Missouri Voting and Elections

Who registers to vote in Missouri?

Citizens living in Missouri must register in order to vote. Any U.S. citizen 17 years and 6 months of age or older, if a Missouri resident, may register and vote except:

- A person who is adjudged incapacitated
- A person who is confined under sentence of imprisonment
- A person who is on probation or parole after conviction of a felony until finally discharged
- A person who has been convicted of a felony or misdemeanor connected with the right of suffrage (RSMo 115.133)

How do Missourians register?

Qualified citizens may register in person at the office of their local election authority, by mail, at the driver's license fee office or at participating state agencies. Registration in person is accomplished by filling out registration forms with information on identity, residence and qualifications which are signed and sworn to, then witnessed by the election authority or a designee. The voter must present appropriate identification such as a birth certificate, a Native American tribal document, other proof of United States citizenship, a valid Missouri driver's license or other form of personal identification. (RSMo 115.155)

Registration by mail, at the driver's license fee office or at the participating state agencies requires submission of an application stating qualifications. If mailed, this form must be post-marked by the fourth Wednesday preceding an election to be eligible to vote in that election. The voter must include a **copy** of appropriate identification (see above). If the voter does not submit such information, the voter will be required to vote in person for the first time and to present additional identification upon voting for the first time. A verification or rejection of registration is sent by the election authority within seven working days. (RSMo 115.159)

When do Missourians register?

An unregistered citizen may register to vote whenever local election officials' places of business are open, by requesting an application by mail from the election authority, when renewing a Missouri driver's license or when receiving services from a participating state agency. Special registration sites and dates may be utilized prior to major elections.

The deadline for registration is the fourth Wednesday prior to an election. New Missouri residents may register immediately.

When do Missourians vote?

In addition to certain special and emergency dates, there are six official election dates in Missouri:

The statutes require that all public elections be held on the general election day, the primary election day, the general municipal election day, the first Tuesday after the first Monday in February or November, or on another day expressly provided by city or county charter, the first Tuesday after the first Monday in June and in nonprimary years on the first Tuesday after the first Monday in August. (RSMo 115.123.1)

The general election day is the first Tuesday after the first Monday in November in even-numbered years. The primary election day is the first Tuesday after the first Monday in August in even-numbered years. (RSMo 115.121 (1 & 2))

Elections for cities, towns, villages, school boards and special district officers are held the first Tuesday after the first Monday in April each year, known as general municipal election day. (RSMo 115.121.3)

A statewide presidential preference primary shall be held on the first Tuesday after the first Monday in February of each presidential election year. (RSMo 115.755)

Who conducts registration and elections?

Voter registration and the conduct of elections are the responsibilities of boards of election commissioners in the counties of Clay, Jackson, Platte and St. Louis and in the cities of Kansas City and St. Louis. In 2005, legislation was passed giving Cass County the option of setting up a board of election commissioners. The county clerk serves as the election authority in all other counties of the state.

Special voting provisions

Disabled voters and persons prevented from voting because of absence or illness may vote absentee. Persons with permanent disabilities

may apply for permanent absentee ballot status by making application with the local election authority. (RSMo 115.284) Curbside voting is permitted in Missouri, or voters may be transferred to more accessible precincts. Local election officials should be contacted about absentee federal service balloting or "new resident" ballots for residents who arrive after the registration deadline.

When voting, Missourians must show an approved form of personal identification. (RSMo 115.427)

Elections and political parties

Missourians do not register under party affiliation. Hence, at primary elections, voters may choose which "established party" they vote within. Party nominees—and independent candidates—are then listed on the general election ballot.

There are presently three "established political parties" statewide—the Democratic, Republican and Libertarian parties. Persons may seek

the nomination of these parties for any elective office from the county level and above. In order to become "established," a party must have received more than two percent of the votes cast statewide for at least one of its candidates. New parties are formed by petition and may exist on the county, district or state level. They must meet the same standard as any other party to remain established.

At the time of primary elections, voters select county committee members of established parties in Missouri. Those committee people, thus elected, have certain duties and responsibilities. They serve, as appropriate, as members of legislative, senatorial, judicial, and congressional district committees. County, district, or state committee members may be called on to fill candidate vacancies on party ballots or to select nominees for special elections as needed. The state committees are selected, indirectly, by local committee persons. The state committees become especially important when delegates to presidential nominating (national) conventions are being selected.

Constitutional Amendment No. 3

Proposed by Initiative Petition

Shall the Missouri Constitution be amended to require that all revenues from the existing motor vehicle fuel tax (less collection costs) be used only for state and local highways, roads and bridges, and also require that vehicle taxes and fees paid by highway users be used only for constructing and maintaining the state highway system (less collection costs, refunds and highway patrol law enforcement costs), except that up to half of such vehicle taxes and fees, phased in over four years, will go into a state road bond fund to repay state highway bonds?

The constitutional amendment has a zero net fiscal impact. The amendment increases funding for the Department of Transportation to be used for transportation purposes only and limits the use of highway user fee revenues by other state agencies. The indirect fiscal impact on state and local governments, if any, is unknown.

CONSTITUTIONAL AMENDMENT NO. 1

Proposed by Initiative Petition

Shall the Missouri Constitution be amended to authorize floating gambling facilities on or adjacent to the White River in Rockaway Beach, Missouri, to be licensed and regulated consistent with all other floating facilities in the State of Missouri, with fifty percent of the state revenues generated in the current year to be used for uniform salary supplement grants to all high quality teachers employed in priority schools, and the remaining state revenues generated in the current year to be distributed to all priority school districts on a per pupil basis for capital improvements to education facilities?

This constitutional amendment will generate annual direct gaming revenue ranging from

\$39.9 to \$49.0 million for the state and \$10.2 to \$12.4 million for the local government, subject to local voter approval and licensing by the State Gaming Commission. The amount of indirect revenue or expense, if any, is unknown.

CONSTITUTIONAL AMENDMENT NO. 2

Proposed by the 92nd General Assembly (Second Regular Session) SJR 29

Shall the Missouri Constitution be amended so that to be valid and recognized in this state, a marriage shall exist only between a man and a woman?

The estimated fiscal impact of this proposed measure to state and local governments is \$0.
