All audits are conducted in an impartial, nonpartisan manner and according to government auditing standards issued by the United States General Accounting Office. The State Auditor is responsible for conducting audits of various state entities, including state agencies, boards, commissions, elected officials, and the general assembly. The State Auditor audits 89 of the state's 114 counties, municipal and circuit courts, and the state's use of federal awards, and may audit school districts. At the request of the governor, or upon receipt of a petition, the State Auditor also audits other political subdivisions.

In addition to the primary auditing duties, the State Auditor registers general obligation bonds, drafts fiscal note summaries and ensures tax rates levied by political subdivisions comply with state law.

The powers of the State Auditor are derived from Article IV, Section 13 of the *Mis-*

Executive Departments

Government exists to serve, and a broad network of government organizations has been created to accomplish that purpose. The Missouri Constitution (Article II, Section 1) states: “The powers of government shall be divided into three distinct departments—the legislative, executive and judicial.” This section also prohibits persons within each branch from exercising powers of the other branches. From these three branches spring the variety of organizations which deliver services of state government.

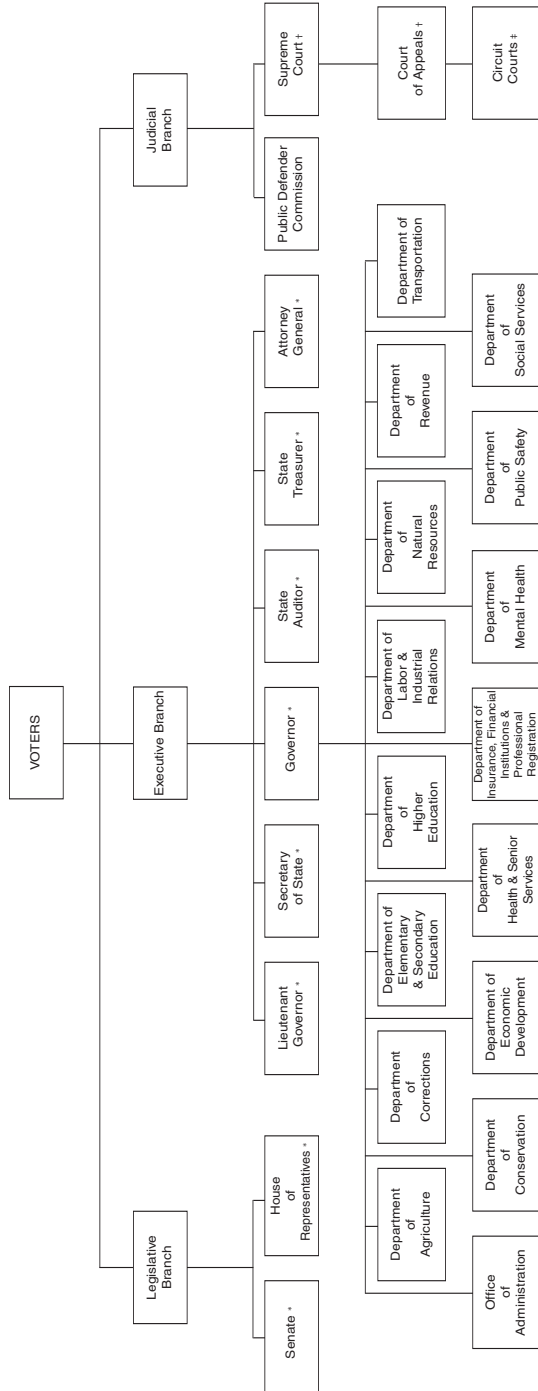

The many different names used by these groups—departments, divisions, agencies, boards, commissions, bureaus, units, sections, programs and others—can make it difficult to determine which area of government is responsible for certain services, and difficult to sort out responsibilities or relationships within the governmental framework.

It is through the executive branch that the greatest proportion of state services are delivered. The Constitution (Article IV, Section 12*) and the Reorganization Act of 1974 have established a number of “executive departments” to deal with specific areas of responsibility. A chart showing the present state departments is shown on the following page.

Within each executive department exists a variety of offices of varying size and scope which deal with specific services. Traditionally, “divisions” are the next-largest organizations within departments and function to bring together smaller-sized groups, such as “bureaus,” “sections” or “units.” Divisions may be governed by a “board” or “commission” composed of members who are either appointed by the Governor, Statewide Office holder or the leaders of the General Assembly as designated by State Statute. State agencies may administer certain sections of state law as defined by the Revised Statutes of Missouri, may develop their own rules and regulations as promulgated in the Missouri Register and Code of State Regulations or may institute programs and policies which address the needs of their areas of service.

***Article IV, Section 12. Executive department, composition of—elective officials—departments and offices enumerated.**—The executive department shall consist of all state elective and appointive officials and employees except officials and employees of the legislative and judicial departments. In addition to the governor and lieutenant governor there shall be a state auditor, secretary of state, attorney general, a state treasurer, an office of administration, a department of agriculture, a department of conservation, a department of natural resources, a department of elementary and secondary education, a department of higher education, a department of highways and transportation, a department of insurance, a department of labor and industrial relations, a department of economic development, a department of public safety, a department of revenue, a department of social services, and a department of mental health. In addition to the elected officers, there shall not be more than fifteen departments and the office of administration. The general assembly may create by law two departments, in addition to those named, provided that the departments shall be headed by a director or commission appointed by the governor on the advice and consent of the senate. The director or commission shall have administrative responsibility and authority for the department created by law. Unless discontinued all present or future boards, bureaus, commissions and other agencies of the state exercising administrative or executive authority shall be assigned by law or by the governor as provided by law to the office of administration or to one of the fifteen administrative departments to which their respective powers and duties are germane.

(Amended August 8, 1972) (Amended November 6, 1979) (Amended August 7, 1984) (Amended August 7, 1990)

Department of Agriculture

Like Missouri agriculture, the duties of the Missouri Department of Agriculture are diverse. The department enforces those state laws that regulate and market Missouri’s agricultural industry. The agency administers programs that protect the state’s producers, processors, distributors and consumers of food, fuel and fiber, while marketing Missouri agricultural products at home and abroad.

The agriculture department is managed by a director who is appointed by the governor and confirmed by the Senate. The director determines department policy, oversees the department’s divisions and disseminates information to the governor, the state legislature, industry representatives and the public.

Department of Conservation

2901 W. Truman Blvd., PO Box 180, Jefferson City 65102-0180, (573) 751-4115
www.mdc.mo.gov

The Department of Conservation, authorized in 1937 by an initiative process and state-wide vote to amend the Missouri Constitution, was created by public demand for better management of the state's fish, forest and wildlife resources. The department is headed by the Conservation Commission, whose four members, no more than two of whom may belong to the same political party, are appointed by the governor with the advice and consent of the Senate. They serve without compensation for staggered six-year terms.

The commissioners appoint the department director who, along with two deputy directors, directs programs and activities through the divisions of administrative services, design and development, fisheries, forestry, human resources, outreach and education, private land services, protection, resource science and wildlife. The department's principal sources of revenue are receipts from the sale of hunting and fishing permits and the one-eighth of one percent conservation sales tax. Funds are also received, primarily on a matching basis, from federal aid provisions of the Wildlife Restoration, Sport Fish Restoration and Cooperative Forestry Assistance Acts. The department receives no state general revenue funds.

Department of Corrections

PO Box 236, Jefferson City 65102
www.doc.mo.gov

The Missouri Department of Corrections is responsible for administering the sentences set by the court in ways that promote public safety at the lowest cost to the taxpayers. Offenders assigned to the Department are successfully managed by ensuring they are supervised at the correct custody or supervision level.

The Department of Corrections is committed to the philosophy of improving offenders' transition from prison to the community through implementation of the Missouri Reentry Process (MRP). This involves collaborative efforts with other state agencies and community organizations to identify and manage the factors contributing to the health, safety and prosperity of Missouri communities. Improved public safety requires a comprehensive effort between the Department of Corrections, the state's criminal justice system (including the courts, state and local law enforcement), state agencies, our communities, and the General Assembly to effectively manage every offender sentenced to supervision by the Department.

The Office of the Director oversees the operations of the four divisions within the Department. The Division of Adult Institutions oversees the custody and care of inmates within correctional institutions across the state. The Division of Probation and Parole is responsible for the community supervision of offenders. The Board of Probation and Parole consists of seven members appointed by the Governor with the advice and consent of the Senate. The Board conducts hearings and makes recommendations on parole reviews. The Division of Offender Rehabilitative Services provides program services to felons assigned to probation, parole or prison. Staff-related activities, support services and special programs are provided through the Division of Human Services.

The Missouri Coordinating Board for Higher Education (CBHE) has nine members who are appointed by the governor, confirmed by the Senate, and represent each Missouri congressional district plus one at-large member. The board members serve six-year terms; no more than five of the nine members may be affiliated with the same political party. The CBHE’s primary goals in statewide planning and coordination are to increase educational attainment, develop a 21st century society and global economy, and enhance resources through increased investment, stewardship and shared responsibility.

The department is the administrative arm of the CBHE. The functions of the department include statewide planning for post-secondary education, evaluation of student and institutional performance, identification of statewide needs for higher education, development of effective and economical specialization among institutions, submission of a unified budget request for public higher education to the governor and the Missouri General Assembly, review and enhancement of institutional missions, and approval of new degree programs offered at the public colleges and universities. In addition, the department administers a variety of student financial assistance programs, the proprietary school certification program, and the State Anatomical Board.

The board employs a commissioner of higher education to carry out its goals and administrative responsibilities. The state system of higher education includes 13 public four-year universities, 21 public two-year campuses, 1 public two-year technical college, 25 independent colleges and universities, and 163 proprietary schools.

The Department of Revenue is one of the largest and most comprehensive of Missouri's state departments. The Department collects state and local taxes and administers the state's motor vehicle and driver licensing laws, including the titling and registration of motor vehicles and the licensing of Missouri drivers.

The director, appointed by the Governor and confirmed by the Senate, is responsible for all operations and policies of the Department.

The Department is comprised of four divisions: Administration, Legal Services, Taxation, and Motor Vehicle & Driver Licensing. The Administration Division is responsible for human resources and other internal Department issues. The other divisions are contacted more frequently by Missouri citizens and elected officials, and those divisions' detailed phone numbers are listed below. The goal of all Department employees, no matter in which division they work, is to provide competent administration of Missouri's revenues and the state's motor vehicle and driver licensing laws.

The Missouri Department of Social Services was established because “the health and general welfare of the people are matters of primary public concern.” The department is charged with administering programs to promote, safeguard, and protect the general welfare of children; to maintain and strengthen family life; and to aid people in need as they strive to achieve their highest level of independence.

The department is organized into four program divisions: Children’s Division, Family Support Division, MO HealthNet Division, and the Division of Youth Services. The Divisions of Finance and Administrative Services and Legal Services provide department-wide administrative and support services.

The department cooperates and partners with many private organizations, businesses and individuals to extend the outreach of human services to Missouri citizens.

Missouri Courts

Missouri has a three-tier court system. Article V of the Constitution, as amended by Missouri voters in 1976, vests the judicial power in a Supreme Court, the state's highest court with statewide jurisdiction; in a Court of Appeals consisting of districts established by the General Assembly; and in a system of circuit courts which have original jurisdiction over all cases and matters, civil and criminal, within the circuit.

The Supreme Court and Court of Appeals have general superintending control over all courts and tribunals within their jurisdictions. Original remedial writs may be issued and determined by the Supreme Court and Court of Appeals. Decisions of the Supreme Court are controlling in all other courts.

The Circuit Court may be organized into divisions: circuit, associate, juvenile, family and probate. Circuit judges may hear and determine all cases and matters within the jurisdiction of the Circuit Court.

The number of circuit judges is determined by the General Assembly. The Constitution requires at least one circuit judge in each of Missouri's 45 judicial circuits.

Associate circuit judges may hear those types of civil and criminal matters specified in Chapters 472, 476, 478 and 482 of the Revised Statutes. By agreement of the parties, by assignment of the circuit's presiding judge or by local court rule, associate circuit judges may hear any matter pending in the Circuit Court. Associate circuit judges may hear any case upon assignment by the Supreme Court.

Classification of Municipalities

Missouri statutes classify municipalities on the basis of population and limit the form of government options of each classification. The statutes provide that a community may incorporate as a city of the third class, fourth class or village on the basis of the population at the time of incorporation. ¹Once a community is incorporated under a given classification, the municipality does not automatically change classification with a gain or loss of population. A municipality may change classification only when the change is approved by a majority vote of the people.

There are certain forms of government permitted for each classification of municipality. Villages are permitted only one form of government—an elected board of trustees, five in number if the village has less than 2,500 population and nine if more than 2,500 population. Fourth-class cities are permitted to have either a mayor/board of aldermen form or a mayor/city administrator/aldermen form. The board of aldermen may adopt a city administrator form by ordinance, without a vote of the people. Third-class cities are granted greater flexibility with the authority to establish a mayor/council form, a council/manager form, a commission form or a mayor/city administrator/council form. Finally, constitutional charter cities may adopt any form of government that the people approve in the charter.

¹From 1821 to 1875, the Missouri General Assembly passed special charters for specific cities, until the 1875 Constitution prohibited further granting and amending of special charters. However, eight Missouri municipalities are still operating under special charters granted before 1875. They are Augusta, Carrollton, Chillicothe, LaGrange, Liberty, Miami, Missouri City and Pleasant Hill. If the voters of these municipalities decide to relinquish their special charters, they will be governed by the appropriate sections of the statutes relevant to their population classification.

Class	Population Requirement	Form of Government
Village	less than 500	Board of trustees
4th Class	500-2,999	Mayor/board of aldermen Mayor/city administrator/alderman
3rd Class	3,000-29,999	Mayor/council Mayor/city administrator/council Council/Manager Commission
Constitutional Charter / Home Rule	more than 5,000	To be decided by the people
Special Charter	no requirement	As set forth in the individual special charter

CDP: Census designated places (CDP's) are delineated for the decennial census as the statistical counterparts of incorporated places.

CONSTITUTIONAL AMENDMENT NO. 3

Proposed by the 96th General Assembly
(Second Regular Session) SJR 51

OFFICIAL BALLOT TITLE:

Shall the Missouri Constitution be amended to change the current nonpartisan selection of supreme court and court of appeals judges to a process that gives the governor increased authority to:

- appoint a majority of the commission that selects these court nominees; and
- appoint all lawyers to the commission by removing the requirement that the governor's appointees be nonlawyers?

There are no estimated costs or savings expected if this proposal is approved by voters.

PROPOSITION A

Proposed by Initiative Petition

OFFICIAL BALLOT TITLE:

Shall Missouri law be amended to:

- allow any city not within a county (the City of St. Louis) the option of transferring certain obligations and control of the city's police force from the board of police commissioners currently appointed by the governor to the city and establishing a municipal police force;
- establish certain procedures and requirements for governing such a municipal police force including residency, rank, salary, benefits, insurance, and pension; and
- prohibit retaliation against any employee of such municipal police force who reports conduct believed to be illegal to a superior, government agency, or the press?

State governmental entities estimated savings will eventually be up to \$500,000 annually. Local governmental entities estimated annual potential savings of \$3.5 million; however, consolidation decisions with an unknown outcome may result in the savings being more or less than estimated.

PROPOSITION B

Proposed by Initiative Petition

OFFICIAL BALLOT TITLE:

Shall Missouri law be amended to:

- create the Health and Education Trust Fund with proceeds of a tax of \$0.0365 per cigarette and 25% of the manufacturer's invoice price for roll-your-own tobacco and 15% for other tobacco products;
- use Fund proceeds to reduce and prevent tobacco use and for elementary, secondary, college, and university public school funding; and
- increase the amount that certain tobacco product manufacturers must maintain in their escrow accounts, to pay judgments or settlements, before any funds in escrow can be refunded to the tobacco product manufacturer and create bonding requirements for these manufacturers?

Estimated additional revenue to state government is \$283 million to \$423 million annually with limited estimated implementation costs or savings. The revenue will fund only programs and services allowed by the proposal. The fiscal impact to local governmental entities is unknown. Escrow fund changes may result in an unknown increase in future state revenue.

PROPOSITION E

Proposed by the 96th General Assembly
(Second Regular Session) SB 464

OFFICIAL BALLOT TITLE:

Shall Missouri law be amended to prohibit the Governor or any state agency, from establishing or operating state-based health insurance exchanges unless authorized by a vote of the people or by the legislature?

No direct costs or savings for state and local governmental entities are expected from this proposal. Indirect costs or savings related to enforcement actions, missed federal funding, avoided implementation costs, and other issues are unknown.

Missouri Voting and Elections

Who registers to vote in Missouri?

Citizens living in Missouri must register in order to vote. Any U.S. citizen 17 years and 6 months of age or older, if a Missouri resident, may register and vote except:

A person who is adjudged incapacitated.

A person who is confined under sentence of imprisonment.

A person who is on probation or parole after conviction of a felony until finally discharged.

A person who has been convicted of a felony or misdemeanor connected with the right of suffrage (RSMo 115.133).

How do Missourians register?

Qualified citizens may register in person at the office of their local election authority, by mail, at the driver's license fee office or at participating state agencies. Registration in person is accomplished by filling out registration forms with information on identity, residence and qualifications which are signed and sworn to, then witnessed by the election authority or a designee. (RSMo 115.155)

Registration by mail, at the driver's license fee office or at the participating state agencies requires submission of an application stating qualifications. A verification or rejection of registration is sent by the election authority within seven working days. (RSMo 115.155 and 115.159)

When do Missourians register?

An unregistered citizen may register to vote whenever local election officials' places of business are open, by requesting an application by mail from the election authority, when renewing a Missouri driver's license or when receiving services from a participating state agency. Special registration sites and dates may be utilized prior to major elections.

The deadline for registration is the fourth Wednesday prior to an election. New Missouri residents may register immediately. (RSMo 115.135)

When do Missourians vote?

In addition to certain special and emergency dates, there are six official election dates in Missouri:

The statutes require that all public elections be held on the general election day, the primary election day, the general municipal election day, the first Tuesday after the first Monday in November, or on another day expressly provided by city or county charter and in nonprimary years on the first Tuesday after the first Monday in August. (RSMo 115.123.1)

The general election day is the first Tuesday after the first Monday in November in even-numbered years. The primary election day is the first Tuesday after the first Monday in August in even-numbered years. (RSMo 115.121 (1 & 2))

Elections for cities, towns, villages, school boards and special district officers are held the first Tuesday after first Monday in April each year, known as "general municipal election day." (RSMo 115.121.3)

A statewide presidential preference primary shall be held on the first Tuesday after the first Monday in February of each presidential election year. (RSMo 115.755)

Who conducts registration and elections?

Voter registration and the conduct of elections are the responsibilities of boards of election commissioners in the counties of Clay, Jackson, Platte and St. Louis; and in the cities of Kansas City and St. Louis; and of the election authority in St. Charles County. The county clerk serves as the election authority in all other counties of the state.

Special voting provisions

Disabled voters and persons prevented from voting at the polls because of absence or illness may vote absentee. Persons with permanent disabilities may apply for permanent absentee ballot status by making application with the local election authority. (RSMo 115.284) Curbside voting is permitted in Missouri, or voters may be transferred to more accessible precincts. Local election officials should be contacted about absentee federal service balloting or "new resident" ballots for residents who arrive after the registration deadline.

When voting, Missourians must show an approved form of identification. (RSMo 115.427)

Elections and political parties

Missourians do not register under party affiliation. Hence, at primary elections, voters may choose which "established party" they vote within. Party nominees—and independent candidates—are then listed on the general election ballot.

There are presently four "established political parties" statewide—the Democratic, Republican, Libertarian and Constitution parties. Persons may seek the nomination of these parties for any elective office from the county level and above. In order to become "established," a party must have received more than two percent of the votes cast statewide for at least one of its candidates. New parties are formed by petition and may exist on the county, district or state level. They must meet the same standard as any other party to remain "established."

At the time of primary elections, voters select county committee members of established parties in Missouri. Those committee people, thus elected, have certain duties and responsibilities. They serve, as appropriate, as members of legislative, senatorial, judicial and congressional district committees. County, district or state committee members may be called on to fill candidate vacancies on party ballots or to select nominees for special elections from time to time. The state committees are selected, indirectly, by local committee persons. The state committees become especially important when delegates to presidential nominating (national) conventions are being selected.
