. The division director shall issue a two (2)-year certificate that is contingent upon satisfying core issues identified in the enhancement-enforcement plan component and successful completion the following year of consumer and family monitoring as set out in section 6;
   C. If certification is recommended, the survey team leader and regional center director shall facilitate a meeting with the agency director, after which the agency and regional center directors shall develop a combination enhancement (for building upon agency strengths)-enforcement (for addressing core issues) plan. The plan shall include but not be limited to requirements set out in items (4)(C)(1)-(5);
   D. The survey team leader and agency director shall conduct a tailored survey to determine if the core issues have been satisfied.

(I) If the core issues have been satisfied, the agency and regional center directors shall work together to continue implementation of the enhancement-enforcement plan component.

(II) If the agency has not satisfied the core issues but has made significant progress, the regional center director may extend the timelines in the enhancement plan component so that the agency can satisfy the remaining core issues.

(III) If the agency has failed to satisfy the core issues or even to make significant progress toward satisfying them, the division director shall de-certify the agency.

2. If the survey team identifies core issues, but the issues are not pervasive—
   A. No core issues were identified;
A. The survey team leader and regional center director shall conduct an exit meeting at the agency with the agency director, providing him/her a summary of the team’s findings and its recommendation on certification of the agency.

B. The survey team leader shall prepare a survey report, including the team’s recommendation on certification of the agency.

C. The survey team leader and regional center director shall facilitate a meeting with the agency director, after which the agency and regional center directors shall develop an enforcement plan. The plan shall include, but not be limited to, requirements set out in items (4)(C)(2) through (V);

D. The survey team leader and agency director shall submit the survey report and enforcement plan to the division director.

E. The division director shall issue a two (2)-year certificate that is contingent upon satisfying core issues identified in the enforcement plan and successful completion the following year of consumer and family monitoring as set out in section (6);

F. The agency and regional center directors shall work together to implement the enforcement plan;

G. The regional center director shall identify common issues or problems within enforcement plans in his/her region, especially within plans of agencies in particular communities, and shall take steps to resolve the issues or problems; and

H. When the agency director believes his/her agency has satisfied core issues identified in the enforcement plan, s/he, the regional center director and a survey team member appointed by the team leader shall conduct a tailored survey to determine if the core issues have been satisfied.

I. If the core issues have been satisfied, the agency and regional center directors shall work together to develop and implement an enhancement plan.

J. If the agency does not satisfy the core issues but has made significant progress, the regional center director may extend the timelines in the enforcement plan so that the agency can satisfy the remaining core issues.

III. If the agency has failed to satisfy the core issues or even to make significant progress toward satisfying them, the division director shall decertify the agency.

(5) An agency may appeal its decertification to the department’s hearings administrator.

(A) If the agency appeals and the hearings administrator sustains the decertification decision, the division director shall remove the agency from the Medicaid Home- and Community-Based or Nursing Home Reform Waiver Program.

(B) If the agency appeals and the hearings administrator reverses the decertification decision, the division director shall remove the agency from the Medicaid Home- and Community-Based or Nursing Home Reform Waiver Program.

(6) Every two (2) years during which survey teams do not conduct surveys of agencies, consumer and family monitoring teams shall monitor the agencies.

(A) If a monitoring team identifies core issues—

1. The monitoring team and the regional center director shall conduct an exit meeting with the agency director at the agency, providing the agency director a summary of the monitoring team’s findings;

2. After the exit meeting, the agency director shall—

A. Develop an enforcement plan with the regional center director and continue through the process set out previously in this rule; or

B. Request that a tailored survey be conducted by the regional center director, the monitoring team and the agency director; and

3. If a tailored survey is conducted and—

A. The agency has not satisfied the core issues, the agency and regional center directors shall develop an enforcement plan, and the agency shall continue through the process set out previously in this rule; or

B. The agency has satisfied the core issues, the agency shall continue in its prior status.

9 CSR 45-5.020 Individualized Supported Living Services—Quality Outcome Standards

PURPOSE: This rule describes requirements for certification as a provider of individualized supported living services reimbursed under Missouri’s Medicaid waiver for persons with mental retardation and other developmental disabilities. Specifically, this rule describes outcomes expected for individuals who receive individualized supported living services. Achievement of these outcomes will ensure that individuals assisted under this program receive services and supports adequate to assure their health and safety while enjoying an improved quality of life. This rule requires a certified provider of individualized supported living services to provide or arrange the services, supports and opportunities necessary for individuals to achieve these outcomes.

(1) The individualized habilitation plan developed by the certified provider and the regional center shall address assistance and support required by individuals to achieve outcomes specified in the seven (7) areas identified under section (2) of this rule.

(2) The certified provider shall promote conditions that provide a valued lifestyle for the individuals and shall document and demonstrate efforts to assist and support the individuals in the following areas:

1. The individual has sufficient available resources to cover his/her basic living needs, including, but not limited to, shelter, food, transportation and clothing.

2. There is effective management of the individual’s financial resources to ensure that basic needs are met.

3. The individual is able to participate as fully as possible in decision-making about use of his/her financial resources through development of money and budgeting concepts, and values that encourage financial responsibility;

(B) Housing.

1. The individual has housing that meets local requirements for residential homes, is secure and has adequate heating, water and electricity.

2. The individual has basic furnishings necessary for daily living, including, but not limited to, a bed, chair, table, kitchen facilities and lighting.

3. The individual has opportunity to live in a neighborhood with ready access to needed resources.
