The Missouri Press Association is an organization of newspapers in the state.

Organized May 17, 1867, as the Editors and Publishers Association of Missouri, the name was changed in 1877 to the Missouri Press Association (MPA). In 1922, the association became a nonprofit corporation, and a central office was opened under a field manager whose job it was to travel the state and help newspapers with problems.

The association, located in Columbia, became the fifth press association in the nation to finance its headquarters through member contributions. The MPA's building was purchased in 1969.

As a founder of institutions the Missouri Press Association aided in the establishment of the Confederate Soldiers' Home, the upbuilding of the normal schools, support of the public school system and advancement of the University of Missouri.

The association founded the State Historical Society of Missouri in 1898 and today several of its members serve on the board of trustees. Greatest among its achievements is the establishment of the first school of journalism in the world in 1908. The Missouri School of Journalism at the University of Missouri—Columbia continues as the largest and foremost school of its kind. It celebrated its centennial in September 2008. The association led the drive to fund the chair in Community Newspaper Management at the School of Journalism and its donations helped fund the student lounge in the school's Lee Hills Hall.

Through their association, the publishers in Missouri have worked to keep the press free and alert, as well as responsible; to keep it financially independent so it can render impartial public service; to understand changing trends in business and in reader needs. Activities of the association include setting up workshops, seminars, conventions, publishing of a magazine, *The Missouri Press News*, supplying information to members, helping newspapers find skilled personnel and assisting with the placement of students.

Executive Director  
Missouri Press Association

On the occasion of its 100th anniversary in 1966, the association re-established the old *Saline County Herald* newspaper office in historic Arrow Rock and maintains a newspaper equipment museum in connection with it.

The Missouri Press Foundation administers and funds seminars and workshops for newspaper people, supports Newspapers In Education programs, and funds scholarships and internships for Missouri students studying community journalism in college.

Membership in the association is voluntary. All daily newspapers in the state are members and 99 percent of the weekly newspapers are members. In 2009, there were 242 weekly newspaper members and 46 daily members. The association also has 185 associate and sustaining members. It is supported wholly by dues paid by these members.

The central office in Columbia has nine employees. Doug Crews serves as executive director by appointment of the board of directors.

### Show-Me Press Association

The Show-Me Press Association was formed in June 1995 at Lake Ozark when members of the Central Missouri Press and Northeast Missouri Press associations voted to combine their organizations with one board of directors.

The Central Missouri Press Association was organized February 27, 1925 in Jefferson City with 30 charter members. Edgar C. The district extended from St. Louis County on the east to Jackson, Cass and Bates counties on the west and included all 28 counties through the central part of the state bordering the Missouri River on both sides. In these counties are located the State Capitol, University of Missouri, State Fair Grounds and the University of Central Missouri. The first organiza-

tional meeting of Northeast Missouri Publishers was held in Hannibal in November 1889. Meetings of this group were held up to and including 1896, after which the organization disintegrated and was succeeded by the Northeast Missouri Press Association, organized in 1920 in Kirksville with Charles H. ### Democratic Editors of Missouri

The present Democratic Editors of Missouri organization had its beginning on June 5, 1894. A meeting of leading party editors of that day was held at Pertle Springs, a well-known resort near Warrensburg, and the first Democratic Press Association was formed. H. Martin Williams was the first president and U.A. McBride, then editor of the *Warrensburg Journal-Democrat*, was chosen secretary. It was named the Democratic Editorial Association of Missouri.

Ten years later a statewide meeting of Democratic editors held in St. Louis changed the name to Missouri Democratic Press Association. George H. Scruton of the *Sedalia Democrat* was named president and served until his death two years later. For many years John C. Stapel of the *Atchison County Mail* at Rock Port was president. He was followed by W.C. Hewitt of the *Shelby County Herald* of Shelbyville.

The interest of Mark R. Holloran, national Democratic committeeman from Missouri, in a strong party press led to the reorganization of the Democratic Editors of Missouri. He appeared at a breakfast meeting during a Missouri Press Association meeting in Kansas City in November, 1955, and called for an active Democratic press in Missouri. An advisory committee was named including: Edgar Blanton, *Shelbina Democrat*; Kay Miles, *Benton County Guide*; John Henry Cox, *Atchison County Mail*; Jess Stewart, *Farmington Press*; James C. Kirkpatrick, *Windsor Review*; and Ben F. Weir, *Nevada Daily Mail*. The organizational meeting was held March 24, 1956, in Jefferson City with the following officers elected: President, James C. The business meeting was held during the spring, at which time members and their families discussed newspaper problems and trends, saw exhibits by newspaper supply companies, and heard speakers prominent in journalism and other fields. # Missouri Broadcasters

## Missouri Broadcasters Association

1025 Northeast Dr., Jefferson City 65109  
Telephone: (573) 636-6692 / FAX: (573) 634-8258  
[www.mbaweb.org](http://www.mbaweb.org)  
Email: [mba@mbaweb.org](mailto:mba@mbaweb.org)

The first radio stations to begin operations in Missouri were KMBC-AM (now KMBZ) in Kansas City and WEW-AM in St. Louis. Both signed on the air in 1921. In the following years, the number of radio operations steadily increased as the first FM stations began broadcasting in 1948. Today, we have approximately 250 radio stations serving listeners in Missouri.

Television broadcasting began in 1947 when KSD-TV (now KSDK) in St. Louis signed on the air, followed in 1949 by WDAF-TV in Kansas City. Federal policy suspended the granting of any further licenses until 1953. Shortly after licensing resumed, many additional television stations began operations. There are now approximately 45 commercial and public television stations broadcasting a variety of news, information and entertainment programs each day.

The Missouri Broadcasters Association (MBA) was formed August 15, 1948, in Kansas City. Missouri was the second state to have a full-time broadcast association. North Carolina's association was formed earlier that same year. From its offices in Jefferson City, the MBA works for the broadcasters of Missouri, as well as allied organizations, to provide a variety of services.

The MBA is governed by a four-person executive committee and an eight-person board of directors representing radio and television broadcasters. Board members are elected for two-year terms and may seek re-election for one additional term. In addition, there are four standing committees, each responsible for a specific area of service. There are a total of 42 members serving on these committees. The committees have three roles: to represent member interests in state and federal legislative and regulatory processes; maintain the MBA office as a resource center for training, revenue expansion, cost control and information; and encourage the highest standards in broadcasting.

Since 1968, the Missouri Broadcasters Association has maintained a communications center on the first floor of the State Capitol. These facilities are available to radio and television broadcasters to aid in their coverage of state news. These facilities are also available to state officials and

legislators for the recording of information to be sent to radio and television stations in Missouri. Currently, plans are being made to update this facility with the latest technology to better serve these purposes.

# Academy of Missouri Squires

An organization unique among the states, the Academy of Missouri Squires was founded in the fall of 1960 by Governor James T. Blair Jr., who established it with a ceiling of 100 members. Governor Blair's purpose was to establish an organization to honor Missourians for their accomplishments at all levels—community, state or nation.

Governor Blair appointed the first class of 10 Squires after consulting leaders in every section of the state. Each succeeding class has been elected by the membership of the Academy, after receiving nominations from the public as well as from the membership of the Academy. The governor and former governors of Missouri are automatically members.

Squires are listed by class. Present addresses are noted in parentheses when different from address at time of election.

The Missouri Consolidated Health Care Plan (MCHCP) was created through legislation passed in May 1992 (enacted as Chapter 103, RSMo). MCHCP is responsible for the administration of the health care program for most state employees and retirees. MCHCP officially began operation of January 1, 1994. Chapter 103 also provides for public entities such as school districts, cities and counties to join the Plan. MCHCP currently provides coverage for over 107,000 state and public entity members through various types of health insurance plans (point of service (POS) plans, preferred provider organization (PPO) plans, and high deductible health plans (HDHP)); dental plans; vision plans; and an employee assistance program.

MCHCP is governed by a thirteen member board including: three *ex officio* members (1 - the director of the Department of Insurance, Financial Institutions and Professional Registration, 2 - the director of the Department of Health and Senior Services, and 3 - the commissioner of the

Office of Administration); two members from the House of Representatives (one from each party); two members from the Senate (one from each party); and six members appointed by the governor (three of the six are members of the plan and the remaining three are not members of the plan).

# Flag Etiquette

The following are some of the rules of flag etiquette regarding the time and manner of display and disposal of the flag of the United States of America pursuant to Title 4, Chapter 1 of the United States Code.

It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstaffs in the open. However, when a patriotic effect is desired, the flag may be displayed 24 hours a day if properly illuminated during the hours of darkness.

No other flag or pennant should be placed above or, if on the same level, to the right of the flag of the United States of America, except during church services conducted by naval chaplains at sea, when the church pennant may be flown above the flag during services for the personnel of the Navy.

No person shall display the flag of the United Nations or any other national or international flag equal, above, or in a position of superior prominence or honor to, or in place of, the flag of the United States at any place within the United States or any Territory or possession thereof; provided, that nothing in this section shall make unlawful the continuance of the practice heretofore followed of displaying the flag of the United Nations in a position of superior prominence or honor, and other national flags in positions of equal prominence or honor, with that of the flag of the United States at the headquarters of the United Nations.

When flags of States, cities, or localities, or pennants of societies are flown on the same halyard with the flag of the United States, the latter should always be at the peak. When the flags are flown from adjacent staffs, the flag of the United States should be hoisted first and lowered last. No such flag or pennant may be placed above the flag of the United States or to the United States flag's right.

The flag of the United States of America, when it is displayed with another flag against a wall from crossed staffs, should be on the right, the flag's own right, and its staff should be in front of the staff of the other flag.

The flag of the United States of America should be at the center and at the highest point of the group when a number of flags of States or localities or pennants of societies are grouped and displayed from staffs.

When the flags of two or more nations are displayed, they are to be flown from separate

staffs of the same height. The flags are to be of approximately equal size. International usage forbids the display of the flag of one nation above that of another nation in time of peace.

When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, to the observer's left. When displayed in a window, the flag should be displayed in the same way, with the union or blue field to the left of the observer in the street.

When used on a speaker's platform, the flag if displayed flat, should be displayed above and behind the speaker. When displayed from a staff in a church or public auditorium, the flag of the United States of America should hold the position of superior prominence, in advance of the audience, and in the position of honor at the clergyman's or speaker's right as he faces the audience. Any other flag so displayed should be placed on the left of the clergyman or speaker or to the right of the audience.

The flag, when flown at half-staff, should be hoisted to the peak for an instant and then lowered to the half-staff position. On Memorial Day the flag should be displayed at half-staff until noon only, then raised to the top of the staff. By order of the President, the flag should be flown at half-staff upon the death of principal figures of the United States Government and the Governor of a State, Territory, or possession, as a mark of respect to their memory. In the event of the death of other officials or foreign dignitaries, the flag is to be displayed at half-staff according to Presidential instructions or orders, or in accordance with recognized customs or practices not inconsistent with law.

In the event of the death of a present or former official of the government of any State, Territory, or possession of the United States, the governor of the state, territory, or possession may proclaim that the national flag shall be flown at half-staff.

- The flag should be hoisted briskly and lowered ceremoniously.
- The flag should be displayed in or near every polling place on election days.
- The flag should be displayed during school days in or near every schoolhouse.
- The flag, when it is such that it is no longer a fitting emblem for display, should be destroyed in a dignified way, preferably by burning.

## The Pledge of Allegiance

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.
