Miss Maria S.
J. L. Mann, ask-
ing information of
Governor.

Waco Miss., 4th Feb., 1841.

Dear Sir,

I will trouble you to afford me some information, in regard to the grounds upon which you issued your proclamations against the "Honourable," or "Latter-day Saints," as they call themselves which led to their extermination from their "new Jerusalem." Some two or three men, of that order, are now in this country, and are endeavouring to prejudice the public mind against the Execution of Mo., but do not succeed with much reflection.

I hope you will find it compatible with your views of propriety to give me satisfactory information, touching the object of my inquiry.

Very respectfully yours
His Excellency, the Gov. of Mo. J. H. Johnson
