Appropriation for Maintenance and
Education

Now at this day came Mildred O. Sandidge, Guardian of the persons and estates of said minors and states to this Court that her wards are now of the age that they need a mother's attention and care; that to supply such attention and care it will be necessary for her to keep house; that she will have to give up position where she has been employed; that she will not be able to provide maintenance and the costs incident to keeping said wards in school without using a part of their estate; that she believes it will be for their best interest to spend their money in their care and education, since to rely on her own resources alone means to deprive them of opportunities which should be provided for them, and she therefore asks this Court to make an order authorizing her to use as much as \$150.⁰⁰ for the benefit of each of said wards ^{for the next year.} And the Court having heard and considered said petition and being fully advised in said matter: it is ordered that the sum of one hundred and fifty dollars (\$150.⁰⁰) be allowed out of the estate of each of said minors and that said curator be and is hereby authorized to check on their respective accounts for the amount of \$150. to be used for the care, maintenance and education of said wards during the beginning with May 15 1913 and ending May 15 1914.
