Dear Fellow Missourians,

We are pleased to present to you the 2017–2018 Missouri Official Manual, more commonly known as the “Blue Book.” The term “Blue Book” has been used since the 15th century to refer to large compilations of statistics or information. The term gained popularity when the United Kingdom used large, blue, velvet-covered books for record-keeping in Parliament. In Missouri, in every other year since 1878, this Blue Book has collected and displayed the most comprehensive information on our state’s history and public servants.

Within the Official Manual, you will find information on Missouri’s government officials, state and county agencies, state employees, and other individuals and entities that work to ensure our government runs efficiently.

Throughout this book, you’ll also find images capturing the work of other important Missourians – the 400,000 family farmers, who make Missouri the state with the second highest number of farms. This edition of the Official Manual includes a tribute to our state’s roots in agriculture.

Hundreds of Missourians submitted photographs to our office, some of which you will see throughout these pages, that reveal the beauty of Missouri’s farmland and those who maintain it. Our state is comprised of more than 28 million acres of farmland and more than 100,000 farm operators, demonstrating Missouri is truly “Rooted in Agriculture.”

We want to extend a thank you to all of those Missourians who helped celebrate our agricultural strengths by sending in photographs. Additionally, this book is a result of the hard work and dedication of our office’s Publications Division – Julie Stegeman, Michael Douglas-Llyr, Alyssa Harker and Nick Omland. This latest compilation of Missouri’s history is possible because of your commitment to its production and accuracy. Thank you.

Sincerely,

John R. Ashcroft
Secretary of State
