<u>Guardian & Curator's Explanation</u>					
The large amount of expenditures for labor, building material and items of that character shown in this settlement and in the vouchers returned herewith was incurred by reason of re-building the buildings burned down in the town of Coffey belonging to the Wards. These buildings were burned down in 1920. The insurance was collected and included in last settlement. The buildings were re-built in the Fall of 1920 and thereby the property was again made productive. All the bills for labor and building material etc., covered by this settlement were for the betterment of the property of the boys.
